ABOUT SKIT

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) inspired from the teachings of Swami Keshvanand Ji, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today the institute is recognized as one of the centers of academic excellence in Northern India. The Institute is affiliated to Rajasthan Technical University, Kota for offering Ph, D, Postgraduate and Graduate Courses in Engineering and Management. Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Industry – Institute Interface.

Apart from University curriculum SKIT also pursues activities for research and development in various fields. Green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants make the environment serene, pleasant and dynamic. SKIT has been again Ranked No. 1 Institute in Rajasthan by Rajasthan Technical University (RTU), Kota for academic session 2019-20.

ABOUT RTU

Rajasthan Technical University (RTU) is located in Kota in the state of Rajasthan. It was established in 2006 by the Government of Rajasthan to enhance the technical education in the state. The university has been established in the campus of University College of Engineering, Kota (previously known as Engineering College, Kota), which is located on the Rawatbhata Road, about 14 kms from Kota Railway Station and 10 kms from Kota Bus Stand. The university currently affiliates about 129 Engineering Colleges, 04 B.Arch, 41 MCA Colleges, 95 MBA Colleges, 44 M.Tech Colleges and 03 Hotel Management and Catering Institute. More than 2.5 lacs students study in the various institutes affiliated to the University.

ABOUT TEQIP

The Technical Education Quality Improvement Programme aims to upscale and support ongoing efforts of GOI to improve quality of technical education and enhance existing capacities of the institutions to become dynamic, demand-driven, quality conscious, efficient and forward looking, responsive to rapid economic and technological developments occurring both at national and international levels. The Project, Third phase of Technical Education Quality Improvement Programme (referred to as TEQIP-III) is fully integrated with the Twelfth Five-year Plan objectives for Technical Education as a key component for improving the quality of Engineering Education in existing institutions with a special consideration for Low Income States and Special Category States and support to strengthen few affiliated technical universities to improve their policy, academic and management practices.

The Project will focus on the following objectives:

1. Improving quality and equity in engineering institutions in focus states viz. 7 Low Income States (LIS1), eight states in the North-East of India, three Hill states viz. Himachal Pradesh, Jammu & Kashmir, Uttarakhand and Andaman and Nicobar Islands (a union territory (UT)),
2. System-level initiatives to strengthen sector governance and performance which include widening the scope of Affiliating Technical Universities (ATUs) to improve their policy, academic and management practices towards affiliated institutions, and
3. Twinning Arrangements to Build Capacity and Improve Performance of institutions and ATUs participating in focus states.

OBJECTIVES OF THE FDP

This value added FDP is the initiative of The Entrepreneurship Development Cell (TOPAZ).

The Objective of the programme is to prepare & motivate the faculty mentors who are guiding and motivating students and possess entrepreneurial mindset and are passionate about updating themselves with innovative and creative ideas for serving the society. These faculty members will encourage enterprise in Rural Communities.

The basic objective of Entrepreneurship in Rural communities is the Development of rural areas. This will help in alleviation of poverty and unemployment through creation of basic social and economic infrastructure, provision of training to rural unemployed youth and

providing employment to marginal Farmers/ Laborers. This will also discourage seasonal and permanent migration to urban areas and thus rural people will be saved from living underprivileged life.

Rural development aims at improving rural people's livelihoods in an equitable and sustainable manner, both socially and environmentally, through better access to assets (natural, physical, human, technological and social capital), and services, and control over productive capital (in its financial or economic and political forms) that enable them to improve their livelihoods on a sustainable and equitable basis.

E- CELL SKIT

Entrepreneurship Cell "TOPAZ" is a platform for students who are dedicated to the development of multidimensional skills and are passionate to become an entrepreneur. The cell serves as a forum to bring together the heterogeneous culture of students from various disciplines. Entrepreneurial skills are important for employee and employer both. There is a little difference in the objectives of both. Entrepreneurial skills, attitude and aptitude are a must for all the students specially for those who aspire to become entrepreneurs.

Entrepreneurship Cell promotes entrepreneurship among students. Since its inception E cell has been actively fostering Entrepreneurship and is engaged in the various activities in its students. It invites various eminent speakers/ entrepreneurs to deliver lectures to educate students about the joys and hardships of entrepreneurship. Case studies, Workshops, Knowledge Camps are conducted throughout the year to involve students in activities that are essential to an entrepreneur.

