Event 3: On dated November 10th, 2024

Objective of the event:

SKITM&G Institute, in partnership with the Bureau of Indian Standards (BIS), orchestrated a remarkable celebration "ICI FEST - 2024" spanning from 8th – 10th November 2024, which is a testament to the importance of standards in our society.

The dynamic array of activities commenced with the importance of Indian standards fostering vibrant discussions and interactions among students. This platform provided a unique opportunity for students to connect, exchange ideas, and gain insights into the pivotal role of standards in various domains.

An illuminating Quiz Competition on "Indian Standards" by Dr. Pooja Jain, Convener of the Bureau of Indian Standards (BIS) Club at SKIT, addressed the holistic development of students. The BIS Stall Gear up engaged the intellectual prowess of students displaying the importance of Indian Standards. The vibrant participation demonstrated the students' eagerness to delve into the subject matter.

Further, the promotion of the BIS Care App during the event highlighted the practical applications of technology in disseminating information about standards. Students actively embraced this initiative, showcasing the synergy between technology and standards awareness. Adding a cultural touch to the celebration, "Poster Making Competition" resonated with the artistic talents of the students, embodying the spirit of standards through art.

Dr. Pooja Jain, alongside the Mentors of the Standards Club at SKIT, played a pivotal role in orchestrating the entire event. Their guidance ensured a seamless execution, creating an atmosphere conducive to learning, collaboration, and celebration.

Crucially, the collaboration of students was at the heart of the event's success. Their active participation, innovative contributions, and enthusiasm infused the event with vitality, making it a true reflection of a collective commitment to a better world through shared standards.

In conclusion, "ICI FEST - 2024" celebrated to showcase the potential of collaborative efforts, involving both faculty and students, to create a positive impact on society.

"QUALITY CONNECT PROGRAM Of BIS"

on dated

From 18 March, 2025 to 30 March, 2025

Meeting with Government officials

Name or contact number of faculty coordinator

Dr. Pooja Jain

Associate Professor

ABOUT THE EVENT:

The Bureau of Indian Standards (BIS), the National Standards Body of India, organized a **Quality Connect Program** aimed at sensitizing and engaging government officers on the importance of quality standards in governance and public service. The program was part of BIS's ongoing initiative to strengthen quality consciousness across various sectors, including government departments.

OBJECTIVE OF THE EVENT:

The primary objectives of the Quality Connect Program were to:

- Create awareness among government officers about the significance of quality standards and certifications.
- Encourage the adoption of Indian Standards in government offices and procurement processes.
- Foster collaboration between BIS and government departments for more effective implementation of quality infrastructure.

PARTICIPATION:

The program witnessed active participation from officers representing various government departments such as Rajasthan DISCOM, Agriculture Department, Ministry of Health & Family Welfare (MoH&FW), Labour Department, PWD (Buildings and Electrical), Women and Child Welfare Department, Water Resources Department (WRD), Vidyut Vibhag, and PHED (Public Health Engineering Department), among others.

PROGRAM HIGHLIGHTS:

- Presentations by BIS officials highlighting the role of standards in ensuring quality and safety.
- Demonstrations on the use of the BIS Care App and other digital tools for accessing standards and verifying BIS-certified products.

- Interactive sessions where officers shared feedback and discussed the integration of BIS standards into departmental workflows.
- Case studies showcasing successful implementation of BIS standards in public projects and procurement processes.

OUTCOMES OF THE EVENT:

- Enhanced understanding among government officers about BIS's role in national development.
- Commitments from several departments to explore incorporating BIS standards into their tendering and procurement guidelines.
- Strengthened collaboration between BIS and government departments to promote quality assurance.

The **Quality Connect Program** marked a significant step toward aligning government operations with national quality standards. BIS's outreach and engagement through this initiative are expected to foster greater compliance and a culture of standardization within government functions.

From an engineering student's perspective, the event served as a bridge between academic learning and practical exposure, promoting awareness of standardization and encouraging student involvement in quality-driven, sustainable practices in public infrastructure and services.

As a token of appreciation, all participating students will receive a remuneration of ₹1500.

Request for Permission to Conduct an Awareness Session for Engineering Students

Dr. Pooja Jain <pooja.jaincivil@skit.ac.in>
To: Head Jaipur | <hjpb0@bis.gov.in>

Thu, Apr 10, 2025 at 10:49 AM

Respected Madam,

Greetings from Swami Keshvanand Institute of Technology Management & Gramothan, Jaipur.

I am writing to kindly request your permission to conduct an awareness session for the 1st and 2nd-year engineering students of our institution, in collaboration with the Bureau of Indian Standards (BIS).

The objective of this session is to introduce students to the functions and significance of BIS, its role in an engineer's professional life, and the various opportunities BIS offers in terms of careers, internships, and student engagement.

We would be highly honored if BIS could provide an expert to address our students and share insights on:

- The role and importance of BIS
- Career and internship opportunities for engineering students
- The relevance of standards in engineering practices

We believe this session will be highly beneficial for our students and help them gain early awareness of the importance of quality standards in their professional journey.

We kindly request your approval and support for conducting this session at a mutually convenient date (probably in between 21st April to 26th April, 2025. Looking forward to a positive response.

Thank you for your consideration.

Yours sincerely,

Dr. Pooja Jain

Objective of the event:

The primary objective of the event conducted under the Standards Club (SC-820) at Swami Keshvanand Institute of Technology, Jaipur was to spread awareness among students about the importance and role of standardization in engineering, industry, and daily life. Standardization is the foundation of quality, safety, reliability, and efficiency in products and services. Educating students about its principles and applications helps them become responsible engineers and professionals in the future.

The event aimed to make students familiar with the work of the Bureau of Indian Standards (BIS) and the significance of adhering to national and international standards. A quiz competition was organized to engage students in an interactive and knowledge-driven activity, enhancing their curiosity and analytical thinking. A total of 40 students participated enthusiastically.

Expert sessions delivered by resource persons Mr. Vipin Verma and Mr. Lov Kumar Singh from BIS provided valuable insights into real-world applications of standards and their relevance in various sectors. The event also encouraged leadership and coordination skills among student volunteers.

Overall, the objective was not only to impart technical knowledge but also to cultivate a mindset that values quality, safety, and structured processes — thereby aligning with the larger vision of creating a standard-conscious generation.
