NOTICE

Kind Attention: All B.Tech. Civil Engineering Students

It is to inform you that Department of Civil Engineering in collaboration with Indian Concrete Institute (ICI) and Nirmaan Club is conducting an expert talk. For this, we have invited Dr. Sanjay Mundra, General Manager, Center for Construction Development and Research, National Council for Cement and Building Materials, Ballabgarh, Haryana, India, to deliver an expert lecture for all B. Tech civil engineering students. The details of the program are as follows:

TOPIC	:	Mechanical and durability assessment of hardened concrete as per codal provision
VENUE	:	J C Bose seminar Hall
DATE/TIME	:	1 st April, 2025/09:45 AM – 11:15 AM

Interested faculty members are also invited to attend the same.

Outcome of the event: -

1. Understanding the key mechanical properties (compressive, tensile, and flexural strength) of hardened concrete.
2. Assessment of durability parameters like permeability, chloride penetration, and sulphate resistance.
3. Ensuring concrete quality and performance through standardized testing methods.
4. Enhancing the service life and sustainability of concrete structures.
5. Compliance with national and international codes for safe and durable construction

NOTICE

Kind Attention: B.Tech. 2nd year Civil Engineering Students

It is to inform you that Department of Civil Engineering in collaboration with Indian Concrete Institute (ICI) and Nirmaan Club have planned to conduct a Ready-Mix Concrete (RMC) Plant visit at "Goyal RMC, Plant" for the concrete handling and production exposure to the students.

The details of the program are as follows:

Site	:	Goyal RMC plant, near Hingonia Toll Plaza Ring Road
DATE/TIME	:	5th February, 2025/12:30 AM – 3:00 PM

Dr. Abhishek Jain/Dr. Rakesh Choudhary
(Event Coordinators)

Objective of the event:-

- To make students aware about ready mix concrete plant.
- To develop knowledge about the production of concrete.

- To make students aware about quality control parameters, capacity of plant, controlling and operation at RMC plant.

Date: 15/01/2025

NOTICE

Kind Attention: All B.Tech. Civil Engineering Students

It is to inform you that Department of Civil Engineering in collaboration with Indian Concrete Institute (ICI) is conducting a two-day workshop. For this, we have invited **Ms. Charu Shrivastava, PMRF Scholar, IIT Bombay**, to deliver an expert session for all B. Tech civil engineering students. The details of the program are as follows:

TOPIC	Application of MATLAB software in civil engineering
VENUE	: Computer lab
DATE/TIME	: 18 th January 2025 & 25 th January 2025/11:45 AM – 3:00 PM

Interested faculty members are also invited to attend the same.

Dr. Abhishek Jain
(Event Coordinator)

Details/List of invited guest/speakers:-

S. No	Guest/Speakers	Name and Affiliation
1.	Invited Speaker	Ms. Charu Shrivastava (PMRF Scholar, IIT Bombay)

Objective of the event:-

- To disseminate knowledge on MATLAB software.
- To make students aware about application of MATLAB software.
- To develop interest in field of analysis of structures.

(Department of Civil Engineering)

Ref No. SKIT/CE/2023-24/1781

Date. 14/06/2024

KIND ATTENTION B. TECH IV SEMESTER STUDENTS

This is to inform you all that ICI – Student Chapter and Centre for Excellence (Transportation Engineering) is conducting an In-house summer internship program for B. Tech IV Semester students. The topics which are planned for summer internship program are:

- Hands on training on Auto-CAD and Revit Architecture
- Conceptual study of Concrete mix design
- Exposure to traffic control devices and road safety audit
- Site visits

The tentative date for starting the summer internship is July 01, 2024. Interested students need to fill out the Google form. The link for the google form is <https://forms.gle/Mm6TnzonT5LzpWtw9>. Kindly note that the maximum number of participants is limited to 10 students.

Nishant Sachdeva/Anirudh Mathur/Ankur Mishra

HOD - CE

Objective of the event: -

- To provide hands-on training to students on drafting software.
- Field surveying using Auto Level and Total Station.
- Provide information regarding tendering and estimation.

Details (Execution): -

S. No.	Topics	Faculty Assigned
1	Drafting and planning of a residential building by using AutoCAD	Nishant Sachdeva
2	3D modelling using Revit	Nishant Sachdeva
3	Hands-on training on Q-GIS software.	Mr. Ankur Mishra
4	Field surveying using Auto Level and Total Station.	Mr. Ankur Mishra and Mr. Anirudh Mathur
5	Tendering and estimation, site visits	Anirudh Mathur

Outcomes of event:

- Students will gain practical skills in using drafting software (such as AutoCAD), enabling them to create accurate 2D and 3D engineering drawings with minimal supervision.
- Students will be able to independently conduct field surveys using Auto Level and Total Station instruments, interpret data, and generate corresponding site maps or

reports.

- Students will acquire foundational knowledge of tendering procedures and estimation techniques, preparing them to assist in preparing project bids and cost assessments in real-world scenarios.

Indian Concrete Institute – Rajasthan State Centre

(8th – 10th November, 2024)

Student Chapter (Indian Concrete Institute)

Department of Civil Engineering

REPORT

The student chapter of Indian Concrete Institute organised ICI Fest'24 on 08th to 10th of November 2024 at Swami Keshvanand Institute of Technology, Management & Gramothan.

The fest was comprised of faculty, industry persons and students.

The event was presided over by the Principal, Dr. Ramesh Kumar Pachar, the Director of SKIT College, Shri Jaipal Meel, the Dean of the college, Dr. R. K. Jain, the Head of the Civil Engineering Department, Prof. D. K. Sharma, along with the heads of various other departments, including Computer Science, Information Technology, Mechanical Engineering, Electrical Engineering, and Electronics, and Prof. Anirudh Mathur as a convenor were present, all contributing their perspectives on the importance of such events in enhancing academic rigor and professional development. Their collective presence underscored the

collaborative spirit of the event, as they welcomed the students, faculty, and industry professionals to engage, innovate, and learn together over the course of the three-day festival.

The participants gave a fabulous response by participating in a huge number during the fest. For students, different inter college events were organized like Brick O Brick, EV Workshop, Bowling Alley, Coordination Clash, Webathon, Drone Workshop etc were organised. The key highlight of the fest was the 'Expo' which was an amalgam of technical evolution and innovation.

The fest as attended by many industry people and students from various institutions. Due to which we've succeeded in making the fest a successful one with the contribution of all.
