*Introduction
of
National Service
Scheme (NSS)*

1. INTRODUCTION:

NATIONAL SERVICE SCHEME popularly known as NSS was launched in Gandhi's Birth Centenary Year 1969, under the Ministry of Youth Affairs & Sports Govt. of India. The scheme was launched simultaneously in 37 Universities involving 40,000 students with primary focus on the development of personality of students through community service and promotion of National solidarity. In India, the idea of involving students in the task of national service dates back to the times of Mahatma Gandhi, the father of the nation. The central theme which he tried to impress upon his student audience time and again was that they should always keep before them, their social responsibility. The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society. Advising them to form a living contact with the community in whose midst their institution is located, he suggested that instead of undertaking academic research about economic and social disability, the students should do "something positive so that the life of the villagers might be raised to a higher material and moral level". NSS works on the premise that it is possible to awaken the villagers and slum dwellers to their responsibilities and develop in them the confidence, to tackle their common problems with energy, enthusiasm and in a co-operative spirit, based on mutual aid and self-reliance. The role of students is limited as activists, enablers, catalytic agents with wider communities and as program aids.

1.1 The main objectives of National Service Scheme (NSS) are:

- Understand the community in which they work.
- Understand themselves in relation to their community.
- Identify the needs and problems of the community and involve them in problem solving
- Develop among themselves a sense of social and civic responsibility.
- Utilize their knowledge in finding practical solutions to individual and community problems.
- Develop competence required for group-living and sharing of responsibilities.
- Gain skills in mobilizing community participation.
- Acquire leadership qualities and democratic attitudes.
- Develop capacity to meet emergencies and natural disasters and Practice national integration and social harmony.

1.2 MOTO of NSS "NOT ME, BUT YOU" reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings.

About Special NSS

Camping

SPECIAL DAY NSS CAMPING: Special Camping forms an integral part of National Service Scheme. It has special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with community.

2.1 The primary objectives of the special camping programs are:-

- Making education more relevant to the present situation to meet the felt needs of the communities and supplement the education of university/college/school students by bringing them face to face with the community situation.
- To provide opportunities to students to play their due roles in the implementation of various development programs by planning and executing development projects, which not only help in creating durable community assets in rural areas and slums but also result in improvement of the condition of weaker sections of the communities.
- Encouraging the students and non-students youth to work along with the adults in rural areas, thereby developing their character, social consciousness and commitment, discipline and healthy and helpful attitudes towards the community.
- Building up potential youth leaders by exploring the latent potential among the campers, both students as well as local youth (rural and urban), with a view to involve them more intimately in development projects for longer periods. The local leadership generated during the camps would also be useful in ensuring proper maintenance of the assets created as a result of the camps.
- Emphasizing the dignity of labour and self-help and the need for combining physical work with intellectual pursuits, and Encouraging youth to participate enthusiastically in the process of national development, and promote national integration through democratic living and cooperative action.

Swami Keshvanand Institute of Technology , Management and Gramothan Jaipur Rajasthan has been organizing seven days NSS Camp for 2019. The theme of the NSS Camp held this year was “Gramothan”. The objective of this camp was to begin the interface with community, rapport building with community members and developing understanding of the village keeping in view the rationale of village adoption i.e. develop long term institutional relation with the community and contribution to the upliftment of people therein as well as create awareness among future engineers regarding their responsibilities towards the society.

The volunteers participated enthusiastically in the camp under the supervision of Dr. Anurag Sharma Program Officer of NSS under the guidance of Dr. S.L Surana Director (Academics) and Dr. Ramesh Pachar Principal, Swami Keshvanand Institute of Technology , Management and Gramothan Jaipur.

जयपुर। अब तक यूनिवर्सिटी व कॉलेजों की ओर से राष्ट्रीय सेवा योजना के तहत लगाने जाने वाले कैम्प में बच्चों में पढ़ाई के प्रति जागरूकता लाने, सफाई के प्रति अवेयरनेस जैसे प्रयास किए जा रहे थे। अब स्टूडेंट्स ने स्कूलों की दशा सुधारने का बीड़ा भी उठा लिया है। इन कैम्प के मद्देनजर सरकारी स्कूलों को स्टूडेंट्स खुद बदलने में जुट गए हैं। इन स्कूलों को आकर्षक बनाने की कवायद की जा रही है। इसके तहत स्कूलों में पेंटिंग्स व आर्ट वर्क किया जा रहा है। इसमें विभिन्न

विषयों को लेकर दीवारें सजाई जा रही हैं। हाल ही में दांतली गांव के राजकीय स्कूल

में आयोजित किए गए एनएसएस के कैम्प में स्कूल की तस्वीर बदलती नजर आई। स्कूल की दीवारों पर हो रहे कलर की जगह उसे सजाया गया। पहले तो जहां साफ सफाई की जरूरत थी, वहां पर सफाई की, वहां पर सफाई की और फिर रंगरंगो किया। इसके बाद स्टूडेंट्स ने अपनी क्रिएटिविटी से स्कूल की सूरत बदल दी। स्कूल की दीवारों पर शिक्षा से जुड़े संदेश लिखे तो वहीं बच्चों में स्पिरिच्युअलिटी को बढ़ाने के लिए उससे जुड़े चित्र भी बनाए। रंगों के अनोखे संयोजन को जिसने भी देखा, उसने जमकर तारीफ की।
