1. About the GATE Exam

The Graduate Aptitude Test in Engineering (GATE) is a national-level exam conducted in India to test the aptitude and technical knowledge of candidates seeking admission to postgraduate programs in engineering, technology, and architecture. The exam is conducted by the Indian Institute of Technology (IIT) on behalf of the Ministry of Education, Government of India.

The GATE exam is conducted in online mode and consists of multiple-choice questions, multiple selection questions and numerical answer type questions. The exam is divided into three sections - General Aptitude, Engineering Mathematics, and the candidate's chosen subject. The exam duration is three hours and consists of a total of 65 questions, with a total of 100 marks. The GATE exam is considered to be one of the most challenging entrance exams in India, and only a small percentage of candidates who appear for the exam are able to qualify. The exam is conducted once a year in February, and the results are usually declared in March. The GATE score is valid for three years, and candidates can use it to apply for postgraduate programs in engineering, technology, and architecture at various institutions across India. The exam is also used by various PSUs and other organizations to recruit candidates for technical positions.

2. Planning for Conducting GATE Classes for Various Departments

Engineering Department at SKIT, Jaipur constantly motivates the students to prepare for the GATE exam, also the department organizes awareness sessions like "Strategy to crack GATE and other competitive exams".

Every year departments shares a Google form with all students and asks them to fill the form and interact personally to those who are willing to join GATE exam preparation class. A list of interested students is prepared and accordingly the time table is also prepared.

All the senior or specialist faculty have taken GATE classes as per the GATE syllabus. With this continuous effort of the department, every year students have secured success in GATE exam with good marks.

3. Notices & Time Table for GATE Class (various Departments)

NOTICE

Date: 09.10.2024

SUB: GATE classes (Session- 2024-25): Odd Semester

As evident, many public sector undertakings recognize the GATE score for selecting candidates for their organizations. In addition, students with good GATE score may also get an admission in M. Tech/MS program in IISc / IITs /NITs and other top-notch universities of the country. Students registered for these classes are requested to attend the GATE classes as per following schedule:

GATE classes TIME TABLE (wef 14 October, 2024)

DAY	TIME	VENUE
TUESDAY	10:00 AM -11:00 AM	ME-101
WEDNESDAY	1:45 PM -2:45 PM	ME-101
FRIDAY	1:45 PM -2:45 PM	ME-101

NOTICE

It is to inform that Graduate Aptitude Test in Engineering (GATE) classes would be conducted by group of in-house Experts every Monday to Saturday in 7FL11, Department of Electrical Engineering, SKIT M&G, Jaipur from 2.45-3.30 pm. GATE classes can provide an all-encompassing planning strategy that can be employed effectively by students to maintain a consistency in preparation following regular schedule.

Interested students should register using the link below:

<https://forms.gle/hkKg3y9dqSoEzebX9>

Mr. Jinendra Rahul
Assistant Prof. &
GATE Coordinator

Dr. Suman Sharma
Associate Prof. &
GATE Coordinator

Online GATE Model Test

The ECE Department, in collaboration with the IETE Student Chapter, SKIT, Jaipur, is conducting an Online GATE Model Test for ECE aspirants. This test is designed and managed by Engineers Academy, Jaipur and follows the Computer-Based Test (CBT) pattern of the GATE exam. It will comprehensively cover the entire syllabus, including:

- Technical Subjects
- Mathematics
- Reasoning and Aptitude

Test Details:

- 📅 Date: 06/02/2025
- ⌚ Duration: 2 hours 30 minutes
- 📍 Venue: ECL 01
- 🕒 Time: 12:00 PM – 2:30 PM

All interested students are encouraged to participate and make the most of this opportunity for GATE preparation.

