Foreword

After II Wave of covid, institute was open in partial mode of online and offline. Mostly activities of the UHVEC were done on online mode. Workshops / FDPs/ Seminars/ on UHV & ETHICS, code of conduct were organized for students, Faculty members and non teaching staff members of Institute. People appreciated events and agreed that such type of programmes are very important for awareness and all round development of the students. All the stake holders must know code of conduct of the institute. Many events were organized which were giving awareness/ message of Constitutional obligations: Values, Rights and Responsibilities.

We show our respect, we congratulate, we float messages on various occasions and festivals. Certain festivals were celebrated too. Most of the commemorative days of National and International importance were celebrated. UHVEC successfully conveyed its message to all the family members of SKIT that Nation building can be done with values is sustainably.

Code of Conduct for Departmental Heads

1. The HODs will coordinate all the academic and administrative activities in their respective departments.
2. They will provide effective leadership and set precedence in their respective departments so that their younger colleagues feel proud and follow them.
3. They must arrive in the Institute at scheduled time and should remain available to their faculty and students during working hours.
4. The HODs of Technical Departments must teach at least one complete theory subject and one laboratory class in each semester. They should not send their substitutes for engaging these periods when they are present in the Institute. This will set bad precedence for other faculty members. The HODs other than technical departments must share full load of at least 15 hours.
5. The HODs must inspect the class-room teaching of each and every faculty member randomly and evaluate their performance. This will give each faculty member an opportunity to improve his/her performance.
6. The HODs at regular intervals inspect the course files, attendance registers of faculty members and ascertain whether the course is covered adequately and to the satisfaction of students. They should record their initials with date on the course file and discuss with the faculty regarding short comings, if any, for improvement.
7. The HODs for proper functioning of laboratories, will appoint laboratory in-charges who will look after the development activities in the labs. The HODs in consultation with lab in-charges will finalize the list of equipment required and help the Management in the process of procurement. They will also inspect the labs at regular intervals and see to it that the labs are properly maintained and the experiments are performed systematically and methodically

Code of Conduct for Departmental Heads

8.The HODs will also inspect the sample lab records of the students and ascertain whether these are checked and evaluated regularly and the faculty members are holding pre experiment and post-experiment Viva.

9.The HODs will see to it that the projects which the students are required to carry out during VII & VIII semesters are well thought about in advance by the project guides and should be allocated to the students by the end of V semester or at the beginning of VI semester.

10.The HODs should appoint in-charges for industrial tour at the beginning of the V semester and see to it that they make adequate preparation well in advance so that fruitful visits are undertaken during VI semester.

11.The HODs will analyze the results of the students of their respective departments within a week from the date of declaration. As per the requirement of NBA the performance should improve continuously. The HODs must assign targets of pass percentage (which should be higher than the previous year) to every subject teacher which should be achieved. If a teacher fails to achieve his/her assigned target, reasons must be analyzed and appropriate action be initiated by the HOD concerned.

12. The HODs will assist the Management in the recruitment of teaching faculty and supporting staff in their respective departments.

13.The HODs will review, from time to time, the performance of each and every faculty and staff and forward their performance appraisal reports along with their remarks in the month of May every year. On the basis of the report the faculty and staff will be granted increment.

14.The HODs will obtain feedback from the students about various aspects of class room teaching, laboratory work and other things and take appropriate action for continuous improvement.

15.The HODs will hold regular meetings with their departmental colleagues (may be once in a fortnight) and discuss the departmental problems related to the academic and administrative matters.

Code of Conduct for Departmental Heads

16. The HODs will hold a special meeting of the faculty well in advance of the beginning of odd/even semesters and decide about the allocation of teaching load fairly and democratically. The class-wise and faculty-wise teaching load should then be forwarded to the Principal/Director (Academics) and to the timetable in charge for preparing the time tables.

