About Extra-curricular Activities (ECA):-

In the early 21st century, numerous colleges and universities have embraced a comprehensive educational mission aimed at nurturing the holistic development of students. Within the college environment, participation in extracurricular activities has emerged as a vital instrument for fostering personal growth. For the majority of students attending these institutions, engagement in extracurricular pursuits is not only a means of entertainment and social interaction but, more significantly, a pathway for acquiring and enhancing various skills. Across campuses, there exists a diverse array of extracurricular options, catering to a wide spectrum of student interests.

The significance of extracurricular activities within the realm of higher education is well-established, serving primary objectives at the individual, institutional, and community levels. These activities are designed to complement the academic curriculum and enrich the overall educational experience of students. According to a 1993 article by Alexander Astin, nearly any form of student involvement in college has a positive impact on their learning and personal development. Extracurricular activities offer a platform for engagement and interaction among students, resulting in heightened learning and improved development. In particular, a student's peer group emerges as the most influential factor in their academic and personal growth. Through association with a peer group, students may experience changes in their emotional, cognitive, and behavioral aspects.

Since the cultivation of well-rounded individuals is a central objective of extracurricular activities on college campuses, the myriad experiences these activities provide contribute significantly to students' emotional, intellectual, social, and interpersonal growth. Collaborating with peers teaches students valuable skills in negotiation, communication, conflict management, and leadership. Participation in extracurricular endeavors underscores the importance of critical thinking, time management, and academic proficiency. Engaging

in these non-academic pursuits encourages social maturation by fostering student interaction, relationship formation, and meaningful discussions. Collaborating with diverse groups enhances students' self-confidence, autonomy, and their appreciation for both differences and similarities among individuals.

Furthermore, students acquire skills that are pertinent to their chosen career paths and crucial for future professional success. Engagement in extracurricular activities presents opportunities to enhance leadership and interpersonal abilities, ultimately boosting self-confidence. It allows students to bridge the gap between theoretical knowledge and practical experience, leading to a deeper understanding of their own talents, abilities, and career aspirations. Employers increasingly seek individuals with these heightened skill levels, rendering actively involved students more competitive in the job market. Notably, participation in extracurricular activities and assuming leadership roles within them have a positive correlation with securing one's first job and demonstrating managerial potential.

Student engagement in extracurricular pursuits also exerts a positive influence on educational attainment. Research by Ernest T. Pascarella and Patrick T. Terenzini in 1991 suggests that involvement in extracurricular activities contributes to obtaining a bachelor's degree and nurturing higher educational aspirations. Actively engaged students are more likely to set ambitious educational goals compared to their less involved counterparts.

To provide students with a platform to showcase and develop their talents, as well as prepare them for intra-college competitions, a variety of club activities are conducted throughout the year. These clubs serve as avenues for students to cultivate personal interests and hobbies while honing their leadership and social skills. We offer a selection of 27 clubs, available to students from their first year to their final year, enabling them to choose based on their interests. Each club is overseen by a faculty coordinator and a student coordinator who collaborate to plan activities for the year. During club sessions, students exchange ideas and enjoy mutual learning experiences, guided by faculty members at every step. Additionally,

experts from various fields are invited to share their insights and knowledge with the students, enriching their educational journey.

Objectives of Extra-curricular Activity (ECA):-

1. Personal Development:

Skill Development: Extracurricular activities offer opportunities for students to acquire and enhance a wide range of skills, including leadership, communication, teamwork, time management, problem-solving, and critical thinking.

Self-Confidence: Participation in these activities can boost students' self-esteem and self-confidence as they achieve goals, take on leadership roles, and receive recognition for their efforts.

Exploration of Interests: Extracurriculars allow students to explore their interests and passions outside the confines of the classroom, helping them discover potential career paths or lifelong hobbies.

2. Academic Enhancement:

Improved Learning: Research has shown that students engaged in extracurricular activities often perform better academically. These activities can enhance their cognitive skills, such as analytical thinking and problem-solving.

Application of Knowledge: Some activities, like academic clubs or competitions, enable students to apply what they've learned in the classroom, reinforcing their understanding of academic subjects.

3. Social and Interpersonal Skills:

Building Relationships: Extracurricular activities facilitate the formation of friendships and social connections with peers who share similar interests, leading to a sense of

belonging and community within the institution.

Conflict Resolution: Students learn to navigate conflicts and differences in opinions, fostering better interpersonal relationships and communication skills.

4. Leadership Development:

Leadership Opportunities: Extracurriculars often provide platforms for students to take on leadership roles, helping them develop essential leadership skills such as decision-making, delegation, and responsibility.

Teamwork: Participation in team-based activities teaches students how to work collaboratively, value diverse perspectives, and achieve common goals.

5. Wellness and Stress Relief:

Stress Management: Extracurricular activities can serve as a means of stress relief and relaxation, promoting students' mental and emotional well-being.

Physical Health: Sports and fitness-related activities contribute to physical health and overall well-being.

6. Career and Future Success:

Skill Transferability: Many skills acquired in extracurricular activities, such as leadership and teamwork, are highly valuable in future careers and can enhance employability.

Networking: Participation in clubs and organizations allows students to network with peers, faculty, and professionals, potentially opening doors to future career opportunities.

7. Community Engagement:

Giving Back: Some clubs like NSS club and SKIT Gramathan Club involve community service or volunteering, instilling a sense of civic responsibility and encouraging students to make positive contributions to society.

8. Cultural and Diversity Awareness:

Cultural Understanding: Cultural clubs and events can promote cultural awareness and appreciation among students, fostering inclusivity and diversity.

9. Time Management and Responsibility:

Balancing Commitments: Juggling academic responsibilities with extracurricular involvement teaches students valuable time management and organizational skills.

Accountability: Students learn to meet commitments and deadlines, preparing them for future professional responsibilities.

10. Fun and Enjoyment:

Quality of Life: Extracurricular activities provide opportunities for students to have fun, relax, and enjoy their college experience.

In summary, extracurricular activities in our institution serve a wide range of objectives that collectively contribute to students' personal growth, academic success, social development, and overall well-being. These activities play a crucial role in shaping well-rounded individuals who are better prepared for the challenges of both their academic journey and future careers.

About The Club:-“For the all-round development of the students & enrich their technical knowledge the institute provides a platform for various student’s activities .This technical club envisages conductive platform to explore student`s talents and also to enable them to come out with their innovative ideas. The students are encouraged to join or become a member of this club to build their skills in the civil-engineering field. The students are also able to face various public sector examinations.”

Objective of the club:-

1. To create reading habits among students.
2. To prepare the students for GATE, PUBLIC-SECTOR & OTHERS.
3. To encourage the students to reach their full potential as independent learners and develop a positive attitude to life-long learning.
4. To contribute to the development of positive personal attributes within the students regarding the Civil-Engineering subject, GK&GS.
5. To provide a platform to support and develop the interests of the students towards Technical & Non-Technical contents required in the various Examinations.

Outcomes of the club:-

1. Technical awareness of Civil Engineering.
2. Aware about future aspects of CE.

NOTICE

Club of Knowledge (SKIT) is organizing an offline workshop on "How to handle competition". All the students are invited to participate in this workshop. Although it's difficult to avoid competition in this world especially in the age of Morden era, one may escape from it by changing one's perception to reality. Just like whether a knife is good or bad depends upon its use similarly competition can either be a nightmare for some or a wonderful opportunity to grow for some depending upon their perception. Interested students can register by the given link. Workshop will be held on 18th January, 2023.

Venue: JC Bose Seminar Hall
Timings: 1:30 PM-3:30 PM.

Details/List of invited guest/speakers:-

Mr. Tapan Vyas has been a part of companies such as CSC and Cognizant in India and the United Kingdom for over 15 years and has a B.Tech degree from GSITS-Indore and an MBA from DAVV- Indore in Operation Management.

Objective of the event: To learn strategies of handling competition and usage as opportunity to grow in professional life and personal life.

