Sub: Green painting competition

The IGBC Student Chapter is organizing a *Green Painting Competition*. This competition aims to encourage and promote the use of eco-friendly and sustainable materials in the field of art.

As participants, you will have the opportunity to showcase your artistic skills while also learning about the importance of sustainable practices in the art industry. The theme for this year's competition is "**sustainable ecosystem restoration**" and we encourage you to incorporate elements of environmental sustainability in your artwork.

The winners will be chosen based on their artistic merit and their ability to incorporate sustainable practices in their artwork. Prizes will be awarded to the top two entries.

We look forward to your participation in this exciting event.

The date and venue of the event are April 21, 2023 (times 9–12).

Venue: CAEG Lab Civil Block

Objective of the event: -

Surajpura Water Treatment Plant Visit was organized on 15th April 2023. The aim of the site visit was to learn the operation and maintenance of water treatment plants. This WTP is a state-of-the-art plant, only one in Rajasthan, and among the select few in India, based on the relatively lesser known and little unconventional Pulsed sludge blanket technology. The maintenance of the water treatment plant is being done by GCK Projects and Works Pvt. Ltd.

Details (Execution): -

The learnings from the following visit were:

- Different processes involved during water treatment process.
- Chemicals usage and dosage at various processes of water treatment process.
- Distribution of Water from Surajpura.
- Sludge treatment.

Objective of the Event: -

The objective of a geology camp for engineers is to provide engineers with a solid foundation in geology and geological processes that are relevant to their field of work. The camp aims to enhance the engineers' understanding of the Earth's composition, structure, and geological hazards, enabling them to make informed decisions and design projects that are geologically sound and sustainable. Some specific objectives of a geology camp for engineers may include:

- Geological Awareness
- Site Assessment and Characterisation
- Geotechnical Engineering
- Geological Hazards
- Field Skills

Objective of the event: -

The students conducted the task of problem identification and solution designing at Ranipura Village.

Details (Execution): -

On 10 September 2021 students visited a village named Ranipura. The time of the visit was from 9am to 11am and the purpose of visit was to research on the necessary improvements required by the village and villagers. This visit was done under the supervision of our professors and also the visit was organised under IGBC (Indian Green Building Council).

Problems	Solution
No Paved Roads	A proper bituminous or concrete road should be built there with speed breakers on certain distances and also road signs which can tell them about the speed breaker or turn.
Improper Drainage System	We should make sure that water flows away quickly and smoothly and is disposed of in a surface watercourse or soakaway. Drainage installed by one community should not create problems for other communities downstream, nor should it affect ecologically important sites and also according to me environmental considerations should be given adequate attention.
Do not have waste water treatment facility	The sewage water pipelines should be connected to an underground pipeline system which will take the water to the sewage water treatment plant where the water will be treated and the treated water will be supplied back to the villagers so that they can at least use that water for irrigation or some other works rather than drinking
Lack of Electricity	Government has launched some programs like “PRADHAN MANTRI SAHAJ BIJLI HAR GHAR YOJNA” which can help getting supply to the village houses also better power and grid management, balancing supply and demand, increasing system reliability and also according to me solar panels can be a very good option for villages in Rajasthan mainly.
No Place for Street animals	A place or shelter should be provided for the animals and a vet, a keeper and a guard for their safety, security and proper living. If not, then these animals should be given to some NGO or other institutions which can do care of them.
No proper place for storing water	“Rain Water Harvesting” is the best practice they can use in their houses and also in the big buildings (e.g., School).
Lesser School and Hospital facilities	Awareness program should be conducted for the parents as well as the children of the villages as they are unaware of future opportunities and importance of knowledge and education.

Objective of the event: - Drawing and coloring competitions helps the students to develop the right attitude towards a career as an artist. It allows them to challenge themselves and move out of their comfort zones in face of competitions.

Details (Execution):-

- ☐ Introduction about IEEE student chapter.
- ☐ Discussion about the theme Geometric art (modern art using lines, surfaces, shapes, angles)
- ☐ A3 size sheets were provided and 2 hrs time limit was given.
- ☐ Judges decided top 3 posters.
- ☐ Top 3 were given appreciation certificates and goodies.
- ☐ Participation certificate was awarded to all.

(Registration in both QR is compulsory to attend DMI Program)

Objective of the event: -

- Students will know about IEEE Society via this Expert talk as it will be conducted by IEEE Computer society and MTT student Branch Chapter SKIT.
- Students will understand and gain a deeper knowledge about RF and Microwave Area.

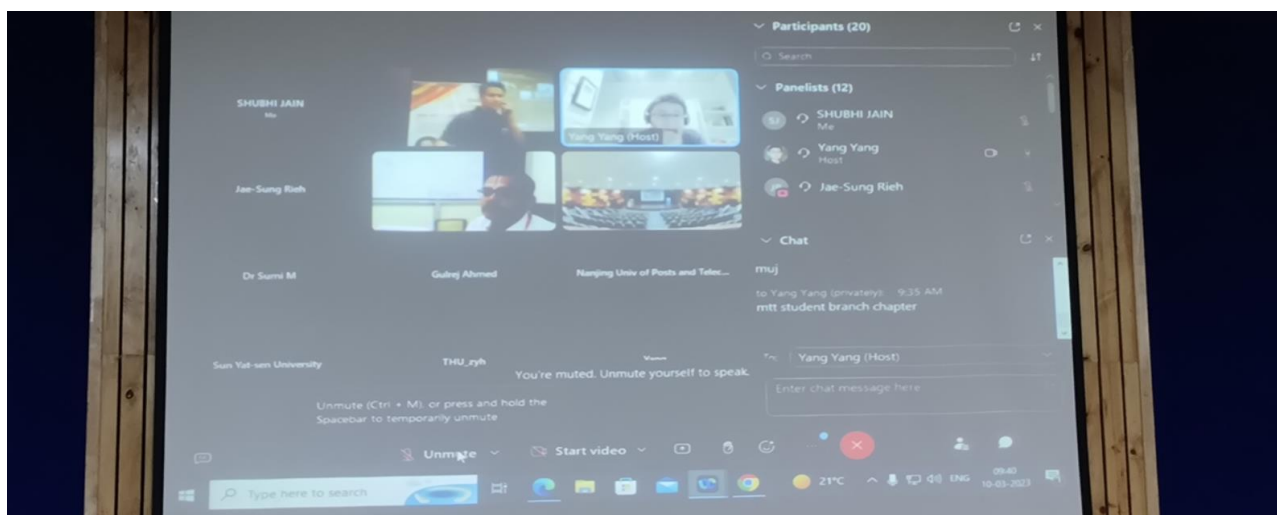

Details (Execution): -

At Swami Keshvanand Institute of Technology, Management and Gramothan, the IEEE student chapter conducted a Distinguished Microwave Instructor Program in RF and Microwave Area in association with MTT-S. The event took place at J.C. Bose Auditorium where the student joined various professors from around the world on the CISCO Webex platform. In this event various topics were discussed in the field of engineering and medical fields. Some of the most interesting topics discussed were Frequency Spectrum, Talk about various types of transistors, FET, MOSFET, etc., How Radio Frequency and Microwave work, sensors on wearable devices, Millimeter wave therapy, RADAR, and ICs. In the end, there was a one-on-one interactive Q&A session with the students, where students cleared their doubts and learned a lot.

