Feedback of the event:- It was a great event that successfully happened. Students also shared their stories after listening the Lily's journey. The main conclusion of the story was that Lily felt lonely at the end after she changed so much and was the best but she wasn't happy. It means the changes are important part of life. But If those changes don't make you feel good about yourself then they are useless.

Feedback of the event:- It was a great event that successfully happened. Students also shared their stories after listening the Story " The Real Meaning". The Story " Real Meaning of " is based on an real life incident where a boy named Akki is the main character of the Story . Akki was a typical average student of a Class in terms of its Personality it means that he had overall Good Qualities like Sincerity, Hard Working Nature and was also Kind Hearted but at the same time he was very Underconfident and Lacked Self Belief ,so he was unable to attain what he wanted because his inner self lacked Self Belief .But here comes the role of destiny that on one fine day while passing from a forest he met a Old person who was typically a monk in which lot of people would come and take advice from him so Akki met him and the Old man Adviced Akki to be Self Confident and to develop an Never Give Up Attitude.Akki took this advice seriously and implemented this change in himself and slowly and steadily he got the desired Results and things turn around in a positive manner .So what you think is the Story Over?? We all Know there is a Flip Side of a Coin and the Flip Side always teach us the lesson , So what happened was that by Achieving Success,Akki also got lot of Fame and this fame made him arrogant and it reflected in his behaviour and his daily day to day Life .But we all know that it is very normal that such thing would happen with anyone as it is very difficult to keep one's mind Standstill when one achieve Success but what is more important that how a person Comeback from it and Stay Humble.Akki got an opportunity and made a Comeback and he realised that Success and Fame will make him famous but the real happiness lie in been a Good Human Being as a Good Human Being will always help others .

The Story teaches us the Value and Importance of Mentorship in our Life that how a mentor can change our life.It also focuses on the Power of Self Belief and Self Realisation as these factors can bring a difference of Hell to Heaven in a Person's Life . It also lays importance on power of Keep going on and Consistency as if a person is not consistent than the success he achieved will be temporary and it will vanish away ,there is a famous saying which signifies the Importance of Consistency and the saying is " It is a bit easy to climb the Top of Mountain ,but it is difficult to retain the Top Position ".All & All The Story "The Real Meaning " brings the Real Meaning & Importantnce of Success , Self Confidence , Consistency and Power of Dreams at one table for Everyone.

News of event:- It was a great event where we gained knowledge by help of moderator and speaker.
