## Campus Recruitment Training (CRT)

Campus Recruitment Training (CRT) is an intense placement oriented drill initiated in the year 2009. It is come under the Capacitive Development Cell (CDC). This cell has been constituted in the institute on 18 July, 2014 and after that CRT comes under CDC cell. This training is conducted to train students for upcoming campus recruitment drives. The CDC Cell in consortium with TIME Institute organizes Campus Recruitment Training (CRT) Program for pre-final year students. The CDC Cell organizes and conducts Aptitude training, Technical training and soft skills training along with the Mock Tests for the students of Pre Final Year and Final Year. Regular Counseling/Guidance sessions are organized for all students of Pre Final and FinalYear. The major topics covered in the course are:

- Quantitative Ability
- Logical Reasoning
- Verbal Ability
- Group Discussion
- Personal Interview

To hit the bull's-eye, every final year students undergoes a 42 Hours Refresher Training Programme. The exhaustive programme includes:

- Group Discussions
- Technical Brush-up sessions
- Corporate Etiquette
- Effective Resume Building
- Personal Interviews by Industry visitors
- Individual assessments by CoCubes/AMCAT/FACE/TIME/MyPerfectice

JAGATPURA, JAIPUR

**Noting Sheet**

Date: 18/07/2014

1. Pursuant to the Management meeting on 16 July, 2014 to review the training process at our institute, it has been decided and agreed upon to create a centralized cell to manage all training related initiatives at SKIT, M&G. This has been done to improve the efficacy of training activities at the institute.
2. The cell will here after be called 'Capacity Development Cell (CDC)' and is deemed to have come into existence w.e.f. 18 July, 2014
3. The cell will ensure effective implementation of all training activities at SKIT.

**Notice**

Date: 18 July, 2014

1. It is hereby informed that a new cell has been constituted in the institute which will be called 'Capacity Development Cell (CDC)' w.e.f. 18 July, 2014.
2. The cell will be responsible for organizing and monitoring the training of students within the institute. They are hereby authorized and empowered to carry out their functions accordingly.
3. The cell will consist of the following personal with designations as mentioned against their names:
  - a. Prof. Harminder Singh Multani: Jt. Head
  - b. Dr. Amber Srivastava: Jt. Head
  - c. Mr. Ravi Rawat: Manager- Corporate Relations and Training
4. You are requested to support this initiative and advance all possible assistance to this team.

7. Dy. Registrar

## CAMPUS PLACEMENT POLICY

### 1. Preamble

The biggest concern of a final year engineering student is to get a good job in a reputed organization before he/she completes his/her B.Tech degree. The Institute's placement cell provides the students with the best possible opportunities through campus placements. Many good students sometimes fail to get jobs in good companies due to absence of right guidance. The purpose of placement policy is to prepare them well in advance so that students get selected by their dream companies.

### 2. Apex Placement Committee

**Purpose:** The purpose of this committee is to formulate placement policy and to provide guide-lines to the Placement Working Committee. The Apex Placement Committee will review from time to time the achievements of placement working committee and may make changes in the policy.

#### Composition:

The Apex Placement Committee will be composed of the following members

1. Director (Academics)
2. Principal
3. Adviser
4. Registrar
5. All Heads of Engineering Departments

### 3. Placement Working Committee

**Purpose:** The purpose of this committee is

1. to contact and invite companies for placement.
2. to organize training in various skills required for placement and to motivate students to participate wholeheartedly.
3. to obtain feedback from all stake holders.
4. to forward quarterly reports to the Apex Placement Committee

#### Composition:

Placement working committee will be composed of the following members

1. Adviser
2. Two members to be nominated by the Apex Placement Committee
3. T.P. Officer
4. One faculty member from each engineering department to be nominated by respective HODs
5. Two students from each department (one each from B.Tech V & VII semesters) to be nominated by respective HODs)

#### Nomination

The members of the placement working committee may be changed or re-nominated by the Apex Placement Committee

#### 4. Implementation of Policy

The training of students in various skills may be organized in stages which may be decided by the Placement Working Committee. Keeping in view the importance of communication skills, soft skills and CRT programme in the corporate world, every student who is interested in campus placement will have to undergo these trainings to be organized in the Institute. Without under-going these trainings no student will be permitted to participate in the campus interviews. It is suggested that training for communication skills, soft skills and CRT programme may be imparted during B.Tech I/II sem, III/IV sem and V/VI sem respectively. The training should be organized during free periods, if possible or beyond Institute's working hours. While organising these trainings care should be taken that as far as possible academic programmes are not curtailed.