आरएफ और माइक्रोवेव क्षेत्र पर एक्सपर्ट व्याख्यान का आयोजन

खबरों की दुनिया

जयपुर। स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी के आईईईई छात्र अध्याय की ओर से एमटीटी-एस के सहयोग से आरएफ और माइक्रोवेव क्षेत्र में एक विशिष्ट माइक्रोवेव प्रशिक्षक कार्यक्रम आयोजित किया गया। जेसी बोस ऑडिटोरियम में आयोजित इस कार्यक्रम में छात्र सिस्को वेबक्ष प्लेटफॉर्म पर दुनिया भर के विभिन्न प्रोफेसरों से जुड़े।

आयोजनों के मुख्य वक्ता प्रो जे-सुंग रीह, प्रो शिवन कौल, प्रो क्वान जू ने संबोधित किया। सेशन में इंजीनियरिंग और

मेडिकल के क्षेत्र में विभिन्न विषयों जैसे फ्रीक्वेंसी, स्पेक्ट्रम, विभिन्न प्रकार के ट्रांजिस्टर, अफइटी, मोस्फेट आदि के बारे में बात करना, रेडियो फ्रीक्वेंसी और माइक्रोवेव कैसे काम करता है, पहनने योग्य उपकरणों पर सेंसर, मिलीमीटर वेव थेरेपी, राडार और आईसी पर चर्चा की गई।

अंत में छात्रों के साथ एक-एक इंटरैक्टिव प्रश्नोत्तरी सत्र था, जिसमें छात्रों ने अपनी शंकाओं को दूर किया और बहुत कुछ सीखा। सत्र का आयोजन डॉ. शुभी जैन, डॉ. नीलम चौधरी और हर्षल निगम ने किया।

Brief Introduction: N/A

Objective of the event:-

- **Test Knowledge:** The quiz could be organized to test the participants' understanding of the concepts related to microwave and antenna. It can be a fun way to evaluate their knowledge of the subject and identify any knowledge gaps that need to be addressed.
- **Engage Participants:** An online quiz can be an engaging and interactive way to involve participants in the subject matter. By using different question formats like multiple choice, true/false, or fill-in-the-blank questions, participants can be encouraged to think critically and apply their knowledge.
- **Promote Learning:** An online quiz on microwave and antenna can help promote learning and increase participants' understanding of the subject matter. By providing feedback on each question, participants can learn from their mistakes and improve their knowledge of the subject.
- **Encourage Competition:** An online quiz can be organized as a competition to encourage participants to challenge themselves and each other. This can be a motivating factor to improve their understanding of the subject matter and learn more about microwave and antenna.
- **Networking:** An online quiz can bring together people who share a common interest in microwave and antenna. This can lead to networking opportunities, collaborations, and sharing of knowledge and resources.

Respected Sir/Madam,

Greetings of the Day!!

JOIN THE CELEBRATION AROUND THE WORLD!!!!!!

We are delighted to inform you that IEEE –Computer Society & MTT-S Student Branch Chapter, Department of CSE & ECE, Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur in association with IEEE CS Chapter Delhi Section & IEEE Rajasthan Subsection are going to celebrate IEEE week from 3rd - 8th October 2022.

Every year, IEEE and non-IEEE members from all IEEE Sections, Student Branches, Affinity groups, and Society Chapters join hands to celebrate this event. This year, this celebration is in-person and the theme of the same is: "Leveraging Technology for a Better Tomorrow".

To celebrate this week, multiple events are scheduled. Kindly join us to celebrate the event.

Schedule of the events:

Day1. Poster making competition in offline mode (3/10/2022)

Day2. Expert Talk in online mode and Day celebration in offline mode, selfie contest (4/10/2022)

Day3. Technical quiz in online mode (5/10/2022)

Day4. Blog writing Contest in offline mode (6/10/2022)

Day5 &6. Workshop on IOT applications and Implementations in offline mode (7/10/2022 & 8/10/2022)

Objective of the event: - To give the knowledge about the Solar Energy, Sustainability and benefits of the solar energy. Estimate the energy production from a solar panel array and compare the costs of electricity sources. Students able to understand about solar power plant. Solar water pumping system, solar home lighting system Determine the economic benefit of installing a solar array.

Details (Execution):-

The participants of this session able to gain the knowledge from the experience of experts. He enhances the technology by continuous research and development in the field of Harnessing Solar Energy for Sustainable Development. Students will explore the geographic conditions that favor or restrict the use of various renewable energy technologies in a particular place. Students will create an optimal renewable energy plan for a community that meets specific constraints and criteria.

Energy Scenario

- ❖ Increasing population, industrialization and over exploitation of fossil fuel resource.
- ❖ Energy is essential pre-requisite for economic and social development.
- ❖ Improper distribution of energy.
- ❖ Expectations of citizens with development is increasing.
- ❖ Significant harnessing of fossil fuel reserves, hydal power and nuclear power.
- ❖ Gap between supply and demand is on an increase.

Problem Identification

- ❖ The traditional skills of making handicraft items have almost ceased due to limited market for it. Animal Husbandry is part of life and not a major source of income. The tribals are either MG-NREGA workers or simple seasonal labourers working for 3-6 months a year. Lack of livelihood pushes tribals towards cities.
- ❖ Due to hilly terrain, lack of good electrical and road transport network, there is a hindrance for the development process to reach there in fast mode.
- ❖ As a result of which educational, health and industrial infrastructure has also not been well developed in this place.
- ❖ There is a widespread misconception that development can be achieved by installing and using advanced high-maintenance and expensive technologies.
- ❖ Lack of awareness and skill development required for upliftment.
- ❖ The region is a hilly terrain having tremendous solar potential available throughout the year

Details/List of invited guest/speakers:- Dr. Dinesh Yadav (Associate Professor, Manipal University, Jaipur)

Objective of the event:- IEEE-MTT student chapter of Swami Keshvanand Institute of Engineering and Technology Management and Gramothan, Jagatpura , organised an interactive session on "Awareness of IEEE Society" and "Design and Development of Flexible and Wearable Antenna" on 10.02.22. Special guest for this interactive session was Dr. Dinesh Yadav, Associate Prof.,Manipal University , Jaipur.

Details (Execution) :-

At the beginning of this interactive session Dr. Shubhi Jain briefed about the IEEE- MTT student chapter of college. Then Dr. Praveen Kumar Jain welcomed the guest with humble words.

In this interactive session Dr. Dinesh Yadav told the students about the immense contribution that IETE & IEEE chapters can bring to academic career of students, and how IEEE can help students pave their way in research field. IEEE being an international society can assist students to connect with international researchers and get their guidance. He encouraged students to go for a career in the field of research and specifically, he insisted on research related to microwave. He further briefed the students about flexible and wearable antenna, and how these are designed and developed. Further he added that flexible and wearable antennas can help in communication techniques like tracking ,navigation and remote computing ,and also added the medical application of wearable antennas like treatment and diagnosis, and the prescribed frequency and conductive material for the medical purpose. This interactive session was concluded by the note of thanks by Assistant Prof. Harshal Nigam . The webinar was organised by the IEEE-MTT student chapter members Dr. Shubhi Jain, Assistant Prof. Harshal Nigam,

Assistant Prof. Abhinandan Jain, and student coordinators Priyanshu Lohar & Debopam Sinha.