17. The HODs will encourage the faculty members to undertake industry-sponsored projects, undertake consultancy work through the Institute, carry out research and publish papers in SKIT Research Journal or any other SCI Journal.

18. The HODs may constitute departmental committees to carry out departmental activities smoothly and to maintain proper records from the point of view of accreditation by NBA. As far as possible all the faculty members must be involved in at least one committee.

19. The HODs will forward the leave applications of the faculty and staff well in time (at least two days in advance for planned leave) but discourage recommending frequent leave without pay. No short leave should be forwarded for faculty/staff if they have a teaching load during that period.

20. If any faulty remains on leave due to sudden illness or due to any unforeseen reason, the respective HOD will make alternative arrangements so that his/her teaching load is engaged.

21. The HODs should regularly monitor the class attendance of students through the batch counselors. They should find out from the chief batch counselor about the actions taken against the students having poor attendance.

22. The HODs will take strict disciplinary action against the students of their respective departments if they indulge in the activities of discipline such as mass cut of classes.

23. The HODs will take strict disciplinary action against the faculty/staff if they do not engage in classes on time or leave classes early.

24. The HODs must check the unit/midterm test question papers set by the faculty members and also ensure that the answer books have been evaluated properly by inspecting randomly selected answer books.

25. The HODs must regularly obtain reports from the faculty after every unit/midterm test whether the course outcomes and program outcomes have been achieved.

Code of Conduct & Responsibilities for Principal/ Director (Academics)

Principal/Director (Academics) is the executive/academic head of the Institute and shall be responsible for –

1. All round academic growth of the Institute including accreditation of the Institute/Departments by National Accreditation bodies by NAAC/NBA.
2. Planning and implementation of all academic programmes such as refresher/orientation course, seminars, conferences, workshops, faculty development programmes, short term training programmes, expert lectures etc. to be organized for the development of faculty and students.
3. Participation in teaching and research programmes of the Institute.
4. Planning for admissions of the students and maintenance of discipline in the institute.
5. Correspondence with outside institutions like UGC/AICTE/Affiliating University/Govt. and other institutes within and outside the country.
6. Supervision of internal and University examinations and all such matters pertaining to the examinations.
7. Evaluation and maintenance of performance appraisal scoring system (PASS) of the faculty and the supporting staff.
8. Administration and supervision of curricular, co-curricular and extra activities conducted in the Institute.
9. Any other responsibility which may be assigned to him/her by the Management.
10. Grant approval of scholarship/free ship to any needy student.

CODE OF CONDUCT FOR MEMBERS OF GOVERNING BOARD

The Institute shall be managed by a regularly constituted Governing Board as per norms and guidelines specified by AICTE/UGC.

CODE OF CONDUCT

1. The members of Governing Board shall maintain their character, mannerism, and good image and observe transparency in all their decisions.
2. The decisions and resolutions made by the Governing Board shall be mandatory and to be implemented by the Principal.
3. No member of the Governing Board shall use Institute's property for his personal use.
4. All the members of the Governing Board have the right to express their opinion freely and frankly but once the decision has been taken by the majority members it shall be binding for all.
5. The Governing Board will receive all communication in writing from the Principal and similarly, it will convey all its decisions through the Principal.
6. Every member has a duty to avoid conflict between his or her personal interests and official responsibilities.

RESPONSIBILITIES FOR MEMBERS OF GOVERNING BOARD

The Institute shall be managed by a regularly constituted Governing Board as per norms and guidelines specified by AICTE/UGC.

RESPONSIBILITIES

1. The Governing Board will hold its meeting at least two times in an academic year and frame policy guidelines to be implemented in the institute.
2. It will decide and approve budget proposals of the Institute/Departments.
3. It will take a decision about launching any new course in the Institute and also decide about increase/decrease in intake in the existing courses.
4. It will make available funds required for creating new infrastructure facilities in the institute.
5. It will grant the creation of new academic and other positions.