Details(Execution):- Workshop on “How to handle competition” was held on 18th January, 2023 at 1:30-3:30 PM in JC Bose Seminar hall. Guest speaker Mr. Tapan Vyas focused on necessity of competition and how to handle stress caused by competition. He told that positive competition occurs when we compete healthily — in a way that brings out the best in us and everyone involved. It’s a way to challenge yourself and others while pushing those around you. It allows you to tap into your potential and succeed. He shared with students that in a team

setting, it's essential to pay attention to competition. One great way to create a positive work environment is through positive, healthy competition. We all have the capacity for both positive and negative competition. When we are aware of our own and others' competitive tendencies, it is easier to talk about and pay attention to them when they manifest themselves. 88 students were participated in this workshop.

Event brochure / banner:-

Objective of the event:- To evaluate the knowledge of the participants within academics as well as beyond academics and to make them familiar with the prospects of quizzes and the objectivity of the questions. With practicing quizzes, students can do critical thinking, and get into a habit of innovative learning. These quizzes integrate the game mechanics into the learning process, they help students understand the weaker areas. Quizzes help students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

Details(Execution):-The "Game of quizzes" quiz tournament took place on November 30, 2022, from 1:30 to 2:30 PM in 5F4 Civil Block. 60 students competed out of the 100 who signed up for the competition. The quiz included questions on a variety of topics, including sports, current events, movies, cartoon characters, technology, the campus of SKIT College, etc. Students had to answer the questions in Google form shared with them. Following the competition, the winners were declared.

Event brochure / banner:-

Objective of the event:- The objective behind organisation of poster making competition was to bring out the creative expression of students and to gauge their knowledge and awareness of “Swachhta Pakhwada”. The objective of the celebration of the 'Swachhta Pakhwada' fortnight, as a part of the 'Swachh Bharat Mission', was to take up sanitation initiatives, mobilise people and reinforce the mass movement for cleanliness to contribute to Mahatma Gandhi's dream of a Clean India. The Poster Making Competition sought to inspire students to consider their social responsibilities as well as to evaluate them on their artistic abilities.

Details(Execution):- Poster making competition on the occasion of Swachhta Pakhwada was held on 12th October 2022 at 1:30pm-3:30pm in 2F1 Civil block. The students displayed their artistic skills through an array of posters and gave message of hygiene and hygienic practices in life to improve a living environment and elevate our thinking to a more pure and healthy state. At the end of activity winners were announced.

NOTICE

As you are aware that Hon'ble Prime Minister in his speech on 15th August, 2021 had announced to observe 14th of August as 'Partition Horrors Remembrance Day'. In this year of Azadi Ka Amrit Mahotsav (AKAM), when the nation completes 75 years of independence, the Partition Horrors Remembrance Day is being observed throughout the country.

The Partition Horrors Remembrance Day has been envisaged to bring to light the agony, hardship and pain of millions of people who were the sufferers of partition. It is to remind the country of the largest displacement of human population in the last century, which also claimed the lives of a large number of people.

To showcase the sufferings of the partition affected people, an exhibition has been curated by **CLUB OF KNOWLEDGE (SKIT)**. Students can visit the exhibition on 13th August,2022.

----- In the memory of the unsung heroes -----

Objectives of the Event:

1. To enlighten the students about the legacy of tribal leaders and unsung heroes.
2. To make them aware of the great and unforgettable contribution of Janajati Communities in the great struggle of Independence.
3. Enrichen and strengthen their knowledge and value belief system.

Details & Execution:

Dynamic Club of SKIT College, Jaipur organised an Online Quiz on 15th November, 2022 from 6:00 p.m -7:00 p.m to celebrate the birth anniversary of Bhagawan Birsa Munda also known as “Janajatiya Gaurav Diwas”. The questions in the quiz were based on the biographical details, names of the freedom movements and revolutions along with various titles associated to these unsung Janajatiya heroes. The quiz comprised of a total number of twenty questions. Each question carried Marks. There was negative marking for each wrong answer.

The total duration of quiz was one hour so that considerable number of students can participate without facing any technical difficulty or issue. Total number of students who participated in the quiz was 182. Out of 182 students, three students received the topmost scores in minimum time duration.

Objective of the event:-

- 1.To enhance the typing skills of students.
2. To provide a competitive environment.
3. To enrich and strengthen their knowledge and value belief system.

Details (Execution):-

Dynamic Club of SKIT College, Jaipur organised an Online competition on 4th December,2022 from 6:00 p.m .The questions in the quiz were based on the biographical details, names of the freedom movements and revolutions along with various titles associated to these unsung Janajatiya heroes. The quiz comprised of a total number of twenty questions. Each question carried five Marks. There was negative marking (-1) for each wrong response. The total duration of quiz was one hour so that considerable number of students can participate without facing any technical difficulty or issue. Total number of students who participated in the quiz was 182. Out of 182 students, three students received the topmost scores in minimum time duration.

A quiz was organised on 5th April,2023 from 6:00 p.m -7:00 p.m to celebrate the National Marine Day.

Objectives of the Event:

1. The enlighten the students about the legacy of Marine and unsung heroes.
2. To make them aware of the great and unforgettable contribution of Marine Heros.
3. Enrichen and strengthen their knowledge and value belief system.

Details & Execution:

Dynamic Club of SKIT College, Jaipur organised an Online Quiz on 5th April,2023 from 6:00 p.m. -7:00 p.m. to celebrate National Marine Day. The questions in the quiz were based on the historical details, names of the freedom movements and revolutions along with various titles associated with these unsung Marine heroes. The quiz consisted of a total number of twenty questions. Each question carries 5 points. There was negative marking for each wrong answer. The total duration of the quiz was one hour so that a considerable number of students could participate without facing any technical difficulty or issue. Total number of students who participated in the quiz was 207 . Out of

207 students, three students received the topmost scores in minimum time duration.

QUIZ!

ONLINE

26th of April | Wednesday

Contact:
Deepesh Gupta - 6350607772
Kunal Soni - 9119238422

Objective of the event:-

- The objectives of conducting an IPR day quiz are to promote discussion of the role of intellectual property in encouraging creativity and innovation.
- It also provides a platform for participants to test their knowledge in the field and develop an in-depth understanding of the subject in a distinct yet effective way.

Details(Execution):-

- The students were informed about the date and time of the quiz on the official WhatsApp group of Dynamic Club.
- A Google form link was sent to them on the same group as per the informed time.
- The participants were successfully able to complete their quiz on the same google form and winners were chosen according to the marks scored for that quiz.

About The Club: - India is a unique nation, whose fabric has been woven by diverse linguistic, cultural and - religious threads, held together into a composite national identity by a rich history of cultural evolution, coupled with a rousing freedom struggle that was built around the tenets of nonviolence and justice. The spirit of mutual understanding in students is the basic aim of the club as named “EKBHARAT SHRESHTHA BHARAT”.

Objective of the club: -

- To CELEBRATE the Unity in Diversity of our Nation and to maintain and strengthen the fabric of traditionally existing emotional bonds between the people of our Country;
- To PROMOTE the spirit of national integration through a deep and structured engagement between all Indian States and Union Territories through a year-long planned engagement between States;
- To SHOWCASE the rich heritage and culture, customs and traditions of either State for enabling people to understand and appreciate the diversity that is India, thus fostering a sense of common identity
- TO ESTABLISH long-term engagements and,
- TO CREATE an environment, where promotes learning between states by sharing best practices and experiences.

Outcomes of the club: -

- Students will be able to CELEBRATE the Unity in Diversity of our Nation.
- Students will be able to know the different culture of our Nation

Achievements of the Club (2021-22): -

One of the best achievements of the club is, MHRD, Govt. of India directly connected with us through the various social media platform.

MHRD repost our various activities banners and videos on digital platform. We execute all the activities conducted under the supervision of MHRD, Govt. of India and AICTE, New Delhi.

Slogans

Saving environment is the only way to live life ahead

Only one Earth so Nurture nature

यूं ना मुझे अब तुम निराश रहने दो,
मेरे जीवों को मेरे पास रहने दो।
करा विनाश बहुत तुमने विकास के नाम पर,
कह रहे हैं पेड़, हमें अब सांस लेने दो।।

It's not yours, not mine. It's ours. Help protect our Mother Earth.

Don't be greedy, it's time to be greeny, save environment save earth.

Guardians of Mother Earth: Protect Our Environment!"

Our planet, our responsibility!

Consume less or we would have nothing to consume

"Preserve, Protect, Prosper: Save the Environment!"

“Don't be greedy
Be greeny”

Throw your wrappers in the dustbin

“Act now, save tomorrow

Green today, Clean tomorrow “

Invest in plants & enliven our future generations.

