UNIVERSAL HUMAN VALUES AND ETHICS COMMITTEE **7.1.11 – Commemorative Days**

Foreword

After II Wave of covid, institute was open in partial mode of online and offline. Mostly activities of the UHVEC were done on online mode. Workshops / FDPs/ Seminars/ on UHV & ETHICS, code of conduct were organized for students, Faculty members and non teaching staff members of Institute. People appreciated events and agreed that such type of programmes are very important for awareness and all round development of the students. All the stake holders must know code of conduct of the institute.

We show our respect, we congratulate, we float messages on various occasions and festivals. Certain festivals were celebrated too. Most of the commemorative days of National and International importance were celebrated. UHVEC successfully conveyed its message to all the family members of SKIT that Nation building can be done with values is sustainable.

Prof. Archana Saxena,
Convenor, UHVEC

Date:- 15th August 2021

Time:- 4:00 PM onwards

Venue: Virtually held at Google Meet platform.

Objective:- To celebrate the Independence Day virtually with “Patriotic Fervour” which involves the Participation of all the students through Poster Designs”

Details :- The session began with a very Energetic and Enthusiastic note of Slogans and wonderful Introduction of the Event by our Anchors-“Aryan Mishra” and “Tisha Gupta”. Soon after that **“NATIONAL ANTHEM”** was played which completely changes the Environment. This imparted the the true feeling of Patriotism and enthusiasm in all the attendees.. And with the Slogans of **“Bahrat Mata Ki Jay”**, the event took its pace.

Firstly ,their was a short session of speeches by “Umang Sharma “and “Disha Tyagi” as an act of paying tribute to our freedom fighters and with that a wonderful Poetry by “Swati Aggarwal” truly related all of with the moto of **‘Happiness In togetherness’**.

Then there came the turn of the most awaited programme of the Event- **Poster Designs** of our Participants. It was divided into two sections {**Digital and Handmade**}. Those wonderful Posters were truly revealing the feelings of our participants towards our freedom fighters and the nation .

Lastly, the Encouraging & Golden Words of **Prof(Dr).Archana Saxena Ma’am** and **Dr. Nidhi Ma’am** made all of us realized the importance of our National Linguist and Culture. The Experiences and Incidents Narrated by Prof.Archana Saxena Ma’am made all of us realise about our duty as a citizen of such a big Democratic Nation.

