https://forms.gle/sGBrSGao3Fx1Y6bM7

Note:
- The FDP will be conducted through **online platform**.
- Participants can be faculty members from AICTE/UGC approved organizations/institutes **PAN India.**
- There is **no registration fee**.
- **Special sessions** by industry experts from IBM and, Infosys on CMMI Specifications.
- The **certificates** will be issued to those participants who will attend the program with minimum 80% attendance and score overall 60% marks in the assessments/assignments conduct during the online FDP.
- Last date of registration is **21st August 2021**.

ABOUT THE PROGRAMME
The purpose of this faculty development programme is to enhance the knowledge of Outcome Based Education (OBE) among the faculty and peer groups. The FDP will attract the speakers and policy makers in OBE and quality specifications from both Industry and Academia. This FDP is meant for faculties of engineering, sciences, mathematics, and humanities courses in technical and diploma institutes.

EXPERTS/SPEAKERS
- Col. B. Venkat, Director, Faculty Development Cell, AICTE, India
- Prof. G. Varaprasad, CSE, B.M.S. College of Engineering, Bengaluru, Karnataka
- Ms. Shubha Gupta, Digital & Mobile Client Services and Excellence (CSE) Leader (CIC India), IBM
- Prof. M.K. Banerjee, Visiting Professor, Department of Metallurgical & Material Engineering MNIT, Jaipur
- Dr. S. Das Mandal, Advanced Technology Development Centre, IIT Kharagpur
- Ms. Kamaljeet Kaur, Lead, Education, Training and Assessment, Infosys

ABOUT JAIPUR
The world famous 'PINK CITY', the capital of the Rajasthan state founded in 1727 AD by Sawai Jai Singh II is one of the most popular tourist destinations. It has a rich culture heritage and many important historical places viz. Amber Fort, Jaigarh Fort, Nahargarh Fort, City Palace, Albert Hall Museum, Jantar-Mantar, Govind-Dev Ji Temple, and Birla Mandir. Jaipur is also famous for its handloom & handicraft, and proves a heaven for shopping and enjoyment, Jaipur is also a home of undergraduate and post-graduate education in Rajasthan with numerous eminent universities and institutes.

ABOUT THE INSTITUTION
Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) is a selective comprehensive institution offering undergraduate and postgraduate programmes in Engineering and Management. The institute was established in the year 2000. During all the past years SKIT has emerged as a 'Premier Centre' of technical education not only in Rajasthan but also in northern India. The institute is ranked "No. 1 Engineering College in Rajasthan within Category-A" for the last four consecutive academic years (i.e., 2017-18, 2018-19, 2019-20 & 2020-21) by Rajasthan Technical University, Kota. The institute is also accredited & re-accredited by NBA (Five Engineering Branches since 2010).

COMPUTER SCIENCE & ENGINEERING & INFORMATION TECHNOLOGY

The departments are NBA accredited and offers undergraduate programs in CSE & IT, postgraduate program in CSE and Ph.D. in CSE. The major areas of research are Big Data Analytics, Cloud Computing & Virtualization, Artificial Intelligence, Security, Compilers & Programming Languages, Computer Architecture, Bioinformatics and Theoretical Computer Science. Both departments have various research laboratories with the state-of-the-art computing facilities. The department is also recognized as a "Center of Excellence in IoT" by Rajasthan Technical University, Kota.

PROGRAMME OBJECTIVES
1. Create awareness among the faculties and their peer groups about the concepts of Outcome Based Education (OBE) and its growing importance in present educational scenario.
2. Understand the implementation process of Outcome Based Education.
3. Educate the participants with the various contemporary academic delivery methods.
4. Develop measures that can be used to assess the quality of education provided through the OBE model with a special emphasis on technical education.
5. Understand the implementation of OBE in NBA/NAAC.

EXPECTED OUTCOMES
1. The participants will understand the relevance of Outcome Based Education, its role in NBA/NAAC, usefulness of accreditation and various processes associated with accreditation.
2. The participants will understand the teaching pedagogy and effective implementation of every aspect of pedagogy.
3. The participants will learn to formulate vision, mission, PEOs, PSOs of the department and methods of attaining PEOs and PSOs.
4. The participants will also learn to design course outcomes.
5. The Participants of the FDP will become more familiar with assessment process using OBE.

TENTATIVE TOPICS TO BE COVERED
1. Process of developing vision & mission of the Institute/Department.
2. Formulation of course outcomes with blooms taxonomy.
3. Writing PEOs and PSOs for UG programs.
4. Mapping of COs & POs, Importance, Rubrics/formats & examples for theory course, Laboratory course.
5. Best practices to continuously improve the quality of programs.
6. Teaching and Learning process
7. Contemporary Pedagogical tools for effective course delivery.
8. Process of curriculum development.
9. Methodology and benefits pre-qualifiers for the accreditation process.
10. File preparation and document management for Self-Assessment Report (SAR) and Self Study Report (SSR).

During valedictory, feedback from the participants was also taken and after that an online assessment was conducted.

COMPLETION REPORT

Five-day faculty Development Programme (FDP) on **"Outcome-Based Education: A Paradigm for Assessment & Accreditation** was successfully organized by Department of Computer Science and Engineering & Department of Information Technology, Under the aegis of IQAC & PAQIC at the Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur from 24[th]August, 2021 to 28[th]August, 2021. The programme had the primary objective to enhance the knowledge of Outcome Based Education (OBE) among the faculty and peer groups. The FDP will attract the speakers and policy makers in OBE and quality specifications from both Industry and Academia. This FDP is meant for faculties of engineering, sciences, mathematics, and humanities courses in technical and diploma institutes. Some other specific objectives which were targeted in this FDP are:

✓ Create awareness among the faculties and their peer groups about the concepts of Outcome Based Education (OBE) and its growing importance in present educational scenario.

✓ Understand the implementation process of Outcome Based Education.

✓ Educate the participants with the various contemporary academic delivery methods.

✓ Develop measures that can be used to assess the quality of education provided through the OBE model with a special emphasis on technical education.

✓ Understand the implementation of OBE in NBA/NAAC.

The Outcomes of this FDP are as follows:

✓ The participants understood the relevance of Outcome Based Education, its role in NBA/NAAC, usefulness of accreditation and various processes associated with accreditation.

✓ The participants understood the teaching pedagogy and effective implementation of every aspect of pedagogy.

- ✓ The participants learned to formulate vision, mission, PEOs, PSOs of the department and methods of attaining PEOs and PSOs.

- ✓ The participants learned to design course outcomes.

- ✓ The Participants of the FDP become more familiar with assessment process using OBE.

Programme Highlights

- ✓ **Number of participants:** In all 269 participants attended the FDP Programme. There were participants from all parts of the country.

- ✓ **Resource Persons:** The various sessions of faculty development programme were taken by academicians and industry experts.
