3 Day National Seminar on
“Management of Financial Resources: Need of the Time”
August 17-19, 2021

About the Seminar:

Management of financial resources is an essential part of the economic and non economic activities which leads to decide the efficient procurement and utilization of finance with profitable manner. In the olden days the subject Management of financial resources was a part of accountancy with the traditional approaches. Now a days it has been enlarged with innovative and multi dimensional functions in the field of business with the effect of industrialization and digitalization in this pandemic time. Understanding the basic concept about the financial management becomes an essential part for the students of economics, commerce and management. With an aim of enrichment of financial knowledge and investment awareness to the students, Department of Management Studies has organized a Virtual 3 Days National Seminar on “Management of Financial Resources: Need of the Time” from 17th August, 2021 to 19th August, 2021.

Financial Literacy is a basic need in the form of knowledge and ability to manage personal finances, particularly to make accurate decision in finance and to avoid financial problems. It is not intended to complicate or curb people in enjoying life and using the money they have, but rather with financial literacy, individuals or families can enjoy life by using their financial resources appropriately to achieve their personal financial goals. We all are living in a competitive world and as an educationalist it's our duty to prepare our students for all the drastic changes occurring in our economy and society because only then our young talents, our students will be able to become an asset for the college, society and nation. Financial Literacy is the knowledge about management of personal finances. It has twin benefit of protecting one from financial frauds as well as planning for financially secure future. Financial literacy gives

consumers the necessary knowledge and skills required to assess the suitability of various financial products and investments available in the financial market. This benefit to the consumers translates itself in benefits to the economy as a whole. Financial literacy has become very important during recent years, as financial markets have become complicated and as there is information gap between markets and the common person, leading to difficulties in making correct financial choices. India is amongst one of the world's most efficient and regulated financial markets. It has one of the highest savings rate in the world. While Indians prefer to save, the savings are not invested in a wise manner. A majority of population do not use modern financial products. Unless the common person becomes informed and literate about the changes in the financial markets and products and protects himself from financial distress, wealth creation for the common man and the economy will remain a distant dream. We need to create a nation of savers into a country of financially literate and wise investors to make Indian economy financially prosperous and stable. Financial literacy is viewed differently by different people, and this is reflected clearly in the definitions used in the literature. For few, it is a broad concept, an understanding of economics and how individual financial decisions are affected by economic conditions and circumstances. Thus, financial literacy is the knowledge, ability and skill to understand, control, and use one's financial resources wisely, ultimately leading to the well being and economic security of oneself, one's family, and the economy as a whole. As we all know finance is very much needed to begin anything. It is the life blood of a business. And as it's important that the students especially related to management should be financially literate.

Objectives of the Seminar:

- For proper understanding of the Secondary Markets.
- To educate investors on their rights and responsibilities.
- To make investors aware of grievances handling mechanism and different agencies to be approached for redresses.
- To aware about Education Initiatives of BSE
- To aware about various investment avenues like Mutual Funds, Gold, PPF, etc.
- About the Regulator (SEBI) & Grievance Redressal Mechanism System
- Public Issues in relation to Financial Management

3 Day National Seminar

On

“Management of Financial Resources: Need of the Time”

August 17-19, 2021

Report of the National Seminar:

“Good finance management can change the way we live our lives and decide how secure our future is.” With this thought Department of Management Studies, Swami Keshavanand Institute of Technology Management and Gramothan (SKIT) Jagatpura, Jaipur organized a three-day National Seminar on online mode from August 17, 2021 to August 19, 2021 on the topic "Management of Financial Resources: Need of the Time". The seminar started with a welcome memo by Prof. S. K. Mathur, Head of the Department, Department of Management Studies. He shared about the success and achievement of the department with all the guest and dignitaries. Dr. Savita Choudhary, Organizing Secretary of the National Seminar briefed about the theme, need and objectives of the Seminar. The Covid-19 Pandemic rattled the economies of countries worldwide. India too was economically affected and lots of families and businesses were either ruined or were left with nothing. This was the only time where our initial saving could have helped us out with it. So the management of financial resources is significant.

In the Day -1 session Shri Suhas Rajput apprised the participants about the management of currency in the present time, importance of proper management of money in personal and business field etc. He also discussed about the new opportunity and trending employability source amidst the pandemic that e- entrepreneurship. Participants shared their respective experiences in relation

In the Day – 2 session of the National Seminar CA Amit Shah was the Expert Speaker who shared the opportunities and dimensions of various investments prevalent in the present time. He focused on having a plan for emergency funds, life insurance, disability insurance, and estate planning before a crisis occurs makes living through one much smoother. When looking for someone to help you manage your finances, look for someone who is a fiduciary. A fiduciary is someone who must put the interest of the client first. While this might seem like a no-brainer, remember that people go into business to make a profit, and some are willing to put their profits before a client’s best interest. He enlightened students with the basic concepts underlying the

management of money and monetary assets, planning and implementation of financial decisions wisely. Having the ability to read, analyze, manage, and communicate about the personal financial conditions that affect material well-being. It includes the ability to discern financial choices, discuss money and financial issues without (or despite) discomfort, plan for the future, and respond competently to life events that affect everyday financial decisions, including events in the general economy.