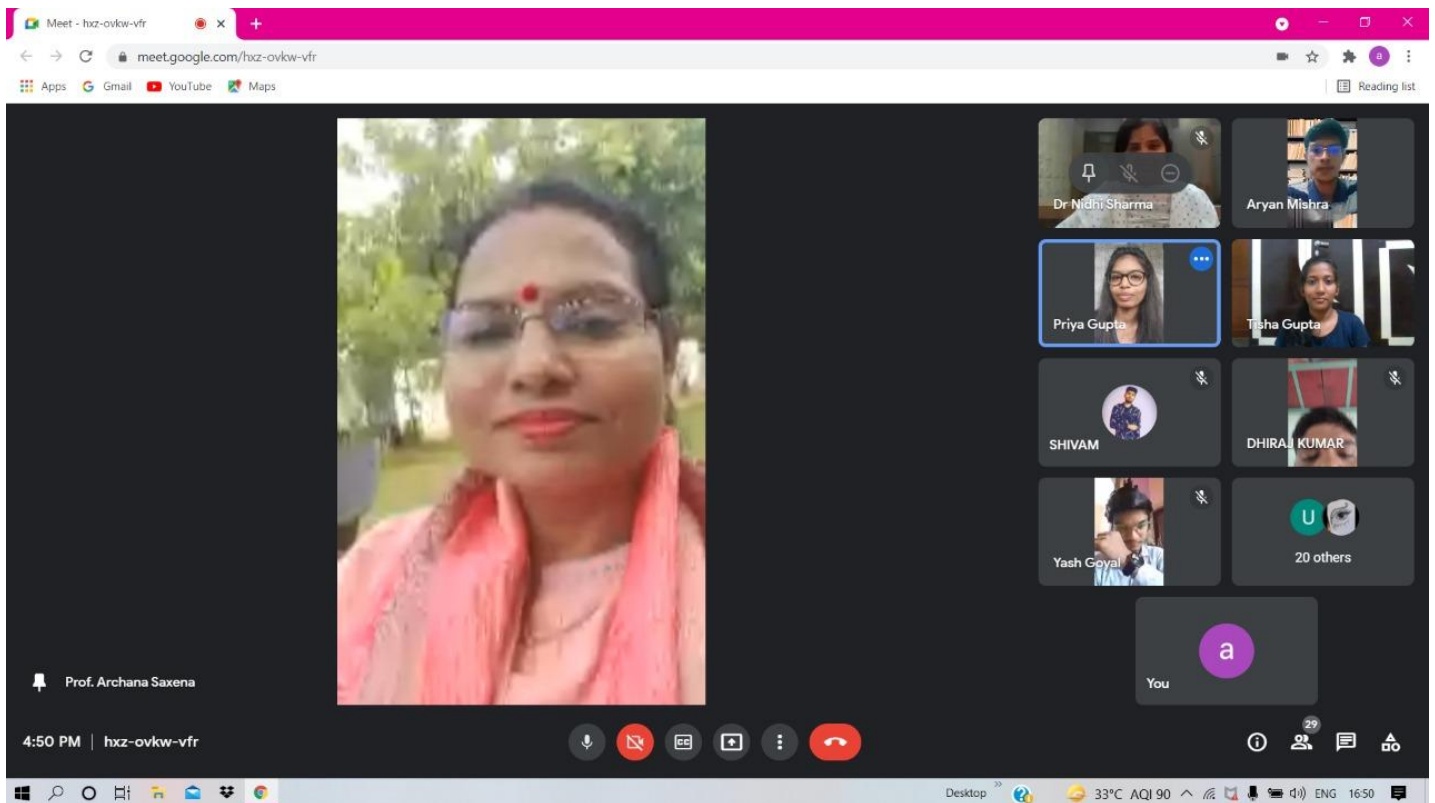

Eventually the feeling of proud was certainly visible on everyone’s face . It was all ended with some key lines of Shayaries on our Nation, which led to the feeling happiness and joy among all the attendees.

