

Code Hunt Report

- Name of the event:** - Code Hunt
- Date of the event:** - 21 April 2023
- Time of the event:** - 9:00 am – 12:00 am
- Venue of the event** - IAI Lab, SKIT Jaipur
- Level of the event:** - Inter College

Event banner:-

The banner is for a 'Code Hunt' event. At the top, it features logos for IAI (with a person in an orange robe), PVAE, and SKIT, followed by the word 'PRESENTS'. The central image is a laptop displaying colorful code on its screen. Overlaid on the laptop is the text 'CODE HUNT' in large white letters, with a subtitle 'A coding contest where you will hunt for the problems you have to solve' in yellow. Below the laptop, the event details are presented in three columns: 'DATE & TIME' (20TH APRIL 2023, 9AM ONWARDS), 'VENUE' (IAI LAB, SKIT JAIPUR), and a 'REGISTER NOW' button with a QR code. At the bottom, it says 'COMPETE & WIN EXCITING PRIZES' and lists the 'Faculty Coordinator' (Ms. Nidhi Srivastav) and 'Student Coordinator' (Krishna Rathi and Aayushi Sharma) with their contact numbers. A vertical note on the right side states '*Certificates will be provided to all participants'.

Details/list of invited guest/speakers :-

Name	Designation
Mr. Ankit Dhir	CEO & Founder of HabileLabs Pvt. Ltd.

Objective of the event:-

Code Hunt is an inter-college coding contest with a twist. Here the participants have to hunt for the questions that they have to solve based upon the hints that they will receive. This event aims to judge coding and problem-solving skills of the participants.

Details (Execution) :-

1. Code Hunt was a coding contest that was organized on HackerRank.
2. In this contest, the participants were required to solve total 5 questions in 1 hour 30 minutes.
3. The problems provided were of easy to medium level.
4. On the contest page there were total 15 questions from which the participants have to hunt for the desired 5 questions to code according to the hints provided to them on mail.
5. The first question to solve was given by us, on successful submission of which the participants receive a hint for the next question on their mail ids.
6. According to the hint the participants have to hunt for the question and code it.
7. Similarly they have to solve the rest of the questions.
8. The person solving the maximum number of questions in minimum amount of time was declared the winner.

Feedback of the event :-

“It was a great event. The contest provided me an opportunity to evaluate my problem-solving skills.”

- Shray Mathur

“Enjoyed participating in the contest. It was a good contest and hints provided, which added an extra twist.”

Shubhiksha Khandelwal

“It was a helpful and informative contest for me as I got to explore more about HackerRank platform.”

