1. About SKIT:-

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT), inspired from the learnings of Swami Keshvanand, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today, the Institute is recognized as one of the centers of academic excellence in Northern India. The Institute is affiliated to Rajasthan Technical University, Kota for offering Ph. D., Postgraduate and Graduate Courses in Engineering and Management. Our sister institution Swami Keshvanand Institute of Pharmacy (SKIP) is affiliated to Rajasthan University of Health Sciences for offering Graduate Course in Pharmacy.

Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Industry – Institute Interface. Apart from University curriculum, SKIT also pursues activities for research and development in various fields.

The green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants make the environment serene, pleasant and dynamic.

Students joining the institute share the box full of opportunities for professional and personal development through an environment of practical orientation, industrial interaction and student led activities which help the students to develop good communication skills, integrated personality and greater competitive spirit.

Our Inspiration

"Mass illiteracy is the root cause behind backwardness of India. If we want speedy progress of nation we need to root it out as early as possible."

– Swami Keshvanand

Swami Keshvanand, an orphan, illiterate, nomadic man who never received formal education, was the founder of more than 300 schools, 50 hostels and innumerable libraries, social service centers and museums. Swami Keshvanand had a deep understanding of the rural society of the desert region. He had explained the peculiarities of the desert region, identified the problems and suggested appropriate and logical solutions. It was Swami Keshvanand's lifelong endeavour to eradicate social evils like untouchability, illiteracy, child marriage, indebtedness, poverty, backwardness, alcohol abuse, moral dissipation etc.

Vision

To promote higher learning in advanced technology and industrial research to make our country a global player

Mission

To promote quality education, training and research in field of Engineering by establishing effective interface with industry and to encourage faculty to undertake industry sponsored projects for students.

Quality Policy

We are committed to 'achievement of quality' as an integral part of our institutional policy by continuous self-evaluation and striving to improve ourselves.

Institute would pursue quality in

- All its endeavours like admissions, teaching- learning processes, examinations, extra and co-curricular activities, industry institution interaction, research & development, continuing education, and consultancy.
- Functional areas like teaching departments, Training & Placement Cell, library, administrative office, accounts office, hostels, canteen, security services, transport, maintenance section and all other services.”

Date and Day: - 04/09/2019, Wednesday.

Venue: - Gyan Mandir Auditorium

Time: - 1:30 p.m. onwards

Objective of the Event:-

The objective of celebration was to pay respect to the teachers and express gratitude for their constant involvement in our lives. The birth date of the second President of India, Dr. Sarvepalli Radhakrishnan, 5 September 1888, has been celebrated as Teacher's Day since 1962.