Dear Sir/Madam,

This has reference to above AICTE mail regarding conduction of Online Guided Free Workshops (30 minutes each day for 3 days) by Art of Living to boost immunity, and support mental and physical health in teaching fraternity at this crucial time of Pandemic Covid- 19.

The three days guided sessions will be conducted by the trained Yoga and Meditation teachers of Art of Living over next two-month period in online mode free of cost. Mr. Paras Kohli (M: 9571476933), Mr Rishi Sood (M:701471479965), Rajasthan Zonal Coordinators of AOL will coordinate the conduction of sessions in affiliated institutes.

The sessions will cover areas like Asanas, Pranayama & Meditation. Three specific sets of programs have been designed with focus on the following categories namely:

Category A: For a healthy population in order to help them build overall immunity and lung capacity (People who, so far, have not contracted COVID-19).
Category B: Supportive intervention of effective breathing exercises and stretches (People who are COVID positive)
Category C: Supporting rehabilitation and fast recovery (People who have recovered from COVID-19)
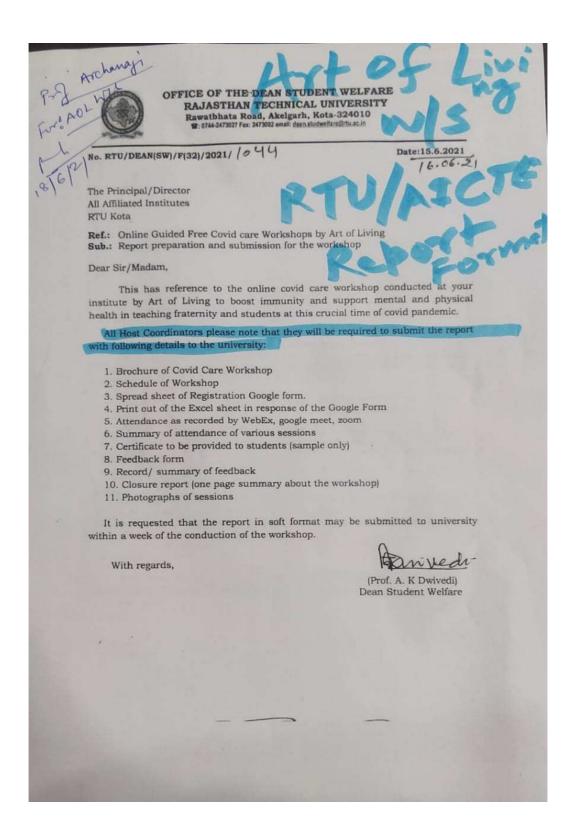

It is strongly felt that the faculty at colleges affiliated to RTU Kota should be exposed to such guided workshop as it will be beneficial in helping one achieve a relaxed state of mind that enables healing and regeneration.

It is therefore enjoined that affiliated institutes should conduct such workshops for the teaching fraternity of institute.

Kindly revert on mail by communicating the name & designation of Institute Faculty Coordinator for conduction of workshop within 4 working days positively.
With regards,

(Prof. A. K Dwivedi)

ABOUT RTU

Rajasthan Technical University (RTU) is located in Kota in the state of Rajasthan. It was established in 2006 by the Government of Rajasthan to enhance the technical education in the state. The university has been established in the campus of **University College of Engineering, Kota** (previously known as Engineering College, Kota), which is located on the Rawatbhata Road, about 14 kms from Kota Railway Station and 10 kms from Kota Bus Stand.

The university currently affiliates about 68 Engineering Colleges, 03 B.Arch, 16 MCA Colleges, 39 MBA Colleges, 31 M.Tech Colleges, 01 M.Arch and 01 Hotel Management and Catering Institute. More than 1.5 lacs students study in the various institutes affiliated to the University. The University aims to provide quality technical education which may help Rajasthan in it's technical development and will boost technical environment in the country.