During B.Tech I year the faculty members and batch counselors, after the admissions are finalized, will assess strengths and weaknesses of each student based on their observations. The ~~media~~ for observation will be prepared and provided by the placement cell.

At the beginning of the B.Tech III semester, the students will register themselves with the placement cell and provide the required information such as their contact numbers and e-mail addresses.

At the beginning of the B.Tech VI semester, the students interested in campus placements will fill the detailed application form obtainable from placement cell & register themselves for campus placements. Based on the information provided by the students, the placement cell compile the data and the Placement Working Committee will carry out the process of placements of the students.

#### 5. Placement options for students

A renowned company as decided by the Apex Placement Committee will be given the status of Day One Company which will be invited by the Placement Working Committee before all other companies. At the time of registration the students will give their choice for any company henceforth will be called **Dream Company**. Sometimes it may happen that core companies may be permitted to hold campus interviews before the visit of Day One Company. In order to give fair chance to all the students certain restrictions will be imposed on the participation of students in campus interviews. The participation rules are as follows.

1. Every eligible registered candidate will be permitted to participate in the campus interview of his/her dream company.

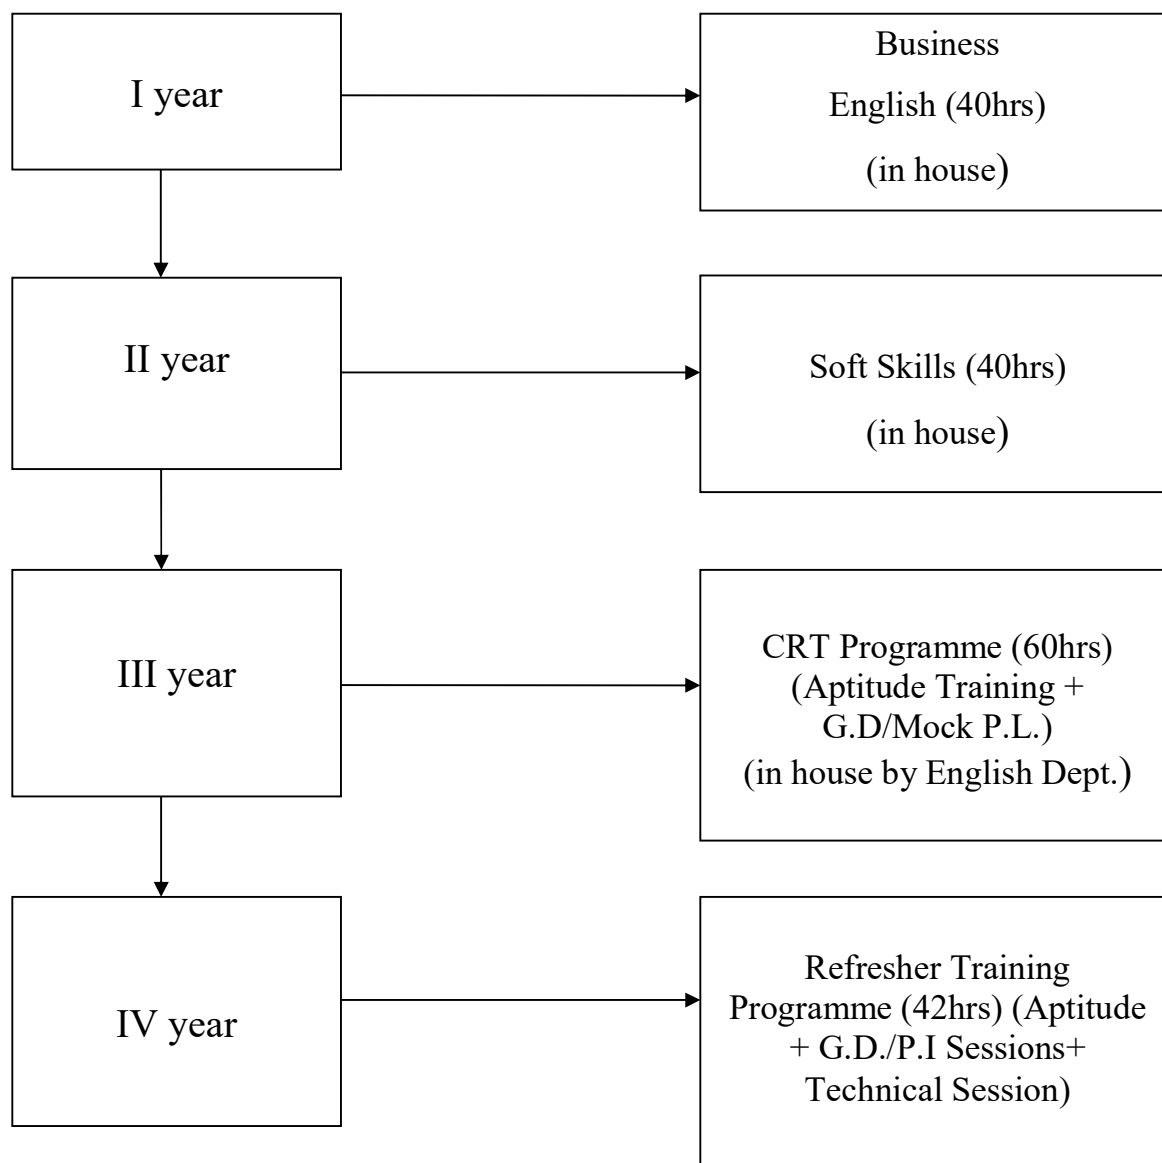

2. If a registered student gets selected in his/her Dream Company, prior to the arrival of day one company, he/she will not be permitted to participate in the subsequent campus interviews including that of day One Company.
3. All eligible registered students debarring the category as mentioned in (1) above will be permitted to participate in the campus interview of Day One Company.
4. Eligible registered students not selected under categories (1) and (2) above will be permitted to appear in subsequent campus interviews till he/she gets placed in some company. However, if a student is rejected in two consecutive campus placements he/she will have to undergo retraining prescribed by placement cell. Without undergoing retraining the student will not be permitted to appear in subsequent campus interviews.
5. No student will be allowed to seek more than one offer letter from companies other than BPOs through campus placements.
6. No student will be allowed to seek more than one offer letter from BPOs through campus placements.
7. In some exceptional circumstance the Apex placement committee may permit some or all students to appear in some renowned company.
8. Any student who has registered for any particular campus placement will have to participate seriously in all stages of recruitment process failing which he/she will be debarred from participation in two subsequent campus placements.