DIFFERENT TYPES OF ANTENNA IN MEDICAL APPLICATION

- ❑ Various types of medical applications of antennas have widely been investigated.
- ❑ Since these antennas are used in and around a human body, the size of the antennas must be small.
- ❑ Particularly, in order to realize minimally invasive treatment, small-size antennas are desired.
 - ❖ TREATMENT
 - ❖ DIAGNOSIS
 - ❖ INFORMATION TRANSMISSION

एसकेआईटी मे एक इंटरैक्टिव सत्र का आयोजन

P3 Police Public Politics

जयपुर ! स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी, मैनेजमेंट एंड ग्रामोथन, जगतपुरा के आईईईई-एमटीटी चैप्टर ने आईईईई सोसाइटी की जागरूकता और फ्लेक्सिबल और वियरेबल योग्य एंटीना के डिजाइन और विकास पर एक इंटरैक्टिव सत्र का आयोजन किया। सत्र के वक्ता डॉ. दिनेश यादव, मणिपाल विश्वविद्यालय, जयपुर थे। शुरुआत में डॉ. शुभी जैन ने संस्थान के आईईईई-एमटीटी चैप्टर के बारे में जानकारी दी। उसके बाद अतिथि का स्वागत प्रो. प्रवीण जैन ने किया। डॉ. दिनेश यादव ने छात्रों को बताया कि आईईईई चैप्टर, छात्रों के अकादमिक करियर में कितना बड़ा योगदान दे सकते हैं, और छात्रों को शोध क्षेत्र में अपना मार्ग

प्रशस्त करने में कैसे मदद कर सकता है। आईईईई एक अंतरराष्ट्रीय सोसाइटी होने के कारण छात्रों को अंतरराष्ट्रीय शोधकर्ताओं से जुड़ने और उनका मार्गदर्शन प्राप्त करने में सहायता कर सकता है। उन्होंने छात्रों को शोध के क्षेत्र में करियर बनाने के लिए प्रोत्साहित किया। इसके साथ ही उन्होंने छात्रों को फ्लेक्सिबल और वियरेबल एंटीना के बारे में जानकारी दी और बताया कि इन्हें कैसे डिजाइन और विकसित जा सकता है। उन्होंने ट्रेकिंग, नेविगेशन और रिमोट कंप्यूटिंग जैसी संचार तकनीकों में फ्लेक्सिबल और वियरेबल एंटीना के महत्व को समझाया। उन्होंने उपचार और निदान जैसे पहनने योग्य एंटीना के चिकित्सा अनुप्रयोगों और चिकित्सा उद्देश्य के लिए निर्धारित आवृत्ति और प्रवाहकीय मटेरियल के बारे में भी बताया। इस सत्र का समापन श्री हर्षल निगम द्वारा धन्यवाद ज्ञापन करके किया गया।

ONE WEEK TRAINING PROGRAMME FOR TECHNICAL ASSISTANTS
On
“Lab fundamentals, Maintenance and Virtualization”

Jointly Organized by

Department of Electronics & Communication Engineering and
SKIT-ISTE student chapter, SKIT Jaipur
18th -23rd July, 2022

Coordinators:

Prof Mukesh Arora, HoD, ECE, SKIT, Jaipur

Dr. P.K. jain, Dy. HoD, ECE, SKIT, Jaipur

Mr. Pallav Rawal, Asst Professor, ECE, SKIT, Jaipur

Ms. Suman Sharma, Asst Professor, ECE, SKIT, Jaipur

Mr. Dinesh Kumar, Asst Professor, ECE, SKIT, Jaipur

Mr. Anil Verma, Sr. Technical assistant, ECE, SKIT, Jaipur

Objective: The main objective of this training program is to make technical assistants aware about the networking fundamentals, virtualization and Maintenance of the laboratories.

Program detail: One week training program for technical assistants on “Lab fundamentals, Maintenance and Virtualization” was organized by Department of Electronics and Communication Engineering of Swami Keshvanand Institute of Technology, Management & Gramathan (SKIT), Jaipur (India) during July 18-23, 2022. It was conducted in offline mode. All the technical staff members of ECE department participated for this program.

Training Program was inaugurated on **July 18, 2022** in the presence of Prof Mukesh Arora, HoD, ECE, Dr. P.K.Jain, Dy. Head, ECE and all the coordinators of the event.

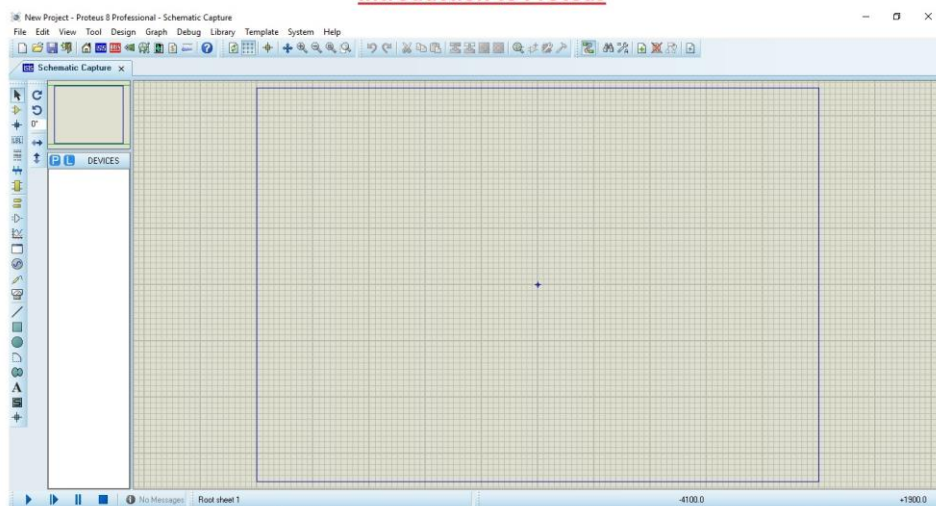

At the beginning of the program, Prof. Dr Mukesh Arora, HoD ECE, SKIT, Jaipur congratulated to all the coordinators for conducting this training program. Praveen Kumar Jain addressed the participants with the benefits of this program and Mr. Dinesh Kumar shared the detailed draft of the training program with all the participants.

