MANDATORY REQUIREMENT OF ATTENDANCE

A minimum of 75% attendance is mandatory as per RTU notification to become eligible for appearing in the midterm and University examinations. The students are therefore advised in their own interest to remain regular right from the beginning so that in case of any contingency their attendance may not fall below the statutory requirement.

*** Eligibility for First Midterm examination:-**

A student must have a minimum of 65% attendance in all theory papers, corresponding tutorials and laboratories put together in order to become eligible for appearing in the first midterm examination. Students having overall attendance less than 65% will be debarred from appearing in the first midterm examination. However they may be permitted to appear in those subjects in which their attendance is more than 65%.

The attendance for the first midterm examination will be counted from the beginning of the session to the last working day prior to first midterm examination.

*** Eligibility for Second Midterm examination:-**

A student must have a minimum of 65% attendance in all theory papers, corresponding tutorials and laboratories put together in order to become eligible for appearing in the second midterm examination.

The attendance for the second midterm examination will be counted from the working day just after the first midterm examination to the last working day prior to second midterm examination.

Students may also be permitted to appear in the second midterm examination if they have a minimum of 65% attendance from beginning of the semester to the last working day prior to second midterm examination.

If none of the above two conditions are satisfied the students will be debarred from appearing in the second midterm examination. However they may be permitted to appear in those subjects in which their attendance is more than 65%.