SCHEDULE

Day – 1

4th Aug 2020, Tuesday

Session I : 10:00am – 10:45am

Inauguration

Prof. R A Gupta, Honorable VC, RTU Kota as Chief Guest
Prof. Dharendra Mathur, Professor, RTU, Kota as Guest of Honor

Session II : 11:00am – 12:00noon

Prof. N.D. Mathur (Director School of Humanities and Social Sciences Manipal University, Jaipur)

Title of the Talk – Rural Entrepreneurship and Skill Development

Session III : 12:00noon – 1: 00 pm

Er. Tushar Mittal

Founder and CEO Studiokon Ventures, Gurugram

Title of the the Talk – Beliefs, Convictions and Dreams for Entrepreneurs

Day – 2

5th Aug 2020, Wednesday

Session I : 4:00pm –5:00pm

Prof. Kapil Dev Sharma (Director (Academics), LBS Group of colleges & Principal Lord Buddha College of Technology and Sciences, Kota)

Title of the Talk – Fostering Rural Entrepreneurship for Self Reliant India

Session II : 5:00pm –6:00pm

Prof. Ravi K. Goyal

Director Planning and Development Principal, School of Entrepreneurship Skills Bhartiya Skill Development University, Jaipur

Title of the Talk – Lean Startup for Rural Youth

Session III : 6:00pm –7:00pm

Mr. Chintan Bakshi

CEO, Start up OASIS, Jaipur

Title of the Talk – Funding Opportunities for Rural Enterprise

Day – 3

6th Aug 2020, Thursday

Session I : 10:00am –11:00am

Mr. Kamal Sharma

Scientific Officer E, Division of Remote Handling & Robotics BARC Mumbai

Title of the Talk – BARC for entrepreneurs

Session II : 11:00am – 12:00noon

Mr. Sadiq Ali

Founder and Business Head at AgroMedix AgriTech Solutions

Title of the Talk - Opportunities In Rural Entrepreneurship

Session III : 12:00noon – 12: 45 pm

Dr. Monika Sharma, HOD DMS, MNIT Jaipur

Mr. Sudhir Gupta Ex Scientist, BARC Mumbai

Title of the Talk - 'Promoting micro enterprises in Rural India.'

Session IV : 12:45pm – 1: 15 pm

Valedictory - Chief Guest - Dr. Monika Sharma, HOD DMS, MNIT Jaipur

Aatmnirbhar Bharat: Encouraging Enterprise in Rural Communities and Remote Regions**

04/08/2020 to 06/08/2020

INVITATION

Respected Sir/ Madam

Namaskar!

We are pleased to inform you that Rajasthan Technical University, Kota and **Entrepreneurship Development Cell "TOPAZ"**, Swami Keshvanand Institute of Technology, Management & Gramothan, Jagatpura, Jaipur is organizing RTU (ATU) TEQIP-III sponsored online FDP on **Aatmnirbhar Bharat: Encouraging Enterprise in Rural Communities and Remote Regions** From 04/08/2020 to 06/08/2020 . We invite you to join this FDP. Detailed Schedule of the programme will be shared with all the registered candidates.

1. Register at <https://erp.skit.ac.in/register/fdpedc>

2. Join Whats app group at <https://chat.whatsapp.com/E6geEy4ogvGLr7HueyGCrf>

3. Join Google Class Room using class-code [qi36lpt](#)

- Please download Cisco Webex meet application.
- Everyday there will be three sessions of one hour each. Details will be shared with you.
- Assignments and Feedback forms will be shared on Google Classroom only. After you submit these assignments and feedback forms, link for downloading the certificate will be shared.

No Registration Fee

E-Certificate will be given to all the registered participants after successful completion of FDP with 90% attendance, submission of assignments and feedback.

Best regards-

REPORT

Day – 1, 4th Aug 2020, Tuesday

Session – 1: Inauguration

The Inauguration began with remembering mother Saraswati Goddess with shlokas and prayers to bless us all with knowledge and wisdom so that the entire world be in peace, prosperity and harmony.

Welcome note by Prof. S.L. Surana, Director Academics, SKIT Jaipur

He welcomed all the eminent guests, expert speakers and participants of the event.

Address by Prof. S.L. Surana, Director Academics, SKIT, Jaipur

Atmanirbhare Bharat: Encouraging Enterprise in Rural Communities and Remote Regions India is currently passing through a very difficult phase. Even before COVID19 the Indian economy was already in poor health. The GDP growth slipped to mere 4.6 % in February 2020. On top of this COVID19 which has not only caused a big health crisis but damaged the economy further. The initial lockdown in the country forced all big and small industries to close down resulting in massive unemployment in the country. Millions of workers left their places of works in the cities and moved to their native villages. After three lockdowns the Government of India declared partial unlockdown to revive economy. But the economy of the country in several sectors hit the subzero territory. In some of the sectors GDP growth went as low as-9.5%. Along side COVID19 which is spreading in the country at an alarming rate our neighbour China is bent upon creating problem along the line of actual control at the Galwan Valley and in Arunachal. Our Government has taken appropriate action to combat both these problems, that is COVID 19 and that created by China at the LAC. The Government has realized that making India self reliant is most important and we should stop depending upon the imported products. Make in India will only make our country Atmanirbhar. In fact Mahatma Gandhi long back in 1947 said that if we want to wipe the tears from the eyes of every poor person in the country we must make our villages self reliant where 70% of country's population live. In the current situation of