Mr. Rahul Pandey/Dr. Vikas Pathak

Coordinator- IETE Student Chapter, SKIT

HOD ECE

Jaipur

4. Awareness Sessions

The Department of Mechanical & Electrical Engineering, SKIT, Jaipur organized an awareness session of **Mr. Shishir Persai (Education Expert)** on **“Career Prospects for Graduate Engineer”** from 12:45 AM to 2:45 PM on 14, November 2024.

In this talk, the expert emphasized the significance of the GATE Exam for students, addressing several key points to help them understand its value. The discussion began by exploring students' psychology toward GATE and other competitive exams, shedding light on common mindsets and approaches. The expert then highlighted the immense job opportunities of mechanical and electrical engineering available in Public Sector Undertakings (PSUs) through GATE, providing insights into salary packages, eligibility criteria, and other valuable information such as written test/Interview. The talk also covered the prospects of pursuing MTech at prestigious institutions like IISc, IITs, and NITs, focusing on how these degrees can enhance career placements. He also explained how GATE score is beneficial to take admission in Foreign Universities for PG program. Additionally, the expert touched upon the Engineering Services Examination (ESE) conducted by UPSC, outlining its relevance for engineering graduates. Finally, the speaker gave a clear explanation of the GATE exam pattern, helping students understand how it is structured and what they need to do to prepare for it. The session ended with a motivating message, encouraging students to take advantage of the increasing demand for core engineering branches in the government sector.

At the end of the talk, query session was organised and students gave a positive feedback for this talk. Vote of thanks was given by Dr Raj Kumar. A total of around 90 participants participated in the talk.

A candidate is considered **qualified** if the marks secured are greater than or equal to the qualifying marks mentioned for the category, for which a valid category certificate, if applicable, must be produced along with this Score Card.

This Score Card is valid up to 31st March 2028.

GATE SCORE COMPUTATION

The GATE 2025 score is calculated using the formula:

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the test paper mentioned on the GATE 2025 Score Card

M_q is the qualifying marks for general category candidates in the test paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared in the test paper

S_q = 350, is the score assigned to M_q, and

S_t = 900, is the score assigned to \bar{M}_t

In the GATE 2025 score formula, the qualifying marks (M_q) for the general category candidate in each subject will be :
 Cut-off marks for GENERAL category = max(25, min(40, $\mu + \sigma$)). Here μ is the mean and σ is the standard deviation of positive marks of all the candidates who appeared in the test paper.

Qualifying in GATE 2025 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2025 was organised by Indian Institute of Technology Roorkee on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the test paper mentioned on the GATE 2025 Score Card

M_q is the qualifying marks for general category candidates in the test paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared in the test paper

S_q = 350, is the score assigned to M_q, and

S_t = 900, is the score assigned to \bar{M}_t

In the GATE 2025 score formula, the qualifying marks (M_q) for the general category candidate in each subject will be :
Cut-off marks for GENERAL category = max(25, min(40, $\mu + \sigma$)). Here μ is the mean and σ is the standard deviation of positive marks of all the candidates who appeared in the test paper.

Qualifying in GATE 2025 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2025 was organised by Indian Institute of Technology Roorkee on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

A candidate is considered **qualified** if the marks secured are greater than or equal to the qualifying marks mentioned for the category, for which a valid category certificate, if applicable, must be produced along with this Score Card.

This Score Card is valid up to 31st March 2028.

GATE SCORE COMPUTATION

The GATE 2025 score is calculated using the formula:

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the test paper mentioned on the GATE 2025 Score Card

M_q is the qualifying marks for general category candidates in the test paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared in the test paper

$S_q = 350$, is the score assigned to M_q , and

$S_t = 900$, is the score assigned to M_t

In the GATE 2025 score formula, the qualifying marks (M_q) for the general category candidate in each subject will be :
Cut-off marks for GENERAL category = $\max(25, \min(40, \mu + \sigma))$. Here μ is the mean and σ is the standard deviation of positive marks of all the candidates who appeared in the test paper.

Qualifying in GATE 2025 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2025 was organised by Indian Institute of Technology Roorkee on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.