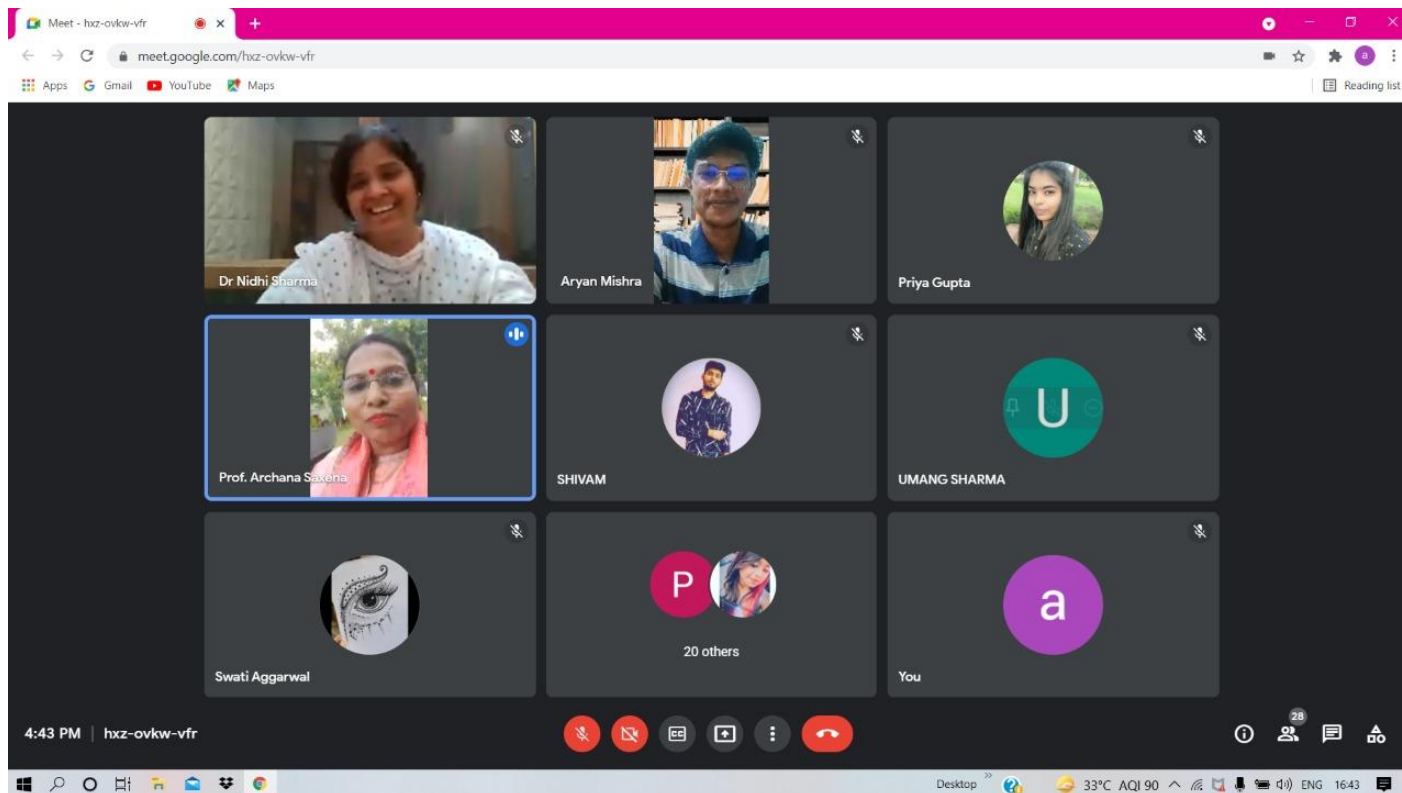

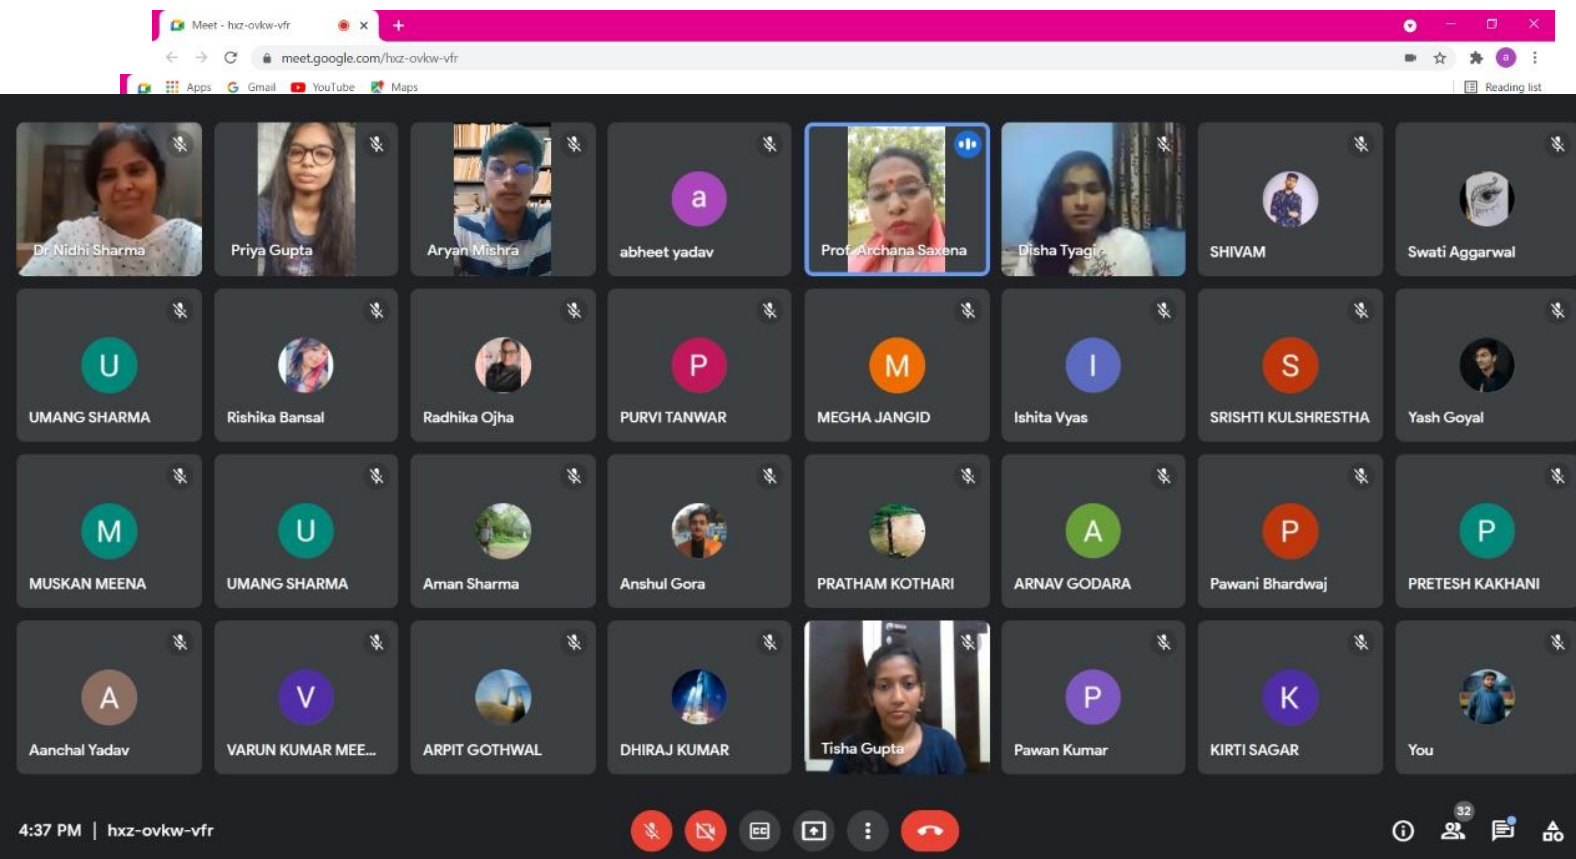

It was indeed proved to be a successful event , not only it made our Evening so Special , but with that it took all of us a few more steps closer, towards our Nation.