Execution of program:-

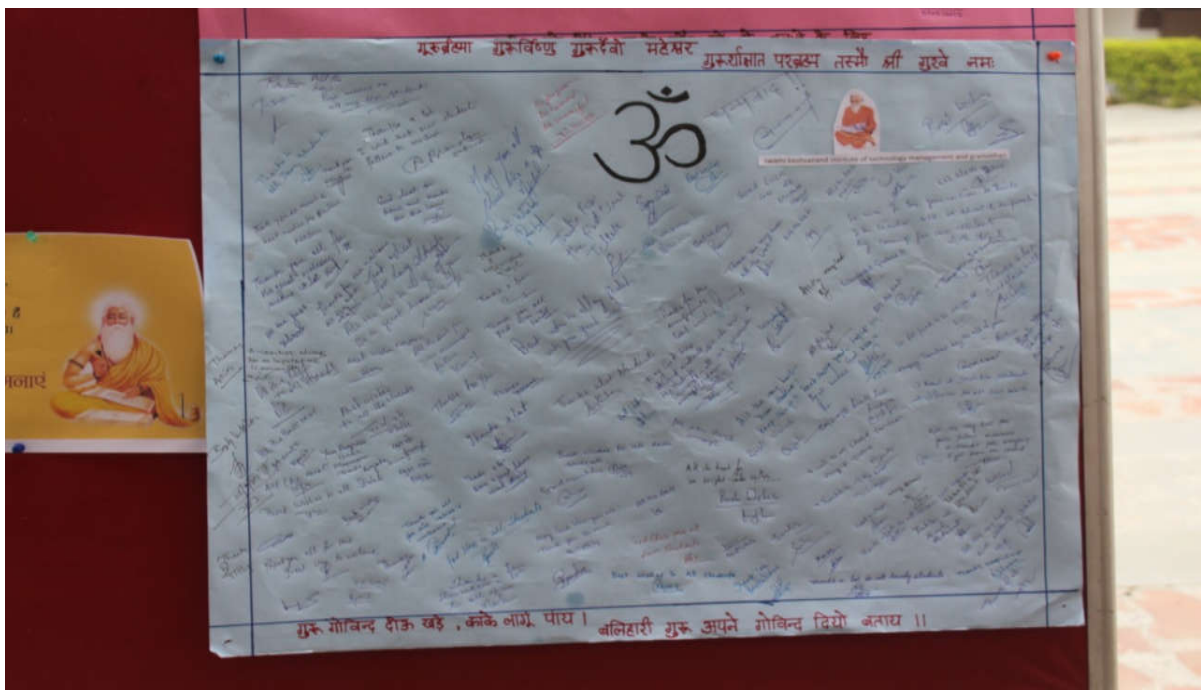

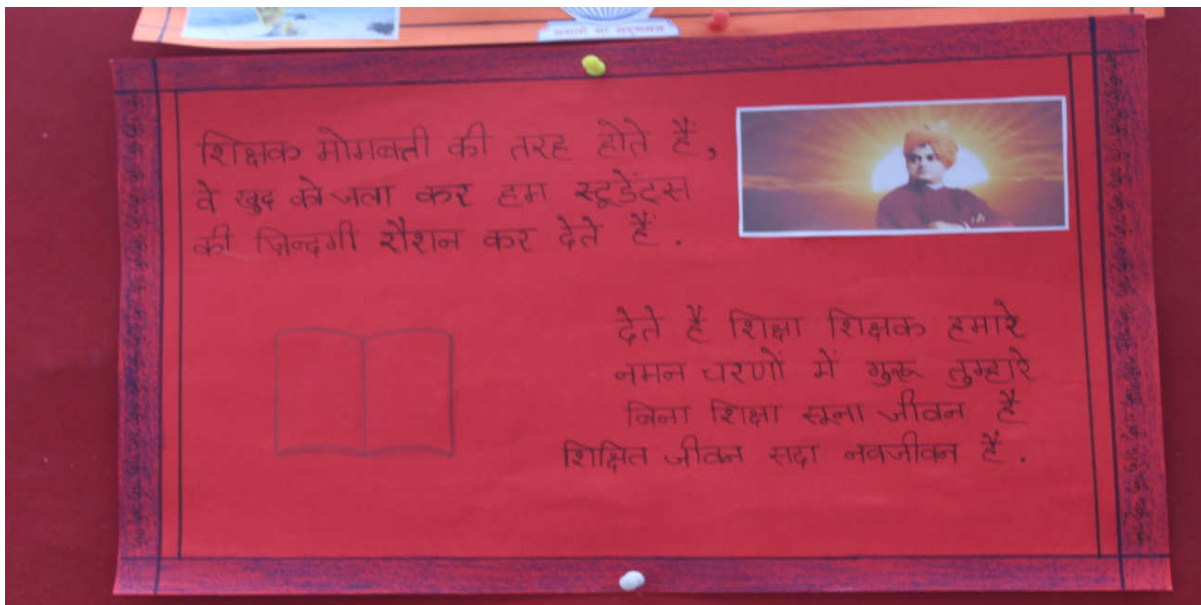

The celebration starts with remembering the almighty and lamp lighting. The celebration started off with a bang an energetic band performance followed by some amazing breathtaking dance performances by various dance groups in our college. Mr. Manu played with extreme rhythm and won all our hearts. Some games were organised as well, teachers showed their participation in the event by answering and actively participating in the activities. The mystical afternoon ended with soothing music performance by the spic macay heritage club.

Details (Execution):-

The event started with lighting the lamp and Saraswati vandana followed by floral welcome of Honored Guest Mr. S. S. Bissa, IAS (Retd.). Mr. S. S. Bissa is a retired IAS officer, has served Government of Rajasthan as Secretary and Commissioner, Deputy of Information & Public Relations, Dir Education, Collector & DM, DIG (Prisons), Presently faculty at Rajasthan State Institute of Public Administration Officer Training School, Jaipur. Upon his address to the students Mr. Bissa spoke with great respect and warmth for Swami Vivekananda.

Swami Vivekananda was a Hindu monk and one of the most celebrated spiritual leaders of India. He was more than just a spiritual mind he was a prolific thinker, great orator and passionate patriot. He carried on the free-thinking philosophy of his guru, Ramakrishna Paramhansa forward into a new paradigm. He mentions the need of essential nourishment by a guru. He emphasized that the aim of education being life-building, man-making character-building. He said that knowledge without culture was only skin-deep. He stressed education for democracy and national development. He has emphasized that an education which develops character, mental powers and intelligence gives self-confidence and self-reliance among the individuals.

Education was a powerful instrument to achieve these development qualities in the people. He absolutely proved to be a great inspiration for the young minds.

A question and answer session was also conducted, the students got some insights when their questions were answered by Mr. Bissa. The event ended with a vote of thanks and National Anthem.

1. Introduction to Swachhata Pakhwada:-

“Swachh Bharat Abhiyan” is an initiative by the Hon’ble Prime Minister, Shree Narendra Modi as a nationwide cleanliness campaign. It was launched on 2nd October 2014, on the birthday of the Father of the Nation, Mahatma Gandhi with a vision and mission of a clean India.

The mission was launched on the concept of Mahatma Gandhi’s vision, “Sanitation is more important than independence”

As a part of this nationwide agenda, SKIT has actively participated in “Swachh Bharat Abhiyan” by observing “SWACHHTA PAKHWADA” during 16/01/2020 to 31/01/2020.

The programme was formally initiated on 16.01.2020 at the Auditorium with pledge of swachhata followed by a lecture by Mr. Kailash Soni on the cleanliness and environment conservation. During the Pakhwada, several activities were carried out in the institute for Clean India Swachhata Pakhwada Campaign. All the laboratories, administrative building, security room, colony premises were examined for cleanliness and importance of sanitation to keep the environment and surroundings healthy was realised.

The sanitation campaign is a great success that has inculcated a sense of safety and hygiene in each and every individual of the campus. Nearby villages, farmers and other society members were also sensitized and this has resulted in building up of new generation of soldiers for clean India campaign.

This campaign and efforts will continue in future for building strong and healthy India.

So, during the Pakhwada, various Swachhata activities and awareness were organized at SKIT Campus and Village sites. The activities were carried out as per the action plan and the same were reported daily on Samiksha Portal.

3rd January, 2020

Dear Madam/Sir,

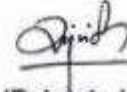

As you are aware Swachhata Pakhwada was started with a vision to mainstream swachhata activities across the Higher Educational Institutions (HEIs) of India. The programme has seen enthusiastic implementation by the HEIs. Now for the year 2020 the Swachhata Pakhwada will be observed from 16th Jan to 31st Jan, 2020. During this period certain Swachhata related activities are to be undertaken by HEIs and its affiliated colleges. Detailed list of such activities is enclosed as **Annexure I**.

You are, therefore, requested to conduct various activities in your esteemed University and its affiliated colleges to observe Swachhata Pakhwada. Further, I would request you to kindly send the date-wise report of the activities undertaken during this period along with photographs (size 2-5 MB) on email swachhtapakhwada2020@gmail.com and on UGC University Activity Monitoring Portal (<https://ugc.ac.in/uamp/>).

I look forward to your enthusiastic implementation of Swachhata Pakhwada.

With kind regards,

Yours sincerely,

(Rajnish Jain)

11. Day 1: Swachhata Pakhwada Inaugurated at SKIT on 16.01.20:-

The Abhiyan was formally initiated by Dr. Ramesh Kumar Pachhar, Principal on 16.05.2017 at Institute auditorium with the oath of cleanliness by the employees of the institute. It was envisaged that such activities will help to make the environment clean and keep us healthy. An appeal was made to keep the office and colony premises clean to avoid incidences of diseases. The committee constituted was given a responsibility to start a campaign for cleanliness across all the places in institute such as class rooms, offices, labs, mess, hostel, etc. It was also felt necessary to start the awareness campaign for villages adopted by the institute or in vicinity of the institute. This will help in spreading the importance of cleanliness.