- Aaditya Gupta

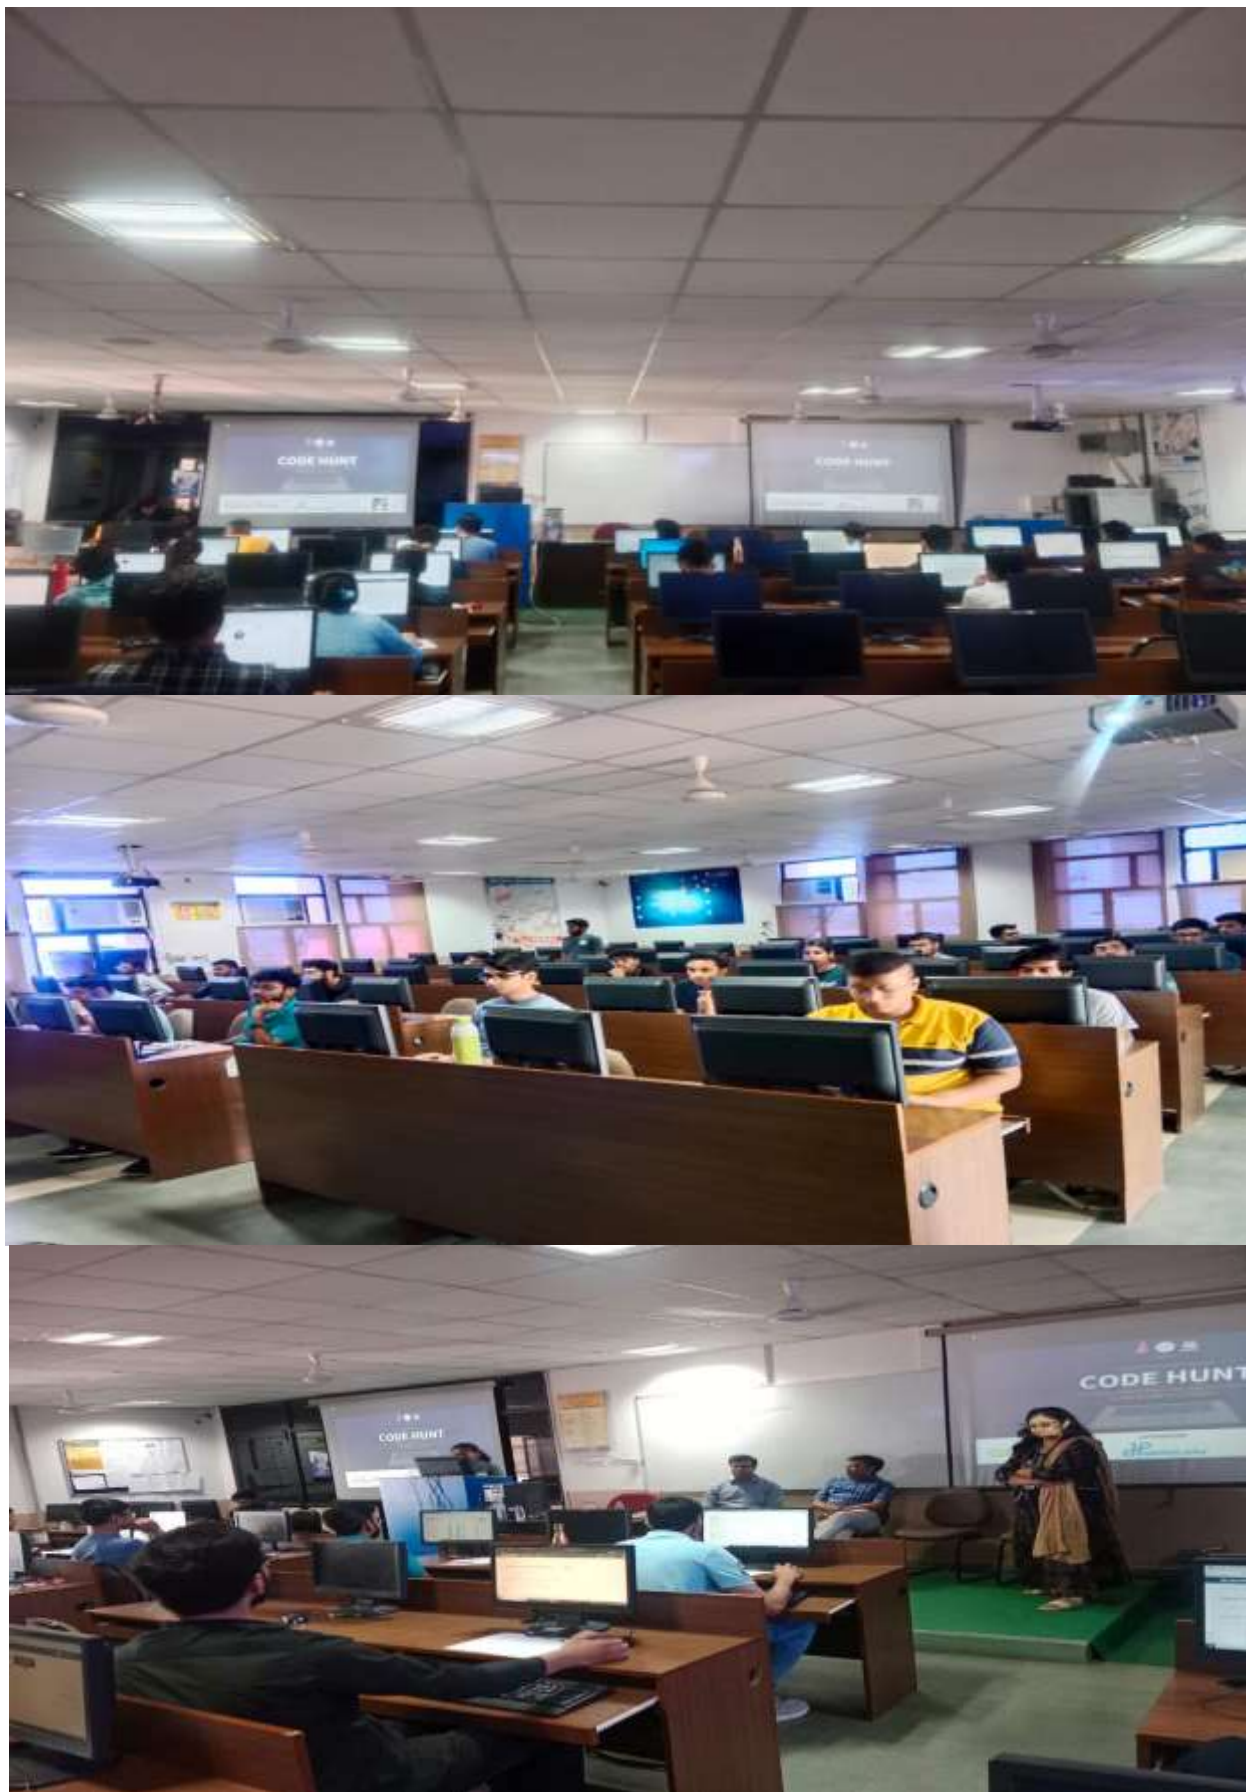

“Enjoyed solving the questions and the hunting part of the question was amazing.”

- Shailendra Singh

“The team of Code Hunt was very helpful and organized. Great experience.”

Code Arena Report

Name of the event:- Code Arena

Date of the event:- 19th April 2023

Time of the event:- 9 to 12 PM

Venue of the event:- CL 15 & CL 16

Level of the event:- Inter Level

Notice of the event:-

Look no further than "Code Arena" - a thrilling event where you'll be pitted against other talented coders in a virtual arena.

Hey folks,

To spice up your coding journey ✨, PRAVAH 2023 presents to you *"Code Arena"* 🏠, a 2 hour 30 minutes contest organized on HackerRank where you will have to scout for the problems you have to solve.

So, what are you waiting for, unleash your coding skills 🚀 and step up to compete for prizes 🏆 in the coding challenge.

There are no charges for registration So Don't wait too long though, as slots are limited for free registration!

https://docs.google.com/forms/d/e/1FAIpQLSe7w_VbB2eGRaZpBGd3SYAiB3Geyb-b_6xwmpets1vNcxc5Gw/viewform

Join us at Code Arena on April 19th from 9am to 12pm at venue CL 15 & CL 16 for a thrilling coding competition to showcase your skills and problem-solving abilities.

Digitronics Report

Name of the event :- Digitronics
Date of the event :- 20/04/2023
Time of the event :- 10:00 AM to 12:30 PM
Venue of the event :- CS block Basement, ECL-03,ECL-04
Level of the event :- Intra College

Notice of the event :-

Event:- Digitronics

Student Coordinator:- Abhijeet Agarwal

Time of the event:- 10:00 AM to 12:30 PM

Venue of the event:-CS block Basement, ECL-03,ECL-04

Level of the event:- Intra College

Detailed Description:-

1. Number of rounds:- 2
2. Theme or topic:- Quiz and circuit designing.
3. Distribution of team:- In 1st round all registered teams participated whereas only 7 teams were qualified for phase 2 of the event.
4. Flow of event:- In phase 1 quiz take place containing technical questions and qualified teams from quiz went for 2nd phase, there will be circuit designing with given components which was done using sensors, relay, microcontroller etc. Once quiz is completed participants had wait for 30 mins for quiz results and 7 qualified teams from quiz went to next round and in next round they are given components for circuit designing and they had to do within 90 mins after that our respected judges went to them and gave marks accordingly and in last result has announced and winners are awarded with prizes.
6. Time limit:- The quiz round will be of 30 mins and circuit designing will be of 1.5 hour.