COVID19 the schemes announced by the Govt. of India for MSMEs and for corporates like reduction in corporate tax to revive Indian economy may not work well because very little efforts have been put to revive demand. People do not have spare money to buy goods and unless and until demand is generated production cannot sustain. The two sectors in which currently there is demand are agriculture sector and pharmaceutical sector. In order to make villages self reliant agriculture sector must be given top priority. Entrepreneurs must be encouraged to start agro based industries in villages. Farmers must be educated about new techniques of farming including proper use of organic fertilizers, proper, irrigation techniques to reduce water consumption and at the same time gives higher yield. Every year large amount of farm produce gets spoiled as there are no proper cold storage systems available to nearby villages. The entrepreneurs who construct solar power operated cold storage systems may be given subsidy and for relief in taxes. Also entrepreneurs must be encouraged to open food processing units and food packaging units. This will not only save millions of tons of farm produce from getting spoiled but will generate additional income due to enhanced value of their produce. Animal husbandry is another area in which villagers can be trained to produce quality milk and milk products. Focus on agriculture sector can generate huge employment opportunities in villages which will prevent migration of population from villages to cities. Further several problems of cities like housing, water supply, transport, waste management, sanitation, pollution and several other problems will automatically get solved partially.

Due to COVID19 the slogan of Globalization has failed completely. We have realized the risks of over dependence on supply chains from one nation. During the last few years our trade with China increased many fold, our imports from China currently is several times more than what we export. Baring a few specialized electronic items and some pharmacy products, the most of the items which we import from China can be easily designed and manufactured in India, Our entrepreneurs can easily produce them with domestic technology. The ministry of commerce and industry has identified 371 items in 20 different sectors for increasing import duties. Our entrepreneurs must seize this golden opportunity and gear up to produce these 371 items particularly in rural areas. This path will not only help the country to recover its economy but will improve livelihood conditions of rural population in an equitable and sustainable manner and also partially solve urban problems.

Address by Prof. R.A. Gupta, VC, RTU Kota Chief Guest

Prof. R A Gupta VC, RTU Kota graced the occasion as Chief Guest. He emphasized upon the need to strengthen the rural enterprising to make India Atamnirbhar. He said that technical institutions are doing very good in most of the fields nearly 60-70%, what we can to add in it, is to bring technology to every people which can bring a positive change in their livelihood.

Applied part of knowledge is very important and this should be given much emphasis. He also threw light on the various entrepreneurial possibilities of rural areas.

Entrepreneurship is one of the most effective and efficient solutions to the unemployment issues at hand as well as ensuring the deployment of our vast pool of human resources.

He congratulated the organizers for selecting such a relevant subject of FDP. He also stated that Entrepreneurship cells of the institutes must be strengthened.

Address by Prof. N. P. Kaushik, EX VC RTU Kota

He said that in the present scenario of KOVID and order challenges “Aatmnirbharta” is necessary. He told that we should work together to meet these challenges. Entrepreneurship in Rural and remote areas will bring happiness all over and will make a equitable society.

Rural Entrepreneurship Development (RED) Ecosystem represents a novel and cost-effective strategy for stimulating rural economic prosperity. The need for RED Ecosystem stems from the observation that when we see societies in which entrepreneurship occurs with any regularity or is self-sustaining, we see a unique, complex environment or ecosystem has evolved.

Address by Prof. Dharendra Mathur, Professor, RTU, Kota Guest of Honour

Prof. Dharendra Mathur, Professor, RTU, Kota graced the occasion of inauguration on this FDP as Guest of Honour. He congratulated the organizers and team for organizing this FDP on such a most relevant subject.

“Skill India” is an initiative of the Government of India which aims to train individuals who seek to enhance their knowledge and skill to ensure inclusive and equitable quality education and promote lifelong learning opportunities that can be engaging, productive, and self-esteem enhancing to empower the youth of the country with skill sets which make them more employable in their work environment.

Similarly Aatamnirbhar Bharat is not only the tag line but it is wish of everyone. Entrepreneurship cell of SKIT is doing good efforts.

