About The Club:- The Electrical Technical club (ETC) – was formed in 12 July 2012 under IE Students' chapter. The students' chapters organize various activities like special lectures, Quiz competitions, Group Discussions, Seminars, Workshops, Symposia, product and project demonstration, etc. for the development of socio-techno-intellectual qualities in the students as well as for encouraging their quest for knowledge in a disciplined manner.

Objective:- To improve learning in advanced technology and to promote research in core and interdisciplinary domains.

Outcomes:- After completion of activities, competitive skills, character and leadership skills are developed and get unique opportunities.
