1. Objective and Outcome of the event

Objectives

☐ To create an awareness about Innovation Cell for faculties and students.

☐ To spread out knowledge and dicuss on innovation, idea uniqueness, and startups.

☐ To encourage and motivate the faculty members and scholars for innovation and startups.
☐ To discuss design thinking and critical thinking for innovation.

Outcomes

The participants of the session will be able to understand the importance of ideas and the uniqueness of the same. Participants also understand the procedures for critical thinkings and design thinking. This session will bring a positive transformation in the faculty member's attitude in their project and research works and get them more focused as well as result oriented. The primary mandate of this session is to encourage, inspire and nurture students by supporting them to work with new ideas and transform them into prototypes. The session will focus especially on those who have innovative and fruitful ideas but hesitate to move in t right direction and a strong path to go ahead in this field.

2. About Institution's Innovation Council (IIC), SKIT

IIC is a guiding framework to envision an educational system oriented towards startups and entrepreneurship opportunities for student and faculties. The guidelines provide ways for developing entrepreneurial agenda, managing Intellectual Property Rights (IPR) ownership, technology licensing and equity sharing in Startups or enterprises established by faculty and students.

In order to achieve the cultural and attitudinal shift and to ensure that 'Innovation and Startup' culture is the primary fulcrum of a policy framework. These guidelines will enable institution to actively support faculty, staff and students to participate in innovation and entrepreneurship (I&E) related activities, thus encouraging students and faculty to consider start-ups and entrepreneurship as a career option.

3. About Innovation Cell, SKIT

The Innovation Cell provides a platform for students, researchers, and faculty members to motivate the innovation community and to ideate, design and invent in the various field of Engineering. The Innovation Cell also promotes different types of grant facilities to get funds for the project. Innovation Cell will help students as well as encourage young talented minds by providing them with a magnificent platform to showcase their talents, work together as a team and participate in various competitions. It will also serve as a platform for students to get excellence in their area of interest.

11. Technical Report

The Keynote session on organized by Innovation cell and Incubation under the umbrella of IIC SKIT Jaipur on 31st January 2023. This session was conducted in offline mode at A P J Abdul Kalam Seminar Hall, SKIT Jaipur. The objective of the event was to create awareness among students of Engineering about various thinking involved in innovations. The event started with a formal floral welcome by Dr.Nilam Choudhary, coordinator of Innovation cell, to the keynote speaker Mr. Gaurav Sharma, CEO ,ACIC –VGU Foundation and followed by a Memento presentation by Mr. Ajay Dhanopia, coordinator of Incubation cell. Mr. Gaurav Sharma opened the keynote session with a participative exercise. Participants were informed about the importance attached to this exercise and how this exercise make them to think of designing different patterns from simple images. All members of the audience were divided into smaller groups and asked to discuss and pen down their thoughts on problem statements given to them. The participants engaged in a varied and lively discussion amongst their groups and came up with many relevant and insightful points for their problem statements. The participants gave a very enthusiastic response and engaged in lively and deep discussions amongst themselves. There were 63 participants who submitted their responses for participation. The event was coordinated by Faculty member Dr. Nilam Choudhary and Ms. Richa Rawal and students Vishwas Vijay vargiya and Jai Prakash Anand .