9. Any student furnishing false information will be debarred from that and the next campus placement.

#### 6. Future Action Plan

1. An action research plan will be prepared and based on that effectiveness of each of the modules of different trainings imparted to the students for their placements will be analysed. Based on the outcomes these modules may be revised or enlarged/curtailed.
2. For any other uncovered point the Placement Working Committee will seek guidance from the Apex Placement Committee.

## Memorandum of Understanding

This MOU is hereby signed on 28th September, 2017 between T.I.M.E. (Professional Education Services) Jaipur and SKIT Jaipur regarding conduct of CRT (Campus Recruitment Training) classes at SKIT college campus.

1. T.I.M.E. will conduct CRT full-length module with students of B.Tech. 3rd year.
2. T.I.M.E. will provide following CRT COURSE STRUCTURE (starting from 17<sup>th</sup> July, 2017):
  - 60 hours of aptitude training (56 hours of teaching and 4 hours of testing) in phase-I covering various questions asked in Aptitude Tests of companies, specially IT companies, to be done section-wise @ 2 hours a day for 30 consecutive working days (Monday to Saturday); 6 hours of doubt-solving and feedback sessions; and 24 hours (16 hours of teaching and 8 hours of testing) in phase-II in VII semester as a refresher to be done branch-wise.
  - Comprehensive study material consisting of Books and handouts.
  - Experienced faculty members to impart the best classroom inputs.
  - Twelve Comprehensive Tests - Two each on Infosys, Wipro, TCS, CTS and general tests to prepare students better for the respective exams.
  - In addition 9 online Mock Tests Based on TCS, Infosys etc for online practice along with some sectional tests.
  - Guidance about the selection processes followed by various companies to ensure focus.
  - Additional web-based support through user name and password to be provided by T.I.M.E. (profiles of major companies, IT & ITES Industry updates, GD topics and interview questions for practice, etc.)
3. Faculty members will come to SKIT and expenses will be borne by T.I.M.E. Jaipur.
4. Necessary tools for teaching (whiteboard, marker, projector) will be provided by SKIT.
5. SKIT will arrange basic requirements viz tea, water and suitable rest space for faculty visiting the campus for taking classes.
6. SKIT will inform necessary changes in schedule well in advance (a week before). In case of any cancellation of class same should be communicated by SKIT timely.
7. SKIT will provide Academic Calendar, Holiday list to T.I.M.E.
8. Number of batches 15 of approx 60-65 students each, within college timing between 8 AM to 2:30 PM, spread across V and VI semester.
9. The total lumpsum cost of entire training module for approx 900 students will be Rs. 31,00,000/- (Rupees Thirty One Lakhs Only), inclusive of GST.
10. 25% payment to be made in advance at the beginning of the course, 25% in Sept'17, 25% in January'18 and balance 25% on course completion. Cheques to be issued in favour of **Professional Education Services**.

