ERP System

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur has implemented Enterprise Resource Planning (ERP) system in 2015 (ERP solutions of TCS) and update it in 2018 (Custom build ERP). The system is centralized to manage information and activities at institute level. The main objective of this system is to provide a user-friendly interface to management, staff members and students. The institute has implemented e-governance (ERP) in all areas of operation such as administration, finance, examination and areas related with staff members and students to maximize efficacy and transparency. The ERP system at SKIT includes following activities:

1. Student admission process:

- Student profile portal: The complete information including required scanned proofs viz marksheets, transfer certificate of every student admitted to the institute is uploaded on this portal.
- Enquiry management: It collects information of all users raising admission related queries and visiting campus for sharing prospecting information relating to admission process.

2. Student fee deposition process: The payment gateway is integrated in ERP for ease in payment. Students can also view their dues through the ERP portal. The payment portal is directly accessible through link <https://erp.skit.ac.in/payments> for the users not logged in the ERP.

3. Student attendance/time-table record: Students can view their attendance report and time-table of each day.

4. Lecture substitution: The lecture management portal give flexibility to the faculty members to provide substitute lectures from the faculty members teaching in same class in their absence. With this, students will be updated with their class time-table well in time and be prepared for the changes.

5. Academic time table: The time table is displayed on ERP with teacher name and class location for ease of students. Any change in time table is redily updated on the ERP portal by faculty members.
6. Staff profile portal: The complete detail of staff members is available on the ERP system and visible to all staff members.
7. Video lecture portal: The ERP portal is also a host to access the Learning Resources such as Gyandaan e-Lecture Series, RTU eContents, Digital Library, SKIT Institutional Repository (DSpace) and Video Library (Digilib).
8. Student grievances: The students can report their grievances through ERP portal. Such grivances are handled by the coordinator/convener of the respective complaint type.
9. Payroll management: The finance and account office usage the aspects of ERP for payroll management of all staff members.
10. In-out report: The ERP portal give a view of in-out report of every staff member so that they may have sufficient knowledge about their leaves.
11. Salary Management: Staff member can view their salary through ERP portal and download yearly report for planning their investment.
12. Communication: The ERP system also integrates communication option similar to E-mail facility which is used for communication to all stakeholders.

View of Faculty Profile on ERP

The screenshot displays a web interface for an ERP system. At the top, the browser address bar shows 'erp.skit.ac.in/teacher/view/48'. The page title is 'ERP'. A navigation menu on the left lists various system functions. The main content area shows the profile of Mukesh Arora, Professor. Below the profile header, there are statistics for 'Lectured Hours', 'Lectured Report', 'No. of Reports', and 'Assignments Given'. The profile is divided into two sections: 'Personal Information' and 'Professional Information'. The 'Personal Information' section lists fields such as Date of Birth, Gender, Email, Address, Department, AICTE, Aadhaar, and PAN. The 'Professional Information' section lists fields such as UG, Other Qualification, Teaching Experience, Work Experience, Number of Publications, PG, Areas of Specialization, Research Experience, Total Experience, Number of Publications in National Conference, No. of PG Projects Guided, Number of Publications in International Journal, and No. of Books Published.

(a) Gyandaan e-Lecture Series- Lectures recorded by faculty members using e-SLATE facility (Digital Studios)

A screenshot of a video lecture player interface. The top navigation bar shows 'Gyandaan e-Lecture Series' on the left and 'Dashboard / Gyandaan e-Lecture Series' on the right. Below the navigation bar, there are two tabs: '3ME4-05 - Engineering Thermodynamics' (selected) and '1 - 3ME4-05 - Engineering Thermodynamics - Dinesh Kumar Sharma - Engin...'. The main content area displays a video player with a play button and a progress bar at 17:55. The video content shows a man speaking next to a slide titled 'Course Outcomes'. The slide lists the following:

Course Outcomes

After study this course, a student will be able to

CO1	Explain basic concepts, Zeroth and first laws of Thermodynamics, and their analysis over control mass and control volume systems.
CO2	Describe Second Law of Thermodynamics and its corollaries along with estimation of change of entropy and availability during for various thermodynamic processes.
	Estimate various thermodynamic properties of pure substance, ideal gas and mixture of ideal gases with the help of established thermodynamic relations, Mollier Chart and Steam Tables.
	Derive various thermodynamic relations such as Joule Thomson, Clausius Clapeyron, etc., and performance parameters of various gas power cycles.
	Analyze various Vapour power cycles and effect of operating
