*.... Mother Theresa*

Swami keshvanand Institute of technology management and Grammothan has been organizing blood donation camps every year since 2000.

This year also second time blood donation camp was organized successfully, on Wednesday 27<sup>rd</sup> March, 2019 in collaboration with NSS and the SKIT Youth Red cross club with the help Santkoba Durlabhji, Blood bank. The SKIT family of students and faculty members celebrated the event with great enthusiasm. The Director (Academics) Dr. S.L. Surana highlighted the importance of regular blood donations. Principal Dr. Ramesh Kumar Pachar threw light on the history of blood donation camp at SKIT and congratulated everyone for being a part of this noble cause. The day came to an end by the words of Director (Academics) Dr. S.L. Surana, who heartily extended his gratitude to the doctors present on the occasion , the Santkoba Durlabhji hospital, and all the guests. Total donation was 157 units.

**Date: (28<sup>th</sup> FEBRUARY , 2019)**

- Morning assembly with Motivational Song and yoga exercises. An intensive activity of Yoga used to be carried out everyday just after the SBA program. Students showed great enthusiasm in yoga so a special trainer was also called on one of the days to train them and make them understand the importance of yogas in life.
- Meeting with Villagers and Panchayat Representatives. As soon as everyone settled down, a meeting was called for with the Villagers and the Panchayat representatives to build the rapport. People showed good response in return. Whatever difficulties we were facing, they were standing beside us to help us in all the odds. They provided us the required materials, water for use and drinking and washroom facility was also provided by the villagers.
- Registration for Eye Camp
- Nasha Mukti Awareness Drive. During the rally participants raised slogans and carried placards with messages about Nasha Mukti. Total 50 volunteers started their march from the Bas stand of Dantli village which passed through the alleys of Dantli village before culminating at the same venue.

### **1. Volunteer Team with Chairman SKIT Sh. Surjaram Meel and Director Sh. Jaipal Meel**

The students reached the village by morning and they immediately realized that the place was an abysmal pit. All the volunteers cleaned and washed the place thoroughly. Once everything was in place, all of them settled down. But there were more bottlenecks awaiting us. There was no water for drinking as well as bathing. So, some of the volunteers along with our Program officer went to the villagers for arranging the same. Then students were given the opportunity to have an introduction with the villagers and familiarize themselves with the milieu. So, there was a one to one interaction between the villagers and the student volunteers. After supper, there was a meeting to discuss the plan for the coming days. Students noted down each and every minor detail which they came across in the introduction session.

After the welcome, the program flagged off with a Shradhanjali to Pulwama attack soldiers and Lamp Lighting Ceremony by the Chief Guest Mr. Manoj Sharma joined by Mr. B. S. Sharma, Deputy Registrar accompanied by Nodal Officer Dr. Anurag Sharma.

*(Session : 2018-2019)*

## **Introduction**

India's vision of being a world leader in the 21st century is unlikely to be realized without an education system that keeps abreast with the needs of our future citizens.

Education is fundamental to human progress. It plays a prominent role in all-around development of individual as well as society. A large number of books have been written on the importance of education. Education plays a key role in creating patriotic, disciplined and productive manpower.

Educated manpower constitutes precious assets as well as agents for advancing the nation. Education means the fostering of personality through the unhampered development of innate qualities of a human being. It aims at integrated development of personality.

In principle, education to the citizen is the responsibility of the State since India is a welfare State. It is an integral part of the social sector of the economy. It adds to the efficiency and productivity of human resources leading to sustainable economic growth. Its direct and indirect effects can be observed on the performance of economic sector and social sector of the country. The role of State is important in education sector for its vertical and horizontal growth.

One of the major drawbacks of our present system of education in India is that it gives our students the impression that their aim in life is to pass the university examinations, instead of becoming a man of good character and sound temperament. This mentality has many socio-economic evils rooted in it. Naturally, the products of such education system do not contribute to the development of the country, but add to its woes.

The greatest drawback of present education system lies in the fact that there is a wide gap between education and its marketability. Our education system does not groom young men and women in a way that they can meet the requirement of job market. Every educated person wants to be a quill-driven, and only a few lucky ones are able to secure jobs in government or Private offices.

