On
Workshop for Students
On
Fuels and Lubricants
(16th February, 2022)
ORGANISED BY
DEPARTMENT OF CHEMISTRY

Name of Institute: Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

Name of Department: Chemistry

Title of the Event: Student Workshop on Fuels and Lubricants

Names of Faculty Coordinator(s): Dr. Swati Joshi, Dr. Poonam Ojha

Name of Student Coordinator: Deepak Kumar (II Year ME)

Maximum Number of Participants: 114

Date, Duration and Venue of the Workshop: 16th February 2022, 1 day,
both online (Google Meet) and offline (Chem Lab-II)

Level of the Event: College Level

Objectives of the event

Due to Covid situation, students were not able to attend their labs and theory classes regularly, even at the school level, most of the students were not aware about the laboratory experiments. This workshop was targeted for the I year students, and through on-line video demonstration and practical performance in Chemistry Lab, students were taught some experiment based on the topic Fuels and Lubricants. like Bomb Calorimeter, Proximate Analysis, Redwood Viscometer, Pensky-Martens Apparatus and Cloud & Pour point Apparatus.

Topics covered in the Workshop

- Determination of Calorific value of solid fuel by Bomb Calorimeter (through video)
- Proximate Analysis of coal (both through video and practical demonstration and performance by students)
- Viscosity measurement of lubricating oil by Redwood Viscometer (Practical demonstration and performance by students)
- Flash and fire point of lubricating oil measurement by Pensky-Martens Apparatus (Practical demonstration and performance by students)
- Cloud & Pour point of lubrication oil measurement by Cloud and Pour point apparatus (Practical demonstration and performance by students)

Details of the Schedule

The workshop was divided into two sessions:-on-line from 10:30 am to 12:30 pm and off-line from 12:30 pm to 3:30 pm

Time	Mode	Details
10:30 am to 12:30 pm	On-line on Google Meet	Video Demonstration of Bomb Calorimeter and Proximate Analysis of Coal
12:30 pm to 3:30 pm	Off-line, in Chemistry Lab-II	Practical Demonstration and performance by Students of Redwood Viscometer, Cloud & Pour point apparatus, Pensky-Martens apparatus and Proximate analysis of coal

Details of the Event

Student workshop was organized on the topic Fuel and Lubricants. Students of I year participated in the workshop. In morning, in the on-line session, taken on Google Meet, experiments like proximate analysis of coal, Bomb calorimeter were demonstrated via a video documentary. Afternoon session was comprising of the Practical Demonstration and performance by Students of Redwood Viscometer, Cloud & Pour point apparatus, Pensky-Martens apparatus and Proximate analysis of coal of the experiments in the Chemistry lab. After a long covid break, students were very much benefitted of this workshop and a good learning experience was observed by them. More than 120 students participated with enthusiasm. Participation certificates were also given to them.
