Campus Recruitment Training (CRT)

Campus Recruitment Training (CRT) is an intense placement oriented drill initiated in the year 2009. It is come under the Capacitive Development Cell (CDC). This cell has been constituted in the institute on 18 July, 2014 and after that CRT comes under CDC cell. This training is conducted to train students for upcoming campus recruitment drives. The CDC Cell in consortium with TIME Institute organizes Campus Recruitment Training (CRT) Program for pre-final year students. The CDC Cell organizes and conducts Aptitude training, Technical training and soft skills training along with the Mock Tests for the students of Pre Final Year and Final Year. Regular Counseling/Guidance sessions are organized for all students of Pre Final and Final Year. The major topics covered in the course are:

- Quantitative Ability
- Logical Reasoning
- Verbal Ability
- Group Discussion
- Personal Interview

To hit the bull's-eye, every final year students undergoes a 42 Hours Refresher Training Programme. The exhaustive programme includes:

- Group Discussions
- Technical Brush-up sessions
- Corporate Etiquette
- Effective Resume Building
- Personal Interviews by Industry visitors
- Individual assessments by CoCubes/AMCAT/FACE/TIME/MyPerfected

SWAMI KESHVANAND INSTITUTE OF TECHNOLOGY MANAGEMENT & GRAMOTHAN

JAGATPURA, JAIPUR

Noting Sheet

Date: 18/07/2014

1. Pursuant to the Management meeting on 16 July, 2014 to review the training process at our institute, it has been decided and agreed upon to create a centralized cell to manage all training related initiatives at SKIT, M&G. This has been done to improve the efficacy of training activities at the institute.
2. The cell will here after be called 'Capacity Development Cell (CDC)' and is deemed to have come into existence w.e.f. 18 July, 2014
3. The cell will ensure effective implementation of all training activities at SKIT.

CAMPUS PLACEMENT POLICY

1. Preamble

The biggest concern of a final year engineering student is to get a good job in a reputed organization before he/she completes his/her B.Tech degree. The Institute's placement cell provides the students with the best possible opportunities through campus placements. Many good students sometimes fail to get jobs in good companies due to absence of right guidance. The purpose of placement policy is to prepare them well in advance so that students get selected by their dream companies.

2. Apex Placement Committee

Purpose: The purpose of this committee is to formulate placement policy and to provide guide-lines to the Placement Working Committee. The Apex Placement Committee will review from time to time the achievements of placement working committee and may make changes in the policy.

Composition:

The Apex Placement Committee will be composed of the following members

1. Director (Academics)
2. Principal
3. Adviser
4. Registrar
5. All Heads of Engineering Departments

3. Placement Working Committee

Purpose: The purpose of this committee is

1. to contact and invite companies for placement.
2. to organize training in various skills required for placement and to motivate students to participate wholeheartedly.
3. to obtain feedback from all stake holders.
4. to forward quarterly reports to the Apex Placement Committee

Composition:

Placement working committee will be composed of the following members

1. Adviser
2. Two members to be nominated by the Apex Placement Committee
3. T.P. Officer
4. One faculty member from each engineering department to be nominated by respective HODs
5. Two students from each department (one each from B.Tech V & VII semesters) to be nominated by respective HODs)

Nomination

The members of the placement working committee may be changed or renominated by the Apex Placement Committee

4. Implementation of Policy

The training of students in various skills may be organized in stages which may be decided by the Placement Working Committee. Keeping in view the importance of communication skills, soft skills and CRT programme in the corporate world, every student who is interested in campus placement will have to undergo these trainings to be organized in the Institute. Without under-going these trainings no student will be permitted to participate in the campus interviews. It is suggested that training for communication skills, soft skills and CRT programme may be imparted during B.Tech I/II sem, III/IV sem and V/VI sem respectively. The training should be organized during free periods, if possible or beyond Institute's working hours. While organising these trainings care should be taken that as far as possible academic programmes are not curtailed.

During B.Tech I year the faculty members and batch counselors, after the admissions are finalized, will assess strengths and weaknesses of each student based on their observations. The ~~media~~ for observation will be prepared and provided by the placement cell.

At the beginning of the B.Tech III semester, the students will register themselves with the placement cell and provide the required information such as their contact numbers and e-mail addresses.

At the beginning of the B.Tech VI semester, the students interested in campus placements will fill the detailed application form obtainable from placement cell & register themselves for campus placements. Based on the information provided by the students, the placement cell compile the data and the Placement Working Committee will carry out the process of placements of the students.

5. Placement options for students

A renowned company as decided by the Apex Placement Committee will be given the status of Day One Company which will be invited by the Placement Working Committee before all other companies. At the time of registration the students will give their choice for any company henceforth will be called **Dream Company**. Sometimes it may happen that core companies may be permitted to hold campus interviews before the visit of Day One Company. In order to give fair chance to all the students certain restrictions will be imposed on the participation of students in campus interviews. The participation rules are as follows.

