**Session: 2017-2018**

**Alumni feedback occupies a prominent position in the strategic development policies. It also helps to improve the accountability of the system.**

Following suggestion were noted after analyzing feedback forms filled by them and verbal communication held with them..

More of practical technical knowledge must be included.

Library is adequately rich but general books on social and spiritual aspects must be added.

R&D needs to be emphasized. Potential Student's projects should be funded by Institute/ funding agencies.

Midterm exams, unit tests and assignments may be conducted online.

Exchange programs with renowned Institute/ University will help students to grow their technical skills as well as personality.

This notation is forwarded to authorities for further action.