.”

Faculty members:-

- Prof.(Dr.) Archana Saxena
- Dr. Nidhi Sharma

Date:- 25th September, 2021

Time:- 05:30 PM onwards

Venue: Virtually held at Google Meet platform.

Details :- The Event was all started with a pleasant note of Introduction about Swami Keshvanand Ji's Life. From his early life's struggles to the hurdles he faced for gaining Education , from Becoming a Social Reform to a Freedom Fighter , everything was very well narrated in detail by our team Members “Aanchal Sharma” , “Aryan Mishra” and “Tisha Gupta”.

The Anchors of the Event “Umang Sharma” & “Lavanya Bhardwaj” had really performed well with full of enthusiasm which filled the whole Environment with

Joy and delight. The eagerness to listen to more & more anecdotes about Swami

Ji's life can be seen among the Attendees.

Its all ended on happy note of Thankfulness by Priya Gupta and made all of us proud to be one of the members of such a Big Organization which works on Swami Ji Principles.

Social reformer

Swami Keshwanand started a girls' school called (Gramothan Vidyapeeth) in Sangriya in August 1917.[citation needed] Because of his efforts, many others in Sangriya have prioritised education.[citation needed]

Swami Keshwanand was presented the "Abhinandan Granth" by the then chief minister of Rajasthan on 9 March 1958. He was a member of the Rajya Sabha for two consecutive terms, 1952-58 and 1958-64. He died on 13 September 1972 in Delhi. The department of Posts, Government of India, issued a commemorative postage stamp in his honour on 15 August 1999. In 2009, Swami Keshwanand Rajasthan Agricultural University was named after him.[1]

Education

The famine of 1899 forced the 16-year-old Birama to leave the desert region and move to Punjab in search of livelihood. Circumstances had induced in him an ineffable spiritual quest. He approached Mahant Kushaldas of the Udasin sect, to whom he expressed the desire to learn Sanskrit, to be able to study the higher Hindu scriptures from primary sources. Noting that Birama belonged to the Jat caste, who were customarily precluded from studying the higher scriptures or even the liturgical Sanskrit language, Mahant Kushaldas advised him to become a sanyasi, or renunciate, which would render him eligible to learn Sanskrit. Accordingly, Birama became a sanyasi in 1904, was inducted into the Udasin sect, and commenced his education at the Sadhu Ashram Fazilka, a Hindu seminary located in Punjab. He learned the Hindi and Sanskrit languages and the Devanagari and Gurmukhi scripts at the Ashram. At the Kumbha Mela held at Prayag in 1905, Mahatma Hiranandji Avadhut conferred on Birama the new name "Swami Keshwanand".

Details:

On the Occasion of National Constitution Day, a physical meetup was organized by UHV & EC committee under the guidance of Prof. Archana Saxena. The aim of the activity is to celebrate 'Samvidhan Divas', with the young generation to commemorate the adoption of the Constitution of India. The members of UHV made their visit in over 20 classrooms and staff rooms to enrich the young minds about the Constitution.

Students were given a Preamble to read and signed. Approximately more than 2000 people signed the preamble including the teaching and non-teaching staff members who provided their complete assets with dynamic participation by signing the preamble.