स्वच्छता शपथ

महात्मा गांधी ने जिस भारत का सपना देखा था उसमें सिर्फ राजनैतिक आजादी ही नहीं थी, बल्कि एक स्वच्छ एवं विकसित देश की कल्पना भी थी।

महात्मा गांधी ने गुलामी की जंजीरों को तोड़कर माँ भारती को आज़ाद कराया।

अब हमारा कर्तव्य है कि गंदगी को दूर करके भारत माता की सेवा करें। मैं शपथ लेता हूँ कि मैं स्वयं स्वच्छता के प्रति सजग रहूँगा और उसके लिए समय दूँगा।

हर वर्ष 100 घंटे यानी हर सप्ताह 2 घंटे श्रमदान करके स्वच्छता के इस संकल्प को चरितार्थ करूँगा।

मैं न गंदगी करूँगा न किसी और को करने दूँगा।

सबसे पहले मैं स्वयं से, मेरे परिवार से, मेरे मुहल्ले से, मेरे गांव से एवं मेरे कार्यस्थल से शुरूआत करूँगा।

मैं यह मानता हूँ कि दुनिया के जो भी देश स्वच्छ दिखते हैं उसका कारण यह है कि वहां के नागरिक गंदगी नहीं करते और न ही होने देते हैं।

इस विचार के साथ मैं गांव-गांव और गली-गली स्वच्छ भारत मिशन का प्रचार करूँगा।

मैं आज जो शपथ ले रहा हूँ, वह अन्य 100 व्यक्तियों से भी करवाऊँगा।

वे भी मेरी तरह स्वच्छता के लिए 100 घंटे दें, इसके लिए प्रयास करूँगा।

मुझे मालूम है कि स्वच्छता की तरफ बढ़ाया गया मेरा एक कदम पूरे भारत देश को स्वच्छ बनाने में मदद करेगा।

12. Day 2: Plantation on 17.01.2020:-

SKIT family is actively involved in tree plantation programme since its inception. Every important program concludes with a tree plantation drive by guest. Every year during monsoon a huge drive for tree plantation is conducted by SKIT which helps in increasing the greenery, maintains soil quality, and keeps the climate healthy.

In this series a plantation drive was conducted under the Swachhata Pakhwada, a 15 day cleanliness program. Several trees were planted across the SKIT campus by the faculty members and the students. The aim of this drive was to spread awareness regarding the importance of trees and the necessity to plant them.

Under the guidance of ECA chief coordinator Kailash Soni the drive was conducted on 17th January 2020. Prof. NK Banthiya, Head (PAQIC), Dr. Mukesh Kumar Gupta, Head (CSE) and other staff members graced this event with their presence. Many students enthusiastically participated in the plantation drive.

13. Day 3: Presentation for Waste Recycling, Energy Conservation on 18.01.2020:-

Activities are the form of relationship designed to nurture personal and professional development of an individual.

During the Swachhata Pakhwada, presentation and group discussion were conducted on 18th of January on the topics like, waste recycling and energy conservation. The objective of this program was:-

- To introduce the merits of waste recycling and energy conservation.
- To promote ways to recycle waste material.
- To nurture character traits like team discussion and management.
- To serve as a positive role model.

This program was conducted on Waste Recycling and Energy Conservation. The following points were discussed:-

- What is waste recycling? The process of converting waste materials into new materials and objects. It is an alternative to "conventional" waste disposal that can save material and help lower greenhouse gas emissions.
- What is Energy Conservation? The effort made to reduce the consumption of energy by using less of an energy service.
- Benefits of Waste Recycling
 - ✓ Reduces the amount of waste sent to landfills and incinerators.
 - ✓ Conserves natural resources such as timber, water and minerals.
 - ✓ Increases economic security by tapping a domestic source of materials.
 - ✓ Prevents pollution by reducing the need to collect new raw materials.
 - ✓ Saves energy.

- Benefits of Energy Conservation
- Reduces Living Expenses. Saving energy usually reduces living expenses.
- Benefits the Environment And Protects Wildlife. Less consumption benefits the environment and protects wildlife. ...
- Less Power Plants.
- Promote Health.
- Reduce Dependence.
- Finite Resources.
- Make A Positive Impact.

We discussed the impact of waste recycling and energy conservation on environment. Through this discussion the participants got an insight and awareness on waste recycling and energy conservation.

14. Day 4: Competition Regarding Swachhata on 20.01.2020:-

The role of the activities may be perceived to be facilitative, supportive and developmental for the student community.

During the Swachhata Pakhwada poster making, slogan writing and speech competitions were conducted on 19th of January on the topic Swachhata. The objective of this program was:-

- To introduce the merits of cleanliness.
- To promote ways to a clean environment.
- To nurture character traits like team work and leadership.
- To serve as a positive role model.

Every day 5000 people die due to pollution. Students, by using posters, showed the reality of today's environment and also showed how to make a clean and healthy environment.

Students presented speech enthusiastically and slogans were also delivered by students showing their awareness towards environment.

19. Day 9: Hostel Cleanliness Drive on 25.01.2020:-

A hostel is usually used for the residence of students and travelers in some countries, but especially in our country, the hostel is a residential place for hundreds of students of the universities and colleges. No doubt, the student has to take care about the cleanliness of the hostels. In our country, the hostel contributes a lot to the academic excellence of students.

During the Swachhata Pakhwada, a cleanliness drive was organized at our hostel rooms by students themselves on 25th of January. They cleaned their rooms and set it in a proper way. After the college hours, all students helped in cleaning the rooms, common area, waiting area, main gate of hostel, etc. Waste and useless items found in the area were identified and removed. All the area was completely cleaned.

All the students felt happy in contributing to the drive and promised to keep their rooms neat and clean regularly.

21. Day 11: Water Conservation Drive on 28.01.2020:-

Extra Curricular Activities (ECA) Cell of SKIT organized a 15 days awareness program on cleanliness and water conservation “SWACHHATA PAKHWADA”. The programme had 15 different activities which were related to the cleanliness and conservation of water. On the 11th day we had water conservation drive.

Without water, life is not possible on the earth. We totally rely on water for public health and equitable progress. It is essential for food and energy security, and it underpins the functioning of industries. Our Club Members took the vow and accepted the challenge to make the people, understand the importance of water conservation. For this purpose, the student visited the water treatment plant of SKIT campus. They were told about different methods of water conservation with special reference to water reuse & water purification. A quiz contest was also conducted among the students relating to different water issues in the area. The quiz contained the question relating to methods of purification of water. They were also asked about their suggestions on how water conservation and its purification process can be improved.

22. Day 12: Village Activities at Dantali Gram on 29.01.2020:-

In Swachhata Pakhwada, SKIT organized an “Awareness Programme” in the nearby village Dantli. Villagers including women also participated in a great number.

The meeting was organized at the vishram sthali and importance of “Swachhata” in day-to-day life was explained by the Sarapanch, Doctors and other volunteers.

Several issues like water retention, waste disposal jointly with village and Institute were discussed and plans were finalized.

A rally was arranged from the Panchayat Bhawan to centre of village with Swachhata Slogans to make all the villagers aware of cleanliness and ban of single use plastic. A nukkad natak, songs, poems and banner were presented by the students for the same.

Some of the areas in the village were also cleaned and villagers were suggested to dispose the waste properly. Health workers along with other ladies, old and young people participated and agreed on the issues and promised to keep the village clean.

A motivation session was conducted in the govt. school for awareness of cleanliness, water conservation, forest conservation and ban of single use plastic, etc. Students were very happy with the motivation talk.