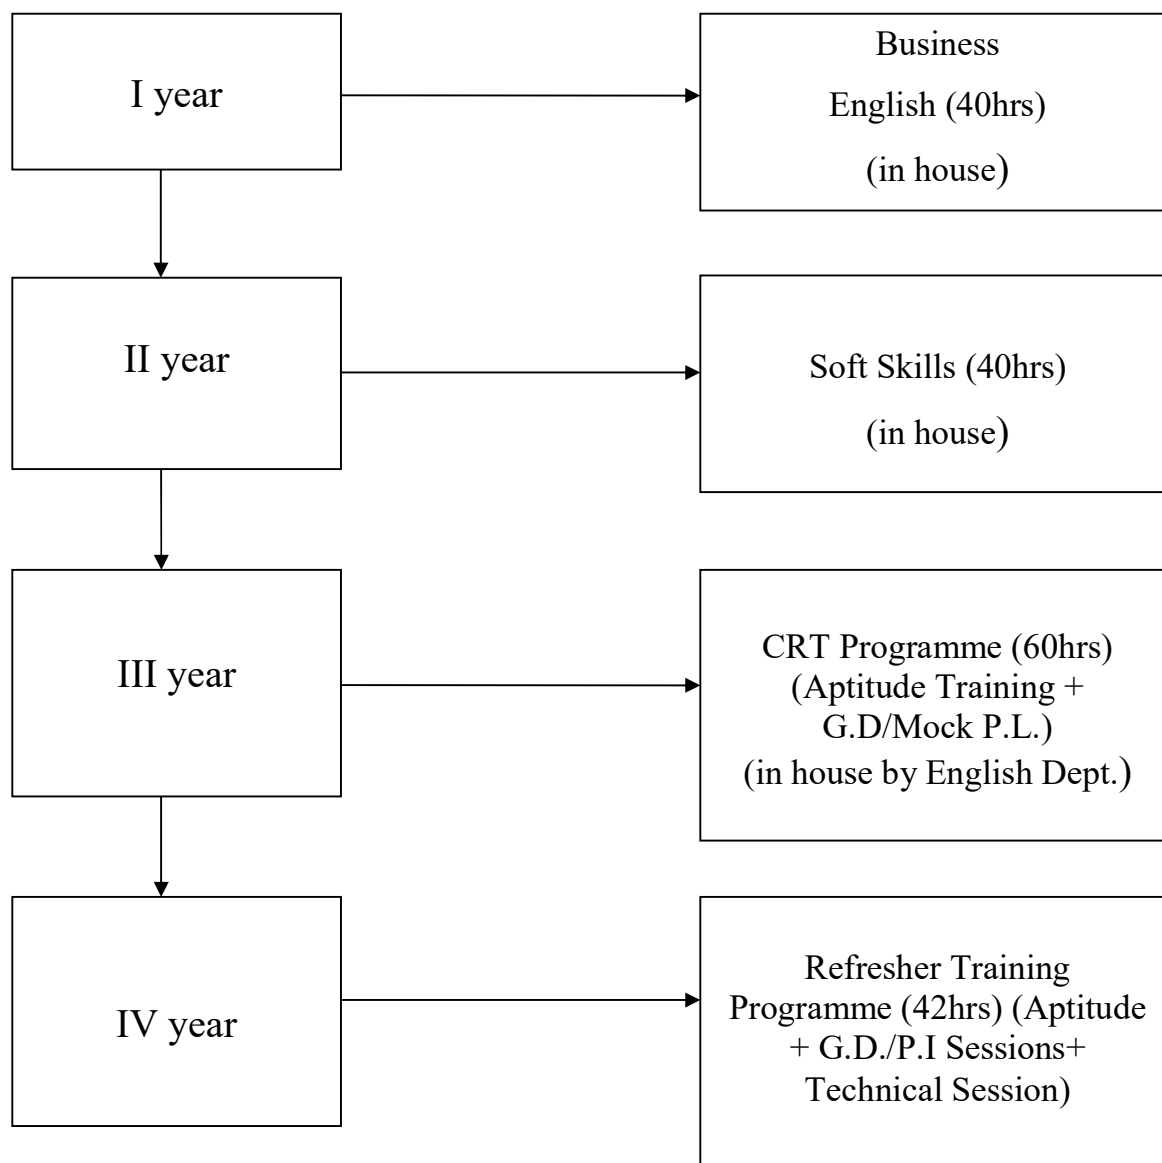

1. Every eligible registered candidate will be permitted to participate in the campus interview of his/her dream company.

2. If a registered student gets selected in his/her Dream Company, prior to the arrival of day one company, he/she will not be permitted to participate in the subsequent campus interviews including that of day One Company.
3. All eligible registered students debarring the category as mentioned in (1) above will be permitted to participate in the campus interview of Day One Company.
4. Eligible registered students not selected under categories (1) and (2) above will be permitted to appear in subsequent campus interviews till he/she gets placed in some company. However, if a student is rejected in two consecutive campus placements he/she will have to undergo retraining prescribed by placement cell. Without undergoing retraining the student will not be permitted to appear in subsequent campus interviews.
5. No student will be allowed to seek more than one offer letter from companies other than BPOs through campus placements.
6. No student will be allowed to seek more than one offer letter from BPOs through campus placements.
7. In some exceptional circumstance the Apex placement committee may permit some or all students to appear in some renowned company.
8. Any student who has registered for any particular campus placement will have to participate seriously in all stages of recruitment process failing which he/she will be debarred from participation in two subsequent campus placements.
9. Any student furnishing false information will be debarred from that and the next campus placement.

6. Future Action Plan

1. An action research plan will be prepared and based on that effectiveness of each of the modules of different trainings imparted to the students for their placements will be analysed. Based on the outcomes these modules may be revised or enlarged/curtailed.
2. For any other uncovered point the Placement Working Committee will seek guidance from the Apex Placement Committee.