Event brochure or banner :-

The banner features a dark blue background with a bokeh light effect. At the top, there are four logos: SKIT (Sri Krishna Institute of Technology), RVAF (Rajiv Gandhi Vastu Sangrahalaya), ISTE (Indian Society for Technical Education), and a portrait of a sage. The main title 'ISTE Student Chapter Presents DIGITRONICS' is prominently displayed in the center. Below the title, a QR code is shown on the left, and a flowchart on the right details the event structure: 'EVENT' leads to 'PHASE: 1' (Offline Quiz) and 'PHASE: 2' (Circuit Designing). The event date and time are specified as 'Date : 20th April, 2023 at 10:00AM-12:00PM'. A call to action 'REGISTER NOW' is placed below the QR code, followed by the text 'WINNERS WILL GET EXITING PRIZES'. The bottom section lists the faculty and student coordinators with their contact numbers. The venue is 'ECL-3,4 CS BLOCK(BASEMENT)'. On the right side, there are logos for 'KISKA' (a shoe with a question mark) and 'JUTAA' (a shoe), with 'Footwear partner' written below them.

Robo Wars Report

Name of the event :-	Robo Wars
Date of the event :-	21 st April 2023
Time of the event :-	9:00 am – 1:00 pm
Venue of the event :-	OAT Civil Block
Level of the event :-	Intra college

Event brochure or banner :-

Objective of the event :- ROBOWAR is a combat competition. The only way to win the fight is that you have to pin down or destruct the opponent's robot.

Details (Execution) :- A combat was organized in physical mode where the participants were allowed to compete as a team or as an individual. Also, the participants who did not had a bot to fight were provided with our bot for a combat fight amongst themselves.

3 Rounds were organized for the fight in which the rules were clear that the one who will slide the opponent's bot out of the arena maximum times will be declared as the winner.

This was a fun event organized for the students to draw their attention towards robotics and its application.

Event Backdrop Slide

Objective of the event :-

To create awareness about the Research areas in Electronics and Communication Engineering.

Execution of the event :-

2:00 pm – We reached at the venue LT 304 with projector keys, 2 trophies, 2 winning certificates, laptop and our faculty coordinators Ms. Manju mam and Ms. Pooja it was the day of DJ night in pravah during our event timing there was power cut at the venue and in whole CS Block as far as we knew.

2:25 pm – All the participants of the events arrived at the lecture room 304 of the event.

2:30 pm – We started calling teams for presenting there presentations on laptop, as the power supply wasn't there.

3:15 pm – 5 teams were there to compete for 2 winning positions, participants presented topics on cmos analog ic design, signal conditioning, embedded system in automobiles, networking, pcb design. At this time, they completed presenting their ppts. We also allowed participating teams to ask questions while their rival teams were presenting.

3:30 pm – We announced the name of two winners, faculty coordinators presented them with trophies and winning certificate.

3:45 pm – We took group photographs and ended our event on the positive note.

Feedback of the event :-

My seniors and faculties organised this event very well and I want to thank our other participants for creating competing environment with their hardwork on presentations and

giving us insights on cmos analog ic design, signal conditioning, embedded system in automobiles, networking. This session boosted my confidence to start new venture in the field of Electronics and Communication Engineering. I am sure that this whole experience of paper presentation competition is something to be shared and remembered with friends and while entering for placements too.

News of the Event :-

Paper Presentation Competition (ECE) was the IEI student chapter SKIT technical event in Pravah 2023 on 20th April. Mr. Satendra Singh Assistant Professor ECE department VGU Jaipur was our guest judge in the event. We organised this event to inspire students to start their ventures in the field of Electronics and Communication Engineering, we created a single platform for all the interested students in the field of automation using embedded and communication systems. We are looking for organising further such events for the students interested in doing research work in specialised fields of ECE.