Day wise schedule of :the program was as follows:

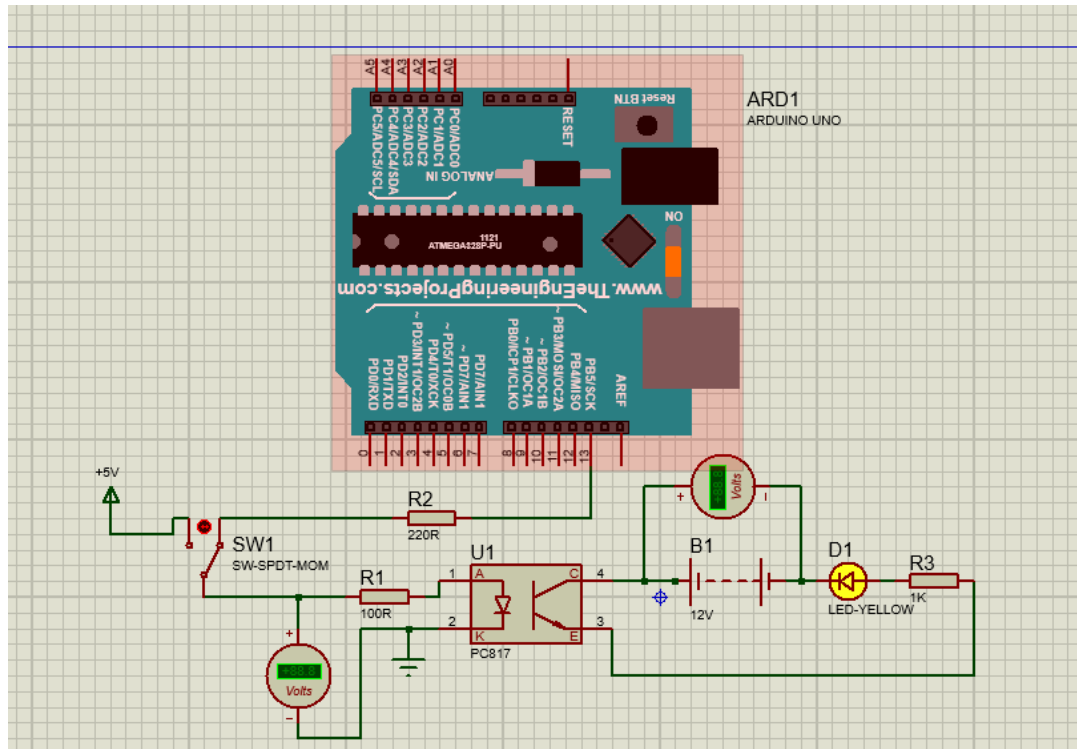

Day 1 – Session 1:

In this session, Mr. Dinesh Kumar, Assistant Professor, ECE department, SKIT, Jaipur introduced the participants with the “Introduction of proteus virtualization”. He explained detailed introduction to “proteus- a circuit designing software” and its different elements. It used to design different circuits on PCB (printed circuit board) and simulation of different circuits. The use of proteus for any electronic circuit project makes that project cost-effective and less errored due to schematic construction on the proteus.

Introduction to Proteus

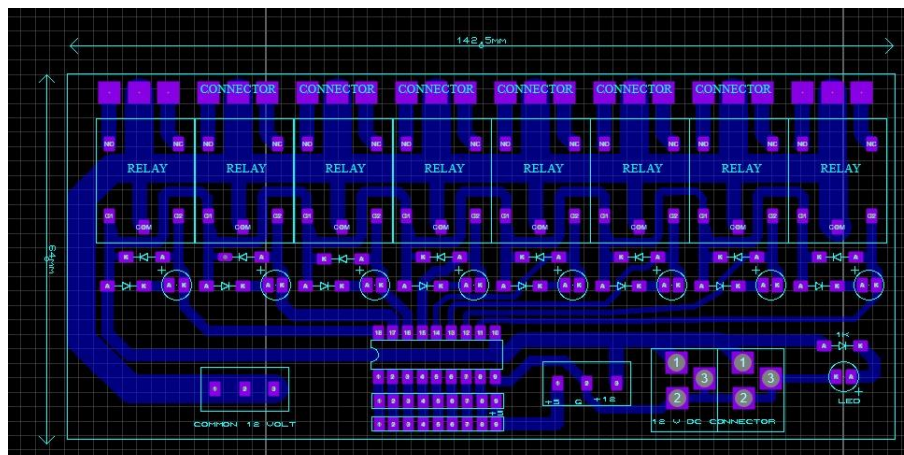

Day 1 – Session 2: Hand on practices on Optocoupler Based Isolation Between Alternate current and Low voltage processor ports by Mr. Dinesh Kumar, Assistant Professor, ECE department, SKIT, Jaipur

Day 2 – Session 1:

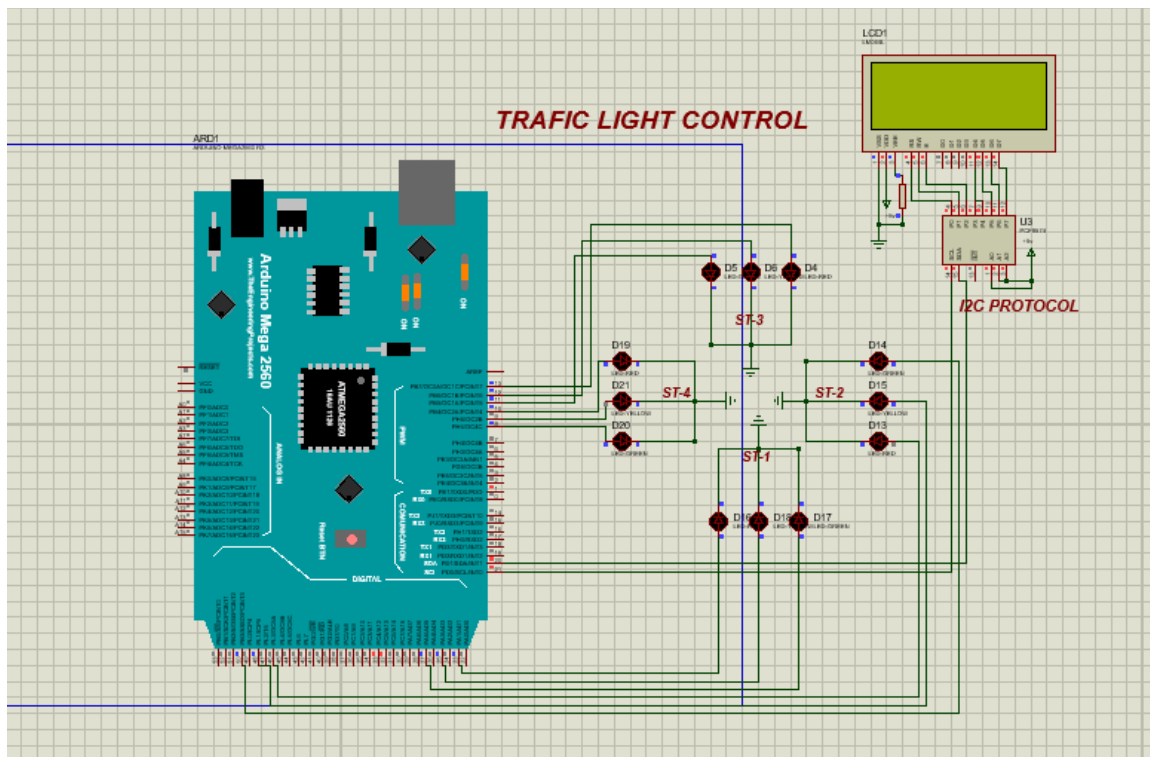

In this session, Mr. Dinesh Kumar, Assistant Professor, ECE department, SKIT, Jaipur introduced the participants with the “PCB Designing on Proteus platform”. He explained the process with the 12 volt relay board with uln 2803 and Arduino mega kit for i2c and SPI protocalk.