The Day -3 session of the National Seminar Mr. Shamsheer Singh told the participants that financial education is a basic life skill which has a direct impact on individual welfare. Learning personal finance and important money skills at an early age provides plenty of opportunities to apply them in real life. Those who understand how money works can start earning and investing from an early age and avoid lifelong money struggles. He discussed with students about importance of management of money in personal and business world. He also explained about the various new available technologies that are helpful in investment decision. His money-spinning style of passing the knowledge and ideas of planning and decision in investment avenues was well received by the participants. All he made the students think in a logical way and how to develop analytical skill to start their own investments.

These sessions were followed by question-answer session, discussion and view points of the participants and speakers. The Seminar concluded with Valedictory session wherein the certificates were distributed to all the participants. E- Mementos were also given to the speakers of the National Seminar. The Seminar was well designed and implemented by the Convener Dr. Ravish Pandey, Assistant Professor-DMS. At the end he proposed the vote of thanks to all the speakers and faculty members for their cooperation in successful execution of the event. The National Seminar has attained its objectives and was a great success.

Outcomes of the seminar:

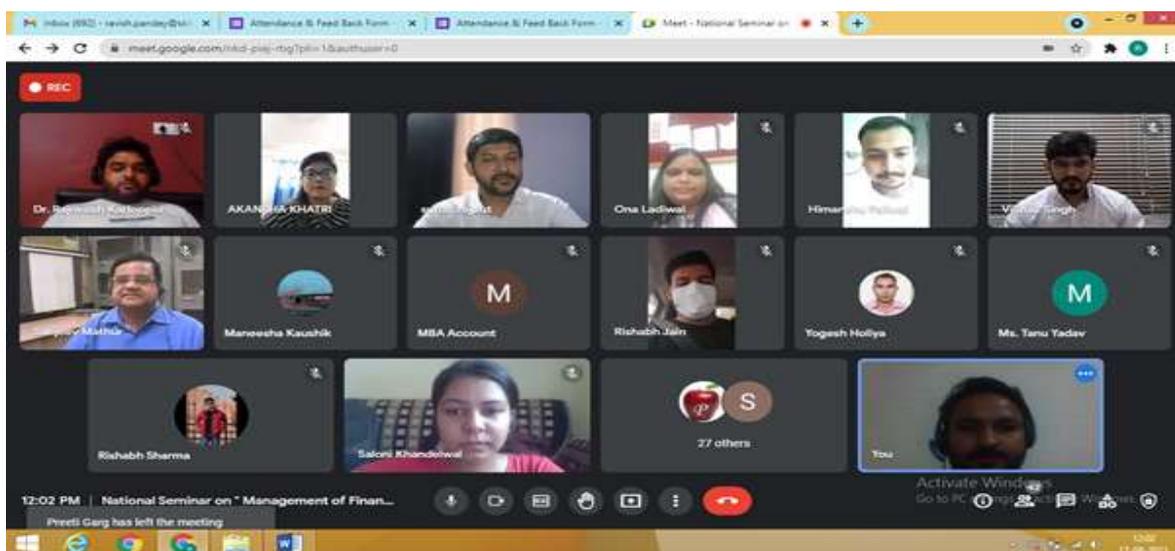

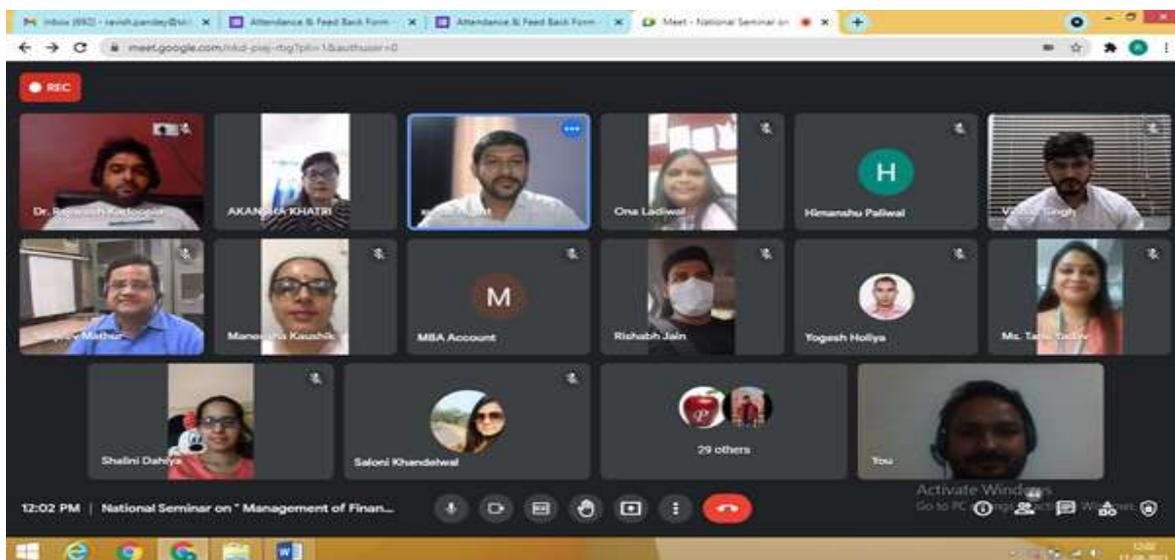

- To promote the use of mutual funds and other such schemes for saving in salaried persons.
- Participants have learned about disciplined approach to money and it helps to reduce stress related to money matters.
- Financial plan education and creating awareness among various segments of society as to their protection as well as awareness to investors on their rights and responsibilities