Blockchain Quiz Competition Report

Name of the event :- Blockchain Quiz Competition

Date of the event :- 21st April 2023

Time of the event :- 9am-11am

Venue of the event :- CL 13 lab

Level of the event :- Intra College

Details of invited speaker/sponsor :-

The Blockchain Hive started as an initiative by IIT Bombay students aiming to create awareness about Blockchain and Web3 through education & offline events. Now The Blockchain Hive is a startup providing Blockchain services. The co-founder of The Blockchain Hive “Karan Gill” himself is sponsoring our competition. He will be present at the time of event creating awareness about Web3 and Blockchain, also about the startup. Karan Gill organised “International Blockchain Summit” 2days summit at IIT Bombay during the 26th edition of Techfest. Renowned speakers from all over the world like Mr. Metaverse, Mru Patel acknowledged and appreciated him for his hardwork in organising the summit.

Blockchain Quiz/Talk

IEI Student Chapter SKIT

KARAN GILL (Speaker)
Co-founder The Blockchain Hive

Department of Electronics and Communication Engineering

Objective of the event :-

To create awareness about blockchain and web3 and support students for their ventures using blockchain technology.

Execution of the event :-

9:00 am – We reached at the venue CL 13 lab 3rd floor CS Block. We (Tanish Khandal and Kirti Sagar) asked for permission and allowance to use lab equipments like projector and computers for our participants.

9:15 am – All the participants reached at the venue, we coordinated with our guest speaker Karan Gill for an online session on google meet. Links of the session were shared to participants and registered students who just wanted to take part in the event virtually.

9:25 am – We started our session, students were actively interacting with speaker during the session our speaker talked about blockchain/web3 journey, who am i?, global blockchain technology market, U.S. Blockchain Technology Market, Trend in web3 salaries, what we are doing for web3?, what is stopping us?, possible solutions, how we can add more value?, what is coming soon from the blockchain hive startup. Now, session opened for queries.

9:50 am – We shared blockchain quiz link on the session and to virtual participants. Quiz in the form of google form comprised of 50 questions to be solved in 15 minutes.

10:06 am – We closed the link and started reviewing scores, we called our faculty incharge to announce the name of winners and distribute prizes to present students at the venue. We took our group photos, food coupons were distributed to participants provided by pravah cell.

10:55am – We started wrapping up our session, everything was placed at their usual places in the lab. Our event ended.

Feedback of the event :-

My seniors and faculties organised this event very well and I want to thank our guest speaker for giving us insights on blockchain/web3 journey, global blockchain technology market, U.S. Blockchain Technology Market, Trend in web3 salaries, what we are doing for web3?, what is stopping us?, possible solutions, how we can add more value?, what is coming soon from the blockchain hive startup. This session boosted my confidence to start new venture in the field of blockchain and web3. I am sure that this whole experience of blockchain quiz competition is something to be shared and remembered with friends and while entering for placements too.

Invited Guest :-

Mr. Ravi Kumar Swami (Director CADIMATE Jaipur)

He is the Director, CADEMATE Training and Technical Services (opc) Pvt. Ltd.

He was invited as the judge for the student design competition.

Objective Of the Event :-

The competition aimed to raise student's awareness of CAD designing abilities and potential career opportunities. It also aimed to encourage them to learn CAD software.

Details of the Event :-

The student design competition was held on 20th April, 2023 at CAD Lab Mechanical block. The competition had two stages.

The first stage involved a 2-D drawing, participants had to create it in AutoCAD within 30 minutes with proper dimensioning. The goal of this stage was to assess the participants knowledge to AutoCAD and their approach to using them. A neutral tone was used to convey the information.

In second stage the participants received a 3D sketch and were instructed to draw it's isometric view in AutoCAD. The purpose of this stage was to assess the participants deeper knowledge of the software and their ability to extract data from the problem as some data was provided indirectly.