Address by Prof. Ramesh Kumar Pachar, Principal, SKIT Jaipur

Principal Prof. R. Pachar also welcomed Prof. R.A. Gupta, VC, RTU Kota and Prof. Dharendra Mathur, Professor, RTU, Kota and all the dignitaries and participants. He congratulated coordinators and team for organizing this event. He stated that SKIT has always been contributing in the GRAMOTHAN activities. He threw light on the need of this issue of Atamnirbhar Bharat to be talked, discussed, and action.

He mentioned that with more than 65% of India's population under the age of 35 years, there is a plethora of human power waiting to be deployed. Effective utilization of resources and availability of skilled individuals would help to ensure that the developmental activities go on at an unprecedented pace.

About the FDP by Prof. Archana Saxena, Coordinator (SKIT Jaipur)

OBJECTIVES OF THE FDP

This value added FDP is the initiative of The Entrepreneurship Development Cell (TOPAZ).

The Objective of the programme is to prepare & motivate the faculty mentors who are guiding and motivating students and possess entrepreneurial mindset and are passionate about updating themselves with innovative and creative ideas for serving the society. These faculty members will encourage enterprise in Rural Communities.

The basic objective of Entrepreneurship in Rural communities is the Development of rural areas. This will help in alleviation of poverty and unemployment through creation of basic social and economic infrastructure, provision of training to rural unemployed youth and providing employment to marginal Farmers/ Laborers. This will also discourage seasonal and permanent migration to urban areas and thus rural people will be saved from living underprivileged life.

Rural development aims at improving rural people's livelihoods in an equitable and sustainable manner, both socially and environmentally, through better access to assets (natural, physical, human, technological and social capital), and services, and control over productive capital (in its financial or economic and political forms) that enable them to improve their livelihoods on a sustainable and equitable basis.

RELEVANCE OF THE FDP

India is developing very fast and is leaving a good impression on global society. Science and technology have profound impact on all human activities which can be used in an enterprise. There is hardly any part of life that is not influenced, in one way or the other, by science and technology. Entrepreneurs of India have emerged as one of the most important drivers of a country's economy and well being of its citizens.

It is, therefore, imperative that India strives to become a global leader and it is possible when its entire people have equal opportunities of development may it be rural or urban. Still our villages need a lot to be done. Enterprises in rural area will bring prosperity and happiness among people. As mostly attendees are faculty members of technical institute and are dealing with B.Tech Students, they can motivate students for technical entrepreneurship. Enterprises based on science and technology will make peoples life better. Several critical problems confronting India, especially agricultural production, water shortage, education, health & hygiene, energy and environment, waste management, chemical adulteration can be solved only by development of appropriate scientific and technological enterprising.

The 2011 census shows that over 72.2% of the total population is distributed in over 6, 38, 000 villages, while the remaining 27.8% is spread over 5100 towns and cities. However, many issues still plague the villages of India such as poverty, water scarcity, malnourishment, lack of basic facilities, illiteracy, unemployment, anti-social elements etc. While many of these exist from time immemorial, unemployment seems to be the major threat in today's scenario with the ever growing population.

Address by Prof. Rajesh Singhal, Coordinator (RTU Kota)

Prof. Rajesh Singhal stated about importance of Rural entrepreneurship. Rural industries help in improving the per capita income of the rural population, thereby, reducing the income disparity between of the rural and urban populace. Rural entrepreneurship checks the concentration of industries in urban areas and thus, promotes balanced regional growth of the economy. Rural entrepreneurship facilitates the development of roads, street lighting, drinking water etc. in the rural areas, so as to give them accessibility to the main market. Rural entrepreneurship can reduce poverty, growth of slums, and overcrowding of the cities.

He appreciated the efforts made by Coordinator (SKIT) and her team for making this FDP a success.

Address by Prof. S. N. Vijayavergiya, Dean R&D SKIT, Jaipur

He stated many options of rural entrepreneurship as Dairy, Agriculture, Handicraft, Pottery, clay works, solar cultivation, fishery etc. Let us start enterprise there, give jobs to village people.

Vote of thanks by Dr. Sharda Soni, HOD, CHEM DEPT, SKIT Jaipur

Dr, Sharda Soni delivered the vote of thanks to all the dignitaries, guests speakers and participants to participate in the inauguration session and becoming a part of this FDP.