### NOTICE

#### Sub: Organization of GATE Classes for VII Semester Students, Session 2017-18

Dear Students!

As you are already aware that Graduate Aptitude Test in Engineering (GATE) is a nationwide yardstick and benchmark to test the academic excellence of an engineering graduate. More importantly, many public sector undertakings such as BHEL, Indian Oil Corporation, NTPC, Bhabha Atomic Research Centre etc. are using the GATE score for selecting candidates for their organizations. By clearing GATE, student may get an admission in M. Tech/MS in IISc / IITs / NITs or Fellow programmes in IIMs and other top-notch universities of the country and abroad as well. He/she is also entitled to get a handsome scholarship of Rs 12,400 per month during the M.Tech course.

In the light of aforesaid information, the Department of Mechanical Engineering, SKIT formally invites registrations for GATE classes for the session 2017-18 from the students VII semesters. Please note the following points in this regard:

1. The schedule of these classes will be in addition to RTU curriculum and will be notified in time-table.
2. These classes will be on optional basis and only for registered students.
3. Resource persons for these classes will be mostly external faculty and some faculty members from deptt. as well.

- **Interested students should formally register their names for GATE classes to :  
Mr. Rajendra Singh Chundawat (Mob: 7568929929, His office is on top-floor of deptt.)  
Last date of registration : 19<sup>th</sup> July, 2017 (Wednesday).**

**REPORT**

*on*

***AAGAAZ-2017***

**Orientation Program, August 1, 2017**

*for*

**New Students of B. Tech. I Year**

On August 1<sup>st</sup>, 2017 Swami Keshwanand Institute of Technology, Management and Gramothan organized the orientation program “AAGAAZ-2017” for its first year student. The distinguished guests of the program were Dr. Mannpreet Manna, Director, AICTE as Chief Guest, Mr. Rao Rajendra Singh (SKIT Alumnus), Microsoft India, Prof. R. A. Gupta, MNIT and Prof. A. K. Dwivedi, Examination Head, RTU. Institute’s honored dignitaries Shri Surja Ram Meel (Chairman), Shri Jaipal Meel (Director), Prof. S. L. Surana (Director Academics), Mrs. Rachna Meel (Registrar), Dr. S. K. Calla (Director Development and Welfare), Dr. Ramesh Kumar Pachar (Principal) and Mrs. Abha Meel (Advisor) were also present. The ceremony began with lamp lighting and Saraswati Vandana. SKIT’s open gym was also inaugurated by Dr. Manna.

On this occasion Dr. Sudha Calla, In-charge, B.Tech First Year, introduced students to the rules and regulations of the college as well as about the examination scheme of RTU.

The Chief Guest Dr. Manna introduced students to government initiative “Swayam” where students can register themselves. “Swayam” is focused towards promoting education among students. He also added that students must have confidence on their capabilities in order to achieve success in life and never give up. He focused on the importance of parent-child bond and highlighted it’s sanctity.

Mr. Rao Rajendra Singh shared his days at SKIT and said that initially he was placed at Satyam computers but with his great efforts and hard work, he is currently working at Microsoft India and had also contributed in the development of “Swayam” app.

SKIT’s Chairman, Shri Surja Ram Meel, explained the value of quality engineers and how the institution will help students to achieve it. He also emphasized on regular attendance in academics. He ensured everyone that the college campus is completely Ragging-Free and college also contains an Anti-Ragging team for student’s benefits.

Prof. S. L. Surana (Director Academics) asked students to focus on being good engineers as well as good citizens and wished them goodness for the future.

Dr. Ramesh Pachar, Principal, SKIT briefed students on whereabouts of the college as well as about the extra-curricular activities that take place in the campus.

Many cultural performances also took place.

Ceremony ended with a vote of thanks by Dr. Calla, Director (Development and Welfare).