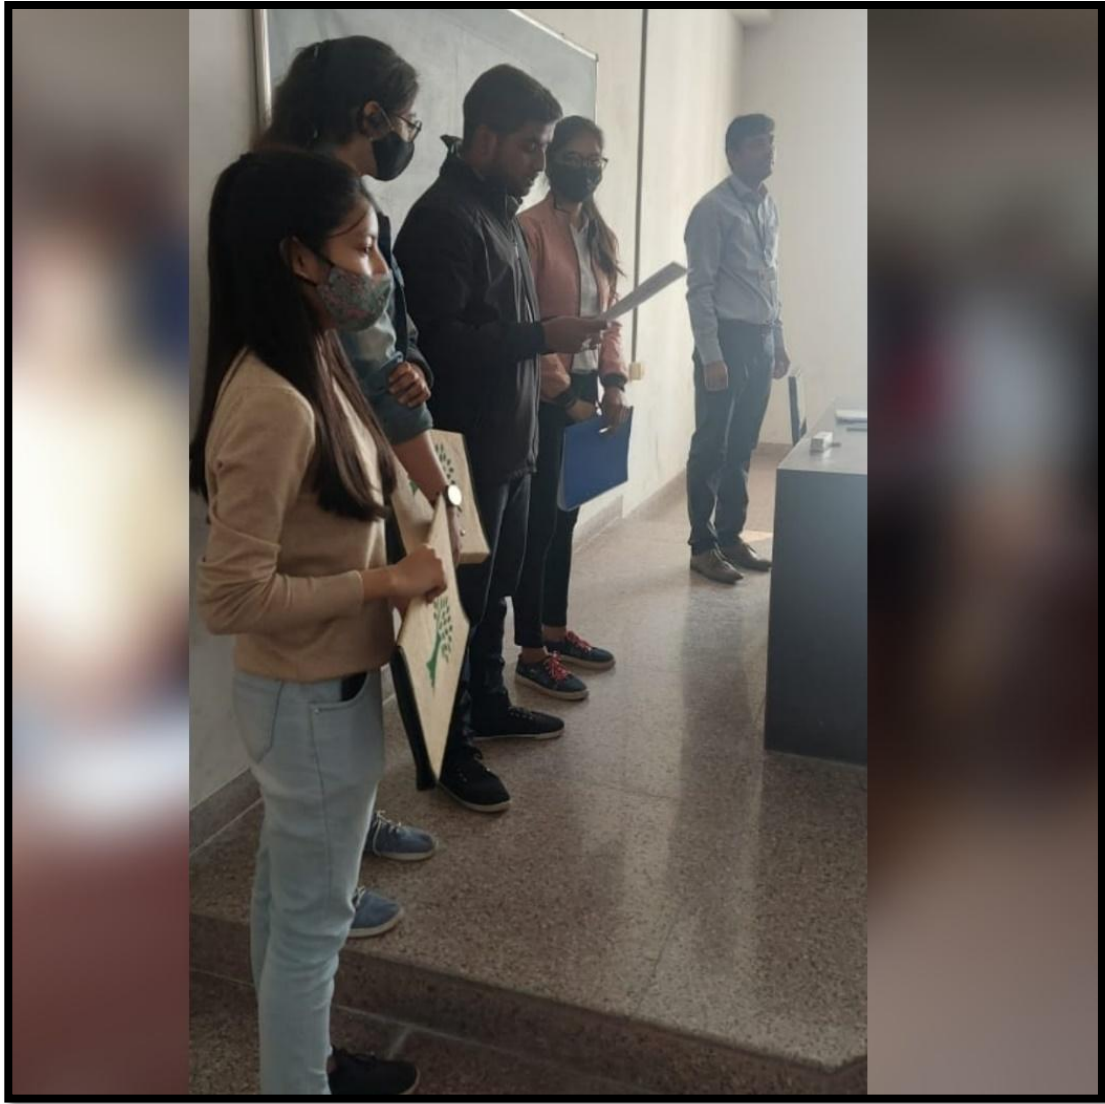

The efforts were well praised by the teachers and authorities of the Institution and the full support of each and every member helped out in making this activity a great success.

Details : On this occasion, Managements, Faculties and all staff members and students contributed towards their happiness, in a way to express our gratitude towards their service. Objective behind this was to explain the significance of the day in our lives. The Armed Forces Flag Day is dedicated towards commemorating the courage of servicemen as well as collecting welfare funds through distribution of flags from the citizens of India to assist the rehabilitation of ex-servicemen in need as well as aid the widows and dependents of martyrs. It is a time for Indians to express their gratitude and appreciation to the current and veteran military personnel of India and to acknowledge those who lost their lives in service to the country. It was an immense pleasure for the members of the UHV & EC Committee to receive this opportunity of rendering their service towards the saviours of our country!

On the national Energy Conservation day, an Essay Competition was conducted on 14th December 2021. The main reason for this activity was to render an understanding among general youth about the Conservation of Energy. Over 20 students eagerly participated in the competition with so many new suggestions supporting the theme.

It was an hour short essay writing competition in which students had to share their ideology within a word limit of 150-200 words. The event was mentored by prof Archana Saxena Mam and Dr. Nidhi Sharma Mam. The results were announced for the 1st, 2nd and 3rd positions. Certificates were provided to all the participants with special commendation certificates for the winners.