Session II : 11:00am – 12:00noon

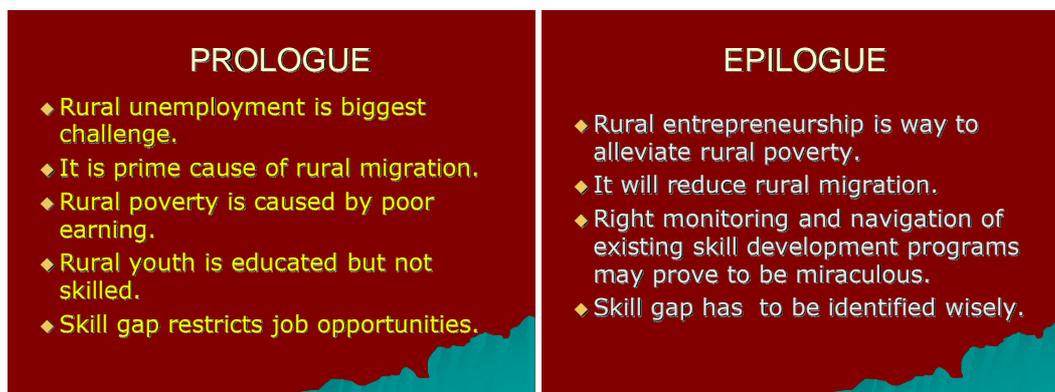

Prof. N.D. Mathur

Director School of Humanities and Social Sciences, Manipal University, Jaipur

Title of Talk – Rural Entrepreneurship and Skill Development

Entrepreneurship is one of the most effective and efficient solutions to the unemployment issues at hand as well as ensuring the deployment of our vast pool of human resources. Also, it would play an important role in improving the living conditions of the poor masses. The need for the growth of rural industries has become essential to a country like India because of the following reasons:

1. Rural industries, being labour intensive, generate large scale employment opportunities when allowed to grow and prosper.
2. Rural industries are capable of checking rural urban migration.
3. Rural industries help in improving the per capita income of the rural population, thereby, reducing the income disparity between of the rural and urban populace.

Prof. N.D. Mathur stated there our villages are full of creativity, innovation and values, Only a support system is to be generated.

Session III: 12:00noon – 1: 00 pm

Er. Tushar Mittal, Founder and CEO Studiokon Ventures, Gurugram

Title of Talk – Beliefs, Convictions and Dreams for Entrepreneurs

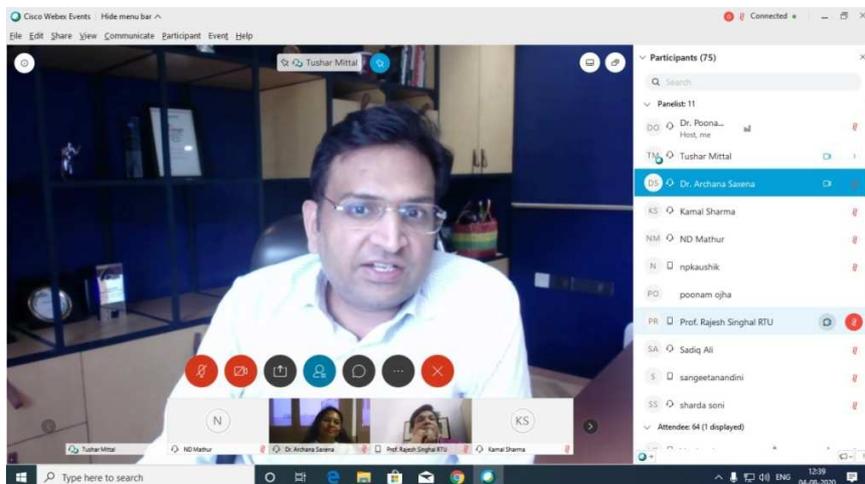

Mr. Tushar Mittal is the Alumnus of RTU Kota. He shared his story of success. Dreamt sitting under a tree to reaching Harvard univ. He stated that fire of doing, target orientedness, clarity of vision is the important things for success.

Commitment, innovations and prudent decisions are key in helping an entrepreneur achieve his goal. **The future belongs to those who believe in the beauty of their dreams.**

As any successful entrepreneur, you need to have the courage and conviction to walk the talk, regardless of the obstacles that will lay strewn in your path.

1. Have faith in your idea
2. Add value for the customer
3. Choose financial partners wisely
4. Create an ecosystem of suppliers
5. Ideas should have emotional appeal
6. Stay updated on technological changes
7. Have a long-term vision

He said to faculty members that they should identify the aspiring students and make a support system for them. Invest in your students if you have to invest money and time both.