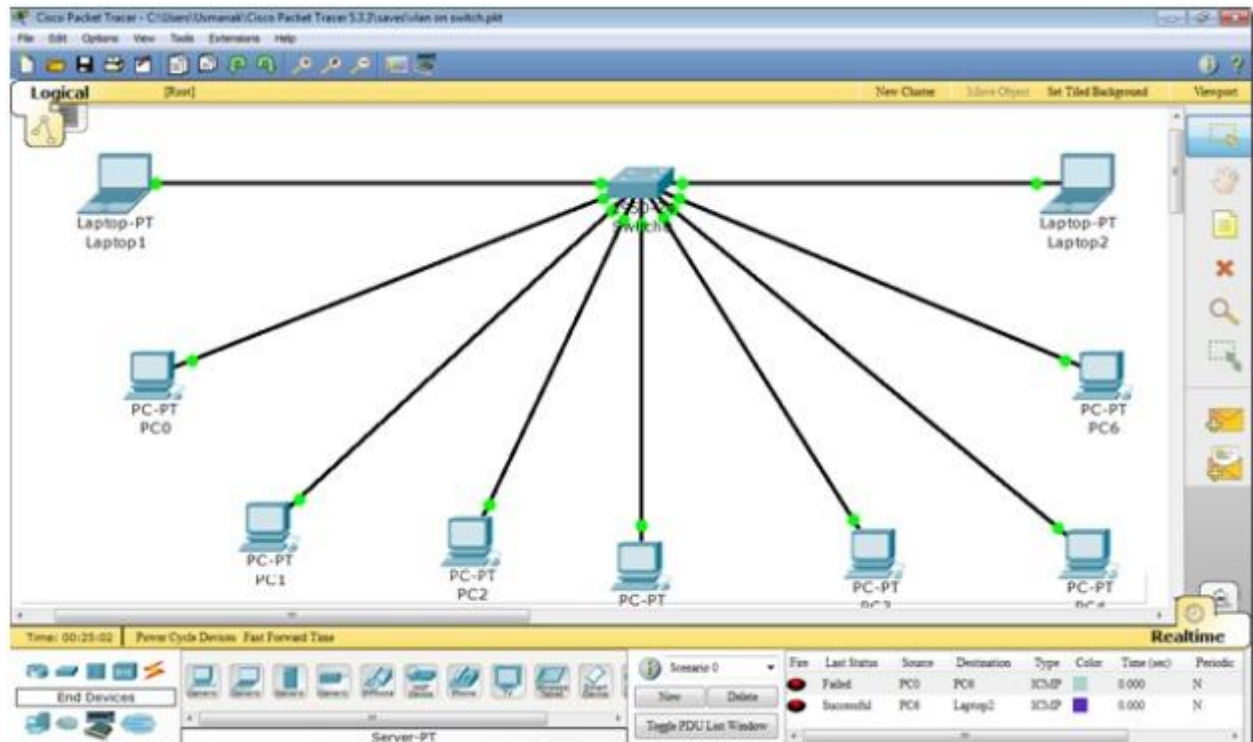

Day 2 – Session 2

In this session, Mr. Dinesh Kumar, Assistant Professor, ECE department, SKIT, Jaipur took hand on session on “PCB Designing on Proteus platform”.

Day 3 – Session 1

In this session, Mr. Dinesh Kumar, Assistant Professor, ECE department, SKIT, Jaipur introduced the participants with the “Networking fundamentals”. He explained the Switches, Routers, Firewall and Access Points.

Day 3 – Session 2

In this session, Dr. Praveen Kumar Jain, Dy. Head, ECE department, SKIT, Jaipur explained the participants about “Lab Maintenance”. He told about the importance of Lab Maintenance in the NBA and NAAC visits. He explained how to maintain lab equipments and lab records and suggest to keep the laboratories clean.

Day 4

In Session 1, Mr. Pallav Rawal, Assistant Professor, ECE department, SKIT, Jaipur took a technical session on “Antenna designing on HFSS” and in session 2 Mr. Pallav Rawal and Ms. Suman Sharma explained the complete antenna fabrication process in PCB lab.

Day 5

In Session 1, Mr. Dinesh Kumar, Assistant Professor, ECE department, SKIT, Jaipur explained to participants about “Data Communication between LAN to Optical fiber and vice versa” and in session 2 he explained about “Packet tracer (Virtual environment of networking)”

Day 6

In session 1 Mr. Anil Kumar Verma, Sr. Technical Assistant explained some of the major experiments conducted in all the laboratories. In session 2 there was a Valedictory Session. Mr. Pallav Rawal concluded all the sessions conducted in the training program and Ms Suman Sharma gave thanks to all the participants for attending the training program.

ISTE Best Student Chapter Award and Expert Lecture

The ISTE-Student Chapter of Swami Kesavanand Institute of Technology, Management and Gramothan, Jaipur was awarded the 'Best Student Chapter Award' of Rajasthan Section.

On this occasion, on behalf of ISTE, Engineer Dariya Singh (Founder, President-ISTE Rajasthan Section, Former President-BTER) and from S.K.I.T. Prof. S L Surana, (Director - Academics), Prof. Ramesh Kumar Pachar (Principal), Prof. R.K. Jain (Dean) and Prof. Mukesh Arora (Head OFA and ECE) was present.

Indian Society for Technical Education (ISTE) is the leading national professional non-profit organization for technical education system in our country, with an aim for career development of teachers and personality development of students and overall development of our technical education system. The coordinators of the SKIT-ISTE student chapter are Dr. Praveen Kumar Jain, Dr. Pallav Rawal and Mr. Rajeev Kumar.

The prize distribution ceremony was followed by a lecture on "Anandam for Sustainable Development". This scheme has been started by the Government of Rajasthan with the objective of ensuring that the college students contribute better to the society. Social service will be added to the college curriculum under the Anandam scheme, which is based on Gandhian ideology for the overall development of the citizens.

The Anandam scheme will allow students to decide the mode of service in which they are willing to contribute. Good thoughts were conveyed to the students to help the needy people.