The most easiest thing to protect environment is to change the way of thinking towards trees they are not a selling product but they are life providers.

Run towards saving the environment before we have to run towards survival battle

तभी आएगी सुंदर हरियाली, जब होगी पेड़, पौधों की रखवाली.....

A clean environment for all creatures great and small let's do our part and protect them all!

If you want your upcoming generation happy then Use RRR in life .

One Earth, One Chance – Let's Save It!

Save Environment

Don't ruin those trees, depending on which we live. Let's prove that we are humans and show our humanity.

Every action counts: Be an eco-champion!"

Time is precious don't waste, cleaning the environment is the best.

Mene pucha Chand se clean environment dekha kya abhi ?

Chand ne kaha nhi nhi nhi

So please be clean our environment

One Earth, One Chance – Let's Save It!

Save the Earth, it's the only planet with chocolate!"

"PLANT TOGETHER... LET'S MAKE THE WORLD GREENER"

When you save the AIR , it will saves YOU ,
When today you recycle the WATER , it will left for TOMORROW ,
When you plant a TREE , earth life will INCREASE ,
So , Save the ENVIRONMENT ,Save YOURSELF .

When you cut a tree you kill a life, when you save a tree you save a
life and when you plant a tree you give birth to a life.

Earth is like our mother so please save environment save Earth

Save the earth, save our environment! It's the need of the hour, we
need to save the earth! Let's Unite to Save the Environment!

It's the need of the hour,

We need to save the earth!

Let's try to reverse the damage to the environment before it becomes
irreversible!!

Green Today, Clean Tomorrow!

If you keep the environment safe, it will give you proper health.

When you refuse to reuse, it's the earth you abuse

"Preserve today for a thriving tomorrow: Save the Environment!"

Save our environment to save our souls

Go Green, Breathe Clean

"Invest yourself as environment saviour and be an asset to Earth "

Think globally, act locally. Let's improve one step at a time

Start today to save tomorrow. There should be no tomorrow in taking
steps to save the earth.

Green Today, Clean Tomorrow! Our Planet, Our Responsibility!

We only have one Earth, let's make it last.

Whole world is ours, save it and share it.

Save the greens and blues before our future generation has to paint
everything black!!

"Save the environment, Save the world"

Go green, breathe clean

Be a part of the solution not pollution

Don't just make it clean but also help in making green.

A little effort towards saving the environment is better than no effort
Go green, breathe clean.
Use. Recycle. Reuse.
Go Green Breathe clean
"CONSERVE WATER ,CONVERSE LIFE"
Just save it
Preserve, Protect, Prosper: Embrace a Greener Future!
"SAVE TREE SAVE WATER"
Plant some trees and get unpolluted breeze.
Care for the earth, care for every child's birth!
Think clean and go green , Go green to keep this world clean.
Feel The Nature
Not Fall the nature

About The Club: - Embedded Club strives to impart enthusiasm and passion for electronics and allied fields among students of ECE. The club aims to uncover those key topics that are not part of the curriculum or just grazed upon by the syllabus. The functions of the club are to deal from basics of electronics to the peak of it. This club, for sure, will help the students not only in their studies but also in their career.

The club helps the students by integrating their skills in the various fields of Engineering & technology, to cope up with the highly competitive environment. This club motivates the students to pursue research in the field of Embedded Design and to get funded projects in Embedded Domain. This club aims to orient students towards practical implementation of theoretical knowledge with innovative ideas in embedded field and to meet industrial expectation and social needs with ethical and global awareness.

The activities of the club include:

- Introductory Session
- Awareness on Embedded Systems
- Guest Lectures
- Workshops & Seminars

Objective of the club: -

1. To make the students conceptually and practically knowledgeable on the upcoming Embedded System Technologies.
2. To create a platform for sharing innovative ideas and to develop research based activities.

Outcomes of the club: -

1. Understand hardware and software design requirements of embedded systems.
2. Analyze the embedded systems' specification and develop software programs.
3. Evaluate the requirements of programming Embedded Systems, related software architectures and tool chain for Embedded Systems.

Achievements of the Club (2021-22): -

Club is working on some ongoing projects. These projects are mentioned below:

1. Smart Gloves
2. Pulse Detection Watch
3. Automatic Mopping Robot

Details (Execution):-

With reference to the initiative undertaken by AICTE scheduling the event calendar for the events categorised under numerous creative activities; Fine Arts & Craft Club of SKIT also conducted a one-day workshop on teaching the various artistic skills related to Art & Craft on 29 March 2023 at 10:30 AM in the CAEG Lab. The talented student coordinators of the club, Ms. Disha Garg from 8th semester CS, Mr. Yash Thakur from 6th semester ME and Ms.Pari Saraswat from 4th semester DS were the experts of the workshop who taught the painting skills to all the participants. They discussed the creative ideas used for art and craft. Students learnt the tips of using the different techniques of art and craft from their seniors with enthusiasm.

Faculty Coordinators of Fine Arts & Craft Club, Dr. Nidhi Sharma & Mr. Gaurav Gupta motivated the students to organise more such kind of initiatives to create an awareness regarding the various forms of art to the students. The workshop ended with a group photograph with all the participants, coordinators and workshop experts.

Technical Quiz & Prize Distribution

The event began with a note from *Ms. Priyanka Sharma, Faculty Advisor, GDSC-SKIT*, as she motivated students to find their field of interest, with a plethora of technologies present today. Her vision to establish a worthy tech community in our college came across crystal clear. Making students more students even more enthusiastic for what was about to come, she handed the session over to *Divyanshi Bhardwaj (3rd Year, CSE)* who presided over this 65 minute long session. Soon after a captivating video of *GDSC-SKIT*, the main agenda for the day was unfolded by *Akhilesh Chaturvedi (3rd Year, CSE)*, who explained the students about what GDSC is, globally and at our college level and how the trajectory of the upcoming academic year will look like.

After the students were introduced to *GDSC-SKIT*, the two core objectives that an ideal student should look for in any technical club were addressed i.e. coding and community.

While *Vinit Kumar Shah (4th Year, IT), Student Mentor, GDSC-SKIT* talked about the fundamental necessity of coding in an omniscient manner and emphasized that today technologies like cyber security and IoT are on boom and he wishes to see his juniors excel in such technical genres, whereas *Sahitya Roy (GDSC Lead, UEM Jaipur)* brought the importance and perks of being in a community to the table.

Then the final address for the day was delivered by *Akshat Surana (3rd Year, CSE), Lead, GDSC-SKIT* who finally deliberated on the fact that the meet could be fruitful only when the students present in the session gasped the shared vision of learning together. Alongside he also strongly urged students to write code, and help their peers as well, which is also the ultimate essence of the model that GDSC-SKIT wants to follow.

Finally, to escalate all the razzmatazz the session needle went to the technical quiz, all the students present joined the quiz via the QR code displayed on the screen hosted on slido, and finally the top scoring individuals were given goodies and swags from GDSC as a token of appreciation.

Details/List of invited guest/speakers:- N/A

Objective of the event:- To help students improve their coding and problem solving ability.

Details (Execution):- It was a 1 hour contest that include 3 questions and can be given as per the student's choice between 9:00 AM to 2:00 PM.

Here are the questions of the contest:

Q1

Minimum Distance Pairs

Given an array of 'N' unique integers, the distance between any two integers in the array is the absolute difference between them.

Let 'X' be the minimum of the distances between all possible pairs in the array. Find the number of pairs with the absolute distance between them is equal to 'X'.

EXAMPLE:

Input: 'N' = 3 'ARR' = [-3, 0, 3]

Output: 2

There are two pairs (-3, 0) and (0, 3) having the distance between them as 3, and this is the minimum possible. The distance between (-3, 3) is 6 which is not the minimum possible.

Input Format :

The first line of input contains an integer 'T', denoting the number of test cases.

For each test case, the first line will contain the integer 'N' size of an input array, and the following line will contain 'N' integers the array elements.

Output format :

For each test case, print the number of pairs in the array with the absolute distance between them is minimum.

Note :

You don't need to print anything. It has already been taken care of. Just implement the given function.

