BACKGROUND

Raj Plast would be one of the largest international Exhibition on plastic industry which would showcase the world of plastic ancillary products, raw material, process plant & machinery, technology and services comprehensively. The event would bring together various stake holders of the plastic industry viz. domestic and overseas producers, exporters/importers, consumer and buyers, raw material and consumable manufacturers, recyclers, machinery manufacturers, experts, technology providers etc. under one roof for networking and establishing linkages.

Raj Plast would provide an ideal platform to the exhibitors to promote their products, services and brand image amongst the consumers from across the globe and establish business linkages and networking with them for enhancing their business horizon and prospects and adopting best trade practices. The event would also facilitate sustainable development of plastic sector.

The event is being organised by - Plastic Manufacturers' Association Rajasthan (PMAR) With PHD Chamber of Commerce & Industry (PHDCCI)

OBJECTIVE

- Augmenting India's presence as a sourcing hub and investment destination with special focus on Rajasthan.
- To promote other sectors mainly medical devices, PCPIR, furniture, automotive, solar component, toys, electrical, cables, EV etc
- To promote best manufacturing and trade practices of sustainable development of plastic sector
- Showcasing the entire value chain of the industry.
- Promoting recycling in plastic sector for developing circular economy.
- Creating and presenting business opportunities.
- To discuss and deliberate on the research development, infrastructure, recycling and environmental concerns.
- Improving competitiveness through continual evolution and research in developing new applications of plastic and allied industry.
- To bring together the plastic and allied experts, scientists, technocrats, trade associations, regulatory & government officials.
- Showcasing infrastructure availability for plastic industry.
- To bridge gap between Indian & Global companies by exploring the possibilities of mergers, joint ventures, setting up of R&D

OPPORTUNITIES FOR BUSINESS

Raj Plast offers multidimensional business opportunities to the exhibitors and visitors

- Showcasing products and capacity building for business enhancement
- Launching new products, creating brand awareness & enhancing corporate image
- Sourcing latest in products, technologies, raw material, consumables & other inputs
- Business meetings and networking opportunities
- Joint ventures, collaborations, strategic alliances
- New applications and solutions
- New investments
- Exposure to infrastructure availability

PRODUCTS ON DISPLAY

Raw Material & Consumables

- Conventional material
- Green Composites
- Bio-degradable material
- Oxy-degradable material
- Nanocomposites
- Fibre reinforcement composites
- Bio-plastics

FINISHED GOODS

- Sprinkler Irrigation Systems
- Pipes & pipe accessories
- Plastics in agriculture, horticulture, drip irrigation, storage & supply chain
- Building construction
- Electrical & electronics
- Packaging
- Medical devices
- Aerospace, aviation & defence
- Ammunition
- Telecommunication
- Hand Tools
- Solar Components
- Toys
- Ship building parts
- Automotive parts

MACHINERY & TOOLS

- Injection moulding machinery
- Roto moulding
- Recycling machinery
- Thermoset processing machinery
- Rubber moulding machinery
- Wood plastic composites manufacturing (WPC)
- Moulds, dies and tool room facilities

SERVICE PROVIDERS

- Research & consultancy services
- Education, training institutions, tool room, testing & quality control services
- Ministries/Departments/Associations/Institutions/trade journals etc

VISITORS' PROFILE

- Buyers, users industries, traders, importers, exporters of products
- Recyclers
- Start-ups
- Plant & Machinery suppliers and users
- Existing industry players
- CEOs, Engineers, Technocrats and Scientists
- Marketing Professionals and Consultants
- Policy Makers, Diplomats and Foreign Commercial Corps
- Industry Association and Trade Delegations
- New investors
- Raw materials & consumables manufacturers

Plastic Manufacturers' Association Rajasthan

Plastic Manufacturers' Association Rajasthan (PMAR) was formed in 1983 with young enterprising industrialists in the Plastic Manufacturing Sector for facilitating sustainable development of the Plastic Industry in Rajasthan and emerge as one of the main forums of plastics in the State. Over the past four decades PMAR has been instrumental in developing the plastic sector as one of the thriving sectors of Rajasthan with more than 10000 units working with a turnover of around Rs. 8000 Crores providing direct & indirect employment opportunity to over 2 million and significantly contributing to the exchequer and development of other industrial sectors in the State. With over 1000 Members it has a huge membership base spread across the State.

ABOUT PHDCCI

The PHD Chamber of Commerce and Industry (PHDCCI), a national apex chamber, commenced its journey traversing from the era of colonisation to post independence. The chamber has been unrelenting in fighting the cause of Indian business. PHDCCI being the "voice of Industry & Trade" acts as a catalyst for rapid economic development and prosperity of the national through promotion of trade, industry and services to strengthens linkages for technological advancement through effective industry-government partnerships.
