SKIT SKILL DEVELOPMENT CELL

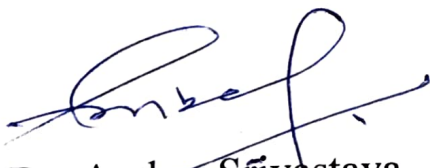

A SUMMARY OF ACTIVITIES CONDUCTED DURING 2021-22

The Skill Development Cell of SKIT caters to a wide range of developmental activities for its students. The cell focuses on three aspects of assessment, training and grading in the field of communication skills, Soft skills and technical skills. The institute is ready to spread its wings and join hands with the government bodies to assist their students for training and mentoring in the fields of technical and non technical skills. Our faculty members have already been taking training sessions with CEG, Polytechnic Colleges of Rajasthan, RTU and Rajasthan University. The cell conducted the following assessments and training programmes during the previous session:

- I. **Technical Tests by Myperfectice App:** All the students of IV Year were instructed to take technical tests by the app called MyPerfectice. The app falls outside the domain of the institute and proved useful for assessing the technical skills of the students as per the current parameters of technical knowledge.
- II. **Technical Tests by Respective Departments:** All the engineering departments conducted technical tests at their level to judge the foundation of engineering skills. The students who scored low were provided with mentoring sessions to overcome their weak areas.
- III. **Mock Interviews for V Semester Students:** The students of V semester mandatorily appeared for technical and HR based mock interviews. In the same process, the students were graded on their Resumes and necessary corrections were suggested right at the time of the interviews.
- IV. **Mock Interviews for V Semester Students:** The students of V semester mandatorily appeared for technical and HR based mock interviews. In the same process, the students

were graded on their Resumes and necessary corrections were suggested right at the time of the interviews.

- V. **Soft Skills Test for II Year Students:** The students of II year were trained in the various domains of soft-skills and were assessed through a mandatory for all soft- skills test. The students were given short training sessions round the year to understand the behavioural requirements at their professional domain.
- VI. **Communication Test for I Year Students:** The students of I year were trained in the various domains of communication and were assessed through a mandatory for all test for communication. The students were given short training sessions round the year to understand the language and communication based requirements at their professional domain.
- VII. **Infosys Springboard Certification:** The students of I year were motivated and guided for acquiring Springboard certification from Infosys. This is a self learning platform that provides short courses on technical and non technical courses. Each student gets a certificate after successfully passing the final test.