Issues like cleanliness in and outside the home, personal hygiene, importance of sanitation were discussed with children and women. The programme was a great success in terms of sensitizing the people in the village for keeping the community clean.

25. Day 14: Prize/ Certificate Distribution by Mr. Harshit Verma, Deputy Commissioner of Jaipur Nagar Nigam on 31.01.2020:-

As a part of the campaign for Swachh Bharat Swachhata Pakhwada (CBSE), various activities were conducted inside and outside SKIT campus to create awareness among the students regarding cleanliness, environment conservation and the ongoing cleanliness drive “Swachh Bharat” started by our respected Prime Minister, Shri Narendra Modi.

In the month of January, all the students and staff members of the college took a *Swachhata Shapath* on the first day of the Swachhata Pakhwada. English and Hindi Debates, Essay Writing Competition, Painting Competition on 'Cleanliness and Environment conservation' were conducted, where the students realised the importance of cleanliness, as the role of college has been instrumental in realizing the mission of Swachh Bharat. A rally was also organized to create awareness about “Cleanliness and Environment conservation” at the adopted village Dantli.

Thus, all the above activities were conducted by the students. At the end of Swachhata Pakhwada a certification distribution ceremony was organized on 31st of January.

The program was inaugurated with the Saraswati Vandana and the lamp lighting by the Chief Guest Mr. Harshit Verma, Deputy Commissioner of Jaipur Nagar Nigam, Dr. S.L. Surana (Director Academics), Dr. Ramesh Kumar Pachar (Principal), Dr. Rohit Mukharjee (in charge B.Tech. first year). After the formal welcome, Mr. Harshit Verma explained the importance of Swachhata Pakhwada, plantation and environment conversion. In this ceremony, certificates of various categories were distributed to all the winners of different activities, participants, volunteers, coordinators by the chief guest Mr. Verma, Dr. S.L. Surana and Dr. R. K. Pachar.

During the ceremony, Dr. Nawal Kishor Jangid, Dr. Mukul Sharma, Dr. Anurag Sharma, Ms. Sanju Choudhary, Mr Shubham Kumawat, Mr. Neeraj Garg, Mr. Ganpat Singh Chauhan, Mr. Pawan Kumar Jain and other faculty members were present.

26. Nukkad Natak at Albert Hall on 26.01.20:-

On the occasion of 71th Republic Day and the Swachhata Pakhwada, a Nukkad Natak was organized at Albert Hall on 26th January on Swachhata and Environment Conservation.

Nukkad Natak is a drama performed on streets to create social awareness about many topics like education system, girls' education, child labour, swachhata, environment, ban of single use plastic, etc. With a view to raise awareness about the social issues mentioned above, Nukkad Natak was staged at Albert Hall, Jaipur, Rajasthan. Two street plays on 'Swachhata' and 'Environment Conservation' were enacted by students. The objective of the activity was achieved as the participants were successful in making the audience aware of the cleanliness and environment conservation. The young actors were lauded for leaving an indelible mark on the minds of the audience through their performance.

The entire event was a huge success and it portrayed the words 'environment conservation and cleanliness of land go in hand towards the building of an ideal nation' beautifully.

About the Camp:-

Voluntary blood donors are the cornerstone of a safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations.

Despite this notion, family/replacement donors still provide more than 45% of the blood collected in India. Such donors are supposed to be associated with a significantly higher prevalence of transfusion-transmissible infections (TTIs) including HIV, hepatitis B, hepatitis C, syphilis and malaria. For a safe blood service in our country, where comprehensive laboratory tests are neither possible nor pragmatic, it is best to switch over to 100% voluntary donations, as it is now established that only voluntary non-remunerated regular donation is the safest. Thus, one of our key strategies to enhance blood safety is to focus on motivating non-remunerated blood donors and phasing out even replacement donors. The key to recruiting and retaining safe blood donors is good epidemiological data on the prevalence (and incidence, where possible) of infectious markers in the general population to identify low-risk donor populations coupled with an effective donor education, motivation and recruitment strategy to recruit new voluntary non remunerated blood donors from these populations. A pleasant environment in the blood bank, good donor care, polite and effective communication between staff and donors are all important factors for the retention of blood donors.

Objective of the Programme:

1. for altruism reason and without any monetary benefit.
2. for achieving NSS motto NOT ME BUT YOU.
3. Encouraging new people to donate their blood on a voluntary unpaid basis.
4. for saving others life who need blood in emergency.
5. for self-satisfaction and feeling good.

Swami keshvanand Institute of technology management and Grammothan have been organizing the blood donation camps every year since 2000, form the inception of the college.

Red Cross Club of Swami keshvanand Institute of technology management and Grammothan conducted a BLOOD DONATION camp in the campus under National Service Scheme (NSS) in association with HDFC Bank and the Lion's Club Rajdhani Jaipur on 14.09.2019 from 8:00 AM to 3:00 PM. The NSS unit planned and organized this event and to their surprise the response was huge. Many students voluntarily came up to donate the blood. The volunteers participated enthusiastically in the camp under the supervision of Program Officer of NSS under the guidance of Dr. S.L Surana Director (Academics) and Dr. Ramesh Pachar Principal, Swami Keshvanand Institute of Technology , Management and Gramothan Jaipur.

The Camp was inaugurated by Dr. Suresh Kumar Gupta Chairman Neurosciences RBH, Jaipur and Dr. Sunita Bundas, Head Blood Bank SMS, Jaipur, Shri Raja Ram Meel Chief Patron SKIT, Chairman Shri Surja Ram Meel, Director Shri Jaipal Meel, Director (Academics) Dr. S.L. Surana, Principal Dr. Ramesh Pachar and Advisor Mrs Abbha Meel.

The Honoured Guests and Chief Patron of SKIT addressed the gathering and explained the importance of blood donation. Shri Raja Ram Meel Chief Patron SKIT highlighted the value of regular blood donations.

Principal Dr. Ramesh Kumar Pachar threw light on the history of blood donation camp at SKIT and congratulated everyone for being a part of this noble cause.

In this camp Overwhelming number of Donors of different departments of Campus participated with Vivacity. Some Donors of rarest blood group donated the blood in camp and some Donors were held on call at the time of any scarcity/ need. NSS Program Officer Dr. Anurag Sharma Conducted the camp with help of Mr Kailash Soni and other staff members and students of Institute. The noble cause of blood donation was successfully carried out by the Institute

Doctors, Supervisors and Nursing Staff have given their positive support and help in organizing the blood camp. More than 772 Donors donated the blood from campus including students and staff. College staff members have also donated blood during the occasion. Before allowing the donors for bleeding a mandatory medical test was performed to check their various health parameters, like body weight, blood pressure, blood sugar etc. so that the donor may not face any kind of problem due to blood donation. In order to provide maximum care to the health of the donors college management had made arrangement for ample supply of health drinks, breakfast, tea and coffee through out the duration of the camp. To motivate the donors and encourage their participation in the event college management has provided all the donors with donor kit and a special gift. College management had given encouragement gift to all the blood donor. 150 NSS Volunteers actively coordinated the event. Apples were distributed to all blood donors. Light refreshments were served to NSS volunteers. Lunch was arranged for doctor's team, faculty members and NSS volunteers.