ABOUT PROGRAM This program intends to introduce basics of Scilab and its applications. Scilab is a general-purpose programming platform, and is used in almost all fields like Signal processing, statistical analysis, image enhancement, fluid dynamics, simulations, numerical optimization and modeling, simulation of explicit and implicit dynamical systems etc. Moreover, presently, Scilab is one of the most widely used alternatives to MATLAB. This course will help the learners to get a good practical exposure to the basics of Scilab. OBJECTIVES OF THE SDP <ul style="list-style-type: none">➤ To kick-start the learning of Scilab basics as one of the highly sought-after technical know-hows.➤ To enable student participants to make use of Scilab in their college projects.➤ To assist participants in building codes for a variety of applications.➤ To act as a stepping stone for participants aspiring to acquire advanced learning in Scilab and its applications. CONTENTS <ul style="list-style-type: none">➤ Scilab: Basics➤ Vector & Matrix Operations➤ Conditional Branching & Iteration➤ Scripts and Functions➤ Plotting 2D Graph➤ Xcos Introduction➤ File Handling & User Define Input and Output➤ Integration➤ Solving linear and nonlinear equations➤ Interpolation➤ ODE Euler method and Applications➤ Digital signal processing➤ Control and Discrete systems➤ Developing toolboxes for calling C and Python➤ Interactive Simulations in Xcos using slider➤ Calling User Defined Functions in Xcos➤ Simulating a PID controller using Xcos➤ User-defined variables in Xcos➤ Loading and saving data in Xcos➤ Conditional operations in Xcos➤ Super Blocks in Xcos	ABOUT SPOKEN TUTORIAL, IIT BOMBAY A project of the National Mission on Education through ICT funded by the Ministry of Education (MHRD), Govt. of India. Spoken Tutorial is a multi-award-winning educational content portal. Here one can learn various Free and Open-Source Software all by oneself. It has self-paced, multi-lingual courses that anybody with a computer and a desire for learning, can learn from any place, at any time and in a language of their choice. All the content published on their website are shared under the CC BY SA license. ABOUT SKIT JAIPUR Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) has been Ranked No. 1 Engineering Institute in Rajasthan by RTU, Kota consecutively for the last five years. SKIT is the only affiliated technical institute in Rajasthan to have earned an A++ grade by NAAC. SKIT is a selective comprehensive institution offering Undergraduate, Postgraduate & Doctorate Programmers in Engineering and Management. The institute was established in the year 2000 by a team of committed Professionals and Academicians. During all the past years SKIT has emerged as a Premier Center of Technical Education not only in Rajasthan but also in Northern India which has been realized through efficient and dedicated Faculty Members, Innovative Teaching Learning Methods, State of the art infrastructures and Core Values of Discipline. The various undergraduate programs of the institute are accredited by the National Board of Accreditation (NBA). Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry-ready engineers and managers through effective Industry – Institute Interface. Apart from University curriculum, SKIT also pursues activities for Research and Development in various fields.	DEPARTMENT OF MECHANICAL ENGINEERING The Department of Mechanical Engineering at SKIT was established in the year 2003 with an annual intake of 60 students in the B.Tech. program. Presently the department is running the B.Tech. program with an intake of 60 students and M.Tech. programs in Renewable Energy Technology with intakes of 18. Department is also a recognized Ph.D. Research Centre of RTU. The B.Tech. program of the department has been accredited three times by the National Board of Accreditation (NBA). Being the mother branch of all engineering courses, the branch of Mechanical Engineering incorporates valuable contributions for achieving solutions to the emerging challenges in industry and varied sectors of engineering education. The Department of Mechanical Engineering at SKIT has a potent realization of the fact and thus continuously sets in motion sincere efforts to bring in quality change in the related areas. These efforts have started yielding results as our students with the active support of the faculty have been successful in developing highly perceptive and professional careers. TARGETED AUDIENCE This SDP will be very helpful for participants as it will give knowledge about Scilab that is base of recent trends and technology. 7. Feedback report from participants and invited guest/speakers

The event got very good feedback from the participants for various sessions. The participants enjoyed the workshop and also learnt several things related to the Scilab and its application like how to use X-cos, mathematical equations solving, etc. The participants shared their views on social platform like Instagram, Facebook, etc. that the SDP was very good and mentors were very good at explanation, they delivered their knowledge about Scilab in such a unique way that it became very interesting. By the end of workshop participants learnt how to use Scilab software, it's various industrial application as well as it's application in engineering and scientific field.

8. Detailed report

“Student Development Program on Scilab” was a one-week student workshop organized by the Spoken Tutorial, IIT Bombay in association with Department of Mechanical Engineering & ASME Student Section SKIT from 3rd to 7th October, 2022. The main objective of this workshop was to train students in scilab, how to use it for computation, its features and vast applications in engineering and scientific field. Workshop comprises of various sessions to be delivered by experts from industry and academia. The workshop was mainly dealing with Scilab software, its basic tools and various applications focusing on the uprising need of computation and algorithm skills in today's industrial sector. Coordinated by Mr. Arun Beniwal (Assistant Professor, ME SKIT) along with various students.

9. Write up expressing objective and outcome of the event

- **Objective:** To make students understand importance and application of Scilab in engineering.
- **Outcome:** After attending the workshop participants were able to understand the importance of Scilab. They were able to understand the vast applications of Scilab in the field of engineering and to use the software properly.

Invited Guest

Mr. Ravi Kumar Swami (Director CADIMATE Jaipur)

He is the Director, CADEMATE Training and Technical Services (opc) Pvt. Ltd.

He was invited as the judge for the student design competition.

Objective Of the Event

The competition aimed to raise student's awareness of CAD designing abilities and potential career opportunities. It also aimed to encourage them to learn CAD software.

Details of the Event

The student design competition was held on 20th April, 2023 at CAD Lab Mechanical block. The competition had two stages.

The first stage involved a 2-D drawing, participants had to create it in AutoCAD within 30 minutes with proper dimensioning. The goal of this stage was to assess the participants knowledge to AutoCAD and their approach to using them. A neutral tone was used to convey the information.

In second stage the participants received a 3D sketch and were instructed to draw it's isometric view in AutoCAD. The purpose of this stage was to assess the participants deeper knowledge of the software and their ability to extract data from the problem as some data was provided indirectly.

Blockchain Quiz Competition Report

Name of the event: Blockchain Quiz Competition

Date of the event: 21th April 2023

Time of the event: 9am-11am

Venue of the event: CL 13 lab

Level of the event: Intra College

Details of invited speaker/sponsor:

The Blockchain Hive started as an initiative by IIT Bombay students aiming to create awareness about Blockchain and Web3 through education & offline events. Now The Blockchain Hive is a startup providing Blockchain services. The co-founder of The Blockchain Hive “Karan Gill” himself is sponsoring our competition. He will be present at the time of event creating awareness about Web3 and Blockchain, also about the startup. Karan Gill organised “International Blockchain Summit” 2days summit at IIT Bombay during the 26th edition of Techfest. Renowned speakers from all over the world like Mr. Metaverse, Mru Patel acknowledged and appreciated him for his hardwork in organising the summit.

Objective of the event:

To create awareness about blockchain and web3 and support students for their ventures using blockchain technology.

Event Post

The brochure features a dark background with a subtle geometric pattern. At the top left is the SKIT logo with the motto 'असतो मा सद्गमय'. To the right is a small image of a guru. The central text is arranged in a hierarchy, starting with the institute name, followed by the association with IEI Student Chapter SKIT and the department. The event title 'BLOCKCHAIN Quiz Competition & Talk' is prominently displayed in a white box. Below this, the date and time are listed. The sponsor, 'THE BLOCKCHAIN HIVE', is highlighted with a blue logo and text, including its founder's name and affiliation with IIT Bombay. A QR code with the word 'SCAN' above it is located on the right side. At the bottom, contact information for Tanish Khandal and Kirti Sagar is provided, along with the faculty coordinators. A purple banner at the bottom right states 'Swags/Prizes for winners'.

Event Backdrop Slide

Execution of the event:

9:00 am – We reached at the venue CL 13 lab 3rd floor CS Block. We (Tanish Khandal and Kirti Sagar) asked for permission and allowance to use lab equipments like projector and computers for our participants.