The University offers almost all the disciplines related to technical education including Bachelor of Technology, Master of Technology, Master of Business Administration, Master of Computer Applications, and Bachelor of Hotel Management and Catering Technology. The Honb'le Governor of Rajasthan His Excellency Shri Kalraj Mishra is the Chancellor, and Prof. R. A. Gupta is the Vice-Chancellor of the University. Thousands of students graduate from the University every year and many attain post graduation. The University is making steady progress in developing and providing best technical environment for education and will continue to serve the nation in coming years.

ABOUT SKIT

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) inspired from the teachings of Swami Keshvanand Ji, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today the institute is recognized as one of the centers of academic excellence in Northern India. The Institute is affiliated to Rajasthan Technical University, Kota for offering Ph, D, Postgraduate and Graduate Courses in Engineering and Management. Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Industry – Institute Interface. Apart from University curriculum SKIT also pursues activities for research and development in various fields. Green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants make the environment serene, pleasant and dynamic.

ABOUT THE PROGRAMME

Covid Care Workshop (CCW) is exclusively designed for the students, faculty and staff members of SKIT Jaipur.

It's online fun-filled interactive training which happens for 3 days (1 hour each day) by the certified trainers of The Art of Living.

This programme is being organized by SKIT Jaipur with Art of Living. Following are some of the benefits of this programme.

Key Features

- ➢ Better Immunity by increasing the capacity of lungs
- ➢ Breathing techniques to relax mind which results into the better confidence and concentration
- ➢ Increasing the glow of skin through simple techniques

THEME OF THE PROGRAMME

Yoga plays significant role in the psycho-social care and rehabilitation of COVID-19 patients in quarantine, isolation and after covid. They are particularly useful in allaying their fears and anxiety

In the I and II wave of covid, society has lost many of their family members, friends and relatives. We have seen importance of immunity, oxygen, yoga and healthy diet. This programme is aimed to build an awareness about covid care specially with yoga. All the 3 days AOL faculty members demonstrated different breathing exercises. All the participants were suggested to keep their videos on.

The Art of Living course is a rich and beautifully structured knowledge and experience based programme which helps one to lead a more stress-free life. All the processes are directed towards increasing our 'awareness' and improving physical and mental health. At the core of the course is the unique Sudarshan Kriya or the Healing Breath technique. Daily practice of Sudarshan Kriya promotes increased energy, more vibrant health and positivity, improved stability and confidence, and helps eliminate habitual patterns of anger, anxiety and depression. It provides very practical skills in handling our mind and negative emotions. There is an amazing connection between our breath and our state of mind!
The direct benefit of this knowledge and experience is appreciation of life in its fullness - not in some near or far future, but right here and now - in the present moment.

EVENT REPORT

"The Art of Living is more of a principle, a philosophy of living life to its fullest. It is more a movement than an organization. Its core value is to find peace within oneself and to unite people in our society – of different cultures, traditions, religions, nationalities; and thus reminding us all that we have one goal to uplift human life everywhere."

- Sri Sri Ravi Shankar

The yogic technique of breathing called pranayama can be extremely beneficial in protecting you from corona virus. When the level of oxygen is high in your body then it aids in healing your system faster. When you start practicing breathing exercises regularly then it allows your body to increase its capacity for the amount of oxygen it absorbs. Due to this increased intake of oxygen, healing is sped up and accelerated. This course is a rich and beautifully structured knowledge and experience programme which helps one to lead a more stress-free life. All the processes are directed towards increasing our 'awareness' and improving physical and mental health.

Inauguration

On 19/07/2021 the workshop began with the inauguration. Dr. Swati Joshi anchored the programme and welcomed all the eminent guests, expert speakers and participants of the event.

In his welcome address Prof. R.K. Pachar, Principal SKIT Jaipur welcomed all the dignitaries and participants and emphasized the importance and relevance of this covid care programme and expected the positive and fruitful outcomes of the event.

Prof. Archana Saxena Coordinator of this event addressed about objectives and schedule of this workshop.