- Awareness and proper information to audience about grievances handling mechanism and different agencies to be approached for redresses
- Knowledge of Power of Compounding, Risk and reward relationship for proper financial planning and growth.
- It helps build a secure financial future with proper preparation for financial emergencies.
- It helps to improve Savings and Investment capabilities with reduction in taxes

वित्तीय प्रबंधन पर एक्सपर्ट्स ने दिए टिप्स

एसकेआईटी में तीन दिवसीय राष्ट्रीय सेमिनार का पहला दिन

खबरों की दुनिया

जयपुर। अच्छा वित्त प्रबंधन हमारे जीवन जीने के तरीके को बदल सकता है और यह तय कर सकता है कि हमारा भविष्य कितना सुरक्षित है। स्वामी केशवानंद इंस्टीट्यूट ऑफ टेक्नोलॉजी (एसकेआईटी) में वित्तीय संसाधनों का प्रबंधन: समय की आवश्यकता के विषय पर डिपार्टमेंट ऑफ मैनेजमेन्ट स्टडीज की तीन दिवसीय नेशनल सेमिनार के पहले दिन वक्ताओं ने ये बात कही। सेमिनार में एक्सपर्ट्स ने बताया कि कोरोनावायरस ने हमें जो कई महत्वपूर्ण सबक सिखाए हैं, उनमें से एक है आर्थिक रूप से तैयार रहने का महत्व।

कार्यक्रम के प्रथम सत्र में सुहास राजपूत ने प्रतिभागियों को वर्तमान

समय में मुद्रा के प्रबंधन, मुद्रा के व्यक्तिगत और व्यवसायिक क्षेत्र में सही प्रबंधन के महत्व से अवगत कराया। कार्यक्रम के द्वितीय सत्र में सी.ए.वी.के. जैन प्रतिभागियों को वर्तमान समय में प्रचलित विभिन्न विनियोग के अवसरों और आयामों से अवगत कराया।

कार्यक्रम के अंतिम सत्र में शमशेर सिंह द्वारा प्रतिभागियों को बताया गया कि वित्तीय शिक्षा एक बुनियादी जीवन कौशल है जिसका व्यक्तिगत कल्याण पर सीधा प्रभाव पड़ता है। धन प्रबंधन, बचत, निवेश और ऋण जैसी मूल बातें यदि कम उम्र से ही दी जाएं तो धन की आदतों के लिए एक मजबूत आधारशिला रखेगी।

कम उम्र में व्यक्तिगत वित्त और महत्वपूर्ण धन कौशल सीखना उन्हें वास्तविक जीवन में लागू करने के लिए बहुत सारे अवसर प्रदान करता है। जो लोग समझते हैं कि पैसा कैसे काम करता है, वे कम उम्र से ही कमाई और निवेश करना शुरू कर सकते हैं और आजीवन पैसे के संघर्ष से बच सकते हैं। कार्यक्रम का संचालन डॉ. रवीश पाण्डेय ने किया। इस अवसर पर संस्था अध्यक्ष सूरजाराम मील, डायरेक्टर जयपाल मील, डायरेक्टर एकेडमिक्स प्रो. एस. एल. सुराना, रजिस्ट्रार रचना मील, प्राचार्य डॉ. रमेश कुमार पचार समेत अन्य वक्ताओं ने संबोधित किया।

विशेषज्ञों ने दिए वित्तीय प्रबंधन पर कई सुझाव