For improvement in Education system young minds of SKIT NSS students started a drive of Nukkad Natak for aware our citizens and administration for improve our

Education system during session 2018-19. Every Sunday different area selected for the event.

from 29th Oct-3rd Nov**

**Theme for this year is ‘Eradicate Corruption-Build a New India’**

The Central Vigilance Commission (CVC) observes the Vigilance Awareness Week every year during the week in which the birthday of Sardar Vallabhbhai Patel (31<sup>st</sup> October) falls.

This week, through its various outreach activities, it seeks to motivate stakeholders to collectively participate in the fight against corruption and also aims at raising public awareness regarding the detrimental consequences of corruption. This year, the Vigilance Awareness Week is being observed from 29<sup>th</sup> October to 3<sup>rd</sup> November, 2018 on the theme “**Eradicate Corruption-Build a New India** (अष्टाचार मिटाओ- नया भारत बनाओ)”.

- i. Activities to be conducted within the organization may include taking of the Integrity Pledge by all employees, distribution of pamphlets/handouts on preventive vigilance activities, whistle blower mechanism and other anti-corruption measures, conducting workshops and sensitization programmes for employees and other stake holders on policies/procedures of the organization and preventive vigilance measures. Other activities may include publication of journals/newsletters on vigilance issues, systemic improvements and good practices adopted for wider dissemination and awareness, conducting various competitions such as debates, quiz etc. for the employees and their families on issues relating to anti-corruption and the use of organizational websites for dissemination of employees/customer oriented information.
- ii. Outreach activities for public/citizens may include the display of hoardings, banners, posters and distribution of handouts etc. at prominent locations/places in offices/field units and also at places with public interface , organization of grievance redressal camps for citizens/customers by organizations having customer oriented services/activities and the taking of the online “Integrity Pledge” developed by the Commission.

- iii. Laying stress for creation of awareness on the ill-effects of corruption amongst school and college students, special efforts may be being made by each field unit/branch of every CPSE/ to reach out to students in schools and colleges. In this regard, various activities such as lectures, panel discussions, debates, quiz, essay writing, slogans/elocution/cartoon/poster competitions on moral values, ethics, good governance practices etc. are to be organized across the country. In 2017, such activities were organized in over 15,000 schools and over 3200 colleges with the participation of more than 14.70 lakh children across the country.

### **Detail of Program during Awareness Week in SKIT**

The Vigilance Awareness Week-2018 was celebrated with great zeal and enthusiasm from Oct 29 to Nov 03, 2018 at Swami Keshvanand Institute of Technology, Management and Gramothan, Jaipur by NSS Club. The celebration began with integrity pledge taking ceremony by the students and staff of the college. Around three hundred employees and five hundred students participated in it. The pledge ceremony was succeeded by a Walkathon in which students participated with banners indicating 'No Corruption', 'Corruption-a disease' and many more slogans. The entire campus passionately took part in the event.

Quiz competitions followed by a debate competition were organized by SKIT on Oct 31, 2018. The quiz was conducted on the burning issue of Anti-corruption. The winners were felicitated by the college management. The quiz competition was followed by a Debate Competition which saw the participation of twenty candidates and winners were felicitated.

On Nov 01, 2018, an awareness campaign was conducted in the nearby Dantli village of Sanganer, Jaipur by NSS Unit of SKIT in which Pamphlets were distributed among the villagers and a discussion was organized on local corruption issues in the Gram Sabha.

Along with the above activities, the students participated on the forefront on social media by creating awareness about anti-corruption, corruption-free India, say no to corruption and many more relevant issues. The various social media platforms such as Facebook, Whatsapp, Twitter were used for the awareness campaign. The entire week celebrated passionately by the students and

employees of Swami Keshvanand Institute of Technology, Management and Gramothan, Jaipur.

The entire week was celebrated passionately by the students of NSS and the employees of Swami Keshvanand Institute of Technology, Management and Gramothan, Jaipur.