Chief guest Prof. A.K. Dwivedi, Professor, RTU, Kota congratulated the organizers and team for organizing this event on such a most relevant subject.

Mr. Paras Kohli and Mr. Abhay Sharma also threw light on the objectives of the workshop.

The programme ended with the vote of thanks by Dr. Swati Joshi, event coordinator.

ABOUT SKIT, JAIPUR

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) inspired from the teachings of Swami Keshvanand Ji, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today the institute is recognized as one of the centers of academic excellence in Northern India. The Institute is affiliated to Rajasthan Technical University, Kota for offering Ph, D, Postgraduate and Graduate Courses in Engineering and Management. Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Industry – Institute Interface. Apart from University curriculum SKIT also pursues activities for research and development in various fields. Green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants make the environment serene, pleasant and dynamic.

ABOUT UHVEC

Universa Human Values and Ethics Committee of SKIT Jaipur is committed to create awareness about Universal Human Values, Ethics in personal and professional life, Code of conduct in organization and Society and Rights Duties & Responsibilities of citizens among all the employees and students. Teaching itself is the noble profession and teachers have responsibility to nurture its students to make them knowledgeable, competent, sensible & responsible citizens. UHV&EC conducts workshops, FDPs, discussions and deliberations and expert talks for fostering these values among all the SKIT family members and to create a positive environment of education and research with technical advancements and brilliant managerial skills with the values and ethics in its backbone. All the commemorative days of national and international importance are also celebrated by the committee.

ABOUT CODE OF CONDUCT

"Code of Conduct"is a central guide and reference for employees to support day-to-day decision making. A code encourages discussions of ethics and compliance, empowering employees to handle ethical dilemmas they encounter in everyday work. It can also serve as a valuable reference, helping employees locate relevant documents, services and other resources related to ethics within the organization.

OBJECTIVE OF FDP

This value aided Faculty Development Programme is aimed at making employees acquainted with code of conduct and professional ethics. Code of conduct clarifies mission, values and principles, linking them with standards of professional conduct. The code articulates the values the organization wishes to foster in leaders and employees and, in doing so, defines desired behavior. As a result, codes of conduct and ethics are the benchmarks of measuring performance of individual and organization. This FDP will provide an opportunity to the employees to discuss the issues of concern with experts who will deliver their talks daily. The FDP includes various topics of discussion which intend to develop set of beliefs, attitudes and habits that everyone should display concerning morality. The prime objective is to increase one's ability to increase to deal effectively with moral complexity in engineering and management practices.

Dr. Nidhi Sharma

Details :- One day seminar on Code of Conduct & Ethics was conducted by "Universal Human Values & Ethics Committee". The purpose of the seminar was to create awareness amongst the students about the most common and necessary conduct and behaviour to be followed by them at their homes and public places.

Prof. Archana Saxena, the key-note speaker of the seminar delivered few important aspects on "Moral Conduct" to be followed by today's youth.

A lot of youngsters in the current time have the habit of being abusive while talking , being careless in maintaining the decorum of environment, having a bad habit of spitting anywhere & anytime, misusing resources provided to them and so on. She requested the students to avoid these habits because they destroy the basic character of a person.

She also gave her valuable intellect to the students and advised them to respect their elder ones, teachers, love younger ones, to have a control over their tongues & to take appreciable steps to save resources. This enlightening session taught them the importance of "Conduct and Ethics" in channelizing their life in an appropriate way and to evolve themselves as respectful and successful citizens of our country.

Objectives of the Seminar

This value aided Seminar is especially organized for All the Non - Teaching Staff members (LA/ TA/ STA/ office and all the other interested ones). It is aimed at making employees acquainted with code of conduct and professional ethics. Code of conduct **clarifies mission, values and principles**, linking them with standards of professional conduct. The code articulates the values the organization wishes to foster in leaders and employees and, in doing so, defines desired behavior. As a result, codes of conduct and ethics are the **benchmarks** of measuring performance of individual and organization.

