The Computer Science department of SKIT and IIT Bombay jointly organized an National workshop on 'C & C++' for teacher on 29th February of 2020 under the 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT)', MHRD, Govt. of India Conducted by The Teaching Learning Centre (ICT), Supported by FOSSEE & Spoken Tutorials. This workshop addressed by Prof. Bhaskaran Raman, Department of Computer Science & Engineering, Prof. Kameswari Chebrolu , Department of Computer Science & Engineering and Prof. Varsha Apte, Department of Computer Science & Engineering, IIT Bombay.

C and C++ are used for developing operating systems, compilers, parsers, interpreters, word processors, search engines and graphic programmes. C and C++ are very versatile and easy-to-learn programming language with an extensive library of open tools allowing users to solve a variety of problems. C and C++ have rich ecosystem of libraries and tools for scientific computing and data science. C and C++ can interface relatively easily with other well-established languages like FORTRAN. In addition to this C and C++ also have libraries to build user interfaces, interface to hardware, and a whole host of other domains.

Prof. also told the importance of C&C++ workshop and also explains the execution process of this workshop. He explains the process of answering through Forum.

This workshop was coordinated by Mr. Kailash Soni under the super vision of SKIT remote centre coordinator Dr. Mukesh Kumar Gupta.