1. Pledge during Vigilance Awareness week ( 29<sup>th</sup> October 2018 – 3 November 2018)

2. Debate Competition during Vigilance Awareness week ( 29<sup>th</sup> October 2018 – 3 November 2018)

**3. Quiz Computation Competition During Vigilance Awareness week ( 29<sup>th</sup> October 2018 – 3 November 2018)**

**4 Showing Poster and Pamphlets related to anti corruption for distribution in Dantali Village**

**5 Showing Poster and Pamphlets related to anti corruption for distribution in Dantali Village**

**6 . Showing Poster and Pamphlets related to anti corruption for distribution in Dantali Village**

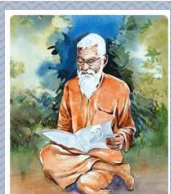

**7 Walkathon by Students during Vigilance Awareness week ( 29<sup>th</sup> October 2018 – 3 November 2018)**

## *Preamble*

The first record of the voluntary blood donation initiative in India is noted in 1942, at the time of World War II and the first blood bank was established in Kolkata, West Bengal. The blood bank was set up at that time to fulfill the blood needs of those injured in the battle field. Government employees and industrial houses volunteered to donate blood for this humanitarian cause. Once the war ended, the enthusiasm waned and blood bank collections were largely from professional or the paid blood donors. A decade passed by till Mrs. Leela Moolgaokar initiated voluntary blood donation drive in Bombay (now Mumbai) from 1954 onwards. She was inspired by the blood need of her injured son. In 1971, Prof. J.G. Jolly the founder President of the Indian Society of Blood Transfusion and Immunohaematology took the movement to further heights and the Society under his stewardship declared **October 1 as National Voluntary Blood Donation Day** which was later accepted by the government too. Since then many blood donor organizations came up in different regions of the country in support of the noble cause of voluntary blood donation. The National Blood Policy (2002) and an Action Plan for Blood Safety (2003) were adopted by the Government of India. The NBTC (National Blood Transfusion Council) was entrusted with planning a national campaign.

There are four main blood types: A, B, AB and O. In 1901, Karl Landsteiner, an Austrian physician, discovers the first three human blood groups. On his birthday **June 14th "World Blood Donors Day" is celebrated.**

SKIT has always been engaged in the activities of human concern and societal & environmental development. We have been organizing Blood donation camps since long time.

17th Annual Mega Voluntary Blood Donation Camp was organized on 1st October 2018 (National Blood Donation Day) by SKIT Red Cross Club & NSS Club.

This session (2018-2019) we organized two camps. Over whelming response of blood donors was amazing. Our sincere efforts have witnessed a progressive increase in voluntary blood donation every year. The concern for blood donor safety was also taken care of. The current scenario is definitely hopeful. Seasonal variations also account for fluctuations in blood collections.

Thus in conclusion it can be stated with confidence that our Blood donation programme is successfully gaining strength.

## **About SKIT Jaipur**

Swami Keshvanand Institute of Technology, Management & Gramothan (SKIT) inspired from the learnings of Swami Keshvanand, was established in the year 2000 by Technocrats and Managers Society for Advanced Learning. Today the institute is recognized as one of the centers of academic excellence in Northern India. The Institute is affiliated to Rajasthan Technical University, Kota for offering Postgraduate and Graduate Courses in Engineering and Management. Our sister institution Swami Keshvanand Institute of Pharmacy (SKIP) is affiliated to Rajasthan University of Health Sciences for offering Graduate Course in Pharmacy.

Located in the Pink City Jaipur, which is a blend of traditional history and modern outlook, SKIT is putting in efforts for making industry ready engineers and managers through effective Industry –Institute Interface. Apart from University curriculum SKIT also pursues activities for research and development in various fields.

The green landscaping, aesthetic elegance of arches and the vibrant pursuit of knowledge by the young aspirants make the environment serene, pleasant and dynamic.

Students joining the institute share the box full of opportunities for professional and personal development through an environment of practical orientation, industrial interaction and student led activities which help the students to develop good communication skills, integrated personality and greater competitive spirit.