Blood donation camp was a huge success. Over 983 donors were willing to donate their blood, but amongst them only 772 were able to donate the blood. NSS volunteers, Students and faculties enthusiastically contributed in the camp. Total 772 Units of blood were collected during the camp.

On August 15, 1947, India got her freedom and finally broke from the shackles of slavery. Our college celebrated this auspicious day with great enthusiasm and proudness on 14th August 2019. Every student contributed towards its preparations and the celebration began with marching by NCC cadets. For this programme, the principal of our college was the chief guest and hoisted the flag at central lawn at 8:30 AM. All the staff members and students saluted towards the flag. Then the cultural program began by reciting of poetic songs and poem. Further, it was flourished by various traditional dance forms and skits. As the program was coming to an end the enthusiasm in the college remained the same. At last the principal delivered the speech and vote of thanks. She further informed the students about the sacrifices made by our soldiers for the sake of our freedom and safety. At last, sweets were distributed among students and staff members.

SKIT College organized a different type of agenda in order to celebrate this year's Republic Day ceremony. An agenda of spreading awareness about girls' education, child labour, swachhata, environment, ban of single use plastic, etc. was taken on behalf of the college this year.

A unique initiative of painting graffiti was also taken on behalf of the students. These all forms of art depicted swachhata, environment, ban of single use plastic, etc. According to the spokesperson of the college union, a complete awareness about the celebration of this Republic Day is very much important for the success and prosperity of Indian democracy.

On the particular day of 26th January, at the end of the Republic awareness week, a cultural program was organised by the college. At the very beginning, a flag upliftment ceremony took place and a splendid parade march was launched in honour of the architect of Indian Constitution Dr Babasaheb Ambedkar. Then the awareness week came to an end with a very eventful cultural function in the college premises.

The International Yoga Day was celebrated on 21st June at the University campus to usher in peace, harmony, happiness and success to every soul in the world. Yoga is a mental, physical and spiritual practice that needs to be carried every day, this was a great opportunity to imbibe the value of this discipline. The session was attended by a number of faculty members and students with the principal.

Yoga Instructor: Mr Satveer singh, a Yoga instructor with 10 years of experience as instructor, was approached for conducting the session on the International Yoga Day. He consented and agreed to conduct the session for the Indus family. Mr singh conducts session on Yoga on regular basis for various organisations.

Event. On the day of the event, the faculty members assembled at the auditorium. All participants were welcomed by Director, Student affairs; the proceedings were then handed over to the Yoga Instructor.

The Instructor started the session with a prayer and explained how yoga embodies unity of mind and body. The participants thereafter performed various Yoga asans between 0830 hrs to 0930 hrs. All yoga asans were introduced/ explained before being performed. Finally, the session ended with meditation and prayer.

The participants benefited from the session and expressed their heartfelt thanks to Mr. Satveer singh for conducting the session on the occasion of International Yoga Day.

15. Blood donation camp on the occasion of Gandhi jayanti

Preamble

The first record of the voluntary blood donation initiative in India is noted in 1942, at the time of World War II and the first blood bank was established in Kolkata, West Bengal. The blood bank was set up at that time to fulfill the blood needs of those injured in the battle field. Government employees and industrial houses volunteered to donate blood for this humanitarian cause. Once the war ended, the enthusiasm waned and blood bank collections were largely from professional or the paid blood donors. A decade passed by till Mrs. Leela Moolgaokar initiated voluntary blood donation drive in Bombay (now Mumbai) from 1954 onwards. She was inspired by the blood need of her injured son. In 1971, Prof. J.G. Jolly the founder President of the Indian Society of Blood Transfusion and Immunohaematology took the movement to further heights and the Society under his stewardship declared **October 1 as National Voluntary Blood Donation Day** which was later accepted by the government too. Since then many blood donor organizations came up in different regions of the country in support of the noble cause of voluntary blood donation. The National Blood Policy (2002) and an Action Plan for Blood Safety (2003) were adopted by the Government of India. The NBTC (National Blood Transfusion Council) was entrusted with planning a national campaign.

There are four main blood types: A, B, AB and O. In 1901, Karl Landsteiner, an Austrian physician, discovers the first three human blood groups. On his birthday **June 14th "World Blood Donors Day"** is celebrated.

SKIT has always been engaged in the activities of human concern and societal & environmental development. We have been organizing Blood donation camps since long time.

17th Annual Mega Voluntary Blood Donation Camp was organized on 1st October 2018 (National Blood Donation Day) by SKIT Red Cross Club & NSS Club.

This session (2018-2019) we organized two camps. Overwhelming response of blood donors was amazing. Our sincere efforts have witnessed a progressive increase in voluntary blood donation every year. The concern for blood donor safety was also taken care of. The current scenario is definitely hopeful. Seasonal variations also account for fluctuations in blood collections.

Thus in conclusion it can be stated with confidence that our Blood donation programme is successfully gaining strength.

About SKIT Jaipur

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) inspired from the learnings of Swami Keshvanand, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today the institute is recognized as one of the centers of academic excellence in Northern India. The Institute is affiliated to **Rajasthan Technical University, Kota** for offering Postgraduate and Graduate Courses in Engineering and Management. Our sister institution **Swami Keshvanand Institute of Pharmacy (SKIP)** is affiliated to **Rajasthan University of Health Sciences** for offering Graduate Course in Pharmacy.

Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Industry –Institute Interface. Apart from University curriculum SKIT also pursues activities for research and development in various fields.

The green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants make the environment serene, pleasant and dynamic.

Students joining the institute share the box full of opportunities for **professional and personal development** through an environment of practical orientation, industrial interaction and student led activities which help the students to develop **good communication skills**, integrated personality and greater competitive spirit.

SKIT is again Ranked No. 1 Institute in Rajasthan by Rajasthan Technical University (RTU), Kota for academic session 2018-19.

