Title of Event: RTU (ATU) TEQIP III Sponsored Faculty Development Program "Alternative Fuels" dated March 01 to 05, 2021.

OUTCOMES OF THE FDP

The future outcomes of this FDP are:

- 1. Learning and knowledge exchange with eminent professors and working professionals through discussions.
- 2. It will identify the research gap for development and innovation of various projects in the field of Alternative fuels.
- 3. By the virtue of Knowledge, multi-field Skill can be developed for getting solutions for environment pollution because of fossil fuels.

TECHNICAL REPORT

To highlight the efforts being done in the field of Alternative fuels to propose sustainable solutions to the environmental and climatic problems, this Faculty Development Program was planned. We are very thankful to RTU (ATU) TEQIP III to provide us this chance to convert our planning and efforts into a reality to reach out the most innovative minds working in the field of Alternative fuels.

We are very thankful to our experts to respond upon our request to share their valuable knowledge and experience.

Day 1, which begins with Inaugural Ceremony.

- 1. Inaugural of this FDP started with the Welcome address given by Mr. S.N. Vijayvargiya (Dean, R&D, SKIT).
- 2. Dr. Ashish Nayyar, Event Coordinator of Host Institute SKIT introduced brief outline about the program.
- 3. Dr. K.B. Rana Event Coordinator, RTU enlighten the participants on alternative fuels.
- 4. Prof. K. Mohanty (Prof., IIT Guwahati) is the Chief Guest, given his best wishes for the programme and congratulated for choosing such a relevant topic to present need of the world for FDP.
- 5. Dr. Dheeraj Joshi HOD Mechanical presented vote of thanks to all the dignitaries, participants and team members of FDP.

In session 1 of day 1 Prof. K. Mohanty (Prof., IIT Guwahati) presented his expert talk on Bio-Butanol.

In session 2 of day 1 Dr. Rahul Goyal, (Prof., Manipal University, Jaipur) shared his knowledge on the topic Performance and emission features of biodiesel operated CI engine.

Day 2 session I started with the expert talk of Dr. Vinod S. Yadav Professor, Mechanical Engineering Department, (NIT, Utarakhand) shared his research work on Alternate fuels: Perception and Reality.

In session –II, Prof. L.M. Das Professor (IIT, Delhi) addressed the participants and shared his research work on general overview on alternative fuels and dwell at length on Hydrogen and Biodiesel.

On Day 3 Session- I, Prof. K.K. Khatri (LNMIIT, Jaipur) presented his research work on Biogas as an alternate fuel for sustainable development.

In session –II, Prof. Y. K. Vijay, IIS University, Jaipur addressed the participants and share his research work on Hydrogen as alternate of fuel.

On Day 4 Session- I, Mr. Anmesh Srivastava, (NIT, Patna) addressed the participants and share his research work on Acetylene as an alternative fuel.

In session –II, Dr. N. L. Jain (Poornima University) addressed the participants and share his research work on Biodiesel.

On Day 5 Session- I, Prof. S. Mohan, (IIT, Madras) addressed the participants and share his research work on Achieving Zero carbon Emissions: Alternate fuels pathway.

In session –II, Dr. Satish Mehla (GM, RSLDC, Jaipur) presented his research work on Biodiesel: The future of automobile in India.

The valedictory session was organized on Day 5. Dr. Satish Mehla (GM, RSLDC, Jaipur) Dr. Dheeraj Joshi, Dr. Ashish Nayyar, and Dr. K.B. Rana graced the valedictory with their presence. Mr. Nitin Goyal presented the Technical Report of the FDP. Dr. Satish Mehla acknowledged efforts by the conveners and organizing team to make this FDP very successful. He thanked all the participants for their overwhelming response and active participation. Dr. Dheeraj Joshi congratulated the entire team of this FDP for flawless coordination. Dr. Ashish Nayyar presented a formal vote of thanks in this valedictory session. He extended sincere thanks to RTU (ATU) TEQIP III to sponsor this FDP. Nearly 134 participants registered this online FDP from various IITs, NITs, and various reputed institutions.

RTU (ATU) TEQIP-III SPONSORED FACULTY DEVELOPMENT PROGRAM

"Alternative fuels"

TEOIP-3

1st -5th March, 2021

ALTERNATIVE FUEL

Organized by

Rajasthan Technical University, Kota

Host Institute Department of Mechanical Engineering Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur-302017

www.skit.ac.in

ABOUT TEQIP-III

The project, third phase of Technical Education Quality Improvement Programme (referred to as TEQIP-III) is fully integrated with the twelfth fiveyear plan objectives for technical education as a key component for improving the quality of engineering education in existing institutions with a special consideration for low income states and special category states and support to strengthen few affiliated technical universities to improve their policy, academic and management practices.

RAJASTHAN TECHNICAL UNIVERSITY

Rajasthan Technical University (RTU) is located in Kota in the state of Rajasthan. It was established in 2006 by the Government of Rajasthan. The university currently affiliates about 129 Engineering Colleges, 4 B.Arch., 41 MCA Colleges, 95 MBA Colleges, 44 M. Tech. Colleges and 3 Hotel Management and Catering Labelitates. Institutes.

The University aims to provide quality technical education which may help Rajasthan in its technical development and will boost technical environment in the country.

ABOUT SKIT

ABOUT SKIT

Swami Keshvanand Institute of Technology,
Management & Gramothan (SKIT) is Ranked No. 1
(three consecutive years) Engineering College in
Rajasthan declared by Rajasthan Technical University
(RTU), Kota. SKIT is a selective comprehensive
institution offering undergraduate and postgraduate
programmes in Engineering and Management. The
institute was established in the year 2000 by a team of
committed professionals and academicians. During all
the past years SKIT has emerged as a premier centre of
technical education not only in Rajasthan but also in
northern India which as been realized through efficient
and dedicated faculty members, innovative teaching nortnern inclus winch as been realized through efficient and dedicated faculty members, innovative teaching learning methods, state of the art infrastructures and core value of discipline. The various undergraduate programmes of the institute are accredited by the National Board of Accreditation (NBA).

DEPARTMENT OF MECHANICAL ENGINEERING

DEPARTMENT OF MECHANICAL ENGINEERING.
The department started academic activities in the year 2003-04 with the admission of its first batch of undergraduates. The Department offers B.Tech. in Mechanical Engineering and M.Tech. in Production Engineering and Renewable Energy Technology courses. The Department has well qualified and experienced faculty members. The department has modern laboratories developed and designed from the perspective of the latest requirements of academia. Consistent pursuit of excellence by the department is Consistent pursuit of excellence by the department is clearly reflected in the fact that the department has been accredited three times by National Board of Accreditation (NBA) (India).

OBJECTIVE OF THE FDP

- To be familiar with the latest developments taking place in the world in the areas of Alternative fuels.
 To deliberate on the above issues and focus on issues which can be implemented in the academic field and industries
- To provide a globally platform for interaction of experts, academicians and working professionals and an opportunity for sharing of innovations and
- To provide an opportunity for engineering faculties to interact with eminent researchers and professionals

OUTCOMES OF THE FDP

The future outcomes of the FDP are:

- Learning and knowledge exchange with eminent professors and working professionals through
- professors and working professionals through discussions. It will identify the research gap for development and innovation of various projects in the field of Alternative fuels. By the virtue of Knowledge, multi-field Skill can be developed for getting solutions for environment pollution because of fossil fuels.