This Seminar will provide an opportunity to the participants to discuss the issues of concern with experts who will deliver their talks.

The Content of the seminar includes various topics of discussion which intend to develop set of beliefs, attitudes and habits that everyone should display concerning morality.

The prime objective is to increase one's ability to increase to deal effectively with moral complexity in engineering and management practices.

Universal Human Values & Ethics Committee

Universal Human Values and Ethics Committee of SKIT Jaipur is committed to create awareness about Universal Human Values, Ethics in personal and professional life, Code of conduct in organization and society and Rights Duties & Responsibilities of citizens among all the employees and students.

Teaching itself is the noble profession and teachers have responsibility to nurture its students to make them knowledgeable, competent, sensible & responsible citizens.

UHVEC conducts workshops, FDPs, discussions and deliberations and expert talks for fostering these values among all the SKIT family members and to create a positive environment of education and research with technical

advancements and brilliant managerial skills with the values and ethics in its backbone. The Committee organizes events on Human Values, Code of Conduct & Ethics and Rights, duties and responsibilities of citizens. All the commemorative days of national and international importance are also celebrated by the committee.

Code of Conduct

"Code of Conduct "is a **central guide and reference for employees** to support day-to-day decision making. A code encourages discussions of ethics and compliance, empowering employees to handle ethical dilemmas they encounter in everyday work. It can also serve as a valuable reference, helping employees locate relevant documents, services and other resources related to ethics within the organization.

"Ethics" are based on well-founded standards of right and wrong that prescribe what humans ought to do, usually in terms of rights, obligations, benefits to society, fairness, or specific virtues.

Event Report

Introduction by the Anchors

Anchors Ms Akshita Sharma and Ms Ekta Bhardwaj (EE-III year) conducted the session as moderator. They introduced the objectives of Universal Human Values and Ethics Committee in detail and also unravelled the purpose of holding the special seminar cum workshop for technical and administrative staff.

Lamp Lighting

Following the tradition of lamp lighting, the dignitaries and participants in the audience paid obeisance to the holy chants of Maa Saraswati.

Key Note Address

Professor Anil Chaudhary, head, Department of IT initiated the seminar with his keynote address on professional ethics. His discourse centred on the primary question of "how to make our labs live? He asked the technicians to think of numerous creative approaches to make the practical labs interesting for our students. It was noted that the number of attendance in the practical labs as compared to the theory classes is usually low. So he requested the technicians to introduce latest techniques into their respective labs. He wanted the labs to be so dynamic and interesting that the students don't think of missing the practicals. He also asked the technicians to devise beyond the curriculum experiments for 360° reception of knowledge.

Session I

After the keynote address, Professor Archana Saxena began the first session of the seminar as the speaker and discussed the key points of institutional code of conduct. Her lecture focused on the fundamental ethics of lab technicians and

how their conduct can effectively enhance the environment of the labs. The elaborated PPTs that she shared with the participants presented the core ideas of the five pillars of professional ethics namely honesty, discipline, modesty, diligence and integrity. She emphasised on the principle of honesty so that the employee understands his/her responsibility towards the institution.

Session II

The second session began with Dr. Nidhi Sharma's dialogue with the participants wherein she made them participate through interesting activities based on professional ethics. She made the participants speak on few psychometric situation based questions on Code of Conduct. The participants shared their personal and professional experiences with great enthusiasm. Mr. Yadunath Sharma, the senior most amongst all the participants requested the organisers to conduct such activities every month for the benefit of the staff. He said such sort of activities shall encourage the technicians to speak effectively with confidence.

Vote of Thanks

At the end, Dr.Sharda Soni proposed the formal vote of thanks to all the participants and hoped that such kind of workshops are conducted frequently. The seminar was also attended by Prof. Dheeraj Joshi, Head, Dept. of Mechanical Engineering and Prof. Sangeeta Vyas, Head, Student Affairs.
