Event Message:-

Yoga: A way of connecting your body to the soul.

As the new first year batch joined the college Yoga & Meditation Club, SKIT organized yoga session for B.Tech. I Year Students. This Yoga session was conducted for two days. On 7 November 2022 yoga session was conducted for the students of branches Computer Science Engineering, Data Science, Civil Engineering & Mechanical Engineering. On 8 November 2022 the session was conducted for the branches Electronics and Communication Engineering, Electrical Engineering, Information Technology, Artificial Intelligence & IOT. **Asanas performed during the event:-**

1)Conditioning:- Sit in a comfortable cross-legged position or on a chair keeping the spine straight. Relax the entire body and stay in this position focusing on the breath.

Join the palms together and rub them vigorously to warm them. When they are warm, close your eyes, cup your palms and lightly place them on the eyes, without putting pressure on your cheekbones.

Benefits:- The regular practice of palming releases stress from the optic nerves and calms irritation in the eyes.

2)**Tadasana:-** Tadasana (Mountain Pose) seems pretty straightforward. The foundational posture asks you to stand upright with your feet facing forward parallel to each other and your arms at your sides, palms facing forward. But there's actually a lot to pay attention to in the basic pose.

Benefits: - Mountain Pose is a foundational posture that improves your postural and body awareness. By requiring you to stack your shoulders, hips, knees, and ankles, it helps you find alignment. By asking you to draw your shoulders away from your ears, it can counter the effects of prolonged sitting at a computer.

3)**Vaayuasana:-** Stand up stretching both the hands side wise. Bending forward from the waist, slowly raise the left leg backward straight without bending the knee. The body should be in the shape of an aeroplane, standing on right foot.

Benefits: - This asana helps in maintaining the balance of the body and mind. Concentration is also developed. Body is felt light.

4. Virabhadrasana 2:- Warrior 2 pose ,Start with taking a 4ft distance back with your left leg, toes pointing slightly in. Press the four corners of your feet down, and firm your legs up. As you inhale, raise your arms parallel to the floor, keeping your shoulders down and your neck long. As you exhale, bend your right knee, keeping your knee over your ankle. Roll the top of your thigh down towards the floor on the right. Press down through your big toe to balance that action. Press the top of your left thigh back, and ground the outside of your left foot into the floor. Draw your lower abdomen in and up and lengthen your spine. Look over your right hand. Stay in this pose for 5 breaths. To come out of the pose press into your feet and straighten your legs as you inhale. Switch the orientation of your feet and repeat on the other side.

Benefits: - The posture strengthens your core, including your abs and back muscles, as well as the hip flexors, glute muscles, inner thigh, and ankle of the bent leg. In your back leg, the pose stretches the hip flexors, hamstring, and calf muscles. Warrior II stretches your chest, stretches and strengthens your shoulders, and increases your endurance, one bent knee at a time.

Details of Instructor: -

Yoga Expert and Instructor of the day was Mr. Satyaveer Singh who has done TTC(Teacher Training Course) 300 hours and 200 hours both in yoga ,along with PGDYS(Post Graduate Diploma in Yoga Science).

Event Message:-

Yoga: A way of connecting your body to the soul.

As the new first year batch joined the college Yoga & Meditation Club, SKIT organized yoga session for MBA I year students in. It was conducted on 10 November 2022..

Asana's performed during the event:-

1)Conditioning:- Sit in a comfortable cross-legged position or on a chair keeping the spine straight. Relax the entire body and stay in this position focusing on the breath.

Join the palms together and rug them vigorously to warm them. When they are warm, close your eyes, cup your palms and lightly place them on the eyes, without putting pressure on your cheekbones.

Benefits:- The regular practice of palming releases stress from the optic nerves and calms irritation in the eyes.

2.Tadasana:- Tadasana (Mountain Pose) seems pretty straightforward. The foundational posture asks you to stand upright with your feet facing forward parallel to each other and your

arms at your sides, palms facing forward. But there's actually a lot to pay attention to in the basic pose.