Constraints :

$1 \leq 'T' \leq 10$

$2 \leq 'N' \leq 10^4$

$-10^9 \leq 'ARR'[i] \leq 10^9$

Time Limit: 1sec

Sample Input 1 :

```
2
4
1 2 3 4
3
-2 0 2
```

Sample Output 1 :

```
3
2
```

Explanation Of Sample Input 1 :

For the first test case, the following are the number pairs with minimum distance = 1.

```
[1, 2]
[2, 3]
[3, 4]
```

For the second test case, the following are the number pairs with minimum distance = 2.

```
[-2, 0]
[0, 2]
```

Sample Input 2 :

```

Q2

AND Queries

Ninja likes performing bitwise AND operations. He is given an array 'ARR' of size 'N' and needs to perform 'N' queries. For each query $1 \leq i \leq N$, he needs to calculate the bitwise AND of all the array elements in the prefix of length 'i'. After that, his task is to print the bitwise AND of all the 'N' query results. Since Ninja leads a busy life, he has asked you to help him complete this task.

Example :

N = 3
ARR = [1, 3, 5]

For prefix of length 1 : Query Result = 1

For prefix of length 2 : Query Result = $1 \& 3 = 1$

For prefix of length 3 : Query Result = $1 \& 3 \& 5 = 1$

Bitwise AND of all query results = $1 \& 1 \& 1 = 1$.
Hence, the final answer is 1.

Input Format :

The first line contains an integer 'T' which denotes the number of test cases to be run. Then the test cases follow.

The first line of each test case contains integer 'N'.

The second line contains 'N' space separated integers denoting the elements of array 'ARR'.

Output format :

For each test case, print an integer denoting the bitwise AND of the result of 'N' queries.

Print the output of each test case in a new line.

Note :

You don't need to print anything. It has already been taken care of. Just implement the given function.

Constraints :

$1 \leq T \leq 10$
 $1 \leq N \leq 10^4$
 $1 \leq \text{ARR}[i] \leq 10^9$

Time Limit : 1 sec

Sample Input 1 :

2
2
1 2
3
1 3 3

Sample Output 1 :

0
1

Explanation Of Sample Input 1 :

For test case 1 we have,

For prefix of length 1 : Query Result = 1

For prefix of length 2 : Query Result = 1 & 2 = 0

Bitwise AND of all query results = 1 & 0 = 0.
Hence, we output 0.

For test case 2 we have,

For prefix of length 1 : Query Result = 1

For prefix of length 2 : Query Result = 1 & 3 = 1

For prefix of length 3 : Query Result = 1 & 3 & 3 = 1

Bitwise AND of all query results = 1 & 1 & 1 = 1.
Hence, the final answer is 1.

Sample Input 2 :

```
3
3
1 5 4
2
5 7
3
1 7 9
```

Sample Output 2 :

```
0
5
1
```

Q3

Search In A Grid

You are given a grid 'MAT' of 'N' rows and 'M' columns with positive integers written in each cell.

The grid has the following properties-

- Integers in each row are sorted in ascending order from left to right.
- Integers in each column are sorted in ascending order from top to bottom.

You are also given a positive integer 'target'. Your task is to find whether 'target' is present inside the grid or not.

Input Format

The first line of input contains an integer 'T' denoting the number of test cases to run. Then the test case follows.

The first line of each test case contains three space separated integers 'N' 'M' and 'target' denoting the number of rows and columns in the matrix and the target integer respectively.

The next 'N' lines of each test case contain 'M' space-separated integers each representing the rows of 'MAT'

Output Format :

For each test case, print "True" if 'target' is present inside the grid, else print "False".

Note:

You do not need to print anything; it has already been taken care of. Just implement the given function.

Constraints:

```
1 <= T <= 50
1 <= N, M <= 500
1 <= MAT[i][j] <= 10^5
```

Where 'MAT[i][j]' is the element present at 'i'th row and 'j'th column of 'MAT'.

Time Limit: 1sec

Sample Input 1 :

2
2 2 4
1 2
3 4
1 1 5
1

Sample Output 1:

True
False

Explanation for sample input 1:

For test case 1,
The element 4 is present at index (1,1) (0 based indexing).
For test case 2,
The element 4 is not present in grid.

Sample Input 2 :

1
3 3 6
2 4 6
7 8 9
10 11 12

Sample Output 2:

True

Details (Execution):- It was a 1 hour contest that include 3 questions and can be given as per the student's choice between 9:00 AM to 2:00 PM.

Here are the questions of the contest:

Q1

Valid String

There is a town named Chefland where Chef lives. One can only enter the Chefland through visa which is granted by head Chef of the town named Chef Sanjeev Kapoor. Chef Sanjeev is very interested in the validation of string.

Hence he devised a test to get into the Chefland. Chef Sanjeev Kapoor considers a string to be valid if all characters of the string appear the same number of times. It is also valid if he can remove just 1 character at 1 index in the string, and the remaining characters will occur the same number of times. Given a string S, determine if it is valid. If so, return YES, otherwise return NO.

For example, if S="abc", it is a valid string because frequencies are {a:1, b:1,c:1}. So is S="abcc" because we can remove one c and have 1 of each character in the remaining string. If S="abccc" however, the string is not valid as we can only remove 1 occurrence of c. That would leave character frequencies of {a:1, b:1, c:2}.

Input Format:

A single string S.

Constraints:

$1 \leq |S| \leq 100000$

Each character $s[i]$ belongs to [a-z]

Time limit = 1 sec

Output Format:

Print YES if string S is valid, otherwise, print NO.

Sample Input 1:

aabbcd

Sample Output 1:

NO

Sample Input 2:

abcdefghijklhgfedecba

Sample Output 2:

YES

Explanation:

For testcase 2:

All characters occur twice except for e which occurs 3 times. We can delete one instance of e to have a valid string.

Q2

Find the correct password

Mike is an evil plotting genius and has gotten hold of a list of all possible passwords for a certain user account. The first thing he noticed was all the passwords are of odd length. Mike assumes that the correct password is the one which can be found in both the original and reverse order in the list. For example, if the word "tulipan" would be the correct password, the word "napilut" has to also appear in the list. Given that both words are correct passwords, Mike will try to use both, one at a time.

Help Mike discover what the correct password is and output its length and central character.

Input Format:

The first line of input contains the integer N, the number of possible passwords.

Each of the following N lines contains a single word S, its length being an odd number. All characters are lowercase letters of the English alphabet.

Constraints:

$1 \leq N \leq 100$

$2 < S < 14$

Time limit = 1 sec

Output Format:

The first and only line of output must contain the length of the correct password and its central letter.

The solution will be unique.

Sample Input 1:

4

las

god

psala

sal

Sample Output 1:

3 a

Sample Input 2:

4

kisik

ptq

tttrp

tulipan

Sample Output 2:

5 s

Explanation:

For testcase 1:

The required pair of words is "las" and "sal". Their length is 3 letters and the central character is 'a'.

For testcase 2:

The word "kisik" can be found in both the original and reverse order on the list (the word is a palindrome), so it is a valid correct password.

Q3

Minimum Cost

You are given an array of 'N' integers and your task is to sort the array using the following operations.

In one operation you can select a sub-array of the array and sort it. The cost of performing such an operation will be the square of the length of the sub-array you are sorting.

Your task is to find the minimum cost of sorting the whole array.

Example:-

You are given,

array ARR=[4,3,2,1]

So, the output is 16 as we can take the sub-array [4,3,2,1](from index 0 to index 4) and sort it. So the total cost is 4^2 (16).

Input Format :

The first line contains a single integer 'T' representing the number of test cases. Then each test case follows.

The first line of each test case contains one integer 'N' denoting the number of elements in the array.

The next line of each test case contains 'N' integers of the array(ARR).

Output Format :

For each test case, return the minimum cost required to sort the whole array.

The output of each test case should be printed in a separate line.

Note :

You are not required to print anything, it has already been taken care of. Just implement the function.

Constraints :

$$1 \leq T \leq 5$$

$$3 \leq N \leq 10^5$$

$$1 \leq \text{ARR}[i] \leq 10^9$$

Time Limit: 1 sec

Sample Input 1 :

```
1
4
4 3 2 1
```

Sample Output 1 :

```
16
```

Explanation for Sample Output 1 :

In the first test case, we take the whole array [4,3,2,1] and sort it. So, the cost required is $4*4$ as the length of the sub-array we have taken is 4.

Sample Input 2 :

