Vrittant: Memories from the Alumni

SKIT Alumni Association at Swami Keshvanand Institute of Technology, Management and Gramothan, Jaipur conducted a one-day session 'Vrittant: Memories from the Alumni' on Saturday, 12 November 2022. The session was conducted with the vision of establishing a fruitful dialogue between the alumni and the present students studying at the institute. The alumni of SKIT have proven their mettle in both government and private sectors. They are managers, administrators and leaders spread out all across the world. Some of them have chosen the way to higher studies in India and abroad.

The event started with a welcome note from Dr. Neha Purohit, Head Department of English and Coordinator, of the Alumni Cell. At the end of the session, Dr. Rohit Mukherjee, in charge, of B. Tech First year, proposed a vote of thanks to all.

Alumni shared their success stories, their hardships, and incidents from their college life. The main lesson emphasized by them was to maintain a balance between their studies and college life because both play an important role in developing the overall personality and skills of students. They should enjoy college life and participate in extracurricular activities without compromising their studies. They encouraged students to work on their practical skills rather than just focusing on the theory part, they should be able to relate their knowledge to practical life. They highlighted the importance of building connections and the correct way to ask for referrals. They also conveyed that either the students going to love these four years or will hate them, it depends on how to make up or break up these four years. They also explained that if one really wants to achieve something, then one needs to work dedicatedly for it because along with luck, hard work plays an important role. Through this, first-year students got many insights about the industry. The playful side of the seniors was also showcased during a chit-game where they were supposed to speak on a topic related to their college life. This game was enjoyed by both seniors and juniors. Overall, students enjoyed the session and got important key learnings for their future.

S. No	Name	Branch	Year	Present Position
1.	Mr. Nirupam Sharma	CSE	2015	Vice President at the Trailer Park

Name of the Session: Importance of Aptitude

Date of the Session: 14 December, 2022

Venue of the Session: Seminar Hall (6F-L8), Civil Block, SKIT

Glimpse/s of the Session

About the Session:

Date: - 14-12-2022

SKIT Alumni Association of Electrical Engineering Department of SKIT was privileged to organize an interaction with alumni on the topic of “Importance of Aptitude” by the Guest Speaker Mr. Ayush Dangayach (Founder of APTIMANIA) alumni of 2013 batch of Electrical Engineering Department. The session was started with the welcome note to the guest speaker by our student host.

Mr. Ayush started with the introduction of himself and told the students about his college life and the problems he faced during the startup APTIMANIA. He explained about the importance of Aptitude in the various examinations. He also briefed about the various topics included in the aptitude. He said that the aptitude test will test your ability to perform tasks and react to situations at work which includes problem-solving, prioritization, and numerical skills among other things. He also discussed some aptitude questions with the students.

Then, Mr. Abhishek Dangayach (Founder of APTIMANIA) specialized in Reasoning & Mathematics discussed the students about their future goals and ambitions. He aware the students about what the interviewer wants during interviewing the candidate. He entertained the students through some interesting questions.

The students interacted with the speakers and get something new to learn. This session gives an insight to the students about the Aptitude and its importance in their life. At last, Mr. Vivek Sharma (Assistant Professor, EE Dept., SKIT) presented a vote of thanks to the Guest Speaker. In this way, the session lasted for 1 hour.

NOTICE

Department of Electrical Engineering

All the students of B. Tech III Semester are hereby informed that an alumni interaction with **Md. Danish (Senior Software Engineer, Pinnacle InfoTech)** will be held on 6.5.2023 to guide them about Software Industry. The topic of the interaction is 'Carrier opportunities in Software Industry'.

Venue- 5FL1

Time-2:30 PM

Enclosure:

1. Time table

(Dr. Sarfaraz Nawaz)

(HOD EE)

Copy to:

2. Time Table Coordinator
3. Exam Coordinator
4. Notice Board
5. Concerned Faculty
6. Office of Students Affair

Report

Mr. Danish told the students that Electrical engineers play an essential role in the software industry, particularly in the development of hardware and software systems. They are responsible for designing, developing, testing, and maintaining electrical components of a software system. Mr. Danish also specified some specific roles of electrical engineers in the software industry:

1. Designing and developing hardware components: Electrical engineers design and develop hardware components, such as printed circuit boards (PCBs), microcontrollers, and other electronic devices that form an essential part of a software system.
2. Developing embedded systems: Many software applications require embedded systems to function correctly, and electrical engineers design and develop these systems. They work on integrating hardware and software components to create an efficient and effective system.
3. Testing and debugging: Electrical engineers are responsible for testing and debugging hardware and software components of a system. They ensure that the system functions correctly and meets all the requirements before it is released.
4. Collaborating with software developers: Electrical engineers work closely with software developers to develop a cohesive software system. They provide hardware support and ensure that the software and hardware components work seamlessly together.
5. Improving system performance: Electrical engineers are always looking for ways to improve the performance of a software system. They work on optimizing the hardware components to enhance the system's speed, reliability, and efficiency.