Benefits:- Mountain Pose is a foundational posture that improves your postural and body awareness. By requiring you to stack your shoulders, hips, knees, and ankles, it helps you find alignment. By asking you to draw your shoulders away from your ears, it can counter the effects of prolonged sitting at a computer.

3.Tree Pose: - Take a moment to feel both your feet root into the floor, your weight distributed equally on both foot. Begin to shift your weight into your right foot, lifting your left foot off the floor. Keep your right leg straight but don't lock the knee. Bend your left knee and bring the sole of your left foot high onto your inner right thigh. Press your foot into your thigh and your thigh back into your foot with equal pressure. This will help you keep both hips squared toward the front so your right hip doesn't jut out. Focus your gaze on something to keep your balance. Take 5 to 10 breaths, then lower your left foot to the floor and do the other side.

Benefits:- Tree Pose strengthens the legs and core while opening the hips and stretching the inner thigh and groin muscles. One of biggest benefits, in general, is that it helps build better balance, which helps with any number of other physical activities. Good balance and a strong core can go a long way in helping you stay active and healthy.

4. Virabhadrasana 2:- Warrior 2 pose ,Start with taking a 4ft distance back with your left leg, toes pointing slightly in. Press the four corners of your feet down, and firm your legs up. As you inhale, raise your arms parallel to the floor, keeping your shoulders down and your neck long. As you exhale, bend your right knee, keeping your knee over your ankle. Roll the top of your thigh down towards the floor on the right. Press down through your big toe to balance that action. Press the top of your left thigh back, and ground the outside of your left foot into the floor. Draw your lower abdomen in and up and lengthen your spine.Look over your right hand. Stay in this pose for 5 breaths. To come out of the pose press into your feet and straighten your legs as you inhale. Switch the orientation of your feet and repeat on the other side.

Benefits: The posture strengthens your core, including your abs and back muscles, as well as the hip flexors, glute muscles, inner thigh, and ankle of the bent leg. In your back leg, the pose stretches the hip flexors, hamstring, and calf muscles. Warrior II stretches your chest, stretches and strengthens your shoulders, and increases your endurance, one bent knee at a time.

5. Anulom Vilom Pranayama:- Anulom Vilom Pranayama is very easy to do, first of all, close your eyes and sit in Sukhasana and rest your hands on your knees. Close the right nostril with the right thumb. Inhale slowly through the left nostril, inhale the oxygen as much as you can, this will fill your lungs with air. Remove your thumb from your right nostril, as you remove your thumb from right nostril just exhale. When you exhale use your middle finger to close your left nostril then inhale with our right nostril and remove the thumb from the right nostril then exhale. Repeat this process for 5 minutes. Be focused and concentrate on your breathing.

Benefits:- It helps to cure mental problems like Depression, Anxiety, Stress, Tension, etc. Most beneficial for breathing-related problems like (Bronchitis, Asthma), etc. It improves the working of the lungs. It is best breathing technique for boosting your memory (Makes your brain sharper). It improves your immune system, so it cures general issues like cough & cold. Without any doubt, Anulom Vilom is the most suitable Pranayama for all. Alternate nostril breathing is an ideal breathing technique for maintaining your heart healthy.

6. Bhramari Pranayama:- Bhramari Pranayama, or Bumblebee Breath, is a calming breath practice that can be performed anywhere. Bhramari is derived from the Sanskrit term for “bee” and is named after a type of black Indian bee, due to the bee-like buzzing sound produced during the exhale. Sit comfortably and allow your eyes to close. Take a breath or two to settle in and notice the state of your mind. When you’re ready, inhale and then, for the entire length of your exhalation, make a low- to medium-pitched humming sound in the throat. Notice how the sound waves gently vibrate your tongue, teeth, and sinuses. Imagine the sound is vibrating your entire brain. Do this practice for six rounds of breath and then, keeping your eyes closed, return to your normal breathing. Notice if anything has changed.