```
1
6
2 3 1 6 4 5
```

Sample Output 2 :

18

Objective of the event:-To help students get an insight into Machine learning.

Details(Execution):-It was a 1 hour online Google meet that helped students learn the basics of the machine learning for those who are interested in AI/ML/DS field. This session was an excellent opportunity to learn about machine learning, Data Science, abroad studies and how to Study abroad just after college even with low GPA.

Speaker Aman Goyal will cover following topics:

- Basics of Machine learning
- Roadmap to become an ai intern/researcher
- How to get an internship in 3rd year of your college
- How to Study abroad just after college?
- Future trends of AI and it's impact.

Students were made aware about the importance of machine learning and data science as the emerging fields of technology today.

About The Club:- Literary club was formed to develop the speaking and writing skills of the students. Various activities and competitions are organized for the students to develop the literary skills of the students.

To develop the writing skills, assessment is done where in the children learn to express their ideas in clear and grammatically correct English. They also learn how to plan, organize and present their ideas by comparing and contrasting ideas; they also learn how to present their ideas by using appropriate style and format. They also learn how to expand notes into longer pieces of composition creatively. The students develop the cohesion and correctness of structures and vocabulary. Use of appropriate tense form, prepositions, articles and connectors they also learn to use correct mechanics of writing correct spellings, punctuation marks and capitalization. To develop the communication skills and confidence various activities are planned throughout the year like Debates, Elocution, speeches, storytelling, talk shows, seminar, quiz, symposium, dialogue conversation etc in which the children learn how to use correct intonation and pronunciation. The literary club promotes writing skills by organizing story writing, poem writing, slogan writing, report writing, Para writing, and article writing activities. The good Literary works of the students are also published in the college magazine SKIT

Objective of the club:- The club will provide a platform for:

Debating :- To encourage students become orators to display their intellectual and independent thinking skills and imbibe a sense of confidence.

Story Writing: - To promote the creative skills of the students and help in thinking and imagination, ability to speak and emote before an audience thereby increasing the emotional quotient of the students.

Talent Show: - To perform on the stage in front of large audience so that hesitation is removed promote the ability to organize and analyze the available resources and adopt technological advancements to present ideas, creativity and innovation.

Outcomes of the club:- All the above objectives were achieved as good number of students participated from all the branches and years.

Achievements of the Club (2022-23):- Students participated in debate competition in the college and outside the college and got the accolades

About the event: -

On the June 7, 2023, Maths n Rates Club hosted an extraordinary event, Project Making, at the prestigious 5F L1 Civil Block. Spanning from 1:30 AM to 2:30 PM, the event offered an immersive two-hour experience that left an enduring impact on all involved.

The event centred around projects related to mathematics, which aligned perfectly with the students' keen interests and boundless curiosity. With crazy and innovative ideas in their arsenal, the students embarked on a journey of exploration and creativity, pushing the boundaries of their imagination.

Prior to the event, students eagerly sought guidance from their teachers, engaging in fruitful discussions that shaped and refined their project concepts. These interactions served as invaluable opportunities for mentorship and collaboration, ultimately enhancing the quality and depth of the projects.

As the event unfolded, the atmosphere was charged with excitement and enthusiasm. Students showcased their remarkable projects, ranging from meticulously crafted models to engaging presentations. Each project demonstrated the students' unwavering dedication and showcased their growth as critical thinkers and problem solvers.

The date marked a significant milestone as the students unveiled their projects to an eager audience, consisting of fellow students, teachers, and distinguished guests. The event proved to be a celebration of not just the projects themselves, but also the remarkable journey of discovery and learning that the students undertook.

The event concluded at 3:30 PM, leaving an indelible mark on all participants and inspiring a newfound appreciation for the power of project-based learning and the boundless possibilities within the realm of mathematics.

Objective of the event:-

The objective of the competition was to encourage creativity and leadership skills through essay writing. The competition brings out the ability to think quickly, write persuasively and present well-connected ideas while presenting well-connected ideas in a compact fashion.

Details (Execution):-

The competition aims to encourage and expand the innovative and creative thinking among the students through offering them the opportunity to express their unique thoughts while writing essays in English as well as in Hindi (according to their will).

The students were informed earlier about the venue and timing so they gathered on time and accordingly the competition was conducted with the help of coordinators and in the presence of the teacher coordinators. It was also a fun activity, students enjoyed the event.

This competition will stimulate students' ability to think innovatively in both academic and professional settings.

Dear Sir,

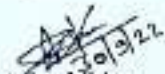

With reference to the above cited subject, the “Nirmaan Club” is arranging a site visit to Ring Road for the students of B.Tech. III Year Sec A on 1/10/2022. We will depart from the Institute at 9:00 am and will return by 11:00 am. The students will be learning the aspects of arch bridge, road marking, safety measurements in road construction etc.

The total number of students participating for the activity are 65, so we require 2 buses for the same. Dr. Rakesh Choudhary, Mr. Anirudh Mathur, and Mr. Leena Tandon along with me will be assisting for the visit. All the faculty members have no teaching load during this time.

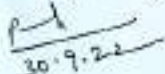

Kindly provide us the permission and oblige.

Thanking you,

Regards

On

Design & Development of Self-Compacting Concrete

About SCC:

Self-Compacting concrete (SCC) is a noteworthy product that was developed, three decades back, in Japan by Prof. Hajjim Okamura, when Japan was suffering from durability issues. A new invention was essential to eliminate the skilled labor requirement and durability issues in the decade of the 1980s. After a lot of trials and laboratory experiments, a new altered form of conventional concrete was discovered and termed as "Self-compacting concrete". It has special fresh properties like flowability, filling ability, passing ability and segregation resistance.

एसकेआईटी में राजीव गांधी जयंती के उपलक्ष्य में अक्षय ऊर्जा दिवस मनाया गया

P3 Police Public Politics

जयपुर ! एसकेआईटी परिसर में Renewable Energy Club द्वारा राजीव गांधी जयंती के उपलक्ष्य में अक्षय ऊर्जा दिवस मनाया गया ।

क्लब समन्वयक नितिन गोयल और नमिता सोनी द्वारा बताया गया अक्षय ऊर्जा दिवस का मुख्य उद्देश्य लोगों को जागरूक करना है कि उन्हें पारंपरिक ऊर्जा के अलावा अक्षय ऊर्जा के बारे में

भी सोचना होगा अन्यथा हमें आने वाले समय में बहुतसी प्रकृतिक आपदाओं का सामना करना पड़ेगा। अयोजन में कहा गया कि इसी बात को ध्यान में रखते हैं वर्तमान प्रधानमंत्री ने 2015 में इंटरनेशनल सोलर अलायंस की नींव रखी ! भारत में अक्षय ऊर्जा की अपार संभावनाएं हैं और हमें इसका उपयोग करना चाहिए। अंत में विद्यार्थियों की प्रश्नोत्तरी प्रतियोगिता कराई गई !

ROBOTICS CLUB SKIT

About The Club:-

The Robotics Club is a community of students who derive pleasure in creating robots that may even be capable of working without human intervention. Each member of this family is provided insight into mechanical engineering, basic electronics and informatory aids besides the indispensable guidance of experienced members. The club supports and fosters interest in various aspects related to robotics in particular, mechanical design through workshops and projects. Robo-geeks are provided with a workspace, tools and other amenities to let their imagination loose.

Objective:-

Objective of Robotics Club are as follows:

- I. The aim of the Robotics Club will be to support and foster interest in various aspects related to robotics and automation.
- II. The club will cater to the interests of hobbyists and beginners in robotics, as well as the Club also aims to allow people to expand their knowledge, interest, and connection to engineering and science concepts and careers through a hands-on learning atmosphere.
- III. The club will also extend support to the participants of robotics-related competitions that are held at all over the India.

Outcomes:-

Robotics Club at SKIT would demonstrate the following outcomes:

1. Allows the students to innovate and automate in fields of robotics and automation.
2. Allows students there in ability in field of designing and developing problem solving skills
