(57) Abstract :

In today's world security plays important role. Each and every person has different accessories like gold, jewelry or cash so in our day today life the security is important to save our accessories. someone can steal our things in order to overcome we should have a highly security enhanced safety locker system. We can use this system in both public and private sector. We can offer them in cheap cost. In added advantage of this systems we have a camera, which is attached to the systems we can easily access the systems by both educated and illiterate people.