9:15 am – All the participants reached at the venue, we coordinated with our guest speaker Karan Gill for an online session on google meet. Links of the session were shared to participants and registered students who just wanted to take part in the event virtually.

9:25 am – We started our session, students were actively interacting with speaker during the session our speaker talked about blockchain/web3 journey, who am i?, global blockchain technology market, U.S. Blockchain Technology Market, Trend in web3 salaries, what we are doing for web3?, what is stopping us?, possible solutions, how we can add more value?, what is coming soon from the blockchain hive startup. Now, session opened for queries.

9:50 am – We shared blockchain quiz link on the session and to virtual participants. Quiz in the form of google form comprised of 50 questions to be solved in 15 minutes.

10:06 am – We closed the link and started reviewing scores, we called our faculty incharge to announce the name of winners and distribute prizes to present students at the venue. We took our group photos, food coupons were distributed to participants provided by pravah cell.

10:55am – We started wrapping up our session, everything was placed at their usual places in the lab. Our event ended.

Feedback of the event:

My seniors and faculties organised this event very well and I want to thank our guest speaker for giving us insights on blockchain/web3 journey, global blockchain technology market, U.S. Blockchain Technology Market, Trend in web3 salaries, what we are doing for web3?, what is stopping us?, possible solutions, how we can add more value?, what is coming soon from the blockchain hive startup. This session boosted my confidence to start new venture in the field of blockchain and web3. I am sure that this whole experience of blockchain quiz competition is something to be shared and remembered with friends and while entering for placements too.

News of the Event:

Blockchain Quiz competition was the IEI student chapter SKIT technical event in Pravah 2023 on 21st April. Mr. Karan Gill was our virtual guest of honor and speaker He is co-founder of The Blockchain Hive startup and 2025 graduate from IIT Bombay. We organised this event to inspire students to start their ventures in the field of blockchain and web3, we created a single platform for all the interested students in the field of blockchain and web3. We are looking for collaborating with the Blockchain Hive for such further activities.

Event Backdrop Slide

Execution of the event:

2:00 pm – Event started at the venue LT 304 . We the event student coordinator along with faculty coordinators Ms. Manju Choudhary and Ms. Pooja Choudhary and participants reached venue with projector keys, 2 trophies, 2 winning certificates, laptops.

2:25 pm – All the participants of the events arrived at the lecture room 304 of the event.

2:30 pm – We started PPT by calling teams for presenting their presentations on laptop, as the power supply wasn't there.

3:15 pm – 5 teams were there to compete for 2 winning positions, participants presented topics on CMOS Analog IC Design, signal conditioning, embedded system in automobiles, networking, PCB design. At the time, they completed presenting their ppts. We also allowed other participating and audience to ask questions and their queries.

3:40 pm – We announced the name of two winners; judge of event and faculty coordinators presented them with trophies and winning certificate. The winners were decided by judge based on their ppts style, queries answered and other factors.

3:50 pm – We took group photographs and ended our event on the positive note.

Feedback of the event:

My seniors and faculties organised this event very well and I want to thank our other participants for creating competing environment with their hardwork on presentations and giving us insights on cmos analog ic design, signal conditioning, embedded system in automobiles, networking. This session boosted my confidence to start new venture in the field of Electronics and Communication Engineering. I am sure that this whole experience of paper presentation competition is something to be shared and remembered with friends and while entering for placements too.

News of the Event:

Paper Presentation Competition was organised in association with IEI student chapter SKIT under technical event in Pravah 2023 on 20th April. Mr. Satendra Singh Assistant Professor Mechanical Department, VGU Jaipur was our guest judge in the event. We organised this event to inspire students to start their ventures in the field of Engineering, we created a single platform for all the interested students in the field of automation using embedded and communication systems. We are looking for organising further such events for the students interested in doing research work in specialised fields of ECE.

1. Objective and Outcome of the event

Objectives

1. Select appropriate digital transformation technique in future development.
2. Discuss key impact factors and trends affecting our personal and global existence.
3. Recognize key futurists and future organizations.

Outcomes

The participants of the lecture series will be able to understand the importance of field. Digital transformation technique play a vital role in the modernization of industries. New technologies help in transforming enterprises into a digital world. This technology is mainly helpful in manufacturing, energy and mobility markets.

Technical Report

The inaugural ceremony of the regional conclave witnessed the presence of

- Chief Guest Prof. Rahul Banerjee, Director LNMIT Jaipur,
- Guest of Honour Er. B. Brahma Reddy, FIE Chairman, AISC, IEI,
- Er. Sanjay Kumar, Chief General Manager BSNL Rajasthan,
- Er. Gunjan Saxena, Chairman-IEI (Rajasthan State centre),
- Er. Sudesh Roop Rai, Hon. Secretary, IEI Rajasthan,

The inaugural was opened up with the welcome address by Prof. S.L. Surana (Director Academics, SKIT Jaipur). The welcome address was followed by some enlightening and motivational words of chief guest and guest of honor highlighting the importance of future opportunities in digital world for participants.

In the session of the **firstday** Er. Kishore Bhagtani GM(CM), BSNL Rajasthan enriched all the participants on evolution of mobile communications-Future ahead. The participants got a lot of knowledge telecom evolution.

In continuity **Second session** was delivered by Dr. Satyasai Jagannath Nanda, MNIT Jaipur revealing the latest overview on the technology ChatGPT.

With the new day comes, new strength and new thoughts.

Second day was yet energetic and started again with paper presentation session under session chair of **Dr. Praveen Kr. Jain Dy HOD ECE SKIT and Dr. Vinay Kanungo, CS, SKIT**. It was quite knowledge enriching session. The next session was also followed by knowledge of Photonic Crystal fibers through the expert lecture by Prof. Manish Tiwari, Manipal University who shared his expertise.

Second day also witnessed much awaited intercollege events i.e. Poster Competition and Model/Project competition based on digital

transformations. It gave opportunity to all the participants to design attractive projects, models and posters. Students participated enthusiastically in these competitions. The day ended with panel discussion by dignitaries and winner students were awarded with Ist, IInd and IIIrd prizes for each competition i.e. projects, models and posters.

I hope, the discussed areas will be proved as a great beneficial exposure for the participants as they are enlightened with the most widely used advanced tools, and techniques in digital world.

Greetings!!

On behalf of the **Emergent Materials Journal, Springer**, we would like to appreciate and extend kind regards towards organizing committee of **International Conference on Advancement in Nanoelectronics and Communication Technologies (ICANCT2022)** to be held between **24th-26th February, 2022** for conferring us with the chance of this gratifying association. We would also like to thanks all the participants for submitting and sharing their significant work & findings. This association has successfully brought together innovative ideas, multidisciplinary sciences and some creative collaborations.

The organizing committee has done a great job in hosting the International Conference ICANCT 2022 and thank you for the high level, and professional service.

Warm regards,

Dr. Kishor Kumar Sadasivuni,

Managing Editor, Emergent Materials, Springer.