**SKIT is again Ranked No. 1 Institute in Rajasthan by Rajasthan Technical University (RTU), Kota for academic session 2018-19.**

***Our Guiding Spirit*** - **Swami Keshvanand Ji**  
(1883 - 1972)  
**Social Reformer & Education Saint**

**Our Trailblazer Chairman Shri Surjaram Meel**

### ***Vision, Mission, Quality Policy of SKIT***

#### ***Vision***

To promote higher learning in advanced technology and industrial research to make our country a global player

#### ***Mission***

To promote quality education, training and research in the field of Engineering by establishing effective interface with industry and to encourage faculty to undertake industry sponsored projects for students

#### ***Quality Policy***

We are committed to 'achievement of quality' as an integral part of our institutional policy by continuous self-evaluation and striving to improve ourselves.

Institute would pursue quality in

- All its endeavors like admissions, teaching- learning processes, examinations, extra and co-curricular activities, industry institution interaction, research & development, continuing education, and consultancy.
- Functional areas like teaching departments, Training & Placement Cell, library, administrative office, accounts office, hostels, canteen, security services, transport, maintenance section and all other services.”

*Poster Release and Blessings*

## ***Blood Donation Camp- 1st October 2018***

### ***(National Blood Donation Day)***

SKIT has always shown its kind gesture for the service of humanity and environment. Blood donation camps, Tree plantations, Awareness campaigns, Marathons, Spiritual lectures, Human values workshops, Medical Camps, Gramothan related other activities etc are being organized by our institute on regular basis. In continuation of these noble activities SKIT conducted 17th Annual Mega Blood donation Camp was organized on 1st October 2018 (National Blood Donation Day). Students were motivated by telling them importance, need and health benefits of blood donation. Pre blood donation events were also organized. Students performed Nukkad Natak at various places of SKIT to spread the message of blood donation.

The inauguration ceremony was started with divine lamp lighting in Gyan Mandir Auditorium. Doctors from blood banks and hospitals, HDFC Bank members, Lions Club Members, Rotary club members, all the members of management and administration of SKIT, HODs Faculty and Staff members graced the occasion. Mr. Surjaram Meel (Chairman SKIT) delivered opening address and celebrated his enthusiasm with the students and dignitaries and thrown light on value of regular blood donation. Mr. Jaipal Meel (Director) delivered welcome note and Ms. Rachna Meel (Registrar) congratulated the august gathering. Prof S.L. Surana (Director Academics) threw light on the history of blood donaton camp in SKIT. Lions Club and Rotary Club appreciated SKIT for continuously contributing in blood donation. Doctors shared the knowledge and information on need, facts and benefits of blood donation. They also emphasized myths and truths of blood donation.

A skit was played to give the message of blood donation. After the programme of auditorium was over the guests inaugurated the camp by cutting the ribbon at camp gate and balloons were flown in the sky indicating true pleasure of the blood donors. Thematic decoration made the environment very pleasant.

The inauguration ceremony came to an end with the vote of thanks by Prof. R.K. Pachar (Principal) who heartily expressed his gratitude towards Doctors, Blood Banks, HDFC, Lions and Rotary Club and blessed and wished a very good health to all the blood donors. He also thanked and acknowledged the tireless work done by team BDC-2018.

**On this day 924 units of blood was collected.** Some events for awareness and motivation were held before the blood donation. 1243 willing donor students registered themselves for blood donation online. On the spot registration was also done. Pre and post refreshments were provided to the students. All the willing blood donors were first of all checked by doctors for their health conditions. Some basic blood tests were also done as prescribed. After donating the blood the donors were taken care. Faculty members and volunteer students were personally looking after all the Blood donation rooms. Prof. Archana Saxena (Chief Coordinator, Blood Donation Camp-2018) gave the slogan “18 will donate and 17 will celebrate” to the students. First time donors, I year

*Report: 17th Annual Mega Voluntary Blood Donation Camp - 1st October 2018*

students who were not 18 years and other students celebrated the blood donation by cutting the cake. At the end Prof. Archana Saxena (Chief Coordinator, Blood Donation Camp-2018) thanked all who participated/ cooperated/ coordinated/ volunteered in the Blood donation 2018. There are large no of faculty members who are regular blood donors. It is worthy to mention that Mr. Jaipal Meel (Director SKIT) donated blood 15<sup>th</sup> time. Mr. Yadyath Sharma, Mr. Pradeep Sihag, Mr. Babulal are regular blood donors and frequently go to trauma and SMS hospital on their call to donate blood. List of rare blood group persons is also prepared. For any good and noble cause SKITians come forward without any hesitation.