Blood Donation Camp- 1st October 2018

(National Blood Donation Day)

Alongwith setting milestone in the excellence of technical education, SKIT has always shown its kind gesture for the service of humanity and environment. Blood donation camps, Tree plantations, Awareness campaigns, Marathons, Spiritual lectures, Human values workshops, Medical Camps, Gramothan related other activities etc are being organized by our institute on regular basis. In continuation of these noble activities SKIT conducted 17th Annual Mega Blood donation Camp which was organized on 1st October 2018 (National Blood Donation Day). Students were motivated by telling them importance, need and health benefits of blood donation. Pre blood donation events were also organized. Students performed Nukkad Natak at various places of SKIT to spread the message of blood donation.

The inauguration ceremony was started with divine lamp lighting in Gyan Mandir Auditorium. Doctors from blood banks and hospitals, HDFC Bank members, Lions Club Members, Rotary club members, all the members of management and administration of SKIT, HODs Faculty and Staff members graced the occasion. All the dignitaries are welcomed with bouquet, shawl and memento presentation. Mr. Surjaram Meel (Chairman SKIT) delivered opening address and celebrated his enthusiasm with the students and dignitaries and thrown light on value of regular blood donation. He also espoused the need of eye and organ donation. Mr. Jaipal Meel (Director SKIT) delivered welcome note and Ms. Rachna Meel (Registrar) congratulated the august gathering. Prof S.L. Surana (Director Academics) threw light on the history of blood donaton camp in SKIT. Prof S. K. Calla (Director D &W) conveyed his greetings and wished for the grand success of the programme. Lions Club and Rotary Club appreciated SKIT for continuously contributing in blood donation. The chief guest Dr. Suresh Gupta, extended his congratulations to the donors. He explained myths and truths related to blood donation. Dr. Pracheesh Prakash compared the blood donation to the highest donation in the world. He also said that engineers and doctors are interdependent. Doctors shared the knowledge and information on need, facts and benefits of blood donation.

A skit was played to give the message of blood donation. After the programme of auditorium was over the guests inaugurated the camp by cutting the ribbon at camp gate and balloons were flown in the sky indicating true pleasure of the blood donors. Thematic decoration made the environment very pleasant.

The inauguration ceremony came to an end with the vote of thanks by Prof. R.K. Pachar (Principal) who heartily expressed his gratitude towards Doctors, Blood Banks, HDFC, Lions and Rotary Club and blessed and wished a very good health to all the blood donors. He also thanked and acknowledged the tireless work done by team BDC-2018.

On this day 924 units of blood was collected.

Some events for awareness and motivation were held before the blood donation. 1143 willing donor students registered themselves for blood donation online. On the spot registration was also done. Pre and post refreshments were provided to the students. All the willing blood donors were first of all checked by doctors for their health conditions. Some basic blood tests were also done as prescribed. After donating the blood the donors were taken care and given rest. Faculty members and volunteer students were personally looking after all the Blood donation rooms. Prof. Archana Saxena (Chief Coordinator, Blood Donation Camp-2018) gave the slogan “18 will donate and 17 will celebrate” to the students. First time donors, I year students who were not 18 years and other students celebrated the blood donation by cutting the cake. At the end Prof. Archana Saxena (Chief Coordinator, Blood Donation Camp-2018) thanked all who participated/ cooperated/ coordinated/ volunteered in the Blood donation 2018. The camp ended with honoring the donors with certificate of appreciation and token of remembrance.

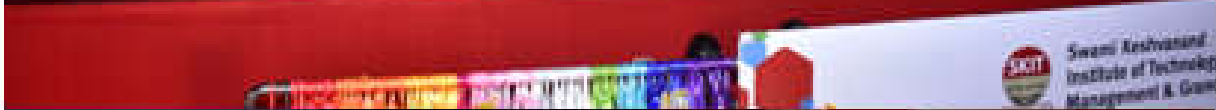

There are large no of faculty members who are regular blood donors. It is worthy to mention that Mr. Jaipal Meel (Director SKIT) donated blood 15th time. Mr. Yadyath Sharma, Mr. Pradeep Sihag, Mr. Babulal are regular blood donors and frequently go to trauma and SMS hospital on their call to donate blood. List of rare blood group persons is also prepared. For any good and noble cause SKITians come forward without any hesitation.

Blood Facts

Blood: Life-maintaining fluid

- Blood is the life-maintaining fluid that circulates through the body's heart, arteries, veins and capillaries.
- Blood carries to the body nourishment, electrolytes, hormones, vitamins, antibodies, heat, and oxygen.
- Blood carries away from the body waste matter and carbon dioxide.
- Blood fights against infection and helps heal wounds, keeping you healthy.
- Blood makes up about 7% of your body's weight.
- A newborn baby has about one cup of blood in his or her body.
- White blood cells are the body's primary defence against infection.
- Granulocytes, a type of white blood cell, roll along blood vessel walls to search and destroy bacteria.
- Red blood cells carry oxygen to the body's organs and tissues.
- There are about one billion red blood cells in two to three drops of blood.
- Red blood cells live about 120 days in the circulatory system.
- Blood platelets help clotting and give those with leukemia and other cancers a chance to live.

Facts about blood needs

- Every year our nation requires about 4 Crore units of blood, out of which only a meager 40 Lakh units of blood are available.
- The gift of blood is the gift of life. There is no substitute for human blood.
- Every two seconds someone needs blood.
- More than 38,000 blood donations are needed every day.
- A total of 30 million blood components are transfused each year.
- The average red blood cell transfusion is approximately 3 pints. • The blood type most often requested by hospitals is Type O.
- Sickle cell patients can require frequent blood transfusions throughout their lives.
- More than 1 million new people are diagnosed with cancer each year. Many of them will need blood, sometimes daily, during their chemotherapy treatment.

Facts about the blood supply

- Blood cannot be manufactured – it can only come from generous donors.
- Type O-negative blood (red cells) can be transfused to patients of all blood types. It is always in great demand and often in short supply.
- Type AB-positive plasma can be transfused to patients of all other blood types. AB plasma is also usually in short supply.

Facts about the blood donation process

- Donating blood is a safe process. A sterile needle is used only once for each donor and then discarded. • Blood donation is a simple four-step process: registration, medical history and mini-physical, donation and refreshments.
- Every blood donor is given a mini-physical, checking the donor's temperature, blood pressure, pulse and hemoglobin to ensure it is safe for the donor to give blood.
- The actual blood donation typically takes less than 10-12 minutes. The entire process, from the time you arrive to the time you leave, takes about an hour and 15 min.
- **The average adult has about 10 units of blood in his body. Roughly 1 unit is given during a donation.**
- **A healthy donor may donate red blood cells every 56 days, or double red cells every 112 days.**
- **A healthy donor may donate platelets as few as 7 days apart, but a maximum of 24 times a year.**
- All donated blood is tested for HIV, hepatitis B and C, syphilis and other infectious diseases before it can be transfused to patients.