In summary, electrical engineers play a vital role in the software industry, and their expertise is critical to developing efficient and effective software systems. They are responsible for designing, developing, testing, and maintaining hardware components of a software system, working closely with software developers to ensure the system's seamless integration.

Role of Power Grid in Indian Power Sector

Date: - 01-10-2022

Report

The Electrical Engineering department of Swami Keshvanand Institute of Technology (SKIT) Jaipur has organised an Expert lecture on 'Role of Power Grid in Indian Power Sector' at J.C.Bose Seminar Hall through the virtual mode (online mode). The speaker of the lecture was Mr. Shobhit Ahuja (Alumni 2013 batch) currently working as an Engineer at RTAMC (Regional Transmission Asset Management Centre) Power Grid. The lecture commenced at 10:00 A.M. with a heartfelt welcome note by the student host.

Mr. Shobhit Ahuja first threw light on generation of electricity and the need of transmission lines. He talked about the types of the transmission lines like HVAC (high voltage, alternate current) and HVDC (high voltage, direct current) lines and the voltage at which transmission is done. He talked over the business, operation and functioning of the power grids. He discussed that the power grid works in three different ways – tariff-based work, consultancy for the domestic and global clients, and in the telecom sector. He also explained the division of country in different regions in terms of electricity. He enunciated about the importance of the HVDC lines in transmission of electricity and their employment in various power grids. He also presented the data about the length of the transmission lines, availability of lines in different regions, transmission capacity, number of substations, number of registered consumers, domestic and global consultancy clients. He focussed on the characteristics of the power grid like their strength, capacity, inter-state and inter-regional lines.

He presented his views on the business opportunities in power grid like smart grid, energy audit, integration of solar power projects, off-shore wind generation, and dedicated transmission system for railways & other bulk users. And he briefly explained the idea on 'ONE NATION'-'ONE GRID'-'ONE FREQUENCY'. He also talked about the Corporate Social Responsibilities of the power grid, environmental and social management and their social responsibilities. He made the audience aware about the higher bodies of the Electricity Commission like CERC, NLDC, RPC, RLDC, SLDC and the work division and management of each body. He discussed in detail about the working, management, and organisation of the Transmission Asset Management Centre and his work at the RTAMC. He talked about how the tariff is decided for the different consumers.

Afterwards, the students interacted with the speaker by the questionnaire session and the speaker resolved the queries of the students. And, at last the student host presented the vote of thanks to the speaker on behalf of the SKIT family. The lecture successfully ended at 11:00 A.M. under the guidance of the Faculty Coordinators Mr. Vikas Mahala (Assistant Professor & Deputy head, EE Department, SKIT) and Mr. Vivek Sharma (Assistant Professor, EE Department, SKIT).

“SKILLS SET REQUIRED TO BE AN ENTREPRENEUR”

Venue: Dr. A. P. J. Abdul Kalam Seminar Hall,
Vishwakarma Block

Mr. Rahul Jajoo
CEO, Satkaar Events Decorators
Director- Satkaar Caterers
Alumnus, 2008-2010 Batch (MBA)

Organized by Alumni Association
Department of Management Studies

Student Coordinator
Saba Parveen
Ravi Mehta

Faculty Coordinator
Dr. Atul Gupta

Department of Management Studies, SKIT organized a Career Development interaction on the theme “Skills Set Required to be an Entrepreneur” on November 28, 2022. The guest of this program was Mr. Rahul Jajoo, CEO, Satkaar Events Decorators and Director, Satkaar Caterers, an alumnus (Batch 2008-10) of DMS, SKIT.

Programme started with the welcome address by Dr. Ona Ladiwal, HOD-DMS followed by highly motivational lecture delivered by the guest. The interaction was designed to guide and motivate the students to take up the challenges in life to develop their career as an entrepreneur.