Objective and Outcome of the event

Objective of the Conference:

- To bring together leading academicians, researchers and research scholars to exchange and share their experiences and research results on all aspects of Electronics, Materials and communication technology.
- To provide a good learning platform to the students, research scholars and faculty to exchange views and share information with National and International experts who are deeply involved in research in the field of Nanoelectronics and Communication technologies.
- To encompass latest research outcomes in the form of theoretical models, environmental impact, security and defense technology, innovative designs, enhancements and improvements in existing frameworks, sustainable technological advancement, societal welfare etc.
- To bring together the best minds from around the world to cover literally all aspects of energy technology from a multi-disciplinary perspective

Outcomes:

The conference was an initiative to provide a common platform for researchers working in the field of Electronics, materials and communication to share knowledge and ideas for technological advancements. The participants were able to understand the need of today to combine different ideas of researchers working in different domains to develop cost-effective and reliable technology for day-to-day life. This conference brought a positive transformation in the participant's attitude about their research work and get them more focused as well as result oriented. Conference provided an ideal environment to develop new collaborations and meet experts on the fundamentals, applications, and products of the mentioned fields.

Technical Report

Two day International conference (ICASEMCT-2023) was organized by the department of Electronics and Communication Engineering, SKIT Jaipur in association with CSIR-IMMT, InTEC-MAITRI Bhubaneswar. The conference was technically sponsored by IRIS-WORLD, JV Micronics and IETE Jaipur Center. ICASEMCT 2023 was inaugurated in the benign presence of Chief Guest Dr. P.C. Panchariya Director CSIR-CEERI Pilani, and Guest of honor Prof. Mukesh Kumar Professor IIT Indore and Prof. Virendra Singh, IIT Bombay on February 17, 2023. The Souvenir was unveiled by Dr. S.L. Surana, Director (Academics), SKIT, Dr. S.K. Bhatnagar, Director (Research), SKIT, Dr. Mukesh Arora, Head ECE Department, SKIT, Dr. P C Panchariya, Prof. Mukesh Kumar and, Prof. Virendra Singh.

Dr. P.C. Panchariya CSIR-CEERI Pilani brief about progress in semiconductor chips. He also enlightened the participants about development of Smart Materials. Journal of Polymer and Composite, **Journal of Emergent Materials** (Springer) and **SKIT Research Journal** graciously accepted to be publication partners of ICASEMCT-2023. Conference papers of original & unpublished research work under the scope of the journal were published by these journals after peer review process. The first day of conference was enlightened by Dr. Phichai Youplao, RMUTI, Thailand and he delivered a keynote lecture on quantum key distribution. Dr. Ravi Maddila MNIT Jaipur as the invited speaker highlighted the importance of Opportunities in optical wireless communications. The next two sessions were paper presentations. Dr. Amit Garg, Assistant Professor, IIT Kota, Dr. Sunand Sinha, Asst. Prof., MNIT Jaipur and Dr. Yogendra Gupta, SKIT Jaipur were the session chairs of the sessions. The next technical sessions were engaged by Prof. Mukesh Kumar, IIT Indore and Prof. Virendra Singh, IIT Bombay. They highlighted Chip-scale Devices for Optical Communication and interconnects and issues in designing robust smart system respectively. Day 2 was started with much Awaiting session of Dr. Sanju Tiwari, VCE, India. She emphasized on Semantic Modeling in IoT and eHealth Applications. Followed by it, Dr. Jaiverdhan highlighted the importance of Circularly Polarized Antenna Designs- Recent Trends and Developments. Next two parallel presentation sessions were held. The last session was enlightened by Dr. Tawfik Ismail, Nile University Egypt. He shed light on Free-Space-Optical Quantum Key Distribution Systems. Day 2 was ended with the valedictory ceremony. Total 31 papers were presented in 4 different sessions and best presentation award was being awarded in each session.

जयपुर (सीमा सन्देश)। एसकेआईटी जयपुर में 'एडवांसमेंट्स इन स्मार्ट इलेक्ट्रॉनिक्स मैटेरियल्स एंड कम्युनिकेशन टेक्नोलॉजी' विषय पर दो दिवसीय अंतरराष्ट्रीय सम्मेलन आयोजित हुआ। सीएसआईआर-आईएमएमटी, आईएनटेक भुवनेश्वर के सहयोग से आयोजित की गई। मुख्य अतिथि सीएसआईआर-सीईईरी पिलानी डॉ. पीसी पंचारिया ने कहा कि हमारा देश सेमीकंडक्टर चिप निर्माण के पथ पर अग्रसर है तथा भविष्य में आत्मनिर्भर भारत अभियान के उज्ज्वल सफलता हेतु इस क्षेत्र में शोध की आवश्यकता व अवसर दोनों ही निहित हैं। विशिष्ट अतिथि आईआईटी इंदौर के प्रो. मुकेश कुमार ने छात्रों को प्रोत्साहित किया कि वह शोध के माध्यम से एक आधुनिक व पर्यावरण हितैषी सिस्टम का निर्माण करें, तथा एक बेहतर भविष्य की संरचना करें। विशिष्ट अतिथि आईआईटी बॉम्बे के प्रो. वीरेंद्र सिंह ने भविष्य में स्मार्ट इलेक्ट्रॉनिक्स और हाई स्पीड कम्युनिकेशन की उपयोगिता बारे बताया। निदेशक, शिक्षाविद् डॉ. एसएल सुराणा ने अतिथियों का स्वागत किया और वर्तमान एवं भविष्य में संबंधित विषय की प्रासंगिकता को समझाया। प्रो. एसके भटनागर ने सभी एक्सपर्ट्स की सराहना की तथा इस कार्यक्रम को छात्रों तथा शोधकर्ताओं के लिए बहुत उपयोगी बताया। देश-विदेश के प्रतिभागियों ने इस सम्मेलन में ऑनलाइन व ऑफलाइन हिस्सा लिया। इस कॉन्फ्रेंस में कुल सात एक्सपर्ट लेक्चर आयोजित हुए तथा 31 रिसर्च पेपर प्रेजेंटेशन किए गए।

Two-days International Conference on Advancements in Smart Electronics, Materials and Communication Technologies" (ICASEMCT-2023) concluded at SKIT Management and Gramothan, Jaipur on Saturday. The valedictory function was graced by benign presence of the Chief guests Prof Tawfik Ismail, Director- Wireless Intelligent Networks Research Center, Nile University, Giza, Egypt. Prof. Mukesh Arora, Head, Dept. of ECE and OFA (SKIT) enthused the gathering with his motivational words. In the last day of conference, 3 expert talks were delivered. Prof. Tawfik Ismail, emphasized on the Quantum key distribution technique and its vital role in wireless and satellite communication during his session. Dr Sanju Tiwari, discussed the concepts of Semantic model in IoT. The organising secretary of ICASEMCT 2023 were Neeraj Jain, Manju Choudhary, Kiran Rath and Abhinandan Jain.

Name of the event: Student Oriented Lecture Series on Emerging Technology

Date of the event: 21-23 Sept 2022

Mode of the event: Online

Objectives

1. Select appropriate resources to use in planning for new technologies.
2. Discuss key impact factors and trends affecting our personal and global existence.
3. Recognize key futurists and future organizations.

Outcomes

The participants of the lecture series will be able to understand the importance of field. Emerging technologies play a vital role in the modernization of industries. New technologies help in transforming enterprises into a digital world. This technology is mainly helpful in manufacturing, energy and mobility markets.