**15<sup>th</sup> November, 2017**

The Department of Management Studies, SKIT organized an interactive session on “Skills for becoming an Effective Manager” on 15<sup>th</sup> November, 2017 for the students of MBA. Ms. Veena Arora, Founder, 3T Training was invited as our distinguished guest. The session focused on upgrading the skills of the budding managers. Ms. Arora suggested to the students that If they are hoping to progress into a management role, they will need a more finely tuned skill set. She spoke majorly about how young students like us could set their goals and prioritize them, also how we could be more consistent in establishing them. He said that we should break our long term goals into smaller ones and complete them in parts. Ms. Arora made students believe that dedication and passion is the key to success. Further she elaborated the difference between the roles of a manager and a leader, she exemplified that management is a science and leadership is art. Here, she shared how once adding compassion to his decision, he resolved some disciplinary cases. She also pointed few skills which is must for students for the effective manager.

Over all, the lecture was a good learning process wherein students learned more about managerial skills and self development.

**6<sup>th</sup> September, 2017**

The Department of Management Studies, SKIT organized an Expert Lecture on “Mahatma Gandhi and Entrepreneurship” on 6th September, 2017. The lecture was delivered by Dr N.D Mathur, Professor, University of Rajasthan. Mahatma Gandhi is celebrated across the globe as an idealist who used civil disobedience to frustrate and overthrow British colonialists in India. The popularity of his nonviolent teachings – which inspired civil rights activists such as Martin Luther King Jr and Nelson Mandela – has obscured another important facet of his teachings: the proper role of business in society. Gandhi argued that companies should act as trusteeships, valuing social responsibility alongside profits, a view recently echoed by the Business Roundtable. He shed light on different aspects of Gandhi’s philosophies, including non-violence, honesty and servitude to the nation. He was of the view that youth need Gandhi now more for reorientation of not just their lives but also the nation. The inquisitive participants tossed plenty of questions to Dr N.D Mathur who replied pretty swiftly and professionally. The session was very informative to all the faculty members and student participants.

**Department of Management Studies**

**Expert Lecture on**  
**“Effective Approaches to Value Addition in Marketing”**  
**4<sup>th</sup> September, 2017**

The Department of Management Studies, SKIT organized an Expert Session on “Effective approaches to value addition in Marketing” on 4th September, 2017. The lecture was delivered by Dr. Nishikant Bohra, Program Head, GCRA. The purpose of this lecture was to explore the concept of value-added marketing and why it is necessary for today’s marketing climate. He also introduced to some strategies for creating value for customers. Further the he spoke on what kind of competencies a candidate must work on developing in order to succeed in the field of marketing and the right time a candidate should aim at entering the domain of marketing. Businesses and consumers are connecting and interacting on many different channels. For consumers, it can quickly become overwhelming. They are exposed to more branded messages than their brain can reasonably recognize and compute. There are sponsored social media posts, email newsletters, and even ads on their favorite websites. All of this marketing noise makes it extremely difficult for a business to stand out. It creates a number of challenges that need to be identified and addressed. He concluded the lecture by sensitizing participants about how they can grow their business by creating a story or mission and bringing momentum to back it. In the later part of the interaction he explained in detail the day to day operational activities of the company and how he has to deal with operational breakdowns quickly to promise quality service to its clients.

**Swami Keshvanand Institute of Technology, Management & Gramothan**  
**Department of Management Studies**

**Expert Lecture on**  
**“My Success Story & Learning for Students”**  
**22th August, 2017**

On 22 August 2017, Department of Management Studies, SKIT organized a Next Level Managers (Learning Series) session with Miss Anamika Saini, CS and MBA (Finance) from Germany. She is presently working as Senior Finance Analyst with Adient Ltd. & Co., Germany. Having done MBA from Germany, she shared her experiences and motivated the students in her interactive session. Ms. Anamika Saini told students how she worked hard in the class, and came to see her reticence not as incompetence but as culturally based. She insisted at first that she just wasn't smart enough; but the fact that she spoke Korean, English, and Bulgarian countered that. She said that she was reluctant to speak in classes because it took her longer to come up with ideas of what to say, and by then her classmates had already said what she was thinking; so she worked with her faculties to allow her to speak first. By the time she graduated, both her professors and her peers were impressed with how articulate and self-confident she'd become. For my part, I was grateful for my broad interests in communication, allowing me to pull from public speaking, intercultural communication, and communication pedagogy. The right kind of education is not concerned with any ideology, however much it may promise a future utopia: it is not based on any system, however carefully thought out, nor is it a means of conditioning the individual in some special manner. Education in the true sense is helping the individual to be mature and free, to flower greatly in love and goodness. That is what we should be interested in, and not in shaping the child according to some idealistic pattern. The highest function of education is to bring about an integrated individual who is capable of dealing with life as a whole told by the expert. Students from both the years asked career related questions to her. The session proved very helpful and guided students in aligning their career goals.