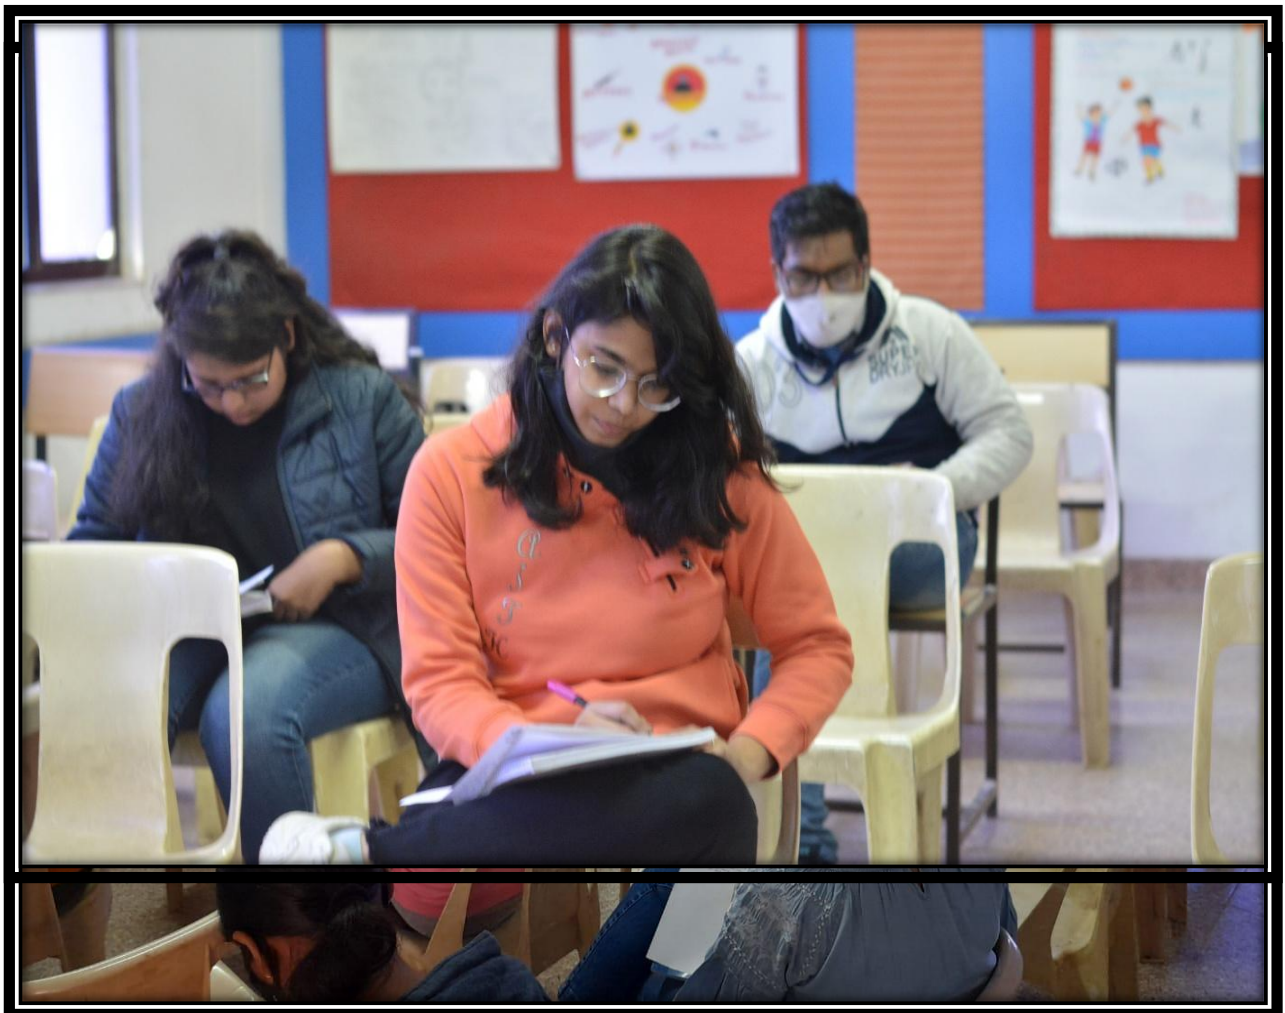

Though it was a short meetup, indeed a valuable exercise for the students to evoke the need to Save Energy.

On every 14th of december, we celebrate National Energy Conservation Day. To ensure and spread awareness about the use of resources. Once Mahatma Gandhi quoted that, "There is f availability of resources for everyone's need, but not anyone's greed." Nowadays, people around the world are exploiting resources with thinking about future. One should always remember that we have not get the resources by our ancestors but have borrowed from our upcoming generation. There are alot of ways by which we can conserve our energy resources at domestic and institutional level. Such that we can conserve our environment and control global warming. Increasing global warming is causing a lot of destruction in our environment and the this is a high time that we must think about it. At domestic level, we can conserve energy resources by using solar power plants instead of electricity generated by ^{thermal} coal power plants. we can also try to maximum switch off the lights when not in use and also can try the LED bulbs. and appliances. I would also like to add that people at home should minimize usage of electronic devices &		