Mr. Jajoo said that a successful entrepreneur is natural for some, others requires certain essential skills to start and lead a business to success. These skills determine your entrepreneurial success. Successful entrepreneurs have mastery over both hard and soft skills. Hard skills like accounting, marketing and financial planning are critical for running and managing a business and soft skills like communication, problem-solving and decision making help you scale up your business. Mastery of entrepreneur skills requires practice and a dedicated learning plan. The following topics were discussed during the interaction:

- Thoughts to be an entrepreneur
- Things necessary to be entrepreneur
 - Confidence & Knowledge
 - Liaising - Personal Relations
 - Planning and Organizing
 - Initiative Leadership and Motivation
 - Communication Skills
 - Quick solution to problems - Problem Solving
 - Recognizing Opportunities
- Difference between the Attitude of Entrepreneurs and Employee
- Thinking like an Entrepreneur to Solve Problems

He guided the students that as an entrepreneur, they likely have to work closely with others – so it's essential that students need to build good relationships with friends, relatives, team, customers, others. He focus on the interpersonal relations of the entrepreneur and his personal circle.

Few of the questions from the audience were taken up by the guest during the Q & A session. The variety and range of questions raised show that the participants took an active part in the programme. The programme was successfully coordinated and conducted by Dr. Atul Gupta, Dy. Head and Member Alumni Cell, SKIT. The interaction ended with a Departmental vote of thanks by Dr. Savita Choudhary, Associate Professor, DMS-SKIT.

Retail management is a sub-discipline of the general field of management that deals with overseeing the distribution and selling of products directly to consumers in specific vending points such as shops, chain stores, markets and malls. As the sector is booming in India, a career in the retail sector is promising for ambitious youngsters. The candidates are trained in supply chain management, finance management, marketing information, electronic retailing, marketing and business communication, customer relationship etc. With rapidly expanding departmental stores and huge shopping malls, plenty of job opportunities are opening all over India. Keeping these imperative in mind Department of Management Studies, SKIT organized a session on “Career Opportunities in Retail Industries” on December 9, 2022. The guest of this program was Mr. Anurag Singh, Asst. Manager at Vishal Mega Mart, Department of Talent Acquisition (Recruitment) and alumnus (Batch 2016-2018) of DMS, SKIT.

Programme started with the welcome address by Dr. Ona Ladiwal, HOD-DMS followed by highly motivational lecture delivered by the guest. The interaction was designed to guide and motivate the students to take up the challenges in life to develop their career in retail industry.

Mr. Anurag said that the retail industry can be a great opportunity for career exploration and advancement at any skill level. Careers in retailing can help the students develop strong customer service and communication skills that are beneficial in any industry. Further he mentioned the classroom studies played a significant role in his career growth. He elaborated the process of hiring and promotion in the retail business.

The alumni answered some frequently asked questions, collected from students before the session, followed by an open Q&A session.

The programme was successfully coordinated and conducted by Dr. Atul Gupta, Dy. Head and Member Alumni Cell, SKIT. The interaction ended with a Departmental vote of thanks by Dr. Atul Gupta, Associate Professor, DMS-SKIT.

The Alumni Association of Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur organized "ALUMNI MEET-2023"- a programme to facilitate, consolidate and coordinate Alumni Activities at

SKITM&G at Andaaz Bagh, Jagatpura, Jaipur on 11th March, 2023. Around 400 alumni has participated in the Alumni Meet-2023.

The alumni meet is to reconnect with the Alumni and celebrate their success and various achievements. The Alumni started arriving at the venue by 6:00 pm onwards. They were received by the registration team and faculty coordinators of their respective departments.

Shri Surja Ram Meel, Chairman SKIT welcomed all the dignitaries and all the alumni for responding to the invitation from college and being present for the alumni meet in spite of their busy schedule. Followed to this Prof. S. L. Surana, Director(Academics) greet the alumni with his words of wisdom and presented the college report highlighting the various milestones reached in the past years. The Occasion was graced by the Mr. Jaipal Meel, Director- SKIT, Mrs. Rachna Meel, Registrar- SKIT, Prof. Ramesh Kumar Pachar, Principal-SKIT, Prof. R. K. Jain, Dean-SKIT and all HODs and senior faculty members of SKIT.

Many alumni have also shared their college memories and learning they received from SKIT. They also mentioned the benefits of different technical events and activities held by college for in their career growth.

In the last Mr. Mahendra Beniwal, Chief Coordinator Alumni Association thanked the Alumni for taking the time to come for the Alumni Meet who have made it a very special and memorable one. He thanked the various coordinators of the event whose hard work and dedication made the event possible. He also thanked the management of SKIT for the support and guidance which has made Alumni Meet-2023 a grand success.