## ***Blood Facts***

### **Blood: Life-maintaining fluid**

- Blood is the life-maintaining fluid that circulates through the body's heart, arteries, veins and capillaries.
- Blood carries to the body nourishment, electrolytes, hormones, vitamins, antibodies, heat, and oxygen.
- Blood carries away from the body waste matter and carbon dioxide.
- Blood fights against infection and helps heal wounds, keeping you healthy.
- Blood makes up about 7% of your body's weight.
- A newborn baby has about one cup of blood in his or her body.
- White blood cells are the body's primary defence against infection.
- Granulocytes, a type of white blood cell, roll along blood vessel walls to search and destroy bacteria.
- Red blood cells carry oxygen to the body's organs and tissues.
- There are about one billion red blood cells in two to three drops of blood.
- Red blood cells live about 120 days in the circulatory system.
- Blood platelets help clotting and give those with leukemia and other cancers a chance to live.

### **Facts about blood needs**

- Every year our nation requires about 4 Crore units of blood, out of which only a meager 40 Lakh units of blood are available.
- The gift of blood is the gift of life. There is no substitute for human blood.
- Every two seconds someone needs blood.
- More than 38,000 blood donations are needed every day.
- A total of 30 million blood components are transfused each year.
- The average red blood cell transfusion is approximately 3 pints. • The blood type most often requested by hospitals is Type O.
- Sickle cell patients can require frequent blood transfusions throughout their lives.

- More than 1 million new people are diagnosed with cancer each year. Many of them will need blood, sometimes daily, during their chemotherapy treatment.

### **Facts about the blood supply**

- Blood cannot be manufactured – it can only come from generous donors.
- Type O-negative blood (red cells) can be transfused to patients of all blood types. It is always in great demand and often in short supply.
- Type AB-positive plasma can be transfused to patients of all other blood types. AB plasma is also usually in short supply.

### **Facts about the blood donation process**

- Donating blood is a safe process. A sterile needle is used only once for each donor and then discarded. • Blood donation is a simple four-step process: registration, medical history and mini-physical, donation and refreshments.
- Every blood donor is given a mini-physical, checking the donor's temperature, blood pressure, pulse and hemoglobin to ensure it is safe for the donor to give blood.
- The actual blood donation typically takes less than 10-12 minutes. The entire process, from the time you arrive to the time you leave, takes about an hour and 15 min.
- **The average adult has about 10 units of blood in his body. Roughly 1 unit is given during a donation.**
- **A healthy donor may donate red blood cells every 56 days, or double red cells every 112 days.**
- **A healthy donor may donate platelets as few as 7 days apart, but a maximum of 24 times a year.**
- All donated blood is tested for HIV, hepatitis B and C, syphilis and other infectious diseases before it can be transfused to patients.

### **Blood and its components**

- Blood makes up about 7 percent of body's weight.
- There are four types of transfusionable products that can be derived from blood: red cells, platelets, plasma and cryoprecipitate. Typically, two or three of these are produced from a unit of donated whole blood – hence each donation can help save up to three lives.

- Donors can give either whole blood or specific blood components only. The process of donating specific blood components – red cells, plasma or platelets – is called apheresis.
- One transfusion dose of platelets can be obtained through one apheresis donation of platelets or by combining the platelets derived from five whole blood donations.
- Donated platelets must be used within five days of collection.
- Healthy bone marrow makes a constant supply of red cells, plasma and platelets. The body will replenish the elements given during a blood donation – some in a matter of hours and others in a matter of weeks.

### **Examples of blood use**

- Automobile Accident 50 units of blood
- Heart Surgery 6 units of blood / 6 units of platelets
- Organ Transplant 40 units of blood / 30 units of platelets
- 20 bags of cryoprecipitate 25 units of fresh frozen plasma
- Bone Marrow Transplant 120 units of platelets/ 20 units of blood
- Burn Victims 20 units of platelets

### **Who can Donate**

- You are between age group of 18-60 years.
- Your weight is 45 kg or more.
- Your haemoglobin is 12.5 gm% minimum.
- Your last blood donation was 3 months earlier.
- You are healthy and have not suffered from malaria, typhoid or other transmissible disease in the recent past.
- There are many, many people who meet these parameters of health and fitness!
- Do abide by our rules - be truthful about your health status!
- Hospitals ensure the health of blood, before they take it, as well as after it is collected. Firstly, the donor is expected to be honest about his or her health history and current condition. Secondly, collected blood is tested for venereal diseases, hepatitis B & C and AIDS.