switch to ecofriendly. At institutional level, we can conserve ~~elect~~ energy sources by various means. Specially students may participate in saving resources. One way is to ~~use~~ minimize the usage of laptops/Desktop Computers for sending mails, etc. Students/Staff Members can use their phones/ androids to do the same. Since, the smaller the electronic devices the lesser the usage of electronic device. My point is that we can minimize the usage of bluetooth earphones/speakers/laptops/smartphones for the useless stuff. There is alot more that we can do to save our energy resources. Also, the institute can run a solar power plant to supply/use electricity. Moreover, the use of ducts instead of AC can be used in premises to ensure the minimum usage of electricity & also in ~~the~~ controlling global warming. Even one can make sure that the appliances are working properly and efficiently to make the power loss minimum. People at ~~domestic~~ homes can ~~not~~ ~~use~~ harvest the ~~rain~~ rainwater and can save it for future use. Nowadays, Greedy use of resources or misuse of appliances are the ~~major~~ reasons for exploiting and finishing of resources. One can use bicycle or can walk for a short distance to save petroleum resources. Also, government can establish dams on the ~~evergreen rivers~~ everflowing rivers and also which is further use to produce electricity. ~~Atlast~~ Last but not least, I would like to request for the stoppage of wasting energy resources and want everyone to use resources in a limited way and in a proper way.

1. Energy conservation at domestic and institutional level.
"Essay Writing"

Introduction :-

The term energy conservation means to conserve the energy i.e., reducing the consumption of energy by different methods / forms that can make it ^{is} the most beneficial to the nature and that can make our ^{someone} environment ecofriendly.

How can we conserve energy:

Energy can be conserved by many ways that includes less use of electrical appliances i.e., we should always switch off the appliances if we are not using them. So we must not waste the energy in unnecessary things. We can make the people aware about the benefits of energy conservation and about the need of it for us as well as our future generations also.

As we all know that the energy can neither ~~destroy~~ be created nor be destroyed. So it is that form that is available in the nature for our use and so hence we must try to make the best use of it by not wasting it but by using it for the works that are related to mankind and also try to save it as much as possible by applying the most possible ways.

Energy Conservation at Domestic level / Institutional Level:

We can conserve energy by whenever we are not using lights or fans. whether we are at home, school / college, or any other place we should always switch them off. At home, there are so many electrical appliances ~~that~~ some of them are used on daily basis and some of them are used occasionally. So just try to save the energy by using them ^{only} whenever we need them. rest of the time we should just ~~save~~ let them rest.

The government of India has ~~not~~ take electricity tax ~~with~~ from all the people of India / citizens of India. So, the tax include how many electricity does our home's appliances consume and for how much time and then they get the amount that then shows on the meters which is outside every house. Then we need to pay that tax every month. This whole record is recorded in every city, state or small village of India. In Jaipur and the cities that are around Jaipur and that comes under JVNCL. The full form of JVNCL is Jaipur vidhyut.

Conclusion: →

Every citizen of India also the citizens who does not belong to India should try to make ^{their} best efforts to reduce the consumption of energy and conserving it for our future generations also. And should practice to adopt methods like water energy, solar energy, wind energy which never harm our environment and are good for us.

- 3) Energy Conservation awareness programs by government and NGOs your suggestions.
- 4) Energy conservation: Need, ways and means.

(4) ENERGY CONSERVATION - NEED, WAYS & MEANS

* Energy Conservation ; as the name suggests ^{the} preservation of our natural treasure. Almost everyone around us know much about energy conservation & could give a handsome speech on it but what about the execution of their thoughts & ideologies. In today's scenario, Conservation of energy has become a major task. But what are we doing about it? Just dwelling. This pandemic time in such a short span had taught us life's biggest lessons. But still we are not gearing up. ~~Energy Conservation does not~~ Conservation of Energy not always requires big steps ; it can also be achieved at smaller level. As we all know natural resources takes millions of years for formation & we just to satisfy our greed & use them ruthlessly.

* Energy Conservation is not only required for future generation but also to satisfy the needs of present generation. Various energy resources such as Coal, petroleum are on a verge of extinction. A very interesting question arises now? Why were the Britishers attracted towards our Country? The answer is very simple due to large presence of natural resources. Energy Conservation just requires the judicious use of present available resources so, as to save it for future generation. Depletion of Energy Nowadays is also leading to many environmental causes such as Global Warming, Acid Rain, Ozone layer depletion & what Not. This is high time for us to understand our duty & responsibilities towards our environment & start working for it.

Energy could be conserved on various levels like.

→ COMMERCIAL LEVEL

On a commercial level we see that there is high wastage of natural resources by industries due to improper use of resources available to them. This can be fixed by being more vigilant & responsible & adopting modern techniques for industrial requirements.