Blood and its components

- Blood makes up about 7 percent of body's weight.
- There are four types of transfusionable products that can be derived from blood: red cells, platelets, plasma and cryoprecipitate. Typically, two or three of these are produced from a unit of donated whole blood – hence each donation can help save up to three lives.
- Donors can give either whole blood or specific blood components only. The process of donating specific blood components – red cells, plasma or platelets – is called apheresis.
- One transfusion dose of platelets can be obtained through one apheresis donation of platelets or by combining the platelets derived from five whole blood donations.

- Donated platelets must be used within five days of collection.
- Healthy bone marrow makes a constant supply of red cells, plasma and platelets. The body will replenish the elements given during a blood donation – some in a matter of hours and others in a matter of weeks.

Examples of blood use

- Automobile Accident 50 units of blood
- Heart Surgery 6 units of blood / 6 units of platelets
- Organ Transplant 40 units of blood / 30 units of platelets
- 20 bags of cryoprecipitate 25 units of fresh frozen plasma
- Bone Marrow Transplant 120 units of platelets/ 20 units of blood
- Burn Victims 20 units of platelets

Who can Donate

- You are between age group of 18-60 years.
- Your weight is 45 kg or more.
- Your haemoglobin is 12.5 gm% minimum.
- Your last blood donation was 3 months earlier.
- You are healthy and have not suffered from malaria, typhoid or other transmissible disease in the recent past.
- There are many, many people who meet these parameters of health and fitness!
- Do abide by our rules - be truthful about your health status!
- Hospitals ensure the health of blood, before they take it, as well as after it is collected. Firstly, the donor is expected to be honest about his or her health history and current condition. Secondly, collected blood is tested for venereal diseases, hepatitis B & C and AIDS.

Who cannot Donate

- Do not donate blood if you have any of these conditions
- Cold / fever in the past 1 week.
- Under treatment with antibiotics or any other medication.
- Cardiac problems, hypertension, epilepsy, diabetes (on insulin therapy), history of cancer, chronic kidney or liver disease, bleeding tendencies, venereal disease etc.
- Major surgery in the last 6 months.

- Vaccination in the last 24 hours.
- Had fainting attacks during last donation.
- Have regularly received treatment with blood products.
- Shared a needle to inject drugs/ have history of drug addiction.
- Been tested positive for antibodies to HIV.

Before the Donation

- Maintain a healthy iron level in your diet by eating iron rich foods, such as spinach, red meat etc.
- Get a good night's sleep.
- Drink an extra 16 oz. of water and fluids before the donation.
- Remember to bring your College ID and one other form of ID.

During the Donation

- Wear clothing with sleeves that can be raised above the elbow.
- Relax, listen to music, talk to other donors or read during the donation process.
- Take the time to enjoy a snack and a drink in the refreshments area immediately after donating.

After the Donation

- Drink plenty of fluids over the next 24-48 hours to replenish any fluids you lost during donation.
- Avoid exhausting physical activity for about five hours after donation.
- If you feel light headed, lie down, preferably with feet elevated, until the feeling passes.
- In rare cases when bleeding occurs after removing the bandage, apply pressure to the site and raise your arm for 3-5 minutes. If bleeding or bruising occurs under the skin, apply a cold pack to the area periodically during the first 24 hours.
- It takes eight weeks for your body to replace the iron lost while donating blood. In 60 days, return to the blood bank to donate again and save another three lives.

Thanks Note

Blood donation camp organizing committee heartily thanks our proud blood donors for their sensible and kind gesture towards humanity. We are also thankful to those who were willing but could not donate blood due to limit of blood banks. We express our gratitude towards our reverend Chairman Shri Surjaram Meel who has always been a great motivation for such noble works. We are thankful to our Dynamic Director Shri Jaipal Meel for his all round support. We could not do this event without the unequivocal guidance of our Mentor and Director Academics Prof. S.L. Surana. Our sincere thanks are due to Registrar Madam Miss Rachna Meel who sanctioned sufficient amount to meet out expenses of the event. We are also thankful to Principal Prof. R.K. Pachar for his unflinching support for the successful conduction of the event. This event could not be a success without cooperation of Doctors, nurses and tech. staff of blood banks.

Great support extended by HDFC is worth mentioning. We are heartily thankful to them.

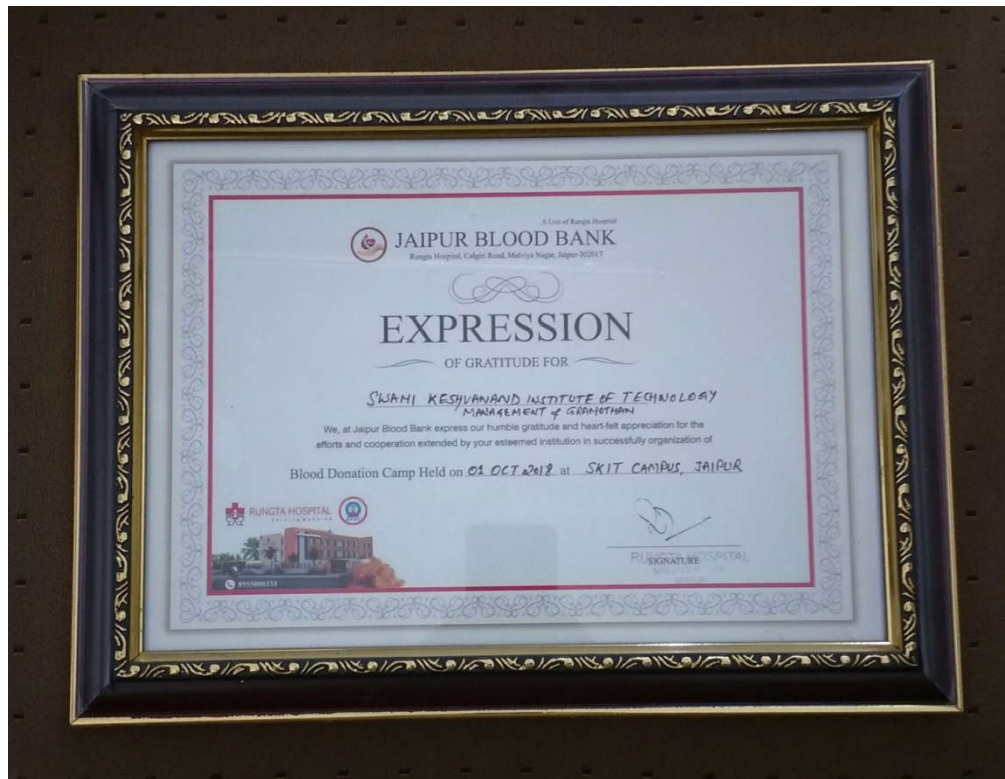

We are also thankful to Lions Club and Rotary Club for their gracious presence.

