- CGI, Bharatpur
- VIT, Jaipur
- SKIT, Jaipur

Objective of the workshop:

IITB has introduced spoken tutorial many years ago for effective LMS (Learning Management System) that is based on Moodle.

[Moodle: is an open source and free/libre software that is designed and developed by Moodle community distributed under the GNU General Public License.]

The basic motive of this workshop was to aware Teachers and System administrators with **Moodle** software usage, features and installation and then it can be further implemented in educational institutions around the country for betterment/improvement of current methodologies in colleges/schools like:

- Assignments,
- Lecture Notes,
- Online Exams,
- Forums, Announcements,
- Online videos, URL's and so on.

Above said features can be done by using **moodle** and it gives proper security and healthy interface for both students and teachers.

Outcomes of workshop:

- Various teachers from Kendriya Vidyalaya have got benefited from this workshop
- All participants found this workshop very useful and healthy
- Participants have learnt about the installation basics of Moodle software
- Participants have learnt how to add online assignments, notes, create online forums for student and teacher, online book creation, adding announcements for students, adding URL's and so on.