3. Allows students to function effectively as an individual, and as a member or leader in

diverse teams.

4. Allow students to communicate effectively.

5. Allows students to increase the ability to demonstrate knowledge and understanding of project management principles and apply these to manage projects.

Achievements:

II Prize winner in JU maker's carnival, JECRC University, Jaipur Project Name: Floor Cleaning Robo

Objective of the event:-

The aim of the workshop was to give some practical Knowledge to the students who are going to participate in Techfest event.

Details (Execution):-

Session 1 :

In this workshop Speaker Mr Mukul from Technise told students about techfest. After this speaker started teaching students about various types of robots like line following robot, pick and place robot. After Briefing about robots speaker told students about various components used in LFR and Pick and place robot. Speaker told students about Arduino uno, IR sensors, Motor Drivers and basic programming knowledge to program Arduino.

Session 2:

In session 2 speaker introduced students about LFR robot thoroughly. Arudino UNO, 2 motors, assembly kit and systems were provided to students. In session 2 Students learned how to make a line follower robot from scratch.

About the Club

Science and Technology club believes in the saying,
"Everything is theoretically impossible until it is done."

Science and Technology Club is a one stop destination for all the innovative and creative brains who really want to make a difference.

We provide an engaging platform for the budding engineers where everyone will evolve in a mission to IMAGINE, INVENT and INSPIRE.

The club organizes various activities and workshops under experienced trainers. There is no limitation to only technical activities but also we organize intra and inter-level competition.

Keeping the utmost coordination with the competitive world, we believe in polishing soft skills, and enhancing competent personality.

Everything seems incomplete if the rewards are not mentioned. So we appreciate and boost the confidence of participants and winners with a token of motivation, exciting rewards and trophies.

We support and welcome new ideas related to discovery and innovation in the vast expanse of science and technology.

Objective of the club:

- Development of knowledge and skills.
- Ability to become interactive.
- Understanding of various languages.
- Practical and real approach toward problem-solving.

Outcomes of the club:

- Provide exposure to students through participation in National conferences, seminars, and workshops.
- Provide information about research journals.
- Learning through fun activities and innovative projects.

Details (Execution): -

November 14 is celebrated as Children's Day or Bal Diwas every year in India. The special day is celebrated in remembrance of India's first Prime Minister Jawahar Lal Nehru, born

on November 14, 1889, he was also known as Pandit Nehru. Nehru, who was fondly called Chacha Nehru or simply Chachaji, was very popular amongst children for his love. November 14 marks Nehru's devotion to welfare, education and development of children and young people. A day marking childhood, and to make this event more memorable Gramothan Club celebrated Children's Day on 14 November 2022 in the college premises and invited the students of Sajal Prakhar School for the same. The day focused on children and their enjoyment. The celebrations involved variety of fun filled activities and games planned by the teachers for the children. The teachers made Children's Day special for the children by involving them into various games and competitions like musical chair, drawing competition, balloon bursting and lying game etc. All the children were given chocolates and some valuable gifts as a token of love from their teachers like colouring set etc.

Objective of the event:- To interact with elder's and show gratitude towardsthem.

Details (Execution):- On 19th April 2023, our college organized a social event UMANG for the elderly residents of a nearby old age home. The event started at 9:00 am with a warm welcome by applying tilak and gifted our guests a beautiful plant. After the welcoming ceremony, Sooraj and shivin, our talented college students, performed beautiful songs for our guests. The performance was enjoyed by all, and the guests were left feeling entertained and delighted.

Next, we served cake and breakfast to our guests, they enjoyed the delicious food with joy. This was followed by an interactive session where the elderly guests were able to share their stories and experiences with our students and teachers. We then played the first game of passing the parcel, which was enjoyed by all and added to the festive atmosphere of the event. After the performances by our guests, we played the second game of housie. They enjoyed playing the game and were happy to win some exciting prizes.

At 11:30 am, we served lunch to our guests, which they appreciated very much. Finally, at 12:10 pm, the event ended with a heartfelt departure ceremony. We thanked our guests for attending the event and gifted them shawls as a token of our appreciation. The elderly guests left with a smile on their faces, and we were happy to have been able to create a positive and memorable experience for them.

In conclusion, the college fest social event for old age home people was a great success and we are motivated to organize more such events.

जयपुर। स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी में 'प्रवाह 2023' के दूसरे दिन विभिन्न रंगारंग कार्यक्रम आयोजित हुए। शुरुआत 'उमंग' कार्यक्रम से हुई, जहां आशादीप वृद्ध आश्रम के बुजुर्गों का गर्मजोशी से स्वागत किया गया। इसके बाद 'ब्लॉसम' में स्टाफ के बच्चों ने गायन, नृत्य, कविता पाठ और अन्य सांस्कृतिक गतिविधियों में अपनी प्रतिभा का प्रदर्शन किया। इसके बाद 'ऑटो

एक्सपो' प्रदर्शनी में लक्ज़री और स्पोर्ट्स कारों सहित विभिन्न निर्माताओं की कारों के विभिन्न मॉडल प्रदर्शित किए गए। कॉसप्ले इवेंट, क्लैश ऑफ बैंड्स आदि प्रतियोगिताओं में दर्शकों ने खासा एंजॉय किया। ईशा अग्रवाल एलीट मिस राजस्थान 2020 और आकृति सांवरिया एलीट मिस राजस्थान 2022 द्वारा कार्यक्रम जज किया गया। 'थ्रिस्क' ड्रासिंग कॉम्पीटिशन में सोलो में शिवम, अदिति तिवारी, डुएट में अनुश्री-राधिका, शरद - आर्यन आदि विजेता रहे।

एसकेआईटी में विद्यार्थियों ने दिखाई प्रतिभा

जयपुर (सीमा सन्देश)। स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी, मैनेजमेंट एंड ग्रामोत्थान (एसकेटी) में 'प्रवाह-2023' के दूसरे दिन कई कार्यक्रमों की श्रृंखला हुई। ये प्रतिभाओं के प्रदर्शन व

मनोरंजन के लिए आयोजित किये गये। 'उमंग' कार्यक्रम में आशादीप वृद्धाश्रम के बुजुर्गों का खुले हाथों व गर्मजोशी से स्वागत किया गया। केक काटा गया, नृत्य, खेल व पुरस्कार वितरण हुआ। स्नेहिल व गर्मजोशी भरे स्वागत से बुजुर्ग अत्यंत प्रसन्न हुए। उन्होंने कार्यक्रम का पूरा लुत्फ उठाया। 'ब्लॉसम' में बच्चों ने गायन, नृत्य, कविता पाठ व अन्य सांस्कृतिक गतिविधियों में अपनी प्रतिभा का प्रदर्शन किया।

उपस्थित सभी होंगों ने इसे सराहा। 'ऑटो एक्सपो' में लग्जरी व स्पोर्ट्स कारों सहित अनेक कंपनियों की कारों के मॉडल प्रस्तुत किये गये। इससे छात्रों को ऑटोमोटिव क्षेत्र की नवीनतम तकनीकों के बारे में जानने

व सीखने को मिला। कॉसप्ले इवेंट दर्शकों को मंत्रमुग्ध करने वाला रहा। मिस राजस्थान 2020 ईशा अग्रवाल व मिस राजस्थान 2022 आकृति सांवरिया इसमें निर्णायक रहीं। मुख्य

आकर्षण 'क्लैश ऑफ बैंड्स' प्रतियोगिता रही। कई कॉलेज के प्रतिभाशाली बैंड इसमें शामिल हुए। इस लाइव कार्यक्रम को लेकर दर्शकों में रोमांच देखने को मिला। नृत्य प्रतियोगिता 'थिरक' में विद्यार्थियों ने विभिन्न गानों पर नृत्य की प्रस्तुति दी। एकल में शिवम, अदिति तिवारी, युगल में अनुश्री-राधिका व शरद-आर्यन एवं समूह में भंगड़ा फ्रीक्स, एयूसी व डीएफए विजेता रहे।

Objective of the event:-

Our main objective is to spread the awareness among all the people by giving them a new view on the social causes.

Details (Execution):-

A slogan writing competition was held under the social event of Pravah 2023 in SKIT college on Wednesday, April 19, 2023 in the Room no.301 of CS Block. The event was basically organized to spread awareness among all the people ,especially youngsters who are not very much aware about different problem that are socially unstable and are considered to be a serious social issue. This ‘Slogan Camp’ basically provided the freedom of expression to make the people aware on such kind of topics by giving a new view through their slogan .

In the event we provided all the participants sheets and all the participants were required to choose one out of 5 topic that were all on the social issue and they were required to create a slogan in the 1st half hour and the judging was on the basis of their creativity, effectiveness of topic and presentation skills.

This slogan camp was successfully conducted in the presence of our honorable judges, Dr. Monika Mathur Mam & Dr. Rukhsar Zafar Mam.

About the Club

Skit Reader's Club is a platform which provides people with an opportunity to feature themselves as a speaker on the novels of their own interest, to promote reading on a greater level and make books interesting to talk about.

Objectives

Book clubs promote a love of literature in a positive, nurturing environment.

The purpose of any club is to bring a community together to learn about and discuss something that matters to them, and a book club is no different.

Who all should join

- For all the nerd peeps out there
- If you have passion to read and discuss this club is the best for you One of the main objectives of this club is to connect Readers on a social level to share their ideas and experiences while reading.