Session II : 5:00pm –6:00pm

Prof. Ravi Goyal , Director Planning and Development, Principal, School of Entrepreneurship Skills, Bhartiya Skill Development University, Jaipur

Title of Talk – Lean Startup for Rural Youth

The 2011 census shows that over 72.2% of the total population is distributed in over 6, 38, 000 villages, while the remaining 27.8% is spread over 5100 towns and cities. However, many issues still plague the villages of India such as poverty, water scarcity, malnourishment, lack of basic facilities, illiteracy, unemployment, anti-social elements etc. While many of these exist from time immemorial, unemployment seems to be the major threat in today's scenario with the ever growing population. With more than 65% of India's population under the age of 35 years, there is a plethora of labour power waiting to be deployed. Effective utilization of resources and availability of skilled individuals would help to ensure that the developmental activities go on at an unprecedented pace

Mahatma Gandhi, the father of the nation, said that India's strength lies in its villages. Rural areas contribute significantly to the overall growth and economic development of a country. The opportunity for India largely lies in the skilling of the youth in the country and the skill development in rural India is essential to ensure the equitable distribution of benefits of the development amongst all sections of the society. As responsible citizens, it is our duty to be a part of this mission.

Prof. Ravi shared the examples of many projects which were incubated in his university Bhartiya Skill Development University. (ex. Automatic sanitization machine)

Session III : 6:00pm –7:00pm

Mr. Chintan Bakshi, CEO, Start up OASIS, Jaipur

Title of Talk – Funding Opportunities for Rural Enterprise

Finance is the lifeblood of any business. Viability of the business idea is very important. There are many Funding options from govt for Pilot projects like DST.

Self-funding (bootstrapped) ventures: It needs a timely influx of funds to survive. It's rare that a startup born out of a founder's brainwave, and backed by a strong idea, would also have its own personal treasure trunk. This is exactly why angel investors, venture capitalists, and other financing options available to startups are so important.

For a first-time businessman though, the world of funding seems complex and challenging. So, let's try to dive deeper and have an in-depth understanding of financing options available to startups and how you, as a founder, can leverage this knowledge to fund your next venture:

Equity Financing Raising funds equity means board with you as co-owner. This person shall contribute to business capital, share risk and participate in profit sharing.

There are lots of different financing options and routes available for startups and small businesses. The options on the table will differ from business to business, but here are the general options available for companies looking to boost their finances and supercharge growth.

The main funding options include:

- Personal savings or from family/friends
- Loans
- Venture Capital and Angel Investors
- Crowd funding
- Grants

Day – 3, 6th Aug 2020, Thursday

Session I : 10:00am –11:00am

Mr. Kamal Sharma (SKIT-2009 CSE batch)

Scientific Officer, Division of Remote Handling &

Robotics, Bhabha Atomic Research Centre, Mumbai

Title of Talk – BARC for Entrepreneurs

Faculty can identify students who are interested in being, Entrepreneurs and support them technologically, motivate them to take up rural entrepreneurship projects

AKRUTI Technologies for MSMEs/ Rural/ Semi-Urban Entrepreneurs

Under DAE-Societal Initiated 'AKRUTI' programme, the technology deployment exclusively in rural/semi-urban sector is offered on chargeable basis in the form of technology package called **AKRUTI Tech Plus** consisting of technologies and technical consultancy service at an affordable price. Applications are invited for '**AKRUTI Tech Plus**' from desirous technically oriented Individuals including Women entrepreneurs /MSMEs/ FPOs/ CBOs/ Industry / Companies / Organizations / Societies / Trusts / Education institutes in villages and cities as well for **exclusive rural/ semi-urban area deployment**. The applicant must provide additional information on a separate sheet in respect of provision of place of deployment in rural/semi-urban sector, finance for deployment of technologies, and infrastructure and available place possessed in rural / semi-urban sector which is useful for fabrication and other support activities. Any supportive document which strengthens the eligibility for rural/semi-urban area deployment may also be attached. To encourage Women Entrepreneurs in rural/semi-urban sector, an additional incentive has been offered..

Mr. Kamal Sharma shared that how BARC can help students in entrepreneurship.

They can buy technology of a particular item/ projects on a very nominal fees. Further BARC also helps in establishment of commercial production of that item/ machine. Many of these things are to facilitate rural works.

Session II : 11:00am – 12:00noon

Mr. Sadiq Ali (2006 Mech, SKIT Jaipur)

Founder and Business Head at AgroMedix Agri Tech Solutions

Title of Talk - Opportunities In Rural Entrepreneurship

Mr. Sadiq Ali

Mr. Sadiq shared about his journey, how he became an agripreneur

Since Childhood he supported his father in his seed pesticides shop, during working at shop he learned a lot from his father like how to deal with farmers, what are the issues in agriculture, What is the financial condition of farmers etc.

- During his College days he had reach to a mindset to improve farmer's livelihood so he started his work in rural entrepreneurship.

He did research, talked to mentors of E Cell, and discussed the conditions of Indian agriculture and farmers.

- After that he decided to develop an Android Application for farmers and in January 2018 his app started successfully.

