Three Days Capacity Building Program on
“Road Safety Management”
(Basics of Traffic Engineering & Enforcement)

for Uttarakhand Police Department

Armed Training Centre, Haridwar

02-04 April 2024

Centre for Transportation Engineering
(A Centre of Excellence)

Ramnagar, Jagatpura, Jaipur-302017, Rajasthan, India

REPORT

The Three Days Capacity Building Program on “Road Safety Management: Basics of Traffic Engineering & Enforcement” for Police personnel of Uttarakhand Police Department was conducted under the collaboration of Muskaan: Foundation for Road Safety and Centre for Transportation Engineering (A Centre of Excellence), Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur.

The workshop was conducted for the Police personnel various cities of Uttarakhand from 2nd to 4th April 2024. The officers were provided the training on the importance of authentic data of an accident which in turn facilitate the designing of policy-level interventions for the reduction of road traffic accidents.

Thirty participants from various Police stations participated in the workshop.

On day first of the workshop the trainers took detailed sessions on Road Safety Management using several case studies and presentations. United Nations 5 pillars of road safety, Traffic Engineering & relation with Road Safety, Data Collection & Management, Motor Vehicle Driving Regulations 2017, Traffic Calmning Measures, Road Signs and Markings, Crash Investigation & data recordings along with Education Awareness modules were discussed in detail.

On day second of the workshop, the participants were taken to field investigation in small groups of four to five. The groups investigated the site with the view of probable causes of accident at the site. The major identification on the site were the wrong side movement of people, lack of pedestrian facilities, improper markings and signages. Moreover inadequate lightning facilities were also found at the site.

On Day three, the participants presented their study by explaining the findings and their recommendations. The group identified various issues and based on the previous day learning they were able to suggest and recommend the rectifications for the same.

At the end the certificates were distributed to all participants. Many senior police officials were present during the valedictory ceremony.

The master trainers Ms. Neha Khullar (Director Projects – Muskaan), Mr. Anirudh Mathur (Coordinator – Centre for Trans. Engg, SKIT) and Mr. Rajesh Meena (Muskaan) trained the participants about the various factors leading to accident and the relevant clauses in Motor Vehicle Act and Regulations.

Road Safety Workshop

Muskaan Foundation for Road Safety and SK Finance collaborated to conduct three-day workshop aimed at enhancing road safety measures for the Uttarakhand Police on Thursday. The workshop,

held at the Armed Training Center in Haridwar from April 2 to April 4, focused on crucial aspects including road safety management, data collection & traffic legislation. The event was graced by Haridwar's Police Superintendent (Crime), Pankaj

Gairola, as the chief guest, who was welcomed by Shantanu Bhasin, Managing Trustee of Muskaan NGO. The sessions encompassed insights participants taken on-site to understand Accident Analysis & Black Spot rectification. Experts like

Neha Khullar from Muskaan and Anirudh Mathur from SKIT Engineering College Jaipur provided insights into traffic legislation, engineering & traffic control devices. Additionally, Senior Trainers Sameer Nainawat & Rajesh Meena stated the importance of trauma response. The workshop concluded with the distribution of certificates by Deputy Commandant Aruna Bharti and City SP Swatantra Kumar, marking a significant step towards enhancing road safety awareness and practices in Uttarakhand.