NOTICE

21ST April, 2023

Digital Poster Designing – Poster Designing Competition

PRAVAH'23 is organising Digital Poster Designing, a poster designing event. This event is open to all students, and we encourage all poster designing enthusiasts to participate.

The event will consist of a poster designing challenge, which will test your creativity and designing skills. You will have access to a variety of poster editing software to help you complete the challenges, including Photoshop, Canva etc.

To participate, simply register online on PRAVAH'23 site or you can register at the registration desk on the day of the event. Registration is free for all. The competition will take place in CL-15,16, CS block on 21 April from 12 PM to 2 PM. Prizes will be awarded to the top two participants, so do not miss out on this exciting opportunity!

We look forward to seeing you at Digital Poster Designing competition.

Student Coordinators :
Ashwin Gupta (9785993559)
Ashu Agarwal (7339763017)

Faculty Coordinators :
Pramila Kumawat
Loveleen Kumar

Objective of the event :-

The objective is to provide all the poster designing enthusiasts an environment to showcase their editing skills and to compete with like-minded designers/editors.

Details (Execution) :-

The Event started at 12 PM on 21 April 2023. The anchoring was done by Ashu Agarwal, that involves welcoming of all the participants.

The event consists of a single round. The participants were instructed to perform the task and submit before the End of Deadline. The time duration to perform the task was set to 1:30 hr. After completion, the designed posters were submitted over google drive via google form circulated on whatsapp group of the event.

At the end winners were announced and trophies and certificates were given to them.

Feedback of event :-

All the participants learn about the Poster designing and the participant learn about the scope in the field of poster designing.

1. Technical skills: Participants have learned how to use poster designing software or tools, and gained technical skills such as cropping, adjusting brightness and contrast, and applying filters.
2. Creative skills: Participants have learned how to create a specific style or effect, and gained creative skills such as color theory, composition, and visual storytelling.
3. Time management: Participants have learned how to manage their time effectively while designing posters, and gained skills in prioritization and decision-making.
4. Problem-solving: Participants have learned how to troubleshoot issues while editing poster, and gained skills in problem-solving and critical thinking.

Overall, the event has provided the participants the knowledge of skills to be used in Poster designing which was applied in a variety of contexts. It encouraged the participants to reflect on what they have learned and help them reinforce their learning in the competitive environment

Feedback from participants :-

- Sahil Kanwar : It was a wonderful event. Nicely organised by the netire team of coordinators who were also very helpful.
- Naveen Kumar : Good experience , team was helpful during technical issues . It was conducted nicely.
- Yash Sharma : Nice event . It started on time and everything was told in a clear manner. Coordinators were helpful during entire event.