With Best Wishes

16. Abhivadan:- A Teacher's Day Celebration

Abhivadan 2018

To pay respect to teachers for their unswerving services, Abhivadan 2018 was organized on 5 September 2018 in Gyan Mandir Auditorium. The programme commenced with lighting of the lamp and Ganesh Vandana in the form of a band performance. Spic Macay students enthralled the audience with their performances on classical music. The jugalbandi was warmly received by all and the flute player also enthralled the audience with his performance.

The programme was a medley of several genres including Beat Boxing, Classical Dance performance, song performance, dances, mime. The standup comedy act in particular impressed everyone sitting in the hall. The students from first year and higher semesters participated in the programme. The theme of the programme was RETRO. The students from the literary club expressed their gratitude for the teachers and presented a small act depicting the life of the former president Prof. Sarvapalli Radhkrishnan. Besides amazing performances, activities like lucky draw, riddle game and music game were conducted for teachers. The winners were also awarded by the students. ECA chief coordinator Dr. Niraja Saraswat thanked the entire students for putting up the show so meticulously. The programme came to an end with a performance by Mr. Kailash Soni, Assistant professor, dept, of CS.

22. Abhivadan:- A Teacher's Day Celebration

Abhivadan 2017

To pay respect to teachers for their unswerving services, Abhivadan 2017 was organized on 06 September 2017 in Gyan Mandir Auditorium. Prof. N.K. Banthia lighted the lamp and the programme began with Kathak performances and Saraswati Vandana. Eco Friend Club presented a skit depicting the plight of rivers in India and invoked the audience to come forward to save rivers. The delegates from Rally for Rivers also appreciated the act and applauded the performances. Spic Macay students enthralled the audience with their performances on classical music . The jugalbandi was warmly received by all and the flute player also enthralled the audience with his performance.

The entire act was presented through a lyrical drama depicting the journey of Sanket 's progression from a low achiever to a brilliant one. Throughout the act, the importance of teachers was shown with several performances.

The programme also included performance by faculty members. The poem by Mr. Vivek Sharma , Assistant professor, Dept. of Electrical engineering on Notebandi was lauded by the audience. The programme came at an end with majestic performance by the band Euphoria.

30. Abhivadan:- A Teacher's Day Celebration

Teachers play a major role in making their students responsible citizens of tomorrow and good human beings. It is impossible to imagine our lives without teachers. They are the cornerstone of our future. We can never thank teachers enough for their immense contribution in a student's life. Teacher's Day is celebrated to show acknowledgement and recognition of the hard work put in by the teachers towards their development.

SKIT celebrated 'Teacher's Day' celebrations very exuberantly on 5th September, 2016 which is well known as Dr. Sarvepalli Radha Krishnan's Birth Anniversary and who is a great politician, philosopher, educator, inspirer and a great teacher.

Students always look forward to Teacher's Day with a lot of anticipation, for the sheer spirit of the occasion. By celebrating the occasion they get a fair idea of the responsibility, so efficiently handled by their teachers. It requires a lot of hard work and dedication to be a good teacher and earn the affection of students at the same time. Teachers, on this day, are reminded of their school days and feel nostalgic. Students arranged a wonderful celebration for their Teachers. They decorated the Class- Room and conducted the event in a very well organized manner. They gave Titles to their Teachers and made them share their experiences with their students. There was a Cake Cutting Ceremony from the students to grace the occasion. All the Teachers were delighted and touched by the loving gesture of the students.

In the second half of the day the Management of the Institute had arranged for refreshments and a Get-Together for all the Faculty members.

NOTICE

We Human being should feel certain duties towards the society. Blood donation is an important way for healthy people to help their community. Hospitals need blood everyday for stroke patients, cancer patients, unexpected surgeries and accidents. Blood cannot be produced artificially –the only way to keep up with the demand is through regular blood donation from healthy volunteer donors. You can help by donating blood.

As a contribution towards needy blood seekers, every year SKIT students and staff donate blood. This year also, we are organizing a **Blood Donation Camp on 26th September 2015.**

With this I am making an appeal to all for donating blood generously.

37. Abhivadan Teacher's Day:-

THEME: Teacher's Day Celebration

REPORT: Teachers Day Celebrations at SKIT

DATE: Wednesday, September 2, 2015

"If a country is to be corruption free and become a nation of beautiful minds, I strongly feel there are three key societal members who can make a difference. They are the father, the mother and the Teacher." as quoted by APJ Abdul Kalam. On 2nd September, 2015 students of SKIT College celebrated Teacher's Day in full bloom. On this day, we gratefully remembered the great educationalist Dr. Sarvepalli Radhakrishnan, whose dream was that "Teachers should be the best minds in the country." Hence, Teachers' Day is very important for all the people, the students and even the parents, as the teachers lay the foundation for creating enlightened citizens for the nation. It is the birthday of a timeless teacher and the former President of India - Dr. Sarvepalli Radhakrishnan.

The students personally presented handmade cards and a rose bud to the College Principal, Co-ordinator, the Primary Incharge, and to all the teachers of the college. A special gesture of thanks giving was also put forth for the Administrative staff for their undivided attention and work for the students. The importance of the day was highlighted when all the teachers came dressed up in the "Colors of the Ocean" which was proposed as the colour code to the teachers by the students. The students presented a series of fun and entertaining events for the teachers. The event started with a Quote about teachers by one of the members of the student council followed by an article for the teachers by the first year students.

The comparing of the show was by Raaghav and Akshansh of CS Branch. The series of events involved Beat-boxing by Rishabh Mishra and melodious singing by Prabodhini Singh on the old song “Likhe jo khat tujhe...” from the old movie of 1968, “Kanyadaan”, which was molded into a new style to suit the taste of today.

The students of EE branch showcased their love through a dance on the number "Bam Bam Bole..." from the movie “Taare Zameen par”, which was enjoyed immensely by the audience. Prabodhini Singh of EC branch came up with some facts and few brain tickling questions were also asked to the teachers related to the same.

Animesh Srivastava, the Head Boy recited a Hindi poem titled, “Shikshko ka Samaan” (Respect for the Teachers). The cherry on the cake was a dazzling dance by students on a “Medley of songs” from old to new movies, to show their love and gratitude towards the teachers. The teachers stood-up and danced with the students. They were touched by the warm gesture made by all the students of the college as they made each teacher feel special on this day.

The event ended with words of wisdom by the College Principal, and the in-charges. The cake cutting ceremony took place in the presence of the college Heads, teachers and the members of event conducting team.

A special song was sung by the Indian music teacher Dr. Shalini for the Teachers & the students. It was truly a memorable day for the teachers and all the students of SKIT, Ramnagar.