Benefits: - It Lowers Blood Pressure and Heart Rate It improves the functioning of the lungs. It helps to clear nasal passages and alleviates Sinusitis symptoms. It improves cognitive function. It Improves concentration and provides relief in headaches.

खबरों की दुनिया

जयपुर। शक्ति का अवतार है नारी, धैर्य का भंडार है नारी, हर रिश्ते को सार्थक करती, संसार का अभिमान है नारी। कुछ ऐसे ही भाव स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी के विमेन सेल एवं अल्ट्राटेक सीमेंट द्वारा आयोजित इंटरनेशनल विमेन डे के अवसर पर पैनल चर्चा के दौरान उभर कर आए कि स्त्री नारायणी रूपा होकर सर्वत्र पूजनीय है एवं आज वह प्रत्येक क्षेत्र में अपनी क्षमता एवं साहस से विशिष्ट स्थान बना चुकी है। वह अपनी चुनौतियों को अवसर के रूप में स्वीकार कर सीढ़ी दर सीढ़ी निरंतर नए आयाम स्थापित कर रही है।

पैनल चर्चा का मॉडरेशन अल्ट्राटेक के रीजनल हेड श्री गिरीश भारद्वाज द्वारा किया गया जिसमें डॉक्टर कनिका कालिया (डायरेक्टर बी आई एस) ने बताया कि उनकी टीम द्वारा किए गए कार्यों को आज राष्ट्रीय

स्तर पर पहचाना व सराहा जाता है। नेहा खुल्लर (रोड सेफ्टी ऑडिटर) ने स्वीकारा की स्त्रियों को आज भी उनके ज्ञान की अपेक्षा उनके परिधान से आंका जाता है। महाविद्यालय की पूर्व छात्रा एवं आर ए एस डॉ शालिनी शर्मा ने स्त्री पुरुष की सहभागिता, स्त्रियों को कानूनी जानकारी की आवश्यकता एवं नारी को भी अपनी गरिमा एवं आदर्शों के अनुरूप समुचित एवं सशक्त व्यवहार करने पर बल दिया। आर्किटेक्ट रेनु गग ने बताया कि किसी भी क्षेत्र में प्रारंभिक चुनौतियों का सामना करके स्त्री एक सम्मानित

स्थान अर्जित कर सकती है। पैनल चर्चा के उपरांत विभिन्न क्षेत्रों में उल्लेखनीय कार्य करने वाली महिलाओं को सम्मानित किया गया जिसमें प्रमुखतया डॉ मृदुल भसीन (मुस्कान एनजीओ), रचना मील (रजिस्ट्रार एस के आई टी), स्क्राइन लीडर विभूति मंगल, आस्था खंडेलवाल (मिस राजस्थान) रहीं। कार्यक्रम का संचालन अनिरुद्ध माथुर (एसोसिएट प्रोफेसर-सिविल) द्वारा किया गया। अंत में डॉ संगीता गुप्ता (समन्वयक-विमेन सेल) ने सभी आगंतुकों का आभार व्यक्त किया।

Objective of the event:- As the world is advancing it's okay to own a technology , what's not okay is to be owned by the technology.

In a world full of algorithms, hashtags, and followers we are here to spread awareness about the true importance of human connection, through enacting a small Nukkad Natak on "सोशल मीडिया के दुष्प्रभाव ".

Details (Execution) – Firstly, we gathered all the piece of information that we could and started making small plots with that piece of information, on our topic- “Side effects of Social Media.” Then we performed all the plots together to make it a impactful nukkad natak and convey our message among the youth, how social media use can also negatively affect teens, distracting them, disrupting their sleep, and exposing them to bullying, rumor spreading, unrealistic views of other people's lives and peer pressure. The nukkad natak was greatly appreciated by the audience. We were successful in spreading awareness among people and also in entertaining them with a humourful yet impactful and deep act.