How this club works

Every week a moderator is selected which gets to interact with the speaker who will speak on the favourite book of his or her.

Moderator and the audience ask various questions about the book to the speaker in order to know the book better.

About The Club:- SPIC MACAY, the Society for the Promotion of Indian Classical Music And Culture Amongst Youth is a voluntary youth movement which promotes intangible aspects of Indian cultural heritage by promoting Indian classical music, classical dance, folk music, yoga, meditation, crafts and other aspects of Indian culture.

Objective of the club:- 1) Promote the highest levels of human aspiration and artistic integrity through the composition, documentation, and performance of music.

2) Develop an analytical, creative, and intuitive understanding of music as a cultural language.

3) Afford students opportunities for cultural and aesthetic experiences through active participation in music, enhance their understanding and appreciation of the arts, and foster interaction between music and the liberal arts.

4) To ensure that the youth belonging to all community develop a taste for Indian Classical music and develop a zest for it. Our motto is to keep the essence of Indian Culture alive.

1. **:- Literacy:** Students will demonstrate the ability to read at sight with fluency, exhibiting both general musicianship and, in the major performance area, a level of skill relevant to professional standards appropriate for the particular music concentration.
2. **Technique:** Students will demonstrate the technical skill requisite for artistic self-expression in at least one performance area at a level appropriate for the particular music concentration.
3. **Composition:** Students will create music in a personal language with a requisite level of craft appropriate for the particular music concentration.
4. **Analysis:** Students will demonstrate an understanding of the common elements and organizational patterns of music and their interaction, and the ability to employ this understanding in performance as well as in written and aural forms.
5. **Performance Preparation:** Students will demonstrate the ability to learn new works independently and to acquire new repertoire with accuracy, establishing the work in a stylistic period or interpretative approach.
6. **Interpretation:** Students will use theoretical and historical analysis to create an informed hearing of a given musical work as well as an original voice as a musical artist.
7. **Collaborative Competence:** Students will demonstrate the knowledge and skills to work at every level of an ensemble, from leadership positions to supportive roles, and to move easily between these functions, illustrating their understanding that music is a social art form that depends on the artistic.

Outcomes of the club:-

1. The club has successfully showcased the performances of world renowned artists which has not only provided an opportunity to the students to grow and learn from the performers but also enhanced their pre-acquired skills.
2. It has achieved success in sensitizing the students to various art forms which was very much evident during the performances and workshops where famous and approachable artists were invited to spread awareness towards Indian culture.

Achievements of the Club (2021-22):- Students actively take part in various cultural activities and performances themselves. Our Heritage Club has also been performing outlandishly by volunteering in managing the performances by National and International maestros at the institute.

About The Club:

- Tech Innova Club is a community of students interested in Coding or technicality in general. All the students of any branch are welcome in the club.
- Tech Innova Club helps an individual to prepare for Placements, provides Guest Lectures, Coding and many more tech events.
- Tech Innova is a technical society of CS & IT departments, in its broadest sense encompasses all aspects of computing technology.
- Started in 2012.
- We are honoured to have a privilege of 700+ students till now.
- We hosts various technical events like software engineering and development, computer networking and communications, Web technologies, computer security, database management, and digital media technologies related events

Objective:

- ✓ To build problem solving approach.
- ✓ To make students familiar with basic syntax of programming language.
- ✓ To give roadmap to students for preparing further in coding.
- ✓ To make them efficient and better performer through time management.

Achievements of the Club:

- The activities conducted in the club helped the students during their placements.
- The activities also help the students to develop their final and pre final year projects.

2	Miss Divya Jyot Kaur	Assistant Professor (English Department)
3	Sakshi Khandelwal	Past President (4 th year, CSE)
4	Prince Manay Bora	Area Director (4 th year, ME)

The objective of the event: The event tests the soft skills and creative thinking of the participant. It looks at the aspects of communication, body language, eye contact, and presentation of yourself. It also checks the convincing power of the participants and how they can convince the SHARKS of our event to win the prizes.

Details (Execution): The event was divided into two rounds:

1st Round:

- Individual participants were called upon the stage and a general query was asked. Based on their answers participants were selected for the next round.

2nd Round:

- Prizes were shown to the selected contestants, and 15 min common timing slot was provided.
- Everyone was asked about the product they want to pitch for.
- According to the product participants were called and pitched their points on why this gift should be given to them.
- Sharks evaluated them and cross-questioned them, based on the answer's product given to the participant.

In the end, Mr. Event and Miss Event were chosen based on their overall presentation at the event.

About The Club: -“Welcome to the Yoga and Meditation Club, established in 2019 at Swami Keshvanand Institute of Technology! We provide a nurturing space for students to explore the benefits of yoga and meditation. Our club offers a peaceful sanctuary where you can relax, rejuvenate, and find inner harmony amidst the busy college life. With experienced instructors, we offer accessible yoga and meditation sessions for students of all levels. Join us as we promote well-being, mindfulness, and a healthier lifestyle. Together, let's embark on a journey of self-discovery and embrace a balanced and peaceful college experience”

Objective: - To spread awareness for yoga.

Outcomes :-

Yogic practices enhance muscular strength and body flexibility, promote and improve respiratory and cardiovascular function, promote recovery from and treatment of addiction, reduce stress, anxiety, depression, and chronic pain, improve sleep patterns, and enhance overall well-being.

EXTRA CURRICULAR ACTIVITIES

SKIT JAIPUR

Objective of the Event:- A yoga session of 1 hour was organized by Yoga & Meditation Club to boost up their immunity and feel the inner peace of mind.

Event Message:-

Yoga: A way of connecting your body to the soul.

As the new first year batch joined the college Yoga & Meditation Club, SKIT organized yoga session for B.Tech. I Year Students and MBA I year students in. For B.Tech. I Year Students Yoga session was conducted for two days. On 7 November 2022 yoga session was conducted for the students of branches Computer Science Engineering, Data Science, Civil Engineering & Mechanical Engineering. On 8 November 2022 the session was conducted for the branches Electronics and Communication Engineering, Electrical Engineering, Information Technology, Artificial Intelligence & IOT. For MBA I year students it was conducted on 10 November 2022..

Asana's performed during the event:-

1)Hasthasana:- Sit in a comfortable cross-legged position or on a chair keeping the spine straight. Relax the entire body and stay in this position focusing on the breath.

Join the palms together and rub them vigorously to warm them. When they are warm, close your eyes, cup your palms and lightly place them on the eyes, without putting pressure on your cheekbones.

Benefits:- The regular practice of palming releases stress from the optic nerves and calms irritation in the eyes.

2)**Tadasana:-** Tadasana (Mountain Pose) seems pretty straightforward. The foundational posture asks you to stand upright with your feet facing forward parallel to each other and your arms at your sides, palms facing forward. But there's actually a lot to pay attention to in the basic pose.

Benefits:- Mountain Pose is a foundational posture that improves your postural and body awareness. By requiring you to stack your shoulders, hips, knees, and ankles, it helps you find alignment. By asking you to draw your shoulders away from your ears, it can counter the effects of prolonged sitting at a computer.

3)**Vaayuasana:-** Stand up stretching both the hands side wise. Bending forward from the waist, slowly raise the left leg backward straight without bending the knee. The body should be in the shape of an aeroplane, standing on right foot.

Benefits:- This asan helps in maintaining the balance of the body and mind. Concentration is also developed. Body is felt light.

Details of Instructor: -