## **Who cannot Donate**

- Do not donate blood if you have any of these conditions
- Cold / fever in the past 1 week.
- Under treatment with antibiotics or any other medication.
- Cardiac problems, hypertension, epilepsy, diabetes (on insulin therapy), history of cancer, chronic kidney or liver disease, bleeding tendencies, venereal disease etc.
- Major surgery in the last 6 months.
- Vaccination in the last 24 hours.
- Had fainting attacks during last donation.
- Have regularly received treatment with blood products.
- Shared a needle to inject drugs/ have history of drug addiction.
- Been tested positive for antibodies to HIV.

## **Before the Donation**

- Maintain a healthy iron level in your diet by eating iron rich foods, such as spinach, red meat etc.
- Get a good night's sleep.
- Drink an extra 16 oz. of water and fluids before the donation.
- Remember to bring your College ID and one other form of ID.

## **During the Donation**

- Wear clothing with sleeves that can be raised above the elbow.
- Relax, listen to music, talk to other donors or read during the donation process.
- Take the time to enjoy a snack and a drink in the refreshments area immediately after donating.

## **After the Donation**

- Drink plenty of fluids over the next 24-48 hours to replenish any fluids you lost during donation.
- Avoid exhausting physical activity for about five hours after donation.
- If you feel light headed, lie down, preferably with feet elevated, until the feeling passes.

- In rare cases when bleeding occurs after removing the bandage, apply pressure to the site and raise your arm for 3-5 minutes. If bleeding or bruising occurs under the skin, apply a cold pack to the area periodically during the first 24 hours.
- It takes eight weeks for your body to replace the iron lost while donating blood. In 60 days, return to the blood bank to donate again and save another three lives.

## **WHAT TYPE ARE YOU?**

### Frequency of blood types

- O+ 1 person in 3
- O- 1 person in 15
- A+ 1 person in 3
- 1 person in 16
- B+ 1 person in 12
- 1 person in 67
- AB+ 1 person in 29
- AB- 1 person in 167

### **Contact in need of Blood**

**Prof. Archana Saxena**

**9414460650**

**Dr. Anurag Sharma**

**9460386437**

**Mr. Pradeep Sihag**

**9928350928**

## **Benefits to Blood Donors**

- Donors will be awarded with certificate.
- A Token of remembrance will be gifted.
- This activity also carries a great weightage of marks in DECA (For SKIT student blood donors).
- In any emergency you can arrange blood for your near n dears immediately. Contact coordinators, you will be helped.

## ***SKIT Red Cross Club & NSS Club***

Service of humanity is the prime objective of SKIT Red Cross Club & NSS Club. No one should suffer due to unavailability of blood. With this feeling SKIT Red Cross club and NSS Club jointly organized two blood donation camps in this session 2018 – 2019 on 1st October 2018 (National Blood Donation Day) and 27th March 2019.

## *Thanks Note*

*Blood donation camp organizing committee heartily thanks our proud blood donors for their sensible and kind gesture towards humanity. We are also thankful to those who were willing but could not donate blood due to limit of blood banks. We express our gratitude towards our reverend Chairman Shri Surjaram Meel who has always been a great motivation for such noble works. We are thankful to our Dynamic Director Shri Jaipal Meel for his all round support. We could not do this event without the unequivocal guidance of our Mentor and Director Academics Prof. S.L. Surana. Our sincere thanks are due to Registrar Madam Miss Rachna Meel who sanctioned sufficient amount to meet out expenses of the event. We are also thankful to Principal Prof. R.K. Pachar for his unflinching support for the successful conduction of the event. This event could not be a success without cooperation of Doctors, nurses and tech. staff of blood banks.*

*Great support extended by HDFC is worth mentioning. We are heartily thankful to them.*

*We are also thankful to Lions Club and Rotary Club for their gracious presence.*

*With Best Wishes*