Technical Content Writing Report

Name of the event :- Technical Content Writing

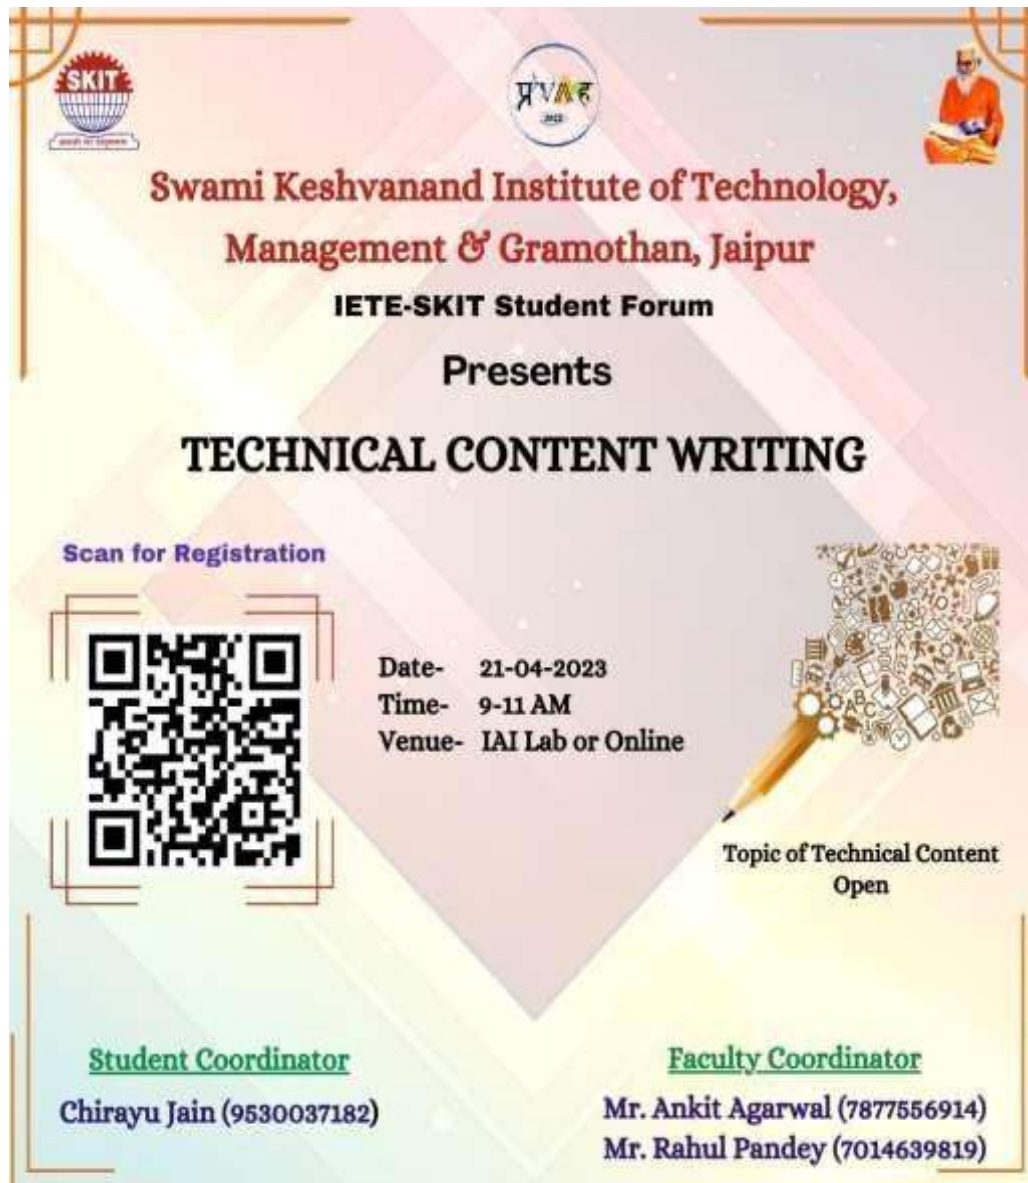

Date of the event:- 21/4/23

Time of the event:- 9 am to 11 am

Venue of the event:- IAI LAB

Level of the event:- College Level

Event brochure or banner :-

Objective of the event:-

An Opportunity to hone your technical writing abilities and get rewards, whether you are a student, a graduate, a working professional, or trying to create a career in technology. This event will bring numerous rewards to your door if you believe that your technical writing has the ability to persuade, educate, draw readers in, and keep them interested. Share your knowledge and earn assured certificates and exciting awards.

Details (Execution):-

Competition Structure:-

The competition had a total of 19-20 participants who were required to submit a technical article on any topic related to their field of expertise. The articles were evaluated based on their technical accuracy, writing style, and overall presentation. The competition was open to all participants, and the submissions were required to be original and not published elsewhere.

Participants:-

The participants included students, graduates, and working professionals from various technical fields such as engineering, computer science, and information technology. The participants were from different parts of the country, and their submissions covered a wide range of topics, including artificial intelligence, blockchain, cybersecurity, and cloud computing.

Judging Criteria and Process:-

The submissions were evaluated by a panel of judges consisting of technical experts and professional writers. The judging criteria included technical accuracy, writing style, organization and structure, and the overall presentation. The judges assigned scores to each submission based on these criteria and selected the winners based on the highest scores.