- Now the App Has **50 K+ installations on Google Play Store.**

AgroMedix is India's Ag-Tech start-up working on Mission of doubling farmers' income by providing a complete range of agri. solutions at the fingertips of farmers. AgroMedix is one stop solution for all kinds of inputs for the farmers. It delivers agro input on farmers doorstep.

Farmers can easily get solutions of every agriculture needs. He also discussed about Other options like Dairy, cooperative societies, GHAH Udyog, KUTIR Udyog, Handicraft, Carpentry , Welding / Machining Works, Repairing works etc.

Session III : 12:00noon – 12: 45 pm

Mr. Sudhir Gupta

Ex Scientist, BARC Mumbai

Title of Talk - Promoting Micro Enterprises in Rural India.

He himself has been continuously engaged in the projects of promoting rural enterprising.

The speaker included Aatmanirbhar Bharat, Agriculture as a basis, Development approach, Social Enterprises and Examples in his talk

Promoting Micro Enterprises in Rural India Why ?

- Rural India has 65% of India's population but On tributes just 15% to India's GDP.
- Rural economy is based on agriculture so a agri input based strategy for micro enterprise development will be most effective.

Startups as for profit social Enterprises: He explained Double Bottom line, Profit, Impact (Log frame, input, output and outcome)

Agriculture segmentation by usage: This includes Food, Feed, Fibre, Fuel

The Paradox is Dairy sector provides the farmer 80% of the value and In outer sectors the farmer gets 25% - 50% of the value

There is 4 C framework for micro enterprise Development Community, Capacity, Credit, Channel

Some models for micro enterprise are Development, Cooperative SHG, FPC, NGOs and Social Enterprise

Session IV : 12:45pm – 1: 15 pm

Valedictory Programme

Chief Guest: Dr. Monica Sharma, Associate Professor- DMS & DME,

Coordinator, MNIT Innovation and Incubation Center (MIIC),

Convenor DUGC- DMS, MNIT Jaipur,

Dr. Monika Sharma graced the occasion as chief guest. She shared that MNIT Innovation and Incubation Center (MIIC) is all set to support the students who are aspiring to become entrepreneurs. She congratulated all the faculty members for their enthusiastic participation. Prof. Archana Saxena coordinator of the event (SKIT Jaipur) read the report of all the sessions. All the participants joined W app as well as Google class room. Every day attendance was taken; assignments were given which were submitted by faculty members. Certificates were given to only those who attained 90% attendance.

Participants asked the questions in all the sessions. Every day at the end reflections were taken from panelists and participants.

All the participants were provided with the ppts of the sessions with the permission of speakers.

Some of the participants shared their views about FDP.

The event ended with thanks note by Prof. Rajesh Singhal (Event coordinator, RTU Kota) and Prof. Archana Saxena (Event coordinator, RTU Kota)

Technical Coordinator: Dr. Poonam Ojha

Moderator of sessions: Dr. Swati Joshi

Penalists of the sessions:

Prof. Ramesh Kumar Pachar, Principal, SKIT Jaipur

Prof. Archana Saxena, Coordinator (SKIT Jaipur)

Prof. Rajesh Singhal, Coordinator (RTU Kota)

Dr. Meena, MNIT Jaipur

Prof. S. N. Vijayavergiya, Dean R&D SKIT, Jaipur

Prof. Sangeeta Vyas

Re: Invitation for Webinar

ksharma@barc.gov.in <ksharma@barc.gov.in>
 To: "Dr. Rajesh Singhal" <singhalkota@gmail.com>, draschem@gmail.com

Fri, Jul 31, 2020 at 10:55 PM

Respected sir and ma'am,

It is my pleasure to accept your invitation. I would be available on the mentioned date and time to deliver the talk.
 I won't be able to accept the honorarium since being in a government department, there is a formal procedure before accepting any honorarium which I won't be able to follow because of the lockdown.

Thanks & Regards,

Sincerely,

Kamal Sharma, ←

Scientific Officer/E,

RTU (ATU) TEQIP-III sponsored FDP on
Aatmnirbhar Bharat: Encouraging Enterprise in Rural Communities and Remote Regions
04/08/2020 to 06/08/2020

INVITATION LETTER

Date: 21/7/2020

To

Mr. Sadiq Ali

Founder and Business Head at AgroMedix AgriTech Solutions

sadik.ali.bundi@gmail.com

Respected Sir,

We are pleased to inform you that Rajasthan Technical University, Kota and Entrepreneurship Cell "TOPAZ" Swami Keshvanand Institute of Technology, Management & Gramothan, Jagatpura, Jaipur is organizing RTU (ATU) TEQIP-III sponsored FDP on Aatmnirbhar Bharat: Encouraging Enterprise in Rural Communities and Remote Regions From 04/08/2020 to 06/08/2020 .

