About the Club

Science and Technology club believes in the saying,

"Everything is theoretically impossible until it is done."

Science and Technology Club is a one stop destination for all the innovative and creative brains who really want to make a difference.

We provide an engaging platform for the budding engineers where everyone will evolve in a mission to IMAGINE, INVENT and INSPIRE.

The club organizes various activities and workshops under experienced trainers. There is no limitation to only technical activities but also we organize intra and inter-level competition.

Keeping the utmost coordination with the competitive world, we believe in polishing soft skills, and enhancing competent personality.

Everything seems incomplete if the rewards are not mentioned. So we appreciate and boost the confidence of participants and winners with a token of motivation , exciting rewards and trophies.

We support and welcome new ideas related to discovery and innovation in the vast expanse of science and technology.

Objective of the club

- Development of knowledge and skills.
- Ability to become interactive.
- Understanding of various languages.
- Practical and real approach toward problem-solving.

Outcomes of the club

- Provide exposure to students through participation in National
- conferences, seminars, and workshops.
- Provide information about research journals.
- Learning through fun activities and innovative projects.