Yoga Expert and Instructor of the day was Mr. Satyaveer Singh who has done TTC(Teacher Training Course) 300 hours and 200 hours both in yoga ,along with PGDYS(Post Graduate Diploma in Yoga Science).

The aims and objectives of Yoga Session are:-

To enable the student to have good health.

To practice mental hygiene.

To possess emotional stability.

To integrate moral values.

To attain higher level of consciousness.

Event Message:-

Yoga: A way of connecting your body to the soul.

As the new first year batch joined the college Yoga & Meditation Club, SKIT organized yoga session for MBA I year students in. It was conducted on 10 November 2022..

Asana's performed during the event:-

1)Conditioning:- Sit in a comfortable cross-legged position or on a chair keeping the spine straight. Relax the entire body and stay in this position focusing on the breath.

Join the palms together and rub them vigorously to warm them. When they are warm, close your eyes, cup your palms and lightly place them on the eyes, without putting pressure on your cheekbones.

Benefits:- The regular practice of palming releases stress from the optic nerves and calms irritation in the eyes.

2.Tadasana:- Tadasana (Mountain Pose) seems pretty straightforward. The foundational posture asks you to stand upright with your feet facing forward parallel to each other and your arms at your sides, palms facing forward. But there's actually a lot to pay attention to in the basic pose.

Benefits:- Mountain Pose is a foundational posture that improves your postural and body awareness. By requiring you to stack your shoulders, hips, knees, and ankles, it helps you find alignment. By asking you to draw your shoulders away from your ears, it can counter the effects of prolonged sitting at a computer.

3. Tree Pose: - Take a moment to feel both your feet root into the floor, your weight distributed equally on both feet. Begin to shift your weight into your right foot, lifting your left foot off the floor. Keep your right leg straight but don't lock the knee. Bend your left knee and bring the sole of your left foot high onto your inner right thigh. Press your foot into your thigh and your thigh back into your foot with equal pressure. This will help you keep both hips squared toward the front so your right hip doesn't jut out. Focus your gaze on something to keep your balance. Take 5 to 10 breaths, then lower your left foot to the floor and do the other side.

Benefits:- Tree Pose strengthens the legs and core while opening the hips and stretching the inner thigh and groin muscles. One of the biggest benefits, in general, is that it helps build better balance, which helps with any number of other physical activities. Good balance and a strong core can go a long way in helping you stay active and healthy.

4. Virabhadrasana 2:- Warrior 2 pose, Start with taking a 4-foot distance back with your left leg, toes pointing slightly in. Press the four corners of your feet down, and firm your legs up. As you inhale, raise your arms parallel to the floor, keeping your shoulders down and your neck long. As you exhale, bend your right knee, keeping your knee over your ankle. Roll the top of your thigh down towards the floor on the right. Press down through your big toe to balance that action. Press the top of your left thigh back, and ground the outside of your left foot into the floor. Draw your lower abdomen in and up and lengthen your spine. Look over your right hand. Stay in this pose for 5 breaths. To come out of the pose press into your feet and straighten your legs as you inhale. Switch the orientation of your feet and repeat on the other side.

Benefits: The posture strengthens your core, including your abs and back muscles, as well as the hip flexors, glute muscles, inner thigh, and ankle of the bent leg. In your back leg, the pose stretches the hip flexors, hamstring, and calf muscles. Warrior II stretches your chest, stretches and strengthens your shoulders, and increases your endurance, one bent knee at a time.

5. Anulom Vilom Pranayama:- Anulom Vilom Pranayama is very easy to do, first of all, close your eyes and sit in Sukhasana and rest your hands on your knees. Close the right nostril with the right thumb. Inhale slowly through the left nostril, inhale the oxygen as much as you can, this will fill your lungs with air. Remove your thumb from your right nostril, as you remove your thumb from right nostril just exhale. When you exhale use your middle finger to close your left nostril then

inhale with our right nostril and remove the thumb from the right nostril then exhale. Repeat this process for 5 minutes. Be focused and concentrate on your breathing.

Benefits:- It helps to cure mental problems like Depression, Anxiety, Stress, Tension, etc. Most beneficial for breathing-related problems like (Bronchitis, Asthma), etc. It improves the working of the lungs. It is best breathing technique for boosting your memory (Makes your brain sharper). It improves your immune system, so it cures general issues like cough & cold. Without any doubt, Anulom Vilom is the most suitable Pranayama for all. Alternate nostril breathing is an ideal breathing technique for maintaining your heart healthy.

6. Bhramari Pranayama:- Bhramari Pranayama, or Bumblebee Breath, is a calming breath practice that can be performed anywhere. Bhramari is derived from the Sanskrit term for “bee” and is named after a type of black Indian bee, due to the bee-like buzzing sound produced during the exhale. Sit comfortably and allow your eyes to close. Take a breath or two to settle in and notice the state of your mind. When you’re ready, inhale and then, for the entire length of your exhalation, make a low- to medium-pitched humming sound in the throat. Notice how the sound waves gently vibrate your tongue, teeth, and sinuses. Imagine the sound is vibrating your entire brain. Do this practice for six rounds of breath and then, keeping your eyes closed, return to your normal breathing. Notice if anything has changed.

Benefits: - . It Lowers Blood Pressure and Heart Rate It improves the functioning of the lungs. It helps to clear nasal passages and alleviates Sinusitis symptoms. It improves cognitive function. It Improves concentration and provides relief in headaches.

Details of Execution: The session began with basic stretching and breathing exercise (Anulom vilom) then after we performed various asnas , details are provided below

1. Anulom vilom:- Anulom Vilom is a specific type of pranayama, or controlled breathing, in yoga. It involves holding one nostril closed while inhaling, then holding the other nostril closed while exhaling. The process is then reversed and repeated.

Benefits of Anulom vilom

- improved breathing
- improved cardiovascular function
- stress reduction

2. Tadasana :- Tadasana centers your body and mind, which helps create a calm sense of inner peace. Maintaining alignment and body awareness is a constant process. Standing strong, steady, and centered in Mountain Pose helps to improve posture, alignment, and balance. This can benefit other yoga poses as well as your daily movements.

Benefits of Tadasana

- improving flexibility
- relieving pain
- building strength

2. Paschimottasana :- Pashchimottanasana, Seated Forward Bend, or Intense Dorsal Stretch is a seated forward-bending asana in hatha yoga and modern yoga as exercise.

Benefits of Paschimottasana

- It increases your hip joints' flexibility.
- It helps in getting rid of constipation.
- Stretches the shoulder and knee joints to keep them functioning well.
- Works on the hamstrings and calf muscles by toning them better.

3 . Chakrasana:- This family of poses is said to be uplifting because they open up your heart and chest, helping you breathe deeper. They're also believed to stimulate the adrenal glands.Chakrasana, or Urdhva Dhanurasana, also offers a deep stretch for the chest and shoulder muscles, as well as the hip flexors.

Benefits of Chakrasana

- improving flexibility
- relieving pain
- building strength

4. Vrikshasana :-Vrikshasana or Tree Pose is a balancing asana. It is one of the very few standing poses in medieval hatha yoga, and remains popular in modern yoga as exercise,

Since vrikshasana creates a sense of balance within the body, it also translates into mental wellbeing, building focus and concentration, making your mind sharper and lesser prone to meandering. It helps stabilise the nervous system, making it functional to an optimum.

Benefits of Vrikshasana

- It strengthens your spine and improves your posture.
- Vrikshasana strengthens your thighs, knees and calf muscles.
- It helps in improving your balance.
- When done regularly, this asana may help in relieving sciatica pain.
- It also helps to improve flat feet problems.

4. Shavasana :-Shavasana and some sitting asanas maintain the balance between r elaxation and meditation by their equal input of physical stimuli.

Shavasana is performed on the back with the legs spread as wide as the yoga mat and arms relaxed to the side, and the eyes closed. The whole body is relaxed on the floor with an awareness of the chest and abdomen rising and falling with each breath. During Shavasana, all parts of the body are scanned for muscular tension of any kind. Any muscular tension the body finds is consciously released as it is found.

Benefits of Shavasana :-

- Calms central nervous system, aiding the digestive and immune systems
- Calms the mind and reduces stress
- Reduces headache, fatigue and anxiety
- Helps lower blood pressure
