**Objective of the event:-** As the world is advancing it's okay to own a technology , what's not okay is to be owned by the technology.

In a world full of algorithms, hashtags, and followers we are here to spread awareness about the true importance of human connection, through enacting a small Nukkad Natak on "सोशल मीडिया के दुष्प्रभाव ".

**Details (Execution)** – Firstly, we gathered all the piece of information that we could and started making small plots with that piece of information, on our topic- “Side effects of Social Media.” Then we performed all the plots together to make it a impactful nukkad natak and convey our message among the youth, how social media use can also negatively affect teens, distracting them, disrupting their sleep, and exposing them to bullying, rumor spreading, unrealistic views of other people's lives and peer pressure. The nukkad natak was greatly appreciated by the audience. We were successful in spreading awareness among people and also in entertaining them with a humourful yet impactful and deep act.