Objectives of the Alumni Meet-2023

- To interact with Alumni and strengthen the bond and networking between institute and alumni.
- To Plan organize and coordinate alumni association activities and development of sustainability plan.
- To support training and recruitment related activities
- To focus on the fund raising for association activities
- To plan and design association services for the students.
- To support training and recruitment related activities.
- To ask for input of alumni regarding recent trends in industry, project development, importance of pre-campus training especially CRT, soft skill classes additional course content etc.
- To invite alumni at the institute, whenever possible, to motivate students and share their professional experience and technical expertise.
- To take alumni feedback on various academic and extracurricular activities.

छात्र एलुमनी मीट में हुए शामिल

सिटी रिपोर्टर | जयपुर

स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी, मैनेजमेंट एंड ग्रामोथन ने 2004-2021 बैच के स्नातक छात्रों के लिए अंदाज बाग में एलुमनी मीट का आयोजन किया। कार्यक्रम का संचालन संस्थान के पूर्व छात्र संघ ने किया। यह लगभग 515 पूर्व छात्रों की उपस्थिति के साथ एक भव्य शाम साबित हुई। जिन्होंने अपने शिक्षकों और दोस्तों के साथ अपनी सुखद यादों और अनुभवों को संजोया। संस्थान के चेयरमैन सुरजाराम मील ने आए हुए सभी एलुमनी छात्रों का स्वागत किया। और उन्हें अपने जीवन में एक छाप छोड़ने के लिए बधाई दी। उन्होंने संस्थान के लिए इस तरह के गौरवपूर्ण क्षण लाने के लिए सभी छात्रों की प्रशंसा की।

SKIT organised an Alumni Meet at Andaaz Bagh, Jagatpura on Saturday for the graduated students of 2004-2021 batches. The event was coordinated by the Alumni association of the institute. It turned out to be a grand evening with a presence of about 515 alumni who cherished their fond memories and experiences with their teachers and friends. The gathering was welcomed by the Chairman, Surja Ram Meel who congratulated all the alumni for making a mark in their lives.

कॉलेज के पुराने दिन आए याद

ब्यूरो/नवज्योति, जयपुर। एसकेआईटी ने सत्र 2004 से 2021 बैच के स्नातक छात्रों के लिए जगतपुरा स्थित अंदाज बाग में एलुमनी मीट का आयोजन किया। इसमें 515 छात्रों ने शिरकत की और अपने पुराने दिनों को याद किया। संस्थान के चेयरमैन सुरजाराम मील, निदेशक अकादमिक, प्रो. एसएल सुराना, निदेशक जयपाल मील ने बताया कि पहले बैच के कई छात्रों ने संस्थान के प्रति आभार व्यक्त किया और कुछ अनकही कहानियां अपने जूनियर्स से साझा कीं।

एसकेआईटी में एलुमनी मीट, यादों और अनुभवों को संजोया

SKIT ALUMNI ASSOCIATION

Analysis of the Alumni Feedback 2022-23

Alumni filled the Google form which was circulated among the registered alumni. The feedback received reflects the following points:

Areas worth Appreciation:

- I. The alumni unanimously have appreciated the overall experience gained at SKIT that caters to holistic development..
- II. The alumni acknowledge a very strong culture of extracurricular activities and fondly remember the cultural fest Pravah.
- III. The alumni maintain that majority of the faculty and staff is well trained and qualified.
- IV. The alumni have acknowledged the organization of regular conferences and workshops and other developmental activities.
- V. The alumni agree upon the vital benefits of the batch counseling system of the institute.

Areas for Improvement

- I. As the technological landscape evolves rapidly, students need more exposure to the industry. SKIT should facilitate internships in product-based companies for students in their third or fourth year to gain hands-on experience.
- II. More Product based companies should be invited
- III. Much more emphasis should be given on practical execution and level of the assignments should be raised.
- IV. Many alumni believe that their prestigious college must align its syllabus to current industry needs and technology. Emphasis should be made upon creating startups incubator and intensive research labs. In adopting the New, the existing value system of our college should not be compensated at any cost.

- V. More alumni interactions should be organized to apprise the current students about the latest trends in the industry.
- VI. Building an environment to encourage students for startups, educating them on how to build startup, how to raise funding, How to manage startup, How to implement ideas.
- VII. The alumni appreciate the placement structure of the CS, IT and EC branches but the placement opportunities for the core branches may be increased.
- VIII. More efforts are needed for soft skills and industry preparedness. More mock tests and mock interviews for non CS students should be organized.
