The event started well on time with a warm welcome to the guests and introduction of the event by the host. The purpose of the event was made clear before the commencement of the interaction session.

The interaction session started with a student with north-east Indian roots discussing about the culture over there. The student discussed about the cultural bond between folk & the nature that helps them prosper in various fields. The next was a student, native of Rajasthan, who discussed about the culture of Rajasthan and how the anecdotes and traditions of Rajasthan show similarities with that of North-East India. The event was further preceded in

the same manner, where students discussed about their cultures alternatively. In the end, session was made open to all for audience interaction. The faculty coordinators and some students of different colleges shared their feedback for the event.

The event concluded with the vote of thanks by the host and a message to encourage more of the cultural interactions by the host.

The students, guests and faculty showed an enthusiastic participation in the event and the conducting body received a positive feedback about the same. Thus it was a successful event.