→ SOCIETY LEVEL

On a society level, we can make sure that people around us plant more no. of trees, use solar electricity etc. There can be various events organised to aware people about the same.

→ HOUSE HOLD LEVEL

At a house hold level we can ~~see~~ keep an eye on electricity consumption. We can install rain water harvesting techniques. We can open our windows to get fresh air rather than using fans during spring season.

* Mahatma Gandhi once quoted "Earth has enough to satisfy ~~everybody~~ everyone's need but not anyone's greed." Sustainable use of energy can lead our Nation towards path of success.

Notice: To Celebrate Republic Day

Time: 01:30 PM to 02:30 PM

Date: 26th January 2022

Venue: Google Meet

Faculty Members:

Prof. Archana Saxena, Convenor UHV&EC

Dr. Nidhi Sharma, Coordinator UHV&EC

Students Team:

Priya Gupta (Student Coordinator)

Mohak Saini (Student Coordinator)

Aryan Mishra

Anshul Gora

Samridhi

Aanchal Yadav

Lavanya Sharma

Tisha Gupta

Vishal Bansawal

Detail Execution:

The Celebration all began with an energetic play of National Anthem. It was an hour short event hosted by the **Anchor**-“*Aryan Mishra*” and wonderful Patriotic **poem** by *Priya Gupta*.

The 1st performance was a short **Speech** by ‘*Vishal Bansiwal*’ and ‘*Divya Nyati*’ which made all of us aware about the true meaning and importance of celebrating Republic Day.

After that the 2nd performance was of ‘**Patriotic Songs**’ by 1st year students: ‘*Avishi Vijay*’, ‘*Shilpi Shukla*’ & ‘*Aanvi Bhatt*’. The inevitable performance had enriched the environment with sweet melodies.

Then their comes the turn of most awaited **Dance** Performance by ‘*Aashi Kushwah*’ and ‘*Samridhi*’ which had filled the environment with great thrill and excitement.

Meanwhile during the session, the encouraging words of “*Dr. Nidhi Sharma*” mam had nurtured the true spirit of all the participants throughout the journey. With that the use of *shyaries* and *slogans* of ‘*Vande Matram*’ & ‘*Bharat Mata ki Jai*’ by the team members of UHV&EC had helped out in maintaining the enthusiasm of the participants till the end.

At last the **Poem** recitation by ‘*Aarushi*’, ‘*Garvita Sakhrane*’ and ‘*Chahak Khurana*’ had impetrated the feeling of Patriotisms in all the attendees and made all of us realise about the sacrifices our Freedom Fighters had gone through inorder to enrich our Beautiful Nation.

Eventually the whole event certainly proved to be a complete mixture of all sort of Entertainment mixed with feeling of Nationalism and and helped out in invoking true sense of Nationality in all of us.

REPORT OF THE EVENT

To augment the spirit of womanhood the celebrations of international women's Day was organised on 8 March 2022 at 1:30 PM in JC Bose seminar hall. The audience comprised of girls from second year B.Tech and faculty members from Basic Sciences and Humanities. Professor Archana Saxena, convener UHV and EC and Dr Nidhi Sharma, member of UHV and EC welcomed all the guests with warm greetings and made sure that all the lovely ladies felt comfortable.

The programme flagged off with a welcome speech by Dr Nidhi Sharma who shared anecdotes from her personal life and emphasised on the feeling of being a proud mother and encouraged the girls to give their best in life despite challenging situations. Professor Archana Saxena shared her personal experiences of being a woman and also motivated the girls to abide by the fundamental values of life. She also sang a beautiful song on karaoke as a tribute to the Nightingale of India, Lata Mangeshkar. Miss Kiran Rathi, Assistant Professor from the Department of EC was the chief guest of the programme and she highlighted on the need to become an independent woman in our lives. She also narrated her personal life experiences and encouraged the girls to never give up in life. Ms Namrata from the department of EC also shared her success journey as an educator. Ten girls from various branches of second year B.Tech participated in the panel discussion and also shared their individual success stories.

Dr.Savita Chaudhary, Associate Professor from the Department of Management Studies emphasised on the concept of Humanhood. She said that beyond being a good woman, one must always strive to become a better human in one's life. Professor Ona Ladiwal, Head, Department of Management Studies, gave an inspirational speech from her personal journey and encouraged the students to always have trust in potential. She infused the seminar hall with energy by singing few Bollywood songs along with a marwadi song on Holi. Dr Geetika Patni from the Department of English also shared her experiences of being a woman and Ms. Divya Mathur, from the same department, inspired the girls to come out of their shells and give their best to life.

The event followed by questions from the audience and discussion on how a perfect balance of life can be maintained if both the genders respect each other's dignity. At the end, all the panellists and members of the audience gathered for a group photo shoot.