Results and Rewards:-

The winners of the competition were announced on April 21, 2023. The first prize was awarded to Mannat Goyal, a gn engineering student in Electrical, for her article on "Dark Pattern and Consumer Psychology in Online Platform" The second prize was awarded to Ishita Vyas, an engineering student in Information technology, for her article on "BYOD Bring Your Own Device".

All the winners received exciting rewards, including certificates, cash prizes, and goodies from the event sponsors. The participants also received certificates of participation.

Conclusion:-

The Technical Content Writing Competition was a successful event that provided an excellent opportunity for technical writers to showcase their skills and win exciting rewards. The competition received a positive response from the participants, judges, and event organizers, and it is expected to be held in the future as well.

19TH April 2023

The Edit Masters - Photo Editing Competition

PRAVAH'23 is organising The Edit Masters, a photo editing event. This event is open to all students, and we encourage all photography enthusiasts to participate.

The event will consist of a series of photo editing challenges, which will test your creativity and editing skills. You will have access to a variety of photo editing software to help you complete the challenges, including Photoshop, Lightroom, and GIMP.

To participate, simply register online on PRAVAH'23 site or you can register at the registration desk on the day of the event. Registration is free for all. The competition will take place in IAI Lab, CS block on 19 April from 12 PM to 3 PM. Prizes will be awarded to the top two participants, so do not miss out on this exciting opportunity!

We look forward to seeing you at The Edit Masters photo editing competition.

Student Coordinator
- Anshul Gora (7023116052)
- Aryan Mishra (7023269022)

Details/ list of invited guest and speakers:-

Mr. Ritesh Sharma, a Freelancer Designer

Objective of the event:-

The objective is to provide all the photo editing enthusiasts an environment to showcase their editing skills and to compete with like-minded editors.

Details (Execution):-

The Event started at 12 PM on 19 April 2023. The anchoring was done by Aryan Mishra, that involves welcoming of all the participants followed by giving memento to the judge.

The event consists of a single round. The participants were instructed to perform the task and submit inside the deadline. The time duration to perform the task was set to 1hr. After completion, the edited photo was submitted over google drive.

At the end, winners were announced and trophies and certificates were given to them. Meanwhile, a short informative session was conducted by the judge Mr. Ritesh Sharma explaining the participants about the photo editing and its real-world application.

Feedback of event:-

All the participants learn about the photo editing from our judge and the participant learn about the scope in the field of photo editing

1. Technical skills: Participants have learned how to use photo editing software or tools, and gained technical skills such as cropping, adjusting brightness and contrast, and applying filters.
2. Creative skills: Participants have learned how to create a specific style or effect, and gained creative skills such as color theory, composition, and visual storytelling.
3. Time management: Participants have learned how to manage their time effectively while editing photos, and gained skills in prioritization and decision-making.
4. Problem-solving: Participants have learned how to troubleshoot issues while editing photos, and gained skills in problem-solving and critical thinking.

Overall, the event has provided the participants the knowledge of skills to be used in Photo Editing which was applied in a variety of contexts. It encouraged the participants to reflect on what they have learned and help them reinforce their learning in the competitive environment

News of the event:- The event started with a warm welcome of out guests, judges and participants. Then the rules of the event as well as the judgement criteria of the presentation were told to everyone n then the presentations begin. The participants had to prepare a presentation on the topic “Panchtatva- The 5 elements of earth” of about 3-5min after which the points would be deducted for surpassing the time limit. The presentation must contain 20 slides with animation and audio. The presentations were judged on the basis of the overall quality of content, animation, and the presentation along with the way the participants present their presentation. One by one the participants took the stage and presented their take on the topic with confidence, great content, and information, their great presentation and communication skills a, and

creativity. After the presentations were done, the judges decided the winners on the basis of the criteria mentioned before. Once the decision was made the prizes were distributed to the winner and runner-ups. Lastly, the event ended on a positive note where the audience was appreciating the creativity and the presentation skills of the participants.