As you have immense experience in the area; I shall be extremely privileged if you accept our invitation for the expert lecture. We humbly request you to accept the proposal and kindly spare your preferred date 6th August 2020 at 11 am to 12.00 pm reserve for aforesaid webinar and send your acceptance via reply mail.

Further, for any query you may contact the Host Institute event coordinator Prof. Archana Saxena, draschem@gmail.com, 9414460650.

As per the TEQIP-III norms the honorarium for the Keynote Talk will be directly transferred to the expert through PFMS in the personal account. Therefore, you are requested to fill the attached form, sign, and send it in hard copy (by post) to the Host institute coordinator at Prof. Archana Saxena, Swami Keshvanand Institute of Technology, Management & Gramothan, Ramnagar, Jagatpura, Jaipur – 302017(Raj)

With Regards

(Prof. Rajesh Singhal)
Professor, RTU, Kota
RTU Event Coordinator
8619276606, 9414420890

I am very pleased to be accepting
your invitation for expert lecturer
in FDP. Sadiq Ali

OFFICE ORDER

Hon'ble Vice-Chancellor is pleased to approve the following FDP Program to be conducted in online mode at the affiliated colleges under subhead 1.2.2.4 of RTU (ATU) TEQIP-III Action plan as per the mentioned schedule.

Sr. No.	Name of the Institute	Title of the FDP	No. of Days	RTU Coordinator
1	Aryabhatta College of Engineering & Research Centre Ajmer	Artificial Intelligence & IOT	1	Pankaj Kumar
2	Chartered Institute of Technology, Abu Road	Energy Auditing and Management	3	Dr. Rajeev Gupta
3	Geetanjali Institute of Technical Studies, Udaipur	Power Electronics Converters: Applications and their Control	3	Sawan Singh
4	Jagan Nath Gupta Institute of Engineering And Technology, Jaipur	IOT (Internet of Things)	3	PARUL CHAUHAN
5	Jaipur Institute of Technology-Group Of Institutions, Jaipur	Employability Skills For Engineering Graduates	5	Irum Alvi
6	Jaipur Engineering College, Kukas	Recent Advances In Renewable Energy Technologies For Sustainable Development	2	Sawan Singh
7	Jaipur Engineering College, Kukas	3d Printing Technology & Its Application in Engg & Education	2	Shanti Lal Meena
8	Jaipur Engineering College, Kukas	Recent Advances N Field Of Physical Sciences	2	Priyanka Agarwal
9	Jaipur Engineering College, Kukas	Artificial Intelligence & IOT	2	To be decided by RTU TEQIP-III Coordinator
10	Jaipur Engineering College, Kukas	Transient Stability In Power System	2	To be decided by RTU TEQIP-III Coordinator
11	Jodhpur Institute of Engineering And Technology, Jodhpur	Data Analytic Techniques For Research & Their Advancements	3	Harish Sharma
12	Jodhpur Institute of Engineering And Technology, Jodhpur	Accreditation: A Tool For Continuous Development	3	Dr. J.B. Sharma
13	Poornima College of Engineering Jaipur	Mobile Robotics And Internet of Things	4	Pankaj Kumar
14	Poornima College of Engineering Jaipur	Sustainable Cities And Infrastructure	3	Munish Bindal
15	Poornima College of Engineering Jaipur	Recent Advances in Power Electronics, Drive and Renewable Energy	5	To be decided by RTU TEQIP-III Coordinator
16	Poornima College of Engineering Jaipur	Trends And Applications in Machine Learning And Deep Learning	2	Vipin Prakash Yadav
17	Poornima College of Engineering Jaipur	Cyber Security And Cyber Forensics	5	Dr. B.D. Gidwani
18	Poornima College of Engineering Jaipur	Earthquake Resistant Design of Concrete & Steel Moment Resisting Frame Buildings	5	To be decided by RTU TEQIP-III Coordinator
19	Poornima College of Engineering Jaipur	Machine Learning and Deep Learning Techniques With its Applications	5	Vikash Tripathi
20	Poornima College of Engineering Jaipur	Advancements in Signal Processing And Optimization Techniques In WSN	5	To be decided by RTU TEQIP-III Coordinator
21	Poornima College of Engineering Jaipur	Alternative Fuels	2	VAIBHAV GUPTA
22	Poornima College of Engineering Jaipur	Industry 4.0	3	Dr. B.D. Gidwani

The respective RTU Event Coordinator has to conduct the mentioned FDP as per the TEQIP-III norms. The RTU event coordinator will invite the experts and collect the Honorarium bills from the experts in the original hard-copy. The verified honorarium bill with the invitation letter and FDP time table should be sent to RTU (ATU) TEQIP-III office for the reimbursement.
